SUBJECT: Visitors to Northern Regions.

TO : Distribution below.

1. Embarrassment is being caused to Regional Commissioners in the North by the large number of Italian civilians and others of non Allied nationality who are sent to them by Sub-Commissions for accommodation and messing.
2. It is not the desire of Regional Commissioners to refuse hospitality but Directors of Sub-Commissions must realise that accommodation is often stretched to the utmost and rations cannot be drawn for other than Allied military personnel. Therefore, it must be borne in mind that only persons of the category mentioned above who are of special importance should be offered AEC accommodation.
3. Naturally, Regional Commissioners must always be consulted in advance as to the availability of accommodation.

SUBJECT: Italian and Other Civilians Going North.

TO: See Distribution below.

- 1 Some misunderstanding seems to have arisen with regard to Italian and other civilians obtaining movement orders to travel by courier or other military transport.
- 2 It is pointed out that only civilians working for or attached to Sub-Commissions may take advantage of military transport and then only if they are going to the North for work in connection with the activities of the Sub-Commission or AMG.
- 3 In future, no orders will be signed for civilians unless at the bottom of the request for travel orders there is a statement signed by an officer to the effect that the civilian is employed or attached to Allied Commission and is going North on work in connection with AC or AMG.

MEMO TO : VP, SA Section
VP, Economic Section
VP, Establishment Section

1. I am sure that Vice Presidents will appreciate that operations being now in progress, the SAC's of Armies and Regional Commissioners with their staffs are faced with urgent operational matters in the newly occupied territory.
2. HQ Allied Commission can greatly assist forward AMO's in two ways:-
 - (a) By refraining from sending to them any correspondence except that of the most urgent nature. Regional Commissioners will have little time to read long directives and instructions which, in any case, should have been forwarded to them in the planning period. If instructions now have to be sent, let them be concise and short.
 - (b) By prohibiting the visits of officers to the newly occupied Regions, except on the most urgent matters or unless called for by the SAC's or Regional Commissioners themselves.
3. We should have planned sufficiently well to make such visits unnecessary in the initial stages. We must leave it to the Regional Commissioners and SAC's to send us the necessary information rather than send troupes of officers who will only harass the AMO staff in their difficult initial work.
4. Vice Presidents will, therefore, ensure:-
 - (a) That directives and instructions of any length or consequence are submitted to them for signature before despatch, and should call for the minimum of paper work (no long questionnaires).
 - (b) That written communications are restricted to the minimum.
 - (c) That no officer or civilian official visits the forward areas without their personal approval.
5. Vice President, Establishment Section will report to the Executive Commissioner daily the names of officers sent from Headquarters to the forward Regions.
