TERRITORIAL LEGION OF CC.RR LAZIO
Velletri Company

14135

Office : 39/23

Velletri, 24 July 1945

SUBJECT : Street incident

TO : AC Public Safety S.C. and for information to other
offices.

On the 23rd inst. at half past three p.m. on the Appian Road Velletri - Roma (Km. 40) the motor lorry V.D.L. 4881178 coming from Pastina (Salerno) driven by an Allied Military man dashed against a big chest containing different kinds of tinned food. The chest had fallen down, shortly before, from an Allied not identified motor lorry going in opposite direction. For want of time the driver could not avoid the obstacle. Owing to the collision the lorry capsized and 18 military men, including 3 Allied soldiers and 15 Italians, were more or less seriously wounded. The wounded were immediately carried to the Civil Hospital of Velletri whence, in the evening, they were transferred to the military Hospital of Rome (Giulia Str.)

REPORT

To The Officer Commanding
115 Provost Company,
C.M. Police

Subject: Accident Involving British Military and
Italian Civilians on Route 14, Mestre.

Sir,

I have to report that at Section H, Mestre, on the 16th
June 1945 at about 23.30 hrs I was approached by:

UAGLIA GIOACCHINO age 42 of VIA SALVIZZO 38 ROMA

who stated that he and one other civilian

MARINELLI LUIGI VIA DEI VOLSA 15 ROMA

had been involved in an accident with their CIVILIAN TRUCK,
a FIAT, and a W.D. Vehicle, on Route 14 Near Mestre.

Some injured Soldiers and Civilian Girls travelling in the
W.D. truck had been removed to Hospital. I went to the scene of
the accident which had occurred at MR 626552 on Route 14 approx-
imately 300 yds prior to the VENICE-PADUA T Junction.

I saw a large Fiat Truck No 73441 Roma which had been driven
by MARINELLI, stationary in the Road, facing the T Junction.
There were NO lights on the vehicle and it was completely impossible
to see any reflection from the Red reflectors which were on the
rear of the truck, these being covered in dirt and dust.

The W.D. vehicle, a Three Ton CHEVROLET No 6563/178, driven by
No 7207012 PRIVATE WILLIAMS of 5th SUPPLY SECTION 3rd ORDNANCE
MAINTENANCE COY R.A.O.C., was immediately behind the civilian
truck and the right hand side of the cabin had collided with the
left hand side of the civilian truck. The Cabin was completely
wrecked.

It would appear that the Civilian vehicle had stopped to
allow the driver to adjust the lights which were not functioning.
In the Civilian vehicle were the two afore mentioned civilians
and one other civilian

RO ATTI EMILIO VIA CLADIA 17 ROMA

who had witnessed the accident.

5421

I saw a Large Fiat Truck No 79441 Roma which had been driven by MARINELLI, stationary in the Road, facing the T Junction. There were NO light on the vehicle and it was absolutely impossible to see any reflection from the Red reflectors which were on the rear of the Truck, these being covered in dirt and dust.

The W D Vehicle, a Three Ton CHEVROLET No 6543178, driven by No 7627015 PRIVATE WILLIAMS of 5th SUPPLY SECTION 3rd BRNANCE MAINTENANCE COY R.A.C., was immediately "towed" the civilian truck and the right hand corner of the cabin had collided with the left hand side of the civilian truck. The Cabin was completely wrecked.

It would appear that the Civilian Vehicle had topped to allow the driver to adjust the lights which were not functioning. In the Civilian Vehicle were the two afore mentioned civilians and one other civilian.

RO. APPI HENESSIO VIA CLAUDIA 17 ROMA

who had witnessed the accident.

Whilst adjusting the lights the W D Vehicle had run into the back of the stationary vehicle. The W D Vehicle had contained FIVE Girls two in the cab with the Driver and three in the back together with two N.C.O.s.

Particulars of Civilians are:-

BORTOLOZZO IRENE Age 19 her sister ALICE age 17
of CA BRENTELLE No 7

MARCUZZI VANIA age 26 of the same address No 45

The above Three were sitting in the Back of the vehicle.

BOTTACCINI CINA age 21 her sister SILVIA age 17
of CA BRENTELLE

Who were sitting in front of the vehicle received head injuries but were allowed to proceed home after treatment at the Civilian Hospital.

54221

The Two N C O's were,

No 10571032 Cpl REES W 5th Supply Section R.A.O.C

and No 66304 Cpl ~~REES~~ CHAINNEY C W of the same unit

The Driver PTE WILLMOOT and Cpl REES were removed to 12 C.O.S., where it was found that Pte Willmott was suffering from a Fracture Left Ankle and abrasion, Cpl REES was suffering from Fractured Frontal Bone Fractured Cheek Bone Lacerated Right Eye and abrasion.

Statements were obtained from the three Military personnel and also Statements from the three Italian. The Two Drivers were handed over to the CARABINIERI for Contention of Civilian Road Law.

The Civilian Vehicle was handed over to the owner

PICCA RENO of 451 Via Appia ROMA

and a receipt obtained.

A Doctors Certificate of injuries to the two Soldiers is attached.

The W.D. Vehicle was B L R.

I notified the LEGAL OFFICER of VENICE (AMGOT) of the occurrence and he advised that the two Italian Drivers be detained and a Copy of the Reports and Statements be forwarded to him.

who states:-

On the 16th June 1945 I was at my Company Dance which finished at approximately 22.30 hrs and I was detailed by Capt Carter my O.C. to take the Dance Band to the F M A Area. I was also detailed to take One Girl, employed by the Unit, back to her home, as she was accompanied by four relations living near by, I took the Five Girls together. I proceeded to the F M A accompanied by Five Girls, dance Band, Cpl Rees and Cpl Chainey, the Dance Band was left at the F M A and I proceeded along the main Route 14 towards the T Junction Venice Padua Road.

In the Cabin were two Girls, in the back of the Vehicle were three Girls and the two Cpl. I was proceeding at approx 18 to 20 miles per hour when I saw immediately in front of me a Large Vehicle, stationary without any lights. I swerved to miss the Vehicle but the Cabin of my Vehicle caught the tail board of the Vehicle that was stationary causing my Cab to collapse on me. I was then taken to Hospital.

who states:-

On the 16th June 1945 I was attending a Dance at my Unit in MERTON, and at about 22.30 hrs I accompanied Cpl Rees and Pte Willmott in a Three Ton W D Chevrolet with the Band. I had no permission to be out, but as Pte Willmott is my friend I decided to accompany him. I was riding in the back of the vehicle with Cpl Rees and after dropping the Band we were going to take home five Civilian Girl - there had been at the Dance.

There was two girls in the Cabin with Pte Willmott and three Girls in the Back of the Vehicle Rees and myself.

We were proceeding toward the Venice-Padua T Junction at a steady pace when I felt the vehicle collide with another.

I do not remember precisely what occurred afterward as I was badly shaken.

Cpl Rees was removed to hospital with facial injuries and Pte Willmott was taken to Hospital with injuries to his ankle. One of the Girls was also slightly hurt.

Copy of Translation of Statement made by MARINELLI LUIGI

I, the undersigned, Marinelli Luigi, son of Riccardo and Gioacchini Odda, born in Rome on the 12.4.13, living in Rome at No. 15 Via Volsci, declare as follows:

On the night 16 inst. at 2230 hrs I stopped with my empty truck No. 79441 on the main road MISTRE-VENICE, precisely in the street Principe di Piemonte at the beginning of the slope leading to the cross-roads. I stopped my vehicle because of damage to the electric system. The vehicle was on the right side of the road and a friend of mine Quaglia Gioacchino and I started repairing it. Five minutes after my truck was struck in the back by another vehicle. I went to see what had happened and I heard some wailings of a woman who had been knocked out. With other Allied soldiers we helped them. The driver of the military vehicle sustained some injuries but he did not take care of his own condition, looking only for "La signorina - la signorina". Later he was taken to the Civil Hospital.

After the accident and first aid to the wounded people, I left my vehicle on the road and I went to inform the Military Police for the enquiries.

Previously 4 or 5 cars could overtake my vehicle without difficulty. I declare that the glasses of the back lamp were dirty.

(Sgd) Marinelli Luigi

Copy of Translation of Statement made by QUAGLIA GIOACCHINO

I, the undersigned, Quaglia Gioacchino, son of Achille and Mangiucchi Seconda, born in Velletri on the 20.9.1903, living in Rome at No. 38 Via Saluzzo, Rome, state:

On the 16.6.45 I was stationary in a car (No. ROMA 79441) at the beginning of the slope to Venice and just in Via Principe di Piemonte. The car (as something was broken in the electric system) was stationary for a few minutes after which I heard a hit on the rear of the car. This happened just when my friend Marinelli was giving me a screwdriver. I went out of the car to see what had happened. I saw that a military car had hit the left rear part of my car and I, with other soldiers, helped the injured persons.

I went to the Police Station and reported there about what had happened. A policeman of the Allied Military Police went to the place of the accident and took all particulars. I and my friends went to the Carabinieri Caserma I repaired the car on the next day.

for the enquiries.

Previously 4 or 5 cars could overtake my vehicle without difficulty. I declare that the glasses of the back lamp were dirty.

(Sgd) Marinelli Emigi

(Info)

AG 729.3/338 FIB-O

20 July 1945

SUBJECT: Theater-Wide Traffic Safety Campaign - August, 1945.

TO: All Concerned.

1. Reports from command Provost Marshals and command Safety Directors reveal a steady and alarming increase in motor vehicle traffic accidents.
2. For the months of April, May and June, motor vehicle accidents accounted for more than 50% of the accidental deaths reported in the theater.
3. In order to combat this unfavorable trend, it is directed that all commands of the theater conduct an intensive traffic safety campaign for the month of August, 1945.
4. The following specific steps will be taken by all commands:
 - a. A safety bulletin will be prepared and published announcing the campaign, calling specific attention to the need for it, the objectives to be gained and directing commanding officers of all subordinate units to give active support to the program.
 - b. "Safe Driving Pledges" (Inclosure Number 1) will be reproduced locally and will be signed by personnel of all commands who drive US vehicles.
 - (1) Signed copies of "Safe Driving Pledges" will be retained by drivers signing the pledge.
 - (2) It is suggested that matter of signing the pledges be made an occasion of ceremony in connection with the inauguration of the campaign at unit level.
 - c. Major commands which maintain road blocks will reproduce individually, numbered "Safety Pledges" (Inclosure Number 2) in sufficient quantity to distribute one to the driver of each US vehicle passing through road blocks daily. Such distribution to be made by military police personnel manning the road blocks.
 - d. Unit Safety Officers will be urged to supplement steps outlined in paragraphs b and c with local safety publicity and safety meetings, soliciting safety suggestions from all personnel. Suggestions received, if appropriate, will be adopted by units and forwarded through channels to major commands for possible command-wide use.

RESTRICTED

Ltr, HQ AFMOSA, 15 729.3/838 FMC-O,
dated 20 July 1945 (Cont'd)

a. Traffic safety posters are being printed and will be distributed to all units of the theater.

b. Appropriate continuing publicity will be carried in Stars and Stripes for the duration of the campaign.

c. AES radio stations will carry appropriate safety spot announcements during the campaign.

6. At the conclusion of the campaign and before 10 September 1945, commanding generals of all commands will submit a report to this headquarters, outlining the action and results obtained in connection with the campaign.

TRAFFIC SAFETY CAMPAIGN

AUGUST 1945

SAFE DRIVING PLEDGE

I hereby acknowledge responsibility for my own safety and for the safety of others while driving a vehicle. I pledge that -

1. I WILL practice good sportsmanship by always giving the other follow more than a chance; by giving him a break.
2. I WILL watch for the mistakes of other drivers and pedestrians and do what I can to compensate for them.
3. I WILL always control my speed so that the vehicle can be stopped before hitting any other vehicle or pedestrian that might possibly get in the way.
4. I WILL always drive in my correct lane - and give proper signals before passing or turning.
5. I WILL not pass other vehicles while approaching a curve.
6. I WILL not pass other vehicles on a hill.
7. I WILL dim my headlights when approaching oncoming vehicles at night.
8. I WILL reduce the speed of my vehicle to not more than 25 MPH when driving through towns and villages.
9. I WILL slow down and be extra cautious when driving on wet pavement.
10. I WILL do everything within my power to avoid an accident.

1. DEATH IS SO PERMANENT !

Americans are known the world over for their good sportsmanship. So, while you are behind the wheel of your vehicle, don't throw our reputation out the window. Give the other fellow more than a chance; always give him a break!

2. DEATH IS SO PERMANENT !

Drive in your correct lane -- and give signals. Thoughtfulness of others adds up safety for yourself.

3. DEATH IS SO PERMANENT !

Don't pass other vehicles while approaching a curve. You cannot know what is beyond your vision.

4. DEATH IS SO PERMANENT !

Don't pass other vehicles on a hill. You cannot know what is beyond your vision.

5. DEATH IS SO PERMANENT !

You are looking for trouble when you look away from the road.

6. DEATH IS SO PERMANENT !

Obey road warning signs. They are placed there for your protection.

7. DEATH IS SO PERMANENT !

It is better to arrive at your destination a few minutes late than to reach eternity ahead of time.

8. DEATH IS SO PERMANENT !

Accidents don't pay! Ask the man who had one.

INCL #2

RESTRICTED

RESTRICTED9. DEATH IS SO PERMANENT :

A minute for safety beats a month in the hospital!

10. DEATH IS SO PERMANENT :

It's easy to talk safety, but are you doing your part?

11. DEATH IS SO PERMANENT :

Let it not be written concerning you - "Died in the service of his country - NEEDLESSLY". Drive carefully.

12. DEATH IS SO PERMANENT :

Slow down before reaching curves! It's too late when you're skidding off the road.

13. DEATH IS SO PERMANENT :

A good safety rule to follow - SPEED SHOULD GO DOWN WITH THE SUN.

14. DEATH IS SO PERMANENT :

Don't over drive your headlights - danger lurks in the darkness ahead.

15. DEATH IS SO PERMANENT :

The courteous driver is a safe driver.

16. DEATH IS SO PERMANENT :

The A B C of safety -- Always Be Careful.

17. DEATH IS SO PERMANENT :

Safe speed is speed always so controlled that the vehicle can be stopped before hitting any other vehicle or pedestrian that might possibly get in the way.

18. DEATH IS SO PERMANENT :

Dim your headlights when approaching oncoming vehicles.

19. DEATH IS SO PERMANENT :

Only fools take chances - Play safe - drive carefully.

20. DEATH IS SO PERMANENT :

It is your duty to do everything within your power to avoid an accident.

RESTRICTED21. DEATH IS SO PERMANENT :

Watch for the mistakes of other drivers and do what you can to compensate for them.

22. DEATH IS SO PERMANENT :

Avoid this epitaph -

"How lies the body of Julian Gray
Who died while taking the right-of-way
He was right, dead right, as he sped along,
But he's just as dead as if he'd been wrong."

23. DEATH IS SO PERMANENT :

It requires hundreds of nuts to put an automobile together, but only one NUT behind the wheel to tear it apart.

24. DEATH IS SO PERMANENT :

Most highway accidents occur on straight roads. Safe driving requires alertness - consideration for others - a wise choice of speed.

25. DEATH IS SO PERMANENT :

Develop the habit of attention -

1. To the vehicle
2. To the road
3. To the immediate traffic conditions
4. To pedestrians.

26. DEATH IS SO PERMANENT :

Always slow down before reaching an intersection. All expert drivers have this habit.

27. DEATH IS SO PERMANENT :

A good motto to follow - "I'D RATHER BE LATE THAN ABSENT."

28. DEATH IS SO PERMANENT :

Avoid looking directly at the headlights of approaching cars. Direct your eyes mainly to the edge of the road and slow down.

29. DEATH IS SO PERMANENT :

Wet pavements are treacherous - shift into front wheel drive - SLOW DOWN.

30. DEATH IS SO PERMANENT :

The tires on your vehicle are not safe on wet, hard-surface roads,
DRIVE SLOW - BE CAUTIOUS.

31. DEATH IS SO PERMANENT :

Don't take chances - slow down on wet pavement.

TRANSLATION

On 16/6/45 at about 16.00 hrs. drivers Marinelli Luigi and Quaglia Gioacchino, drove a truck owned by "Picca" firm to Mestre as it wanted repairs to the tyres and to the electric plants.

On the night of same day at 22.30 hrs about, while after having had the car repaired were going on their way back to Venezia they had to stop again at Via Principe di Piemonte as the electric plant of the car had broken down and they had remained completely in the dark.

The car was parked regularly on the right side and close to the kerb. The drivers stepped out and went under the car to repair the lights.

Meanwhile 5 or 6 cars and the bus Venezia-Mestre had passed by Via Principe di Piemonte, and none of them hit the truck, proving thus that the truck was well in sight.

After few minutes the drivers noticed a formidable blow on the back, of the truck and realized that it had been hit by an Allied vehicle.

The power of the impact was so big that the Italian truck which had the second gear on, was no less than started and the differential was shifted 1 inch $\frac{1}{2}$.

Marinelli and Quaglia presently gave first aid to the occupiers of the Allied truck.

Two allied soldiers seriously hurt, one of whom the driver however in bad conditions, was keeping on asking for girls, and three civilian girls slightly injured were drawn out of the wrecked car. Two more girls also being in the truck were unhurt.

A.M.P. N.C.O. then intervened and noticed that the hit truck was close to the kerb and without lights (as a matter

Meanwhile 5 or 6 cars and the bus Venezia-Mestre had passed by Via Principe di Piemonte, and none of them hit the truck, proving thus that the truck was well in sight.

After few minutes the drivers noticed a formidable blow on the back, of the truck and realized that it had been hit by an Allied vehicle.

The power of the impact was so big that the Italian truck which had the second gear on, was no less than started and the differential was shifted 1 inch $\frac{1}{2}$.

Marinelli and Quaglia presently gave first aid to the occupants of the Allied truck.

Two allied soldiers seriously hurt, one of whom the driver however in bad conditions, was keeping on asking for girls, and three civilian girls slightly injured were drawn out of the wrecked car. Two more girls also being in the truck were unhurt.

A.M.P. N.C.O. then intervened and noticed that the hit truck was close to the kerb and without lights (as a matter of fact this was the reason why the drivers had come to a stop) and that the refracting red glasses were covered with dust (which was natural after a travel of 500 Kms.) but still visible. It must be noted that at both ends of the street notices: "Speed limit 25 M.P." are posted and therefore the allied truck ought not to have exceeded a/m limit, which evidently was not done judging from the effects of the impact. Naturally the Allied driver had complied with that rule he would certainly have avoided the collision as besides had happened with the cars which had previously passed by.

The N.C.O. of the British Police, even after remarking all those circumstances, apprehended and kept in custody Marinelli and Quaglia.

For a/m considerations, and since the Italian Road laws do not rule the drivers shall be arrested in such accidents (indeed the accident was neither due to the arrested men's fault, nor did it cause the instantaneous death of anybody) we ask for the releasing of a/m persons on the wait for trial.

TRANSLATION MC.LAZIO CC.RR. TERRITORIAL LEGION

N:15/39

Rome 27th April 1945

Subject: Information/

To : Allied Military Government. Public Safety subcommission.

On the 15th instant, at 18 hrs, in Tolfa (Rome), while the colored driver soldier IAN BRESCH, drove the American truck Sprat 4279259 U.S.A. Reg. 40, in order to bound in the direction of Civitavecchia, a boy VERDIROSI Enrico, 12 years old, living in that place, hanging arm to the back of the truck fell accidentally on the ground.

The driver not knowing what had happened, boud the truck backwards, causing the back tyre of the truck passing over the left leg of the boy.

The boy has been seriously wounded at the left leg.

On the 24th instant, at 15 hrs, at the 96 Km of the via Appia Terracina (Littoria), an allied military truck "DODGE" L. 4717951, driven by an Italian military driver, bound for Naples, suddenly came out from the convoy of trucks of which it belonged, went into collision violently with the truck driven by CAROLI Sisto, 32 years old from Rome. (Number of the truck: 63926-Rome)/

The incident caused the death for D'AMICO Santo, 39 years old, from Montebello Ionico; and serious wounds at the legs of DE SANTIS Renato, 38 years old, curable in 20 days W/C, and FONTEMAGGI Amedeo, 45 years, has been slightly wounded.

De Santis as well as Montemaggi are from Rome and were on civil truck.

Also the trucks have been damaged. The military driver is absolutely unknown.

On the 24th April, at 16 hrs, in via Appia, Km 97 Terracina (Littoria) the Jeep n: 2185137 U.S.A. driven by the Allied Soldier, bound for Rome, in the attempt to surpass the Italian military water-tank travelling in the same direction brushed against the left splash-board of the water-tank causing the over turning of the truck.

The driver CASTAGNA Angelo, has been considered haelable in 30 days, because not seriously wounded; the soldier FANGRASSO Pietro, who travelled in the same truck, has been very slightly wounded.

Also the driver and the soldiers who were in the jeep have been slightly wounded.

The allied police of Velletri interveined.

1. Attention is directed to the following vehicle offences committed by Italian personnel:-

(a) Speeding in built-up areas

It has been represented that the absence of bi-lingual signs in such areas gives the offending drivers an opportunity of pleading ignorance. Certain areas have already adopted warning signs in Italian, and an extension of this practice in all Districts would enable satisfactory action to be taken to curb fast driving.

(b) Carriage of unauthorised personnel

It was stated at the recent Allied Police Conference that Italian drivers, in particular personnel of the Gruppe, were guilty of giving lifts to unauthorised civilian personnel who were prepared to endure considerable discomfort in order to avoid detection on the road or at check posts.

2. Please take the necessary action in conjunction with the Italian Carabinieri and Civil Police.

HEADQUARTERS DETACHMENT

2677th Regiment, OSS (Prov.)

APO 512, U. S. Army

2 March 1945.

SUBJECT: Interference with Military Traffic.

TO : American Provost Marshal, R.A.A.C., APO 794, U.S. Army.

1. For approximately two weeks members of this Unit have encountered difficulty with partisans and Italian soldiers grouped on the highway at Piazzale Ponte Milvio, where Route 2 proceeds north from Ponte Milvio. At about 5:00 pm every evening these soldiers congregate at this point, endeavoring to secure transportation north. They block the highway by standing across the road, threaten passing vehicles with rocks or other projectiles, and, on the 1st of March, even went so far as to lay a telephone pole across the road.

2. The headquarters of this Detachment is located on Via della Camilluccia and it is necessary for our vehicles to use this route constantly. Our courier vehicles carrying secret documents have been stopped on occasion, as well as numerous passenger vehicles of this Unit.

3. This situation has been reported to the MPs on several occasions; but, when such a report is made, by the time that MPs arrive, these individuals have managed to secure transportation and no problem is apparent. On the following evening the same conditions will again arise, with soldiers threatening to throw rocks at vehicles which do not stop to pick them up.

4. It is feared that a continuation of this situation will inevitably end in some serious and regrettable incident; and it is earnestly requested that you make every effort to insure the normal and unhampered flow of traffic along this route. It is evident that forcible means are required to prevent these partisans and Italian military personnel from employing forcible means to secure the transportation they desire.

6/197/93

MEMORANDUM FOR THE POLITICAL SECTIONA.C.

Mr. Oscar LA SALANDRA, an employee of this Ministry, son of the late Antonio, aged 69, was run over, on October 17th, 1944, at 8.45 hours, in via degli Orfani, by an Allied military lorry driven by a man wearing a British uniform, with dark orange stripes on his shoulders.

The lorry was going at high speed and did not stop through Mr. La Salandra was violently knocked down.

Helped by some passers-by, Mr. La Salandra was taken to the "Arcispedale di S. Giacomo" where the doctors found him suffering from a dislocation of his right shoulder, bruises on his left leg and contusions at his right ankle.

The car was one of a group of five British lorries.

The following people witnessed the accident:

- Rag. SITO Moise' - Ministero for Foreign Affairs - via Romagna No 14.-
Rome.
- Sig. FORTI Francesco - via Francesco Carletti No. 1 - Int. 3 - Rome.

Enclosed with the present Memorandum please find copies of the certificates of the Arcispedale di S. Giacomo and of Doctor Giuseppe Barbera from whom he has been found curable within a 20 days.

The Ministry for Foreign Affairs would be grateful if the Political Section would kindly inform, in due time, about the steps which will be taken in the matter.

/s/ G.D.B.

SUBJECT : Recommendation for Change in Parking Regulations.

TO : Headquarters Allied Commission, Public Safety Sub-Commission
(Attn: Colonel John W. Chapman)

1. It is recommended that STOP signs be placed at the junction of Via Regina Elena and Piazza Barberini and Via S. Nicola De Tolentina and Piazza Barberini, or that cars and trucks will not be permitted to park within 50 feet of the above named intersections.

2. Allied troops attending Red Cross Theatre and Red Cross Club are required to use these intersections. One accident and several near accidents have occurred at these points providing sufficient hazard to warrant military action to provide for safety of Allied Troops.

Road Traffic Control Code I
Convoy Instructions II

The following AFHQ Circulars, 1943, are rescinded and the instructions below substituted therefor:

Section	Circular	Section	Circular
I	33	I	59
All	54	All	72
All	57		

I ---- ROAD TRAFFIC CONTROL CODE

1. To insure that proper road discipline is maintained insofar as the Allied Forces are concerned, the following will be read and studied by all personnel in this theater.

2. The following regulations for the control of vehicles will be observed by drivers who will promptly comply with all police orders. If a traffic policeman's signal conflicts with an automatic signal or sign the policeman shall be obeyed.

3. Regulations for Vehicles.

a. Rackless driving is unlawful and includes:

- (1) Driving when driver is not legally qualified, is intoxicated, or otherwise incapacitated.
- (2) Driving any vehicle when it is not under control.
- (3) Driving without due care in crossing or turning into the traffic of another road bearing in mind that pedestrians should be protected and traffic must not be interrupted unnecessarily.
- (4) Exceeding a reasonable, considerate, and safe speed rate under existing conditions, or the speed rate established.
- (5) Driving so as to cause danger by failing to obey any order of a traffic policeman or instructions as indicated by official traffic sign or pavement marking.

b. Passing, Turning, etc.

5368

RESTRICTED

AFHQ Circular # 23 (cont'd)

(1) A vehicle overtaking or when overtaken by another shall not occupy more than its fair share of the road.

(2) A vehicle meeting another shall keep to the right.

(3) A vehicle overtaking another shall pass on its left, but must not interfere with traffic from the opposite direction, nor pull over to the right before entirely clear of the overtaken vehicle - but in overtaking a tram car, shall pass on its right, except in an emergency when it may pass on its left, with due caution after observing traffic from opposite direction.

(4) A vehicle turning into a road to the right shall keep close to the right-hand curb (see diagram A).

(5) A vehicle turning into a road to the left shall pass around the central point of intersection of the two roads (see diagram B), but where there is not sufficient room to make the central turn without backing, it shall signal effectively and pass between the center of intersection and the left hand curb (see diagram C).

(6) A slow moving vehicle shall keep as near as practicable to the right-hand curb - the slower the speed the nearer the curb.

(7) A vehicle passing around any form of centralized obstruction shall keep to the right of such obstruction.

c. Standing, Parking, Following and Backing.

(1) A vehicle shall not stand nor park on a curve of a road where for any reason it cannot be clearly seen from a sufficient distance so as to avoid a traffic hazard.

(2) A vehicle may stop anywhere on a road provided it does not interfere with traffic and that it does not conflict with any police regulations.

(3) Vehicles stopped or left standing on any road or street must stop on the right side facing in the direction of travel.

(4) A vehicle shall not back to make a turn, or in any other way so occupy the road as to obstruct traffic needlessly.

RESTRICTED

AFHQ Circular # 28 (cont'd)

(5) Vehicles crossing bridges will conform strictly to the instructions as to speed, density and weight limitation specified on road signs.

(6) On mountain roads with steep grades and sharp bends, speed will be appreciably reduced.

(7) A safe distance will be maintained between vehicles.

(8) Drivers of vehicles will not attempt to cross railroad crossings while gates are being placed in position or when guard signals the approach of a train.

(9) All vehicles must keep to the right of road when making a curve (cutting into opposite lane is forbidden).

(10) Driving Discipline

a. In order to stamp out dangerous and careless driving, the driver and his unit must be identified. The following particulars are required to bring charges against the offender:

1. Date, time and place of incident.
2. Number of vehicle or other definite means of identification.
3. Brief description of incident with reason for alleging dangerous or careless driving.
4. Name, number and unit or description of driver (if possible).
5. Identity or location of any other witness.

b. The rendering of general complaints regarding careless and/or reckless driving is futile and will be discontinued. It is the duty of all American and British officers and non-commissioned officers to obtain particulars of an incident involving bad driving and to make a complete report immediately.

(11) Traffic Signs and Symbols of Occupied Countries

a. Subordinate commanders will be responsible for the instruction of personnel in the various types of signs and symbols (i.e. STOP, SLOW, RAILROAD CROSSING, etc.) to the end that all drivers are familiar with the meaning of such signs and symbols.

4. SPEED LIMITS

a. In Built-up Areas. The speed limit for motor vehicles in built-up areas is 40 km per hour, the equivalent of 25 miles per hour on the British American speedometers, except when otherwise proscribed by posted signs.

RESTRICTED

AFHQ Circular # 28 (cont'd)

b. Outside Built-up Areas. The following speed limits apply only when ideal road and weather conditions obtain.

<u>BRITISH ARMY VEHICLES</u>	<u>U. S. ARMY VEHICLES</u>	<u>MAXIMUM SPEED</u>
1. Staff Cars	Car, light, sedan	55 mph
2. Cars 2-str(utility)(includes cars 500 weight)	Trucks, $\frac{1}{2}$ Ton	40 mph
3. Motorcycles	Motorcycles, Solo	40 mph
4. Trucks, Lorries and Vans (up to and including 1 Ton)	Truck, $\frac{1}{2}$ Ton, all models Truck, $\frac{3}{4}$ Ton, all models	35 mph
5. Lorries including Troop-Carriers (over 1 Ton & up to & including 3 Tons)	Truck, $1\frac{1}{2}$ Ton, all models Truck, 2 $\frac{1}{2}$ Ton, all models	30 mph
6. Lorries including Semi-Trailers (exceeding 3 Ton load capacity)	Truck, 4 Ton, all models Truck, 6 Ton, all models	20 mph
7. Lorries with trailers	Truck, $1\frac{1}{2}$ Ton, Tractor Truck, 2 $\frac{1}{2}$ Ton, Tractor Truck, 4-5 Ton, Tractor Truck, 5-6 Ton, Tractor	20 mph
8. Coaches-troop carriers	Vehicles as described in 5 & 6 above, when carrying personnel only	30 mph
9. Tractors (wheeled)	(Used for plants only)	25 mph
10. Half-tracked vehicles	Half-track car M-2 Half-track personnel carrier M-3 Half-track gun & how., Mtr Carriages	30 mph
11. Full-tracked vehicles (except tractors)	Tank, Lt M-3 and Lt M-5 Tank, Med 1-3 and Med 14-4	20 mph
12. Full-tracked vehicles (tractors)	Tractors, Lt Tractors, Med Tractors, Heavy	15 mph

The maximum permissible speed for each vehicle under ideal conditions as stated above will be stencilled in red on the tail board, rear panel or equivalent position as shown below:

20
MPH

.....RED

RESTRICTED

JMW Circular #2 (cont'd)

The figures will be four inches (4") high and the width of each part of figure will be one-half (1/2") high and one-quarter (1/4") wide. (Vehicles exempted from camouflage painting and bomb disposal vehicles will not be marked.)

II --- CONVOY INSTRUCTIONS

1. The following general specifications regarding convoy moves of 10 or more vehicles into or within a Base Section (U.S.) area or 25 or more vehicles into or within areas under British administration will be adhered to by all. All convoys, as defined above must obtain clearance/movement instructions from local Base Section Th. (U.S.) or Movement Authority (Br) before beginning a journey.
2. Traffic control personnel posted for the purpose of controlling and for guiding vehicular traffic will be equipped with a light or other luminous instrument, consistent with security and blackout restrictions, which will be flashed alternately on and off or moved in an arch like motion at right angles to the direction of vehicles approach, for the STOP signal. Operators of vehicles will approach such moving or flashing light with caution and ascertain the signals being given by traffic control personnel before proceeding past such signal.
3. Convoys will be numbered and each vehicle will bear the convoy number.
4. Convoys will proceed at a density of thirty (30) vehicles to a mile, i.e., 30 yards between vehicles unless otherwise directed by traffic control personnel.
5. A blue flag will be carried by the lead vehicle and a green flag by the rear vehicle.
6. Speed limits, cautions, bridge restrictions, halting rules, march discipline specifications and all other local regulations of the area traveled will be observed.
7. The responsibilities of convoy commanders for compliance with movement orders, area regulations, and march discipline will be strictly enforced.
8. All convoys will be advised forward in sufficient time to prevent delay of any traffic.
9. Convoys will be checked through at each traffic post, the progress of the move being reported to the appropriate military headquarters. In order to avoid delay one vehicle will be sent ahead of the main body to check through traffic posts and thus avoid halting the entire convoy.
10. Vehicles will not be left abandoned by the side of the road. Damaged vehicles will, if possible be towed forward to the next point en route. If a collision exist. If this is impossible, an armed guard will be left on the vehicle and the incident reported to the nearest traffic post who will inform the appropriate authority.

AFHQ Circular # 28 (cont'd)

11. No convoy will move without specific authority from commander originating move.
12. Direct communication on operating matters is authorized and encouraged between area commanders as well as between American and British commanders.
13. Matters of policy and conflicting interests will be referred to this Headquarters (G-4, Movement and Transportation) for decision.
14. Forward advice of all moves of 50 or more vehicles will be reported to this Headquarters.
15. The attention of all personnel will be drawn to their responsibility for ensuring that they make every effort to obtain a load for any vehicle which would otherwise travel empty. Applications for loads to be made to Base Section Tn. Office (U.S.) or local Area/Sub-Area Hq. (Br).

HEADQUARTERS ALLIED COMMISSION
Civil Affairs Section
APO 394

AC/14057/PS

26 Nov 1944

SUBJECT : Route 4 - Traffic Control.

TO : Regional Commissioner, Lazio-Umbria Region.
(Attn: R.P.S.O.).

1. This Headquarters has been advised by R.A.A.C. that part of Route 4 from Rome Area Allied Command Boundary to Rieti is to be closed for use by vehicles over class 5, and that in lieu of Route 4, Route 3 to Terni thence to Rieti will be used.

2. Will you please have the Prefect issue the necessary decree closing the designated portion of Route 4 to Italian use for vehicles over 2 1/2 tons.

By Command of Commodore STONE:

G.R. UNION Brig.
VP CA Sec.
DCOS, AC

JAG/jwf

5304

PS.

Please accept these papers on your files. It is a military necessity that route is kept open if vehicles too heavy for the temporary bridges as for the divisions use the road there is grave danger that it may become impassable. When military exigencies demand we can request the Station just to take the necessary steps or even issue the orders. There is power by Station laws to close roads all that we want there is to do is to take the necessary steps.

I am sure that it will be quite enough to tell them that the bridges are not strong enough to take more than 20 tons that in that case the road is no longer usable and must be closed to the German tanks and to civilian vehicles. With your pleasure, sir.

W. H. H.
for the
