COL. BOWMAN CONGRATULATED POLICE TRAINING SCHOOL GRADUATES.
TRIESTE, AUGUST 12 (JRU).

A CLASS OF 229 VENEZIA GIULIA POLICE TRAINEES WAS CONGRATULATED BY SENIOR CIVIL AFFAIRS OFFICER COL. BOWMAN IN A BRIEF GRADUATING CEREMONY AT THE BELINO POLICE BARRACKS THIS AFTERNOON IN WHICH TOLD THEM THAT ON ENTERING DUTY THEY MUST REGARD THEMSELVES AS "SERVANTS RATHER THAN MASTERS".

COL. BOWMAN MADE HIS ADDRESS IN ITALIAN FOLLOWING AN INSPECTION IN WHICH LT. COL. G. RICHARDSON, ASSISTANT CHIEF OF POLICE, MAJOR JOHN HENDERSON, COMMANDANT OF THE POLICE TRAINING SCHOOL, AND LIEUT. A. ROSNER, AIDE TO THE COLONEL PARTICIPATED. AT THE CONCLUSION OF COL. BOWMAN ADDRESS THE POLICEMEN MARCHED OFF WITH MILITARY PRECISION AND SKARNESS PAST THE REVOLVING STAND.

MOST OF THE NEW POLICEMEN WILL BE ASSIGNED TO DUTY IN TRIESTE, WHILE ABOUT 20 OF THEIR NUMBER WILL BE ASSIGNED TO VARIOUS SPECIAL POLICE UNITS.

THE THREE WEEKS TRAINING COURSE WAS COMPOSED OF FIVE HOURS CLASS ROOM STUDY AND THREE HOURS DRILL DAILY. THE STUDY COURSES INCLUDED, SERVICE AND DISCIPLINE, THE PENAL CODE, CRIMINAL PROCEDURE, LAW AND PUBLIC SAFETY, AND RECOGNITIONS AND ORDERS, POLICE REGULATION. ARMS AND TARGET PRACTICE WITH PISTOL AND CARBINE AS PART OF THEIR DRILL.

THE TEXT OF COL. BOWMAN'S ADDRESS FOLLOWS: "I AM PLEASED TO COME HERE TODAY TO WELCOME ALL OF YOU INTO THE RANKS OF THE VENEZIA GIULIA FORCE.

I AM IMPRESSED BY YOUR SARTNESS OF APPEARANCE AND DEMEANOR AND AM CERTAIN THAT YOU ARE WORTHY ADDITIONS TO THE FORCE.

YOU ARE THE FIRST CLASS WHICH HAS HAD THE BENEFIT OF THE LONGER AND MORE INTENSIVE CURRICULUM NOW PROVIDED FOR TRAINING OF CIVIL POLICEMEN. AND BECAUSE THE FORCE HAS NOW BEEN ESTABLISHED LONGER, YOU HAVE LIKEWISE HAD THE ADVANTAGE OF INSTRUCTION BY OFFICERS OF EXPERIENCE WHOSE KNOWLEDGE HAS BEEN EXTENDED AND JUDGEMENT TEMPERED BY DIRECT CONTACT WITH POLICE PROBLEMS.

BECAUSE OF THESE THINGS, WE EXPECT OF YOU A HIGHER QUALITY OF PERFORMANCE, OF INTELLIGENCE, OF KNOWLEDGE, OF INTEGRITY, THAT WE COULD PROBABLY, AT THE TIME OF THEIR GRADUATION, HAVE EXPECTED OF YOUR PREDECESSORS. I URGE YOU TO PROVE WORTHY OF OUR EXPECTATIONS AND ALIVE IN YOU.

ONE OF YOU HAVE, AT ONE TIME OR ANOTHER, SEEN MEMBERS OF A POLICE FORCE, BUT MOST OF YOU, I BELIEVE, ARE FOR THE FIRST TIME ENTERING THE POLICEMAN'S PROFESSION. TO THOSE OF THE FIRST CLASS I SAY CAST AWAY YOUR OLD IDEAS. THIS FORCE IS A NEW AND DIFFERENT FORCE,

THOSE OF YOU WHO ARE JOINING POLICE FOR THE FIRST TIME, I CONGRATULATE ON JOINING AN HONORABLE PROFESSION, ONE NOW RECOGNIZED IN DEMOCRATIC COUNTRIES AS NOT IN ANY DEGREE INFERIOR TO OTHER PROFESSIONS, THE LATTER. IN SO DOING, YOU WILL SERVE NOT ONLY A GOOD MILITARY GOVERNMENT, BUT YOUR PERSONAL INTEREST AND CAREER AS WELL. I THANK YOU FOR YOUR FAVORABLE ATTENTION TO YOUR DUTIES AS STUDENTS DURING THE PAST WEEK, AND WISH YOU THE HAPPIEST AND MOST SUCCESSFUL POSSIBLE FUTURE. . . ENDS 51.

Subject: Public safety situation and information of
Allied Military Government Police Force

To : HQ Allied Military Government, 13 Corps
(attention of Senior Civil Affairs Officer).

1. In accordance with your instructions, the public safety situation in our part of Venezia Giulia has been reviewed and certain action has been taken in planning and putting into being a civil police force to be known as the Allied Military Government Police Force.
2. The public safety situation can be referred to quite briefly; upon AMG taking over administration from the Yugo-Slav authorities on 12 June 45, it was found that all the usual Italian Civil Police Services, such as, Carabinieri Reali, Guardia di Finanza, Questura etc. were nonexistent and that all duties formerly undertaken by these Services were to all intents and purposes in the hands of an organization calling itself the Difesa Popolare.
3. This body, commonly referred to as the Guardia del Popolo, was reasonably well organized but it contained in its ranks many undesirable, in fact, subversive elements.
4. From our very commencement it was apparent this organization intended to ignore the authority of AMG. Daily, incidents too numerous to describe here occurred in Trieste proving beyond all reasonable doubt that there existed a plan designed to hamper our activities - illegal arrests were effected, premises were looted and persons wishing to approach AMG to give or receive advice and assistance were subjected to abuse and assault by members of this body - these 'intimidation' activities affected not merely Public Safety Division, but all Divisions of AMG.
5. As days passed the position did not improve, in fact, it deteriorated. Repeatedly, orders were given by SCAO to the Difesa Popolare; these orders

5. As days passed the position did not improve, in fact, it deteriorated. Repeatedly, orders were given by SCAO and other AMG Officers to the Difesa Popolare; these orders were constantly ignored and we were left with no alternative to the use of force to accomplish this if necessary.
6. In consequence, an operation was planned and 2185
following the posting of a Notice dissolving alla civil police forces including the Difesa Popolare, a stand-down parade of the Difesa Popolare was conducted on 24 June 45 when a number of arms were surrendered. However, whilst members were present at the parade, Allied Military detachments visited their billets and seized substantial

(continued)

quantities of arms and ammunition of every description.

7. It is true to say that for some days the situation was extremely delicate and anything might have happened, but fortunately the process of breaking-up this undesirable organisation was completed without bloodshed or serious incident. 'Hindrases' of a minor nature have occurred since the disbandment shewing there is still opposition in certain quarters to our efforts, but these disturbing elements are being brought to heel gradually.
8. Now, the Allied MP are operating in some strength, liaison between that authority and AMG in perfect and the situation appears well in hand. The primary duty of this HQ now is to form and put into service as quickly as possible an efficient 'native' police force in order to relieve MP from civil police duties which they are now performing.
9. As will be appreciated from the following, progress to no little degree has been made in this direction despite the many difficulties we have had to face - the formation of a new police force is not an easy matter in ordinary circumstances, but in Venezia Giulia there is the added responsibility of taking into consideration the racial, lingual and political problems peculiar to the area.
10. Another matter which has not assisted progress has been the lack of Public Safety Officer personnel. This, however, will be righted in a matter of days as Officer 'reinforcements' have been 'signalled-in' - at the time of the submission of this report there are, including writer, 10 Officers spread throughout our part of Venezia Giulia and in addition to matters connected with the new force, there have been numerous other public safety matters requiring attention.
11. With the reinforcements indicated and with the resources we are now requesting being made available; I am absolutely confident our plan for the formation of the new force if put into operation will produce in a very short space of time an efficient policing body which will uphold to the full the prestige of the Allies - incidentally, as instructed certain phases of this plan have been put into operation already.
12. Before proceeding, it must be explained that the plan is by no means a new one as it is based in principle

12. Before proceeding, it must be explained that the plan is by no means a new one as it is based in principle on the organisation and operation of the London Metropolitan Police Force.
13. Recently, Lieut. Col. White as representative of the Corps Commander, visited this HQ on police matters primarily in connection with the Provost 'side'. I conferred at length with Lieut. Col. White regarding both the Provost and civil police problems in the area - I have been permitted to read his report, now passed to other authority, and speaking from the civil police view-

point, I desire to state that we are in agreement with his recommendations. Very briefly, his suggestions are that Provost and AMG Public Safety in this particular area be 'amalgamated' for organisational and operational purposes and be placed under the command of a senior Allied Officer.

14. Now, in proper sequence I will outline the plan giving a brief description of the progress to date; making comments where appropriate and pointing out our requirements to put the scheme into effect. Each Section or Category will be concluded with a recommendation that the plan in connection therewith be approved and put into full effect with the least possible delay.

15. SECTION NO. 1

ORGANISATION

- A. In regard to this Section, reference is respectfully requested to attached Chart, Appendix 'A'.
- B. As stated previously the organisation is based upon that of the London Metropolitan Police Force.
- C. At first glance the proposed organisation may appear somewhat 'expensive and elaborate'. However, after close examination, I submit it will be found otherwise and one not only capable of dealing with the peculiar situation in this area, but capable of embracing all the duties previously performed by the Italian Police Services.
- D. From the Chart it will be noted the proposal is to divide the Force into six HQ Divisions, namely,
- (1) Personnel Division
 - (2) Quartermaster Division
 - (3) Fiscal Division
 - (4) Uniform Division
 - (5) Criminal Investigation Division
 - (6) Transportation Division
- E. The intention is then to "break-down" these Divisions into Branches and Sections thus facilitating administration and operation - I will now describe this particular portion of the scheme and will speak

That is the suggested organisation in so far as the HQ is concerned and now I will touch upon the Area organisation - before going so, however, it must be pointed out that the intention is for a Central HQ to be established in Trieste City and already we have taken possession of the Questura building in the City - this is an ideal building from all points of view; cleaning is in progress at the present time.

G. It is proposed to have Area HQs located in Trieste, Gorizia and Pola Cities - suitable premises have been "ear-marked" already.

H. Central HQ will maintain direct control over Area HQs who, in turn, will have control over Sub-Areas into which it is proposed to divide Areas. These Sub-Areas will be similar in size and location to those previously policed by the CC.RR.

I. Reference is now requested to Chart attached as Appendix 'R'. This shows that four of the Divisions at Central HQ, namely, Uniform, Criminal Investigation, Fiscal and Transportation, will be "represented" at all Area HQs and the chain of command will be through the Area Superintendent to the Director of the particular Division concerned at Central HQ. Personnel and Quartermaster Division need not be directly represented in Areas as all matters affecting these Divisions can be dealt with quite easily at Central HQ.

J. Recommendation :- that approval be given for the plan of organisation described above, to be adopted.

ESTABLISHMENT

2170

A. The proposed establishment is 3,500 all ranks and is based on the previous police strength operating in this part of Venezia Giulia - this establishment may seem in excess of our requirements.

but it must be remembered that it will "cover" all the duties performed by the CC.RR., GG.FF. etc. in the past.

B.

In regard to ranks and grades: It is felt that in view of the conditions here we should depart from the titles used in the Italian Police Services and other local services and it is proposed to introduce the following :-

Officers	(Chief of Police
	(Assistant Chief of Police
	(Superintendent
	(Chief Inspector
	(Inspector
	(Sub-Inspector
WCO's	(Sergeant Major
	(Sergeant 2nd Class
	(Sergeant 3rd Class
	(Corporal
	(Guard

C.

Appendix "C" to this report shows in brief the proposed distribution of Officer and senior WCO strengths - variations to this distribution may well be necessary as experience is gained.

D.

The selection of Officers, particularly for the senior posts, is a very important matter. Following lengthy discussion with Lieut. Col. White and having personal knowledge of the racial and other problems here, I am in agreement with the suggestions he has put forward in his report, namely, that the Colonial system be adopted and that Allied Officers be appointed to fill the senior positions, viz., those of Chief of Police, Assistant Chiefs of Police and Directors of Divisions. It is desirable, however, that the Officers so appointed, with the exception of the Chief of Police, should have experience in the duties of the particular Divisions they will command - I would add that amongst the Officer "reinforcements" expected to arrive any day there are Officers suitable for certain of the

If this plan is adopted, we feel convinced it will add considerably to the efficiency of the force and will obviate the possible entry of undesirable elements with its resultant criticism from every quarter.

E. Recommendation :- that the establishment described be adopted and that Allied Officers be appointed to the posts specifically mentioned.

17. SECTION No. 3RECRUITING

- A. Recruiting has already commenced. We have had to proceed very cautiously. In the first place we have called for all ex-CC.PP., ex-Quersura and the like who have served with the resistance movements or who are known to possess anti-fascist and anti-nazi sympathies rendering them acceptable to AMG and the population alike.
- B. It has been carefully explained to all interested parties that if suitable we will accept persons of Italian or Yugo-Slav origin normally resident in Venezia Giulia.
- C. The result has been encouraging. Many civilians of good type have come forward as volunteers and we have received numerous applications from ex-policemen of all ranks - I would add that a number of these have been "recovered" from the now disbanded Difesa Popolare.
- D. The numbers of applications received so far has forced us to suspend recruiting for the time being - this has been due entirely to lack of Public Safety Officer personnel but we expect to resume "operations" in a few days time when the Officers "signalled-in" arrive.
- E. I will now describe briefly the method we have so far adopted for all applicants :-

(1) The applicant is handed a Scheda Personale, copy attached as Appendix "D" - this tends to show the applicant's political past - the form is now being printed in the three languages.

(2) At the same time applicant is handed a second Scheda Personale, copy attached as Appendix "E" - this, an abbreviated version of the old type Scheda, is intended primarily to show whether or not he has

 - (3) A third form known as a Form of Enlistment is supplied to applicant - copy attached as Appendix "F". This document he signs as accepting certain conditions if selected for the force.

(continued)

- (4) After completion, the applicant hands in these three forms and is informed that he will be called before a Selection Board of Allied Officers - it should have been mentioned that the local Italian and Slovene Liberation Committees have been asked for the particulars of suitable individuals; these have been supplied and are passing through the Selection Committees.
- (5) It is also intended in the future to obtain from all candidates the names of two referees willing to guarantee as to character etc.
- (6) Upon receiving a summons, the applicant appears before a Selection Committee consisting of 5 Allied Officers; 3 Public Safety, 1 Provost and 1 Security. Before this assembly he is subjected to interrogation and if found suitable for entry to the training school is so informed at the time - the same applies if found unsuitable. Each member of the Committee has before him an Observation Sheet - Appendix "G" - upon which he gives his opinion of the appearance, physical condition, demeanour, suitability etc of the applicant. At the conclusion of the interview the Officer presiding collects the sheets for examination and majority decision.
- (7) At the onset no civilian in the Italian or Slovene "camps" in Trieste could be found suitable to sit on these Committees - they refused to co-operate with each other and were always at variance, in fact, they refuse literally to sit on the Committees with each other. The position has now eased somewhat and we have found "suitable" Committee-men from both "camps". The five Allied Officers will remain on the Committee, one of whom will preside, but in future it will be enlarged by the two civilians.

However, it is made perfectly clear to him that whilst at the school he is merely a probationer and is not a member of the force until he has passed successfully through the school and received his Warrant Card - the Warrant Card is really a special identity card identifying holder and giving him authority to carry out his duties as a member of the AMG Police Force. These cards are based on the style of those used in the Metropolitan Police and are now in print in three languages.

TRAINING

- A. Firstly, I will deal with the progress made in establishing a central training school to serve the entire area administered by AMG. The plan, upon which he have already commenced, is on the lines of the Police School in London.
- B. As ideal site has been acquired at the Belluno Caserma, Via Domenico Rossetti, Trieste, formerly Italian Artillery Barracks). The buildings generally are in a good state of repair and there is little to be done except for slight renovation and partial re-furnishing - the cleaning and renovation arrangements are well in hand and the premises will be habitable this week.
- C. This school will accommodate, if needs be, 400 candidates at any one time that is if necessary requisites, such as cooking utensils, furniture etc are made available.
- D. Regarding the training programme: The suggestion is that at the onset the intake should be 200 candidate each fortnight for a rigorous course of training during that period - later, as progress is made it will be possible to accept 200 candidates weekly which will mean 400 under training at the same time.
- E. The initial two weeks course is designed to give the new entrants an insight into the duties they will be required to perform and also to create amongst them a spirit of comradeship.
- F. Agrees there will be a number of ex-police amongst these candidates, but the submission is that all should pass through this initial course.
- G. Another aspect of the course is that it will give us an excellent opportunity to discover and "weed-out" undesirable elements who may have filtered through the Selection Committees.

H. Also during the course, the close

upon which he have already commenced, is on the lines of the Police School in London.

appointments as for the time being candidates after leaving the school will operate with and under Allied MP.

It should be mentioned, however, that there is suitable accommodation at the School for the training of Officers when such is required.

I.

The question of physical fitness has not been overlooked - it is suggested that each candidate immediately upon entering the school should be subjected to a medical examination by a "native" medical practitioner specially appointed for the purpose and who can, at a later stage, take up the appointment of Chief Medical Officer to the Force and operate under the Director of the Personnel Division (see Appendix "A"). I have been given to understand by the Chief Medical and Public Health Officer this HQ that there will be no difficulty in finding a person suitable to take up such a post.

J.

Returning again to the training course: attached hereto as Appendix "H" is the proposed syllabus which covers all subjects suitable for a recruit. However, the men without previous police experience should be returned after a period of service for a more detailed course lasting four or six weeks, and to be returned again in suitable cases for refresher courses and courses for specialist departments.

K.

We now arrive at the question of a Commandant, staff and training personnel for the school: SCAO has provisionally appointed as Commandant, Major J. Henderson M.C., now attached this HQ for patriot duties and formerly of Special Force - this Officer is ideal for this responsible post; he is an expert linguist, has considerable knowledge of local conditions and what is of great importance, he is a

L. The selection of instructors will be, for obvious reasons, somewhat of a problem as in practically all instances we shall require "native" instructors. Nevertheless, it is suggested this problem can be overcome by, firstly, an intensive investigation of

2171

the political past and capabilities of all prospective lecturers and, secondly, for an Allied Officer or senior NCO to be present at all lectures until such time as we are satisfied completely as to the integrity etc of the lecturer. Already we have a panel of prospective lecturers and investigation of their records is now in progress.

- M. Fatt drill and barrak discipline will form the major part of the initial training of a recruit. For language reasons and difference in words of command it will be necessary to have a "native" drill instructor - there will be no difficulty in finding an ex-Officer or NCO suitable to hold this post, but it is suggested that this instructor should have an experienced Allied NCO over him at all times and present at all parades and that Allied NCO should be directly responsible to the Commandant.

- N. Recommendation:- that this training plan be approved, that Major Henderson's appointment as School Commandant be confirmed and that all necessary resources be made available to us as quickly as possible.

PAY, CONDITIONS AND REGULATIONS

- A. Prospective candidates are naturally anxious to know the terms on which they are expected to serve and a speedy decision on pay and conditions etc. is essential.
- B. In regard to pay: Attached hereto as Appendix "I" is the suggested wage scale for members of the new force. The pay proposals are based on a 20% increase necessary to cope with the increased cost of living.

- B. In regard to pay: Attached hereto as Appendix "I" is the suggested wage scale for members of the new force. The pay proposals are based on a 20% increase necessary to cope with the increased cost of living.
- C. As it is proposed to permit married members to live "out" with their families, and single men to remain in barracks, a lodging allowance for married men and single men where barracks are not available, will be necessary. The suggested lodging allowance appears in Appendix "I" and is based on the previous CC.RR. rates but with an increase of 33.1/3%.

(continued)

- D. The question of allowances for injuries on duty etc. must be taken into account also, but I submit this can be prepared when the formation of the force is well under way
- E. We have another allowance to consider, that of members of the C.I.D. who will naturally be operating in plain clothes - I suggest the preparation of a plain clothes allowance can wait awhile as the first and most important duty is to place uniform police "on the streets" in front of the public.
- F. As to period of service, pensions etc. which we can "promise" owing to the prevailing conditions no suggestion can be put forward by this Office except to say that the Colonial system of gratuity on change of Government or administration may be the solution.
- G. As to disciplinary regulations - this, I submit is a reasonably easy matter; existing C.C.R.R. regulations governing discipline cannot be better in the circumstances, and it is suggested they be accepted in their entirety.
- H. For the constitution of the force a Proclamation or General Order will be necessary. I have examined Proclamation No. 4 of the British Military Government, Tripolitania, constituting a police force in that area - a copy of the Tripolitania Gazette is in the possession of Chief Legal Officer this HQ. - and it is suggested that this suitably amended will be admirable for our area. Pending preparation, however, it is intended to issue a Police Force Order No. 1 within the force on the lines of this Proclamation; thereafter Force Orders will be published in a similar manner to our Routine Orders and distributed throughout the force periodically.
- I. Recommendation : - that the suggested pay scales etc. receive favourable consideration, that financial resources be made available as soon as possible to meet the pay and other expenses of the

- A. This is a very important matter and requires no comment.
- B. Recommendation : - that all serving members of the force of whatever rank be supplied free of charge with rations on the Italian military scale.

21. SECTION No. 7UNIFORM AND EQUIPMENT

- A. This subject likewise is one of no mean importance as it is necessary in the fullest interests of Allied prestige to place before the public a smart, well-disciplined and efficient police force.
- B. If well-dressed and equipped this will not only do much to uplift the morale of the public but will give members of the force a feeling of pride and inspire self-confidence.
- C. Dealing firstly with the uniform question : It is suggested that during the summer a member of the force be clothed in-
- KD bush shirt and trousers dyed a distinctive colour such as collaborator green or blue, preferably the latter?
 - Web belt and anklets, coloured white similar to Allied MP.
 - Black boots, ankle pattern

Regarding badges of rank; in the circumstances it would be wise to have badges of rank of a type different from those normally seen in this part of the world. It is suggested they be white in colour -undoubtedly these could be obtained locally -and the following are the proposed badges for the various rank :-

Dealing with the question of arms and other equipment. The following is our estimate for the arming of this force of 3,500 :-

2,500 muskets of CC.RR. pattern - we have already 92 these having been

recovered from the Difesa Popolare.

500 light automatic arms, preferably Sten

500 Berretta automatic pistols for use of

Officers and senior NCO's

Ammunition for above weapons

3,500 wooden truncheons of American MP

pattern (these truncheons, already referred to in preceding paragraph, to be carried by all guards and corporals).

G.

Suitable transport will also be required, but this is a matter in which we do not anticipate a great deal of trouble and one which can be gone into thoroughly as soon as the force commences to function - already 15 vehicles have been made available from Army sources for use by the force.

H.

Whilst dealing with the subject of transport, it should have been mentioned under the heading " Training " that there is ample garage space at the training school and a driving course for candidates will be a simple matter to arrange.

I.

The question of storage and upkeep of uniform and equipment has also been considered. There is ample storage and office space at the training school; therefore, it is proposed to establish a permanent issue and replacement centre for both clothing and arms at this school. Our one problem as the moment is the employment of personnel experienced in the handling of such stores. It is suggested that for a short period a small detachment

(1) that two members of PSS be attached temporarily to this Office for screening purposes in connection with entrants, instructors, etc - the local Section is very hard-pressed and will find it extremely difficult to deal with the additional work with therapiity we require, and

(2) that Capt.R. Hunt who is loaned to this HQ from AMG(Austria) and who has rendered invaluable assistance in connection with the many matters affecting the new force, be permitted to remain and be assigned to this HQ.
