PROCESSO VERBALE di interrogatorio di PIANELLI Pietro.

=====

L'anno millenovecentoquarantasette, addì tredici gennaio.

Nell'ufficio della suddetta stazione, alle ore 16.

Avanti di noi sottoscritti ufficiali di polizia giudiziaria è presente PIANELLI Pietro di ignoti, nato a Roma il 13 agosto 1886, ivi domiciliato in via Anzio n.23, gestore di un'osteria, il quale opportunamente interrogato circa l'incidente stradale occorsogli il 26 novembre 1946, verso le ore 18, sulla strada n.7, dichiara :
A.D.R. Il giorno 26 novembre 1946 da Velletri, dove avevo caricato del vino sul camion targato Roma 76732, ritornavo a Roma. Giunto a circa 21 Km. da Roma scoppiò una camera d'aria. Io e l'autista del camion suddetto, Gratta Amerigo, eravamo intenti a ripararla entro la cabina della macchina, quando, verso le ore 18, l'autocarro venne violentemente investito nella parte posteriore da un'autovettura alleata.

A.D.R. Il camion si trovava fermo sulla via Appia, in direzione di Roma; si era portato tutto sulla sua destra; e al momento dell'incidente aveva il fanalino posteriore acceso, anche i fari anteriori erano accesi.

A.D.R. In quel punto la strada è in rettilineo perciò poteva benissimo essere scorta a distanza.

A.D.R. Prima della macchina investitrice ne erano passate molte altre dirette a Roma e nulla era accaduto.

A.D.R. A bordo della macchina alleata si trovava l'autista italiano e tre signorine.

A.D.R. Non ho altro da aggiungere.-

Di quanto precede abbiamo compilato il presente processo verbale che previa lettura e conferma viene da noi sottoscritto in data e luogo di cui sopra.-

Minutes of Interrogation of LATINI Settimio di Raffaele and di Monte ferri

in Contrada S. Pietro n. 85 - peasant.

The 12th December 1946, in Velletri, at the CO. RR. Station - 10.00 hrs

Before us vice-brigadier Notarbartolo Rolando, of the a/m station, is
Latini Settimio, who upon interrogation answers:

" On the 26th November 1946, at about 18.00 hrs I was stopped with the
small truck of a certain Giratta Amerigo at 21 kms along the Via Appia, coming
from Velletri directed to Rome. This vehicle was transporting 20 barrels of
wine, for a certain Pianelli Pietro from Rome and who was also with us. We were
stationary, as previously mentioned above, because the front right tyre had
punctured, on the right side of the road. I with Pianelli was in the driver's
cab while Gratta was repairing the tyre. All at once I felt the vehicle receiving
a bump, and saw, that as soon as the bump was received, it moved colliding into
a small tree which was on the right side of the road at about 7 - 8 metres from
the spot where we had been. As soon as we descended we noticed that an Allied
vehicle had bumped into our car. From the Allied vehicle three or four persons
got out, amongst whom, were two women. These people were injured and I saw that
the driver had his face covered with blood. The wounded were taken by car to
the hospital in Rome. I noticed that the Allied vehicle was smashed in the front.
Our small truck received the following damages : The transmission bridge
twisted; the petrol tank broken; the edges broken, and other damages which I
cannot precise. Furthermore 6 barrels of wine had fallen to the ground and were
broken thus losing their contents of 300 litres of wine. The other barrels are
all to be repaired as they were leaking. While we were stopped, the side and
rear lights were lit as the driver was repairing the tyre by their light. When
the bump occurred, the road was wet as it was raining."

The 11th December 1946, in Velletri, at the CO. RR. Station - 16.00 hrs _____

Before us vice-brigadier Notarbartolo Rolando, of the a/m station, is
 Gratta Amerigo, who, upon interrogation answers:

" On the 26th November 1946, at about 18.00 hrs, I was stopped at the
 21 km stone of the Via Appia, and exactly on the right hand side of the road,
 intent in repairing the front right tyre of the vehicle FIAT 520, ROMA 76732,
 my property. On the vehicle was a certain Pianelli Pietro from Rome and
 Settimio Latini from Velletri. Suddenly, while I was at the side of the
 vehicle I heard the car receive a bump and saw that it moved for about 6 - 7
 metres forward, thus bumping into a small tree which was alongside the road.
 The colliding car immediately stopped and from it a man, who was an Italian
 civilian driver and two Allied women got out. These three persons were injured
 in the face as the glass of the wind-screen had broken. They were taken to
 Rome by a passing car. My vehicle had received the following damages: rear
 spring broken; transmission bridge twisted; petrol tank pierced and squashed;
 edges of the carriage broken; wind-screen broken; 6 barrels full of wine
 broken and loss of contents; 6 empty barrels broken; front axle twisted;
 chassis twisted in various points; rear light broken. I do not know what
 happened to the Allied car but I noticed that the front right mud-guard had been
 completely lifted. I was transporting 20 barrels full of wine from Velletri
 to Rome for Pianelli, the rear light of my vehicle was lit as I had just had
 it fixed a few days ago. I cannot state the cause of the accident but I can
 assure you that the road was wet as it was raining.

On TUESDAY 26th. November 1946, about 18.00 Hours, I was travelling from NAPLES TO ROME as a passenger in the rear of a R.A.F. Car Lancia 394172 driven by an Italian Driver namely GIACOMO MARIUCCI employed by the A/N UNIT and accompanied by S/o FLEMING and Sgt. KNIGHT. We had just passed the village ALBANO when I looked up through the window of the car and saw an Italian truck stationary in the path of our vehicle. It was not lit. The driver of the car braked hard to avoid colliding with the truck, but was too close to avoid collision and we struck the truck violently from the rear, coming to a halt immediately. All the windows of the car were smashed and myself and the rest of the occupants were suffering from cuts on the head and face. A civilian car stopped and conveyed myself and S/o FLEMING to the GIATINO U.S.A.A.F. Dispensary where we received first aid and later were conveyed to the 2nd. British FIELD HOSPITAL where we were detained.

We were travelling from NAPLES to ROME and had just passed the village ALBANO when we came into collision with an Italian vehicle. I cannot exactly remember what happened as I was in the rear of the car and dozing to sleep at the time. When the car had halted I found that the rest of the occupants as well as myself were suffering from bad cuts about the face. I got out of the car and attempted to stop any vehicle travelling on the road. An Italian Civilian car stopped and conveyed S/o FLEMING and Sgt. MARTIN to GIAMPINO for first aid treatment. Later a vehicle arrived from GIAMPINO R.A.F. Dispensary and conveyed me and the driver back to GIAMPINO for first aid treatment. After receiving the treatment we were conveyed to 2nd. In Rivoli (Torino), at about 19.00 hrs of the 2nd inst. the 2nd Lieut. BOUVIER Giacomo, attached to the Allied Hqs at Milan, while he was getting on to a train going in the direction of Torino, was assaulted by a certain Abbate Giovanni and Alassin Vitale.

For this he was slightly wounded on the head, judged curable in 6 days.

The officer fired a pistol shot to intimidate.

The reason of the aggression, it seems should be sought in the resentment held by Abbate towards Bouvier who apparently was interested in his fiancee, Vanuten Anita, Belgian subject.

SUBJECT : Rome - French Soldier wounded by a Carabinieri.

In Rome on 12 inst. at about 2400 hrs., three French persons, two of whom wearing Allied Uniforms and one in civilian clothes, were held up by the CC.RR. patrolling the outside of the CC.RR. Cadet Legion Barracks, because one of them had fired in the air a pistol shot without consequences.

The night duty CC.RR. Maresciallo, after having ascertained that the three men did not carry any weapons, set them free. But when they left the CC.RR. Thinking it was a weapon, the carabinieri summoned the French man to stop, but the latter took to flight; moreover seeing he was run after, he fired two pistol-shots without any consequence, against the carabinieri.

The carabinieri reacted firing three shots which hit, not seriously, the French man (one TAMI BEN Akmed, soldier belonging to the Unit billeted at the ex Mussolini Barracks).
