Dear Colonel Rutherford,

I am in receipt of your letter of the 21st instant and this matter is of such importance that it has been referred to Higher Authority here. Until the result of any decision of the Higher Authority is known, it is not possible to give an assurance that the Officers named in your letter can be transferred as requested on your arrival in Italy.

The numbers and the names of the Officers that will be available will depend on the situation at the time of the proposed transfer, as meantime the position changes from day to day.

It is therefore impossible to give any assurance at the present time.

Yours faithfully,

W.D.

CIVIL AFFAIRS SECTION.

1/22.3/CA

27 February 1945

SUBJECT: Public Security Officers, Austria.

TO: G-5 Section, Allied Force Headquarters.
(Attention Colonel Jackling)

1. Attached are copies of two letters, the originals of which recently came into my hands from Lt. Col. Deherty, Deputy Director of the Public Safety Sub-Commission.

2. In the first place strongest objection is taken to the action of A.C. Austria in writing officially to the War Office demanding personnel by name who are in this Commission.

3. Secondly B.C. letters on this subject, coming the channel of your Headquarters, are greatly to be deprecated in this vitally important matter of personnel.

4. While it is appreciated that it may be necessary for officers to be withdrawn from the Commission towards the war establishment in Austria, objection is taken to the methods employed and to the fact that officers have been demanded by name. It is understood that the provision of officers from this Commission for G-5 Austria and/or A.C. Austria is a matter entirely within the authority of AFHQ and is not a matter for the War Office.

5. It must be left to this Commission, with your approval, to decide which officers can be transferred; on the one hand giving G-5 a fair cross-section and on the other interfering as little as possible with the organization of this Commission. Requests should be confined to numbers and rank.

6. It is therefore requested that steps be taken to correct these irregular methods of approach to matters which so vitally concern the organization and personnel of this Commission.

Dear Colonel,

1. Mr. Nott-Bower is on leave at present and in view of the urgency of this matter, I am writing to enlist your help.
2. Mr. Nott-Bower wrote to Colonel Young on 12th February, enclosing a copy of the attached official application for the transfer of Major Richardson, Major Ballance, Captain Daly and Captain Gale to this Branch.
3. The War Office have been consulted unofficially about this and have suggested that we should obtain an assurance, unofficially, from the Allied Commission in Italy that there will be no obstacle in the way of the transfer of these officers when we get to Italy. If this had to be taken up officially with the War Office, it is almost certain that they would be posted to North-West Europe.
4. I would be grateful if you could let me know whether the transfers can be arranged, so that the officers can join us on our arrival in Italy. The chances of securing officers suitable for these posts in this country are almost non-existent and I know Mr. Nott-Bower is most anxious to secure the services of these officers as all his efforts to recruit to his full complement here have been unsuccessful.
5. Perhaps you will be good enough to let me have a reply by wire.

Yours sincerely,

A. Rutherford

1. It will be necessary in the very near future to implement the remaining 10 officer vacancies on my staff. Three of these vacancies will be filled by the G-5 Austria staff and I am hoping to obtain a further two police officers from the Metropolitan Police. This will leave five vacancies and as the civil police authorities in this country are finding it almost impossible to carry on their duties because of shortage of staff, there seems little prospect of recruiting five police officers to fill these vacancies.

2. During his recent visit to Italy, Lt. Colonel Rutherford discussed personnel problems with Colonel Young, Deputy Director, Public Safety Branch, AO Italy, who stated he would be prepared to recommend the release of a number of officers to this Commission if the officers were willing to transfer.

My Dear

Young

I enclose for your information a copy of an application I have made for some of your officers to be earmarked for my establishment. I was very glad to learn from Rutherford that you had expressed your willingness to recommend their release.

I am also very grateful to you for undertaking to arrange for a course of training for some of the newly joined members of my Public Safety Branch. I sent you a signal saying that they would be arriving out on or about the 1st February, but owing to transport difficulties this proved impossible. They now expect to leave by sea on or about the 16th Feb. They are:-

- (1) Mr. E.A. Cole, Deputy Inspector General. This Officer was Chief Constable (second in command) of No.4 District Metropolitan Police comprising 6 Divisions South of the Thames.
- (2) Mr. A.G. Foster, Assistant Inspector General. This Officer was Supt. and second in command of the Special Branch, Metropolitan Police.
- (3) Mr. D. Duncan, P.S.O.I., formerly in charge of West End Central Police Station and next on the list for promotion to the rank of Chief Inspector.
- (4) Mr. D.E. Webb, P.S.O.II., a Sub Divisional Inspector, Metropolitan Police, who went through the Police College.

Perhaps I should explain that the ranks mentioned above are those approved by the F.C. for Police Officers attached to Public Safety Branch of the German and Austrian Commissions. They wear Police uniforms as approved for both Commissions by H.M. the King.

They will only be taking a minimum supply of kit with them and I hope they will be able to return to complete their outfit before the Commission as a whole moves to Italy or Austria.

Rutherford tells me you have planned a programme of training for them which includes a period at your H.Q. and a period of attachment to a Region. I have spoken to Benson and he agrees with me that a visit to 8th Army would be helpful and he has promised to make the necessary arrangements.

Mr. Foster is to be my Security Officer and I would like him to see G-2 A.R.H.Q. if it can be arranged.

I don't know how long their visit should last, perhaps you can advise best on this point. I was contemplating a stay of a month or thereabouts, but in view of the delay in their departure this may have to be shortened. I think they ought to aim at getting back here early in April.

Rutherford tells me you have written to me about Pollock, but I have not received the letter.

I gather you will be home soon and I shall hope to have the opportunity of meeting you,

2. A reply was sent by Air Mail giving the names and experience of 8 Civil Affairs Officers whom it was considered would be able, if selected, to be transferred for service in North West Europe.

1. Attached herewith is a nominal roll of officers who have been provisionally earmarked for military government in AUSTRIA. The nominal roll is divided into five parts as follows:-

G-5 Staff AUSTRIA
 ACA Accounting & Currency Section
 GAU VIENNA (Br element)
 GAU STEIERMARK
 GAU KARNIEN

2. It is proposed that G-5 AF HQ shall periodically (not more frequently than once a month) issue a new nominal roll to bring the previous one up to date in the light of possible amendments.
3. Arrangements are well advanced for officer replacements where considered necessary with priority to the Regions of PIEMONTE, LIGURIA, LOMBARDIA, and ABRUZZI-MARCHE.
4. Except for a small number of officers who will be required for planning it is not anticipated that there will be any movement of officers on a permanent basis until officer replacements are either in position, or have been nominated.
5. Many of the officers nominated for AUSTRIA will be called upon to attend a Course of Instruction on AUSTRIA. The Course will be of approximately 14 days' duration, after which they will return to their duty stations.
6. Nothing in this letter or the attached nominal rolls will be taken as meaning that an officer will finally be selected for the appointment for which he has been provisionally earmarked. The fact that an officer's name appears against an appointment of a higher grade than his present rank, does not mean that the officer has been, or ever will be, recommended for such promotion.
7. There has been some misunderstanding regarding Military Government teams for AUSTRIA. It is desired to make it clear to all concerned that they are part of an operational organization, and the question of whether an officer desires to remain in the service at the end of hostilities does not arise.

SUBJECT : Planning for Austria.

TO : Lt. Col. Dye, R.P.S.O. Emilia Region, attached to
8th Army.

1. I have to inform you that the Chief Commissioner has agreed to the visit to this theatre of 5 or 6 British Metropolitan Police Officers, who are expected to arrive from London in the next week or two, in order that they should gain some experience of Public Safety work in anticipation of their own responsibilities in Austria.

2. It is probable that this party will be headed by Mr. Nott-Bower, Deputy Assistant Commissioner, Metropolitan Police. I am anxious that their time in Italy, approximately three weeks, should be well spent and that they should have the advantage of being taken round by another Metropolitan Officer who has had the experience of Public Safety work in Italy. The purpose of this letter, therefore, is to ask you to be good enough to loan me the services of Major Way for this purpose.

3. As soon as I am informed of the expected date of arrival of Mr. Nott-Bower and his party, I will get into touch with you and request that Major Way report to this Headquarters. I am anxious to see him a day or two before the arrival of the others since I wish to discuss with him the programme and tour which I have in mind. I know that you will give me this assistance, for which both Mr. Nott-Bower and myself will be very much obliged.

1. Reference your letter of the 7th January 1945,

2. It is agreed that a most useful purpose would be served by giving the five Public Safety Officers to whom you refer some experience in this work in Italy. With reference to your AC/14121/PS of 9 January 1945, this Headquarters has been informed that there is no suitable replacement for Capt. Bricknell available. This officer has accomplished a particularly difficult task in a most praiseworthy manner and to remove him in the near future would jeopardise the successful functioning of the British Detachment. I expect to be at Headquarters, Allied Commission, shortly and will take up this matter with you there; but I would ask you to bear in mind that competent British Administrative officers are few and far between.

1. Follow in our conversation of yesterday. I referred to you the names of those of my police officers who are at present engaged upon duties other than those of public safety. If you can make arrangements for them to be redeployed for public safety work in Austria, their will not only have my blessing, but will be very much appreciated by my personnel. And you can rely upon this recommendation giving you full support in your negotiations.

SUBJECT : Personnel for Austria.

TO : Regional Commissioner, Liguria Region.

1. I have to thank you for your letter of the 29th December, 1944, which was remained unanswered until today owing to my absence from this office.

2. Captain Bricknell is a British police officer who was released by the Home Office from police duties in the U.K. in order that he might be utilized for public safety duties in Italy. It is true that through force of circumstances Captain Bricknell is not at the present time being employed in this capacity, but nevertheless this Sub-Commission reserves the right to call upon his services as the need for public safety officers indicates. The view that Captain Bricknell should be available for public safety duties is not only my own personal one, but the policy which I have been directed to follow by the Home Office, in accordance with their very definite agreement on this point with the War Office.

3. In the event of his being taken from your Region a replacement will, of course, be available from this Headquarters, and the same applies with regard to Captain Hayes, concerning whom it is hoped that in the near future a replacement will be specifically earmarked.

I have to refer to your AG/14121/PS of 13 Dec., 1944 and to say that I was not aware that Capt. P.H. Bricknell was in any way under the control of the Public Safety Sub-Commission. This Officer is in charge of the British Detachment of Liguria Region and is also my G-1 British Administration Officer; he has not assigned to this Region as a Public Safety Officer.

It would be appreciated if this matter could be put in order, and also if some indication could be given as to whether a replacement will be sent for Capt. Hayes.

Dear Arthur,

As promised is the wife I have suggested
 for the initial stages of Military Government.

Things are moving along fairly well and conditions
 of living are somewhat better than at present.

It is something of a struggle to try to get a
 mental picture of the various police organisations there
 are but I'm making fairly steady progress and I hope
 with the assistance of Rutherford when he arrives, to keep the
 Public Safety end up.

Unfortunately the whole idea seems to be to
 decentralise the police of Burma so far as possible making
 each town or city have an independent force which means
 that the local authority will have general administrative authority
 over the police and, consequently, the M.G. Police Officer will
 be under the command (and control) of the M.G. Officer in charge
 of the local authority. I have, however, succeeded in emphasising
 that there shall be a second chain of command and that
 is from the M.G. Police Officer to his immediate senior, thereby

we hope to curb the enthusiasm of the Kreis M.G.
Officers (Commercial Commissioners) from interfering unduly with
the police side of the picture.

Old Rutherford & I will have a lot to talk
about when he comes - I must chastise him
severely over the planning documents if he wrote
them.

I'll come up to see you if I get the chance
but it looks rather doubtful for the time being
as I have so much to do.

Please give my regards to the boy.

Yours aff.,

Mac

The remainder of the staff will be earmarked now in order that they may be available to be "called up" with the minimum of delay. Appendix "A" shows in Col(a) those officers who have been selected for initial planning. Col(b) shows those officers who have been earmarked for future planning requirements or details of appointments for which officers are to be earmarked.

3. Personnel requirements of the GAUE of AUSTRIA which are a British responsibility are contained in Appendix "B". None of the GAUE personnel will be assembled for the time being. It may however be necessary to assemble part of the Military Government Staff of the GAUE (Serial 2 Appendix B) at an early date.

4. Personnel for the GAUE (including the British element of the GAU of VIENNA) will however continue to be earmarked under the following headings

(a) Those required for initial GAUE planning and to be available at 14 days notice. Names of officers selected will be forwarded to G-5 AFHQ as soon as possible. Any subsequent amendments will be notified to AFHQ immediately they occur.

(b) Remainder of the personnel to fill the GAUE establishments. Names will be earmarked now as far as is possible under the following categories

(i) Those whom you could release at any time on 14 days notice

(ii) Those whom you could release at any time after the completion, or the virtual completion of the occupation of N. Italy.

(iii) Those for whom a replacement would be required.

A list of those officers who have so far been selected will be forwarded to G-5 AFHQ by 21 Nov. Thereafter additions and amendments will be notified as at the last day of each month, or when specially called for.

5. It must be appreciated that no guarantee can be given that an officer will be finally selected for the particular appointment for which he has been provisionally earmarked. This applies in particular to the GAU of VIENNA for which it is expected that a limited number of officers well qualified for a post in that GAU may be available from other sources.

6. It is the policy that new officers should continue to be sent to Allied Commission and thus make available experienced officers for release for duty in AUSTRIA. It is accepted that A.C. Italy which is a going concern, can take some untrained officers as replacements for those released for AUSTRIA which requires the very best that are available.
