Ref to AG/14138/PS, dated 5 December 1944, asking our opinion about the correspondence school directed by Maj. Jacopini Fietro.

The above m. school has never been recognised officially, but is absolutely private and until now, has given lesson by correspondence, with adequate allowances fixed each time, between student and Mr. Jacopini.

This H.Q. feels that utility and necessity of such schools, dealing with matters concerning the service of CG. FF., is rather doubtful.

Last year, this H.Q. has to prohibit Maj. Jacopini, a Maj. in a retired list of the CG. FF., to enter the barracks of the Corps, since it resulted that he used to give previous unfounded assurances, to soldiers students of his, about the result of their examinations.

Si fa riferimento al foglio sopracitato con cui viene chiesto il parere di questo Comando Generale in merito alla scuola per corrispondenza diretta dal maggiore della riserva IACOPINI Pietro.-

La scuola anzidetta, che non è stata mai ufficialmente riconosciuta, ha carattere assolutamente privato e, sinora, ha impartito le sue lezioni per corrispondenza percependo adeguati compensi concordati di volta in volta tra i singoli allievi e il detto signor Iacopini.-

Questo Comando Generale considera dubbia l'utilità e la necessità di scuole del genere per materie concernenti il servizio che viene esplicato dalla R.Guardia di Finanza.-

Lo scorso anno questo Comando Generale dovette vietare l'eccesso nelle caserme del Corpo al signor IACOPINI, che è ufficiale della riserva della R.Guardia di Finanza, essendo risultato che lo stesso dava ai militari del Corpo, suoi allievi, infondate assicurazioni preventive sull'esito degli esami da costoro sostenuti.-

Correspondence School

Special for training of CC.RR. and CC.FF.

30 October 1944

TO : General Directorate of Posts - Rome

The undersigned, is the director of a correspondence schools, concerned with training of Carabinieri and Guardia di Finanza, to periodic advancement examinations, according to enclosed program; when the Armistice came, the mail stopped functioning ~~and~~ so as my school.

In order to meet to applications of many ex-students, I have re-opened my school.

Therefore, I beg that Directorate to allow me to send to these soldiers, the books they asked for this study. The conveyance will be done in packages of 800 grams each, for each student, on the 1st and 15th of ~~each~~ each month; the number of conveyances is not fixed, but would be more than 30, every time. I point out that I am the author and the editor of these books (history, geography, mathematics, geometry). I point out, too, that the printed sheet, mentioned in the program is not more published.

Respectfully

the Director - Maj. Pietro Jacopini

To : Allied Commission

On October 30, I have forwarded to the General Director of Posts, Comm. Novi, the attached application, but, having read it, he gave me back the sheet, saying that, according to scarcity of transposition means granted by that Commission, he was compelled to bound mail to letters, manuscripts and newspapers. - Now, the Highest Allied Authorities, wish a going back to normality, but such dispositions, prevent it. The authorization of sending packages of 1 Kilogram, is useless, as, all over Italy, less than 10 peoples, will take advantage of it.

Any how, if possible, I beg You to change the word manuscripts, in the provision, with the one: manuscripts and school books, sent by editors and directors of schools. In this way, my correspondence schools and many similar ones, will leave; otherwise they will die. As President Roosevelt has lately ordered that transposition means at disposal of civil services, be increased, I am sure that You will meet to my application.

But, if general provisions cannot be issued, I beg You to make an exception for my school, which deserves it, because, being concerned only with CC.RR. and CC.FF. and having been repeatedly praised and commended by General H.Qs., must be considered as a state school/

Respectfully

the Director - Maj. Pietro Jacopini
