To see Folio 44A.

I understand from Executive Officer, (A) that all American vacancies in the VENEZIA GIULIA Police Force have now been filled but I do not know whether all the officers sent were trained police officers.

I understand, however, that Col. Robertson, Deputy SCAO, is now on a visit to this Headquarters with a letter from the SCAO suggesting that use should be made of trained British Police Officers to fill some American vacancies.

In the meantime, vide para 9 of Folio 44A, there are 7 British Police Officers surplus to our requirements who should be made available immediately

Minute 6

TO m C.A.S.

Ref. Minute 5 and 37 A. Brigadier Parsons, Deputy Assistant Chief of Staff G-5 has visited Venezia Giulia and conferred with 13th Corps and Col. Thorne Thorne on this question.

He verbally informed G-1 Br. (Lt.Col. Wilbe Jones) on 18/1/46 that it has been decided not to fill American vacancies with trained British Police Officers but such vacancies will be filled with American Officers, whether experienced or not is immaterial.

Written confirmation will be forwarded to this Hq from G-5 in due course.

With regard to the British Strength as shown on 38 A:-

The British W.E. under CM/1046/2 is 14. Capt. G. Jones shown on 38 A has been granted 'B' release which would appear to leave two vacancies. However it is understood that application is being made for Major Leach and Capt. Cooke (mentioned in 36 B) to be posted to the Force which will bring the strength up to establishment.

These officers are not Professional Police Officers and when released under their A/S Groups can be replaced by suitable Officers from the surplus Pool.

As regards the last sentence in 38 A, this S/C has not been advised of any order of Directive releasing A.C. from responsibility. With your approval a draft letter to AFHQ will not be prepared until the written confirmation is received.

14/25/1

1. Reference HQ AC (Italy) letter, G-1(B)/201/0 of 21 Sep 46, the following is the present position regarding officers of VGPF.

2. The following officers are DOV (confirmed by GHQ CMF) :-

(i)	Lt-Col	G. RICHARDSON	282757	Gen List	31 Oct 46
(ii)	Major	J.B. FLEETWOOD	279380	Gen List	31 Oct 46
(iii)	Major	A. HUNTER	279410	Gen List	15 Oct 46
(iv)	Capt	L.W. TOES	287723	Gen List	31 Oct 46
(v)	Major	W.L. WILSON	279423	Gen List	26 Sep 46
(vi)	Major	R.N. HOBBS	279413	Gen List	31 Oct 46
(vii)	Major	A.G. MACK	279418	Gen List	26 Oct 46

Nos (i) - (iv) above will not raise any objection to being DOV for a further period, and enclosed are two requests (from Lt-Col RICHARDSON and Major FLEETWOOD) that the War Office be asked to request Home Office permission for those officers to stay until the VG Police Force winds up.

The officers, Nos (v) - (vii) above will appeal against any second request to be DOV.

3. Request has been made to DOV the undernoted officers, of whom only Capt BAKER has NOT appealed against being DOV, but confirmation of DOV is still, in all four cases, awaited from GHQ.

Capt	A.E. BAKER	291632	Gen List	A/S Gp 41
Capt	J.H. DODRIDGE	291639	Gen List	A/S Gp 41
Capt	J.E. TOUGH	313960	Gen List	A/S Gp 41
Capt	G.W. BROWN	313567	Gen List	A/S Gp 39

4. By 31 Oct 46, VGPF will be down by eight officers of whom two are due to leave by 30 Sep, so that two Capts with police training are required immediately and a further six by mid-Oct, in order that the replacements may take over properly and fit into the positions before being left on their own.

In this connection it is pointed out that :-

1) VGPF Establishment is based on minimum number of officers required.

2) The W/E of the civil side has been increased from 4000 to 6000, in view of extra commitments, without any corresponding increase in Allied personnel.

3) The DOV limit is therefore 100%.

2387

5. Efforts have been made to recruit locally for appointments where a fully trained police officer is not necessary, but the response has been poor.

Declassified E.O. 12356 Section 3.3/NND No. 785019

2. The following officers are DOV (confirmed by GHQ CMF) :-

(vi)	Major	R.H. HOBBS	279413	Gen List	31 Oct 46
(vii)	Major	A.G. MACK	279418	Gen List	26 Oct 46

Nos (i) - (iv) above will not raise any objection to being DOV for a further period, and enclosed are two requests (from Lt-Col RICHARDSON and Major FLEETWOOD) that the War Office be asked to request Home Office permission for these officers to stay until the VG Police Force winds up.

The officers, Nos (v) - (vii) above will appeal against any second request to be DOV.

3. Request has been made to DOV the undernoted officers, of whom only Capt BAKER has NOT appealed against being DOV, but confirmation of DOV is still, in all four cases, awaited from GHQ.

Capt	A.E. BAKER	291632	Gen List	A/S Gp 41
Capt	J.H. DODRIDGE	291639	Gen List	A/S Gp 41
Capt	J.E. TOUGH	313960	Gen List	A/S Gp 41
Capt	G.W. BROWN	313567	Gen List	A/S Gp 39

4. By 31 Oct 46, VGPF will be down by eight officers of whom two are due to leave by 30 Sep, so that two Capts with police training are required immediately and a further six by mid-Oct, in order that the replacements may take over properly and fit into the positions before being left on their own.

1. At this time when the Administration of VE G /1203/2 is being handed over to HQ 15 Corps, it is desired again to draw your attention to the position as it exists with regard to the provision of police officers.

2. You were notified of the position when it began to deteriorate in this HQ letter 8275/EC dated 4 Jun 46 (not to other addressees) and the position has been the subject of numerous discussions between Capt CRAWFORD and this HQ. The matter was also discussed between Brigadier DERY (War Office), Colonel PARSONS and Lt-Col MILNE-CHES.

3. In Jun 46 no replacements were available, and action has therefore been taken to DOV trained police personnel in accordance with instructions contained in your signal F67379 dated 8 Jun 46 (to AFCC only). It is also appreciated that every effort has been subsequently made by you to obtain replacements, and in this way five officers have been earmarked, of whom four have arrived, and the fifth is understood to be on his way from MALAYA. One of the five however, Major R. BRUCE, has been returned to UK on compassionate leave, and it is believed that there is a possibility that he will not return to this theatre.

4. The position at present in the VENEZIA GIULIA Police is therefore as follows:-

(a) Personnel at present DOV

Name	A/S Group	DOV until
Lt-Col G. RICHARDSON	37	31 Oct 46

2. You were notified of the position when it began to deteriorate in this HQ letter 8275/EC dated 4 Jun 46 (not to other addressees) and the position has been the subject of numerous discussions between Capt CRAYFORD and this HQ. The matter was also discussed between Brigadier DRIU (War Office), Colonel PIRSONS and Lt-Col WEBB-JONES.

3. In Jun 46 no replacements were available, and action has therefore been taken to DOV trained police personnel in accordance with instructions contained in your signal F67379 dated 8 Jun 46 (to AICCH only). It is also appreciated that every effort has been subsequently made by you to obtain replacements, and in this way five officers have been earmarked, of whom four have arrived, and the fifth is understood to be on his way from MALAYA. 4. The position at present in the VENEZIA GIULIA Police is therefore as follows:-

(a) Personnel at present DOV

Name	A/S Group	DOV until
Lt-Col G. RICHARDSON	37	31 Oct 46
Major A. HUTTER	34	15 Oct 46
Major R.M. HOBBS	37	31 Oct 46
Major L.A.E. RIDDINGS	35	26 Oct 46
Major E.B. FLEETWOOD	37	31 Oct 46
Major W.L. WILSON	30	26 Sep 46
Capt L.W. TOMS	38	31 Oct 46
Capt G.W. BROWN	39	15 Dec 46

(b) Personnel due for early Release

Name	A/S Group	G.L. until
Major J.O. COOK	26	30 Sep 46
Capt J.H. DOMRIDGE	41	
Capt L.E. BAKER	41	
Capt J.B. FORSTER	43	
Capt J.E. TOUGH	41	

It is pointed out that this is the latest information held at this Hq. During a recent visit to KARNTEN, Colonel DYE, Public Safety Sub-Commission, gave instructions that application was to be made to DOV officers in Age and Service Group 41, but so far nothing has reached this Hq. It may have been done through Hq 13 Corps.

(c) Other personnel (excl arrivals mentioned in para 3 above)

Major J. HINDERS[illegible]	12	(DVGD)
Capt G.P. [illegible]WOOD	17	(DP)
Capt A.J. BROWN	39	(DVM)

5. The position at present in UDINE Province is that 5 Public Safety Officers are allowed on the WE, but in fact 3 officers are considered adequate to discharge all duties. The officers in UDINE are:

Major A.G. WAY	A/S Group 40	
Capt G.E. LEE	" "	38 (DOV)
Capt D.J. HOPKINS	" "	38 (DOV until 31 Oct 46)

It is understood that application is being made to DOV Major WAY.

6. WE CM/1203/2 part (B) allows 25 officers as a combined total for British and American, the British appointments being implemented only when no suitable American officers are available. There are at present 6 American officers, but one at least will be leaving shortly for the U.S., and the length of stay of others is indefinite. In addition to this Major W.L. WILSON is due for release from DOV 26 Sep, and Major L.A.E. EDDINGS has asked that he be released from DOV at the same time for compassionate reasons.

7. From the information given above, it will be seen that the next critical period is around 1 Oct 46 when, unless they are DOV, three officers of group 41 will leave VENEZIA GIULIA together with one G[illegible]. A further critical period will develop at the end of Oct, when the present DOV of seven officers will expire or will recently have expired. It is suggested therefore that the matter be again represented most vigorously to the War Office, with a view to obtaining further replacements.

It can be said that only trained policemen of first quality who are prepared to tackle a really hard job are suitable for work in VENEZIA GIULIA, and that as far as possible replacements should arrive so as to obtain some knowledge of local conditions before the officer being replaced goes on Release.

Reference telephone conversation (Major Hunter - Major Jones) of 11 April 1946.

1. The under mentioned officers have been serving with Venezia Giulia Police Force for a considerable time and should have been posted to fill existing vacancies in War Establishment (S/102/2):-

2. No vacancies have existed for these officers within the War Establishment of this H [illegible] since 5 February 1946 and it is requested that either

(a) they are posted to fill vacancies within the Venezia Giulia Police Force War Establishment,

or

(b) they are posted to the X(iv) List relinquishing their present appointments wef 5 Feb 46.

3. It is not understood why 13 Corps have objected to the posting of these officers to the Venezia Giulia Police Force, and it is pointed out that it is manifestly unfair to post these officers to the X(iv) List, where they will lose staff pay, when a War Establishment exists to which they can be posted.

Reference telephone conversation (Major Panther - Major Jones) of 11 April 1946.

1. The undermentioned officers have been serving with Venezia Giulia Police Force for a considerable time and should have been posted to fill existing Vacancies in War Establishment CS/1062/2:-

2. No vacancies have existed for these officers within the War Establishment of this H; since 5 February 1946 and it is requested that either

(a) they are posted to fill vacancies within the Venezia Giulia Police Force War Establishment.

or

(b) they are posted to the K(iv) List relinquishing their present appointments wef 5 Feb 46.

3. It is not understood why 13 Corps have objected to the posting of these officers to the Venezia Giulia Police Force, and it is pointed out that it is manifestly unfair to post these officers to the K(iv) List, where they will lose staff pay, when a War Establishment exists to which they can be posted.

(e) See Annexure 'A'.

(f) Nil.

(g) Certified that no personnel have been sent or will be sent to the unit concerned in anticipation of approval of the proposal.

REASONS FOR THE PROPOSAL

3. The dissassociation of the Military from the Civil Police in VENEZIA GIULIA - a process which was started at the end of January 46 - will be almost complete by 1 April 46. It is therefore proposed to transfer the Police Force to the direct control of the Military Government with effect from 1 April 46.

4. In order to enable the Military Government to undertake this additional commitment, it is necessary to augment the staff of the VENEZIA GIULIA Section of MILITARY GOVERNMENT VENEZIA GIULIA AND UDINE (CM/1203/1) by the addition of a Public Safety Division, which should be called "HQ VENEZIA GIULIA POLICE FORCE".

5. A proposed War Establishment for the new Public Safety Division is attached at Annexure 'A'. 2307

6. It will be noted that this reorganisation will result in a considerable overall decrease in personnel, and it should also be borne in mind that a proportion of the appointments shown in the Public Safety Division will be filled by American Civil Affairs Officers though, in view of the difficulty of obtaining trained American professional police officers, it has been thought best not to state how the division between British and American officers

It is therefore proposed to transfer the Police Force to the direct control of the Military Government with effect from 1 April 46.

In order to enable the Military Government to undertake this additional commitment, it is necessary to augment the staff of the VENEZIA GIULIA Section of MILITARY GOVERNMENT VENEZIA GIULIA AND UDINE (CM/1203/1) by the addition of a Public Safety Division, which should be called "HQ VENEZIA GIULIA POLICE FORCE".

5. A proposed War Establishment for the new Public Safety Division is attached at Annexure '[illegible]'. 2357

6. It will be noted that this reorganisation will result in a considerable overall decrease in personnel, and it should also be borne in mind that a proportion of the appointments shown in the Public Safety Division will be filled by American Civil Affairs Officers though, in view of the difficulty of obtaining trained American professional police officers, it has been thought best not to state how the division between British and American officers should be made, but rather to leave the organisation flexible.

7. The increase in cars 5-cwt 4 x 4 is required partially in order to regularise the existing situation, whereby, owing to the shortage of cars 4 seater light sedan, 49 cars 5-cwt were issued and are held in lieu of a similar number of light sedans, and partially because, owing to the dis-association of the military from the civil, an increasing number of patrols in difficult and mountainous country are being taken over by the civil police from the military police. It is suggested that the 19 cars 5-cwt which are required over and above the present holdings of the police force should be taken over from those becoming surplus on the disbandment of 76 Regt RA (A) (BLOK) (Auxiliary Police) on 31 March 46.

8. The addition of 30 horses is necessitated by the formation of a Mounted Branch of the VENEZIA GIULIA Police Force. The horses in use by this Branch at present are held on loan from 1 Veterinary and Remount Conducting Section, and it is considered that the situation should be regularised.

9. An officer from HQ VENEZIA GIULIA Police Force will be made available to attend the War Establishments Committee Meeting and to provide any further details which the Committee may require.

10. It is recommended that this amendment be implemented with effect from 1 April 45 and that WE CM/1046/2 (XII/678/1) be cancelled with effect from the same date.

(c) The increase in Staff Officers 2nd Grade is brought about by

23[illegible]

Declassified E.O. 12356 Section 3.3/NND No. 785016

(i) The replacement of Assistant Provost Marshal by a Staff officer 2nd Grade (Civil Affairs) in GORIZIA ZONE (see W.E. - CA/1016/2 and proposed .W.E. of Public Safety Division, Military Government Venezia Giulia and Udine.

(ii) The re-organisation of the Civil Police requires Staff Officers 2nd Grade in the Uniform Division, Criminal Investigation Division, Transportation Division and Quartermaster Division. (See HQ A.M.G. Letter No 130/AMG/220/159 dated 20 Feb 46).

(iii) Owing to the non-availability of experienced American Public Safety officers, several of the s/a posts have had to be filled by British Public Safety Officers, temporarily loaned from HQ Allied Commission, as and when American Public Safety Officers have been re-deployed without replacement. In order therefore to retain efficiency, parity has been sacrificed to a certain degree in the proposed W.E.

(a) The increase of 6 cars, 5 cwt 4 x 4 and the corresponding decrease in 6 cars, 4 seater, light saloon has been proposed in order to bring the proposed W.E. into line with what has already been issued to the Civil Police Force.

(e) The decrease of 10 Armoured Cars is due to the disbandment of the Armoured Section of the Civil Police Force.

4. Copy of W.E. - CA/1203/1; issued as Appendix B(2) to our letter dated 23 Feb 46, and copies of Form of Proposal For a New W.E. or For Amendment to an existing W.E. are returned herewith.

SUBJECT : Transfer of P.S. Officers.

TO : Executive Commissioner,
thru C.A.S.

1. With reference to signal FX 61538 dated 26th February at 56A.

2. It is proposed that the undermentioned Officers be transferred to Public Safety Venezia Giulia:-

Capt. W.V. Mann
" J.N. Dodridge
" L.A.E. Eddings (temporarily attached to Bologna Liaison Group)
" F.G. Geach (temporarily attached to Venezia Giulia)
" W.L. Willis (temporarily attached to Lombardia Liaison Group).

3. The sixth Officer, Capt. T. Marsh, earmarked for V.G., is at present temporarily attached to M.M.I.A. pending the return of Major R.C. Limbert at present detained in hospital in England.

Capt. Marsh's transfer to V.G. would be effected on Major Limbert's return, or alternately, should Major Limbert not return to this Theatre, it is proposed to permanently post Capt. Marsh to M.M.I.A. and to transfer Capt. F. Scaife, now with Piedmonte Liaison Group, to V.G.

Capt. Scaife's position in Piedmonte could be filled by an untrained Police Officer, or if conditions warrant it the vacancy need not be filled.

2311

Declassified E.O. 12356 Section 3.3/NND No. 785016

4. With regard to the vacancy in Lombardia Liaison Group caused by the compassionate posting to the U.K. of Capt. Riley.

It is proposed to appoint Capt. J.B. Foster to the vacancy.

Capt. Foster although not a professional Police Officer has had a fair amount of experience in Public Safety work in Venezia Region and can beyond doubt adequately fill the position in Lombardia Liaison Group.

5. In making these proposals consideration has been given to the fact that Venezia Giulia is active A.M.G. territory and has always had priority on the acquisition of Police Officers, except as concerns the group of Police Officers posted to M.M.I.A. under direct A.F.H.Q. authority.

6. When the above transfers are completed there will be no trained Police Officers available to fill vacancies which may subsequently occur.

TO : VP Civil Affairs Section.

1. With reference to 51A and 54A.

2. This S/C is in complete agreement with the contents of paras 1 and 2 of 51A.

3. When the signal at 46A was forwarded to AFHQ there were seven trained British Police Officers, surplus to establishment, six of whom were available for attachment to the V.G. Police Force. Since that time however the undermentioned four Public Safety positions have become vacant through unforeseen circumstances which positions it has been necessary to fill from the seven Officers who were surplus.

a) M.M.I.A. Major Limbert while on Liap in U.K. admitted to hospital for major internal operation.
His return to this Theatre doubtful.
His position temporarily filled by Capt. Marsh.

b) Capt. Riley. P.S. Liaison Officer Lombardia, granted compassionate 28 days Liap to U.K. Now understood granted home posting.
His position temporarily filled by Capt. Willis.

c & d) Major Moody & Capt. Hanbury, each granted compassionate leave 28 days U.K. Major Moody now granted compassionate posting (see 53A).
Positions filled by Capts. Toes and Gesch.
Toes now permanently transferred to V.G.

2206

Declassified E.O. 12356 Section 3.3/NND No. 785016

4. As it is considered essential that the Police Officers attached to MMIA should be of wide Police experience and all the positions should be kept filled, it is suggested that Capt. Marsh continue to temporarily fill the appointment until it is known whether or not Major Limbert will return.

5. In view of this and as Capt. Toes is now permanently posted to V.G. to fill Major Moody's position, only five Officers remain for permanent transfer should the proposal to augment the V.G. Force by 6 British Police Officers be approved. However this difficulty may be overcome by either the transfer to V.G. of Capt. Marsh, should Limbert return, or alternately by reducing the number of P.S. Officers in one of the Liaison Groups when local conditions become more normal.

6. For the reasons mentioned in para 5 it is considered that, if possible, the Public Safety Officers in V.G. should be retained on the strength of this Hq., also that should a sudden and urgent need arise, other experienced Police Officers could be attached to V.G. from one of the Liaison Groups without unnecessary delay.

7. This S/C has no knowledge of proposals mentioned in para 3.

Subject : W.E. Officers.

To : HQ 13 Corps.

Copy to GH. Bys - ALCOM.

1. As a result of the future dissassociation of the Civil and Military Police and of the review of the Establishment of HQ Venezia Giulia Police Force at the end of March 46, the attached revised establishment (Appx 'B') is put up for recommendation to the W.E. Committee.

2. Reasons for this requirement will be found in later paras (4 to 14).

3. At present the policy followed in the formation of this HQ is that it should be a combined British and American commitment on as far as possible a 50/50 basis.
The difficulty of obtaining suitable replacements from American sources is very acute and becoming more so, and I would suggest therefore that it should become a matter of consideration as to whether the present policy (which is not fully implemented on the American side) should not be changed.
As a result of this, it will be seen that, in Appx 'B', I have not specified from which source individual officers should be found.

4. Reasons for officer requirements are as below. Appx 'A' shows the breakdown and approx strengths of Venezia Giulian officers and ORs in each Branch.

5. Office of Asst Chief of Police

(a) As already agreed in W.E. C.M./1045/2, the Asst Chief of Police should be an SO1 (Civil Affairs). He should be (and is now) a regular Civil Police Force officer. He should direct the policy of the Police Force.

(b) To assist him in the execution of this policy and to deal with the many routine matters in this office, the Asst Chief of Police requires a SO3 to assist him, as Adjt. He should also, if possible, be a regular Police Force officer.

(c) In order to deal with the internal administration,

(a) As already agreed in W.G. C.M./1046/2, the Asst Chief of Police should be an SO1 (Civil Affairs). He should be (and is now) a regular Civil Police Force officer. He should direct the policy of the Police Force.

(b) To assist him in the execution of this policy and to deal with the many routine matters in this office, the Asst Chief of Police requires a SO3 to assist him, as Adjt. He should also, if possible, be a regular Police Force officer.

(c) In order to deal with the internal administration, documentation, discipline etc of the officers and ORs of the HQ, a Camp Comdt has from experience been found essential. The proposed establishment shows 28 officers and 68 ORs. He should not be a Police officer, but should have had administrative experience in a unit.

6. Uniform Div.

The Uniform Div is divided up into six branches, each of which is commanded by a Venezia Giulian officer. It consists of a large % age of the force (105 officers and 2339 ORs) and is operating in the three Zones. In order to co-ordinate the six branches in the Zones, it is essential that it should be commanded by a SO2 with an SO3 as assistant. These two should both be regular Police officers.

7. C.I.D.

The CID comprises five branches and is composed of 37 officers and 502 ORs, split up in the three zones. An Allied officer in charge is essential, who, owing to the importance of his work, and the experience required, should be a SO2. He must also be a regular CID man.

8. Fiscal Div.

Fiscal Div is broken down into two Branches, and has a strength of 25 offs and 398 ORs. In addition to the internal finances of the Force, it is responsible for the enforcement of the customs and excise laws both at sea and on land. It should therefore be commanded by a SO2, who should have experience in Fiscal work.

9. Personnel Div.

The Personnel Div is a small Div (3 offs and 10 ORs), but is responsible for the keeping of all records appertaining to the personnel of the force and for the publication of Police Orders, Gazette etc. In addition it is responsible for the medical and welfare (a most important task and one that is completely foreign to the Venezia Giulian officer) side of the force. To supervise these a SO3 is required, who need not now be a regular Police officer.

10. Quartermaster Div.

(a) The QM Div is responsible for the following :-

(i) The clothing, arming and equipping, and rationing of the whole force (3950 all ranks). All documentation to ensure that this is carried out is the responsibility of this Div, which deals with both British and American sources of supply. All accounting is carried

officers.

7. C.I.D.

The CID comprises five branches and is composed of 37 officers and 502 ORs, split up in the three zones. An Allied officer in charge is essential, who, owing to the importance of his work, and the experience required, should be a SO2. He must also be a regular CID man.

8. Fiscal Div.

In addition to the internal finances of the Force, it is responsible for the enforcement of the customs and excise laws both at sea and on land. It should therefore be commanded by a SO2, who should have experience in Fiscal work.

9. Personnel Div.

The Personnel Div is a small Div (5 offs and 10 ORs), but is responsible for the keeping of all records appertaining to the personnel of the force and for the publication of Police Orders, Gazette etc. In addition it is responsible for the medical and welfare (a most important task and one that is completely foreign to the Venezia Giulian officer) side of the force. To supervise these a SO3 is required, who need not now be a regular Police officer.

10. Quartermaster Div.

(a) The QM Div is responsible for the following :-

(i) The clothing, arming and equipping, and rationing of the whole force (3950 all ranks). All documentation to ensure that this is carried out is the responsibility of this Div, which deals with both British and American sources of supply. All accounting is carried out under the British system.

(ii) The requisitioning, equipping etc of all buildings used by the force throughout the province, and all documentation entailed.

(iii) The internal and external communications between HQ and all stations in use by the force.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(b) The a/m responsibilities entail a very large amount of work which cannot be controlled by Venezia Giulians owing to the fact that all supplies emanate from and all dealings are carried out with British and American Army formations. For this reason, and the size of the force (roughly a Bde Gp Strength) a SO2 (D.A.Q.M.G.) and a QM are required. Neither of these officers should be regular Police officers, but should be throughly experienced on the 'Q' side.

11. Transportation Div.

(a) The Tn Div is responsible for the following :-

(i) Force Transport.

This consists of approx 200 vehs and 140 M/Cs. The indenting, documentation, maintenance, and accounting are all dealt with under the Army system, and require the definite supervision of an Army officer.

(ii) Licensing and Registration of all private cars, public carriages etc. This entails a large amount of work, and , in order to retain integrity in this branch, it is essential for a British officer to supervise the granting of permits.

(b) Two officers are therefore required in this Div, preferably one SC2 and one SC3. Both should have experience and knowledge of Army Transport Systems, and should not be regular police officers.

12. Security Section.

The Security Section is responsible (in close liaison with G3I (b) 13 Corps) for the following :-

(a) The internal security of the Police Force

(b) All matters connected with the security of Zone 'A', such as the issue of Travel Permits, screening of employees, etc.

(c) The control of the Eastern and Western borders of Venezia Giulia.

This entails a huge amount of work of a highly secret nature which cannot be dealt with by Venezia Giulia personnel, and the checking, arranging and signing of an

(a) The internal security of the Police Force

(b) All matters connected with the security of Zone 'A', such as the issue of Travel Permits, screening of employees, etc.

(c) The control of the Eastern and Western borders of Venezia Giulia.

This entails a huge amount of work of a highly secret nature which cannot be dealt with by Venezia Giulia personnel, and the checking, arranging and signing of an average of some 1300 travel permits daily. In order to preserve the integrity of this section it is essential that it has a SO2 (who should be a regular Police officer CID) to command and a SO3 assistant who should have security experience.

13. Prisons Section

The Prisons Sec is responsible for the administration, security and general running of five prisons in Venezia Giulia. With the present large prison population, and the large amount of work required in connection with the prisons, it is considered that a SO2 is required. A Police officer is not required.
NOTE. At the present time, the Prisons service is the responsibility of A.M.G. (Public Safety Div) for all purposes, but in Venezia Giulia has been placed under operational command of the Police Force. Authority has been requested from AFHQ, that it should be under command of the Police for all purposes.

14. Fire Section

The Fire Section is responsible for the fighting of fires in the whole of Venezia Giulia. It is responsible for the operations, maintenance and upkeep of four Stations. Although an entirely separate force from the Police Force, it is under the operational control of HQ Venezia Giulia Police Force. It requires to supervise and control it a SO3, who should have previous experience in fire fighting and organisation of fire brigades.

15. Zones

(a) The province of Venezia Giulia is divided up into three zones, TRIESTE, GORIZIA and POLA. Zone HQs are responsible operationally for the efficient policing in those zones. In order to carry this out adequately it is essential that each HQ has on its establishment a sufficient number of Allied officers to supervise the running of several sub-zones and stations, and if necessary to take charge of operations (be they Uniform, CID etc) themselves.

(b) In order that this may be done, it is essential that each zone is commanded by a SO2 (Supt of Zone), who should be a regular Police officer of the Uniform Branch of the Police Force. On his staff he should have a SO3 (CID) to assist in the Criminal Investigation side. In addition he should have one officer (not a regular police officer) who should have had experience of discipline, man-management and welfare in a unit. The native part of the force is still in its infancy, and these things must be well taken care of if the

Both the Supt and his assistant SO3 (CID) will be fully committed on the operational side of the force to take charge of this.

16. Conclusion

(a) The a/m establishment has been worked out as being the minimum necessary to ensure the efficiency of the Police Force and the Services operationally under its control.
The organisation previously agreed upon provided for a temporary establishment (subject to review) of 35 officers made up as under :-

Mil officers (Br)	10 (incl 7 Pro officers)
Mil officers (US)	1 (Pro officer)
CA officers (Br)	14 (incl 10 regular Police officers)
CA officers (US)	10 (incl 7 regular Police officers)

A request to increase this number by a DAQMG and a second transport officer has been made.

(b) The proposed establishment (to be brought into force after the complete disassociation of the Civil Police from the Military) reduces this figure to 29, made up as under :-

Mil officers (Br)	5 (incl 1 QM)
CA officers	24 (16 professional police offs)
	1 DAQMG
	1 Prisons officer
	1 Fire officer
	1 Finance officer
	2 Tn officers
	1 Personnel officer
	1 Camp Comdt

(c) No proposal is made here as how the division of British and American CA officers should be made. Owing to, firstly, the fact that the force is in its infancy and requires professional guidance in all matters, in order that it may be an asset rather than a liability, and secondly, the fact that American professional police officers are not and are not likely to be available, and thirdly, that owing to the closing down of the regions in Italy, British professional police officers are now available, it is proposed that the proportion of British Police officers be materially increased in order to obtain the required efficiency.

1. Steps have now been taken to ensure that the British Element of the Venezia Giulia Police Force is complete to War Establishment strength. The American element is, however, still not complete.

2. You are therefore requested to take appropriate steps to have vacancies in Tables of Organisation filled by suitable American officers.

3. In the event you do not have suitable American officers for this assignment, requisition should be submitted to G-1, MTOUSA, for same. Every effort will then be made to secure them from within the Theatre. If not available here, they will be requisitioned from the Zone of the Interior.

4. It is no longer considered expedient to hold British officers against American vacancies in the Police Force and no further British officers will be despatched for this purpose.

AC/14195/1/PS 4 February 1946

SUBJECT : Venezia Giulia Police Force.

TO : Executive Commissioner,
thru VP Civil Affairs Section.

1. On 28th January 1946 I visited Venezia Giulia in connection with the activities of the Venezia Giulia Police Force.

2. I there saw Col. Thorne Thorne, Chief of Police and Lt. Colonel Richardson, his assistant. Both are very concerned by reason of:

a) That on 1st April 1946 there will be a disassociation of the Military and Civil Police.

The Provost Companies will then be withdrawn and the Civil Police will function alone under the control of AMG and

b) That the strength of the Public Safety Officers (American) is not up to establishment.

3. It will be remembered that at the onset the entire Policing of Venezia Giulia was performed by Regular and Auxiliary Provost Companies with Provost Officers in charge of each zone, namely Trieste, Gorizia and Pola.

The Venezia Giulia Police Force gradually came into being with an authorized establishment of 3,500.

To-day the strength is 2,625 of whom 280 are recruits in the training school.

4. The intake to the Force is approximately 280 every three weeks.

2295

Declassified E.O. 12356 Section 3.3/NND No. 785016

Each Recruit undergoes 2 weeks training in general Police duties and is then sent out on duty.

It will be appreciated that at the end of the training period they have assimilated only the most elementary knowledge of their duties, therefore the most careful "nursing" will be necessary for some time to come. It is proposed to give them "Refresher" Courses from time to time.

5. The work of forming and training this Force is proceeding remarkably well.

Not only is the training school functioning smoothly with no time wasted, but the specialist branches are under way i.e., wireless, finger print and photography. The Archive Section, which is very important in Police work, has also been resurrected.

The condition of the Force reflects the greatest credit on the Officers responsible for its formation.

6. The British W/E 1046/2 authorizes 14 Officers. This establishment is complete. On the American side, I understand the Establishment is seven S.O.2's and four S.O.3's. Total 11. At the present time there are seven American Officers performing duty with the Force i.e. 1 Major, 5 Captains and 1 Lieutenant. Four only of these are professional Police Officers.

7. The question of bringing the American establishment up to strength has been dealt with by G-5, A.F.H.Q. as will be seen by the letter at 43A, and a list of American Officers now being assigned to the Force has been received at Hq. A.M.G. Venezia Giulia, but very few of the Officers selected have had previous Police experience.

8. When the disassociation of the Provost and Civil Police takes place and all Provost personnel are withdrawn it is considered of vital importance in the interests of efficiency that the Public Safety Officers should have had wide Police experience thus ensuring the Force is carefully guided through a very difficult period.

2204

Declassified E.O. 12356 Section 3.3/NND No. 785016

9. This question was brought up at the Corps Commander's Conference on the morning of 30th January and, after being informed of the present position, Sir John Harding, the Corps Commander, asked me to convey to the Chief Commissioner his views, namely:- that whilst he would like parity, he fully endorsed the view that efficiency at this time, whilst the Force was in its infancy, was absolutely essential, therefore by reason of the acute shortage of trained American Police Officers he asked that action be taken to fill vacancies which could not be filled by trained American Police Officers, with trained British Police Officers.

At the moment there are seven British Police Officers (S.O.3's) who would be available if required to fill such vacancies.

10. It is appreciated that it would be necessary for the British and American W.E. to be amended for such a change to be brought about, but I was given to understand by Colonel Thorne Thorne that the Establishment of the V.G. Police Force is subject to review when the disassociation takes place and he is submitting recommendations to Corps on the lines mentioned above.

E. J. BYE, Colonel
Deputy Director.

1. Steps have now been taken to ensure that the British Element of the Venezia Giulia Police Force is complete to War Establishment strength. The American Element is, however, still not complete.

2. You are therefore requested to take appropriate steps to have vacancies in Tables of Organization filled by suitable American Officers.

3. In the event you do not have suitable American Officers for this assignment, requisition should be submitted to G-1, MTOUSA, for same. Every effort will then be made to secure them from within the Theatre. If not available here, they will be requisitioned from the Zone of the Interior.

4. It is no longer considered expedient to hold British Officers against American vacancies in the Police Force and no further British officers will be despatched for this purpose.

SUBJECT : Strength of V.G.P.F.

TO : VP Civil Affairs Section.

1. With reference to 36A.

2. The present Allied strength of the Venezia Giulia Police Force, apart from the Chief of Police, (Colonel Thorne Thorne), is 22 Officers, (15 British and 7 American). On the British side ten are Professional Police Officers in civil life, one is a Fire Officer, the remainder have not had previous civil police experience.

3. Capt. G. Jones (Metro. Police Force) has now been offered and accepted class 'B' release.

4. On the American side:-
Of the eleven American Officers agreed upon, seven (not six) remain.
Of this number at least three and probably more will be released early in March and there appears no possibility of American replacements being forthcoming.

5. The establishment for the Venezia Giulia Police Force has not been finally decided upon, but it will be appreciated how necessary it is for a sufficient number of good and experienced Police Officers to be available to guide and direct a new and inexperienced Force expecially in view of the delicate situation which obtains in Venezia Giulia at the present time.

22?a

Declassified E.O. 12356 Section 3.3/NND No. 785016

6. Now that the Northern Provinces have been handed over to the Italian Government, approximately 24 British Officers will become surplus in the very near future, and the vacancies for both British and American Officers in Venezia Giulia Police Force can be made good now from this number. Should such replacements be delayed the surplus officers will probably be transferred to other Theatres and after that time none will be available to send to Venezia Giulia however urgent the situation may be.

7. With regard to the release of Major Leach and Capt. Cooke. The former will be due for release with his age group on about 14th March and the latter shortly afterwards.

Two Police Officers without civil police experience from the surplus pool can be sent when required to take over from them.

8. It is therefore recommended that the vacancy caused through the release of Capt. Jones and the five vacant American posts be filled without delay with British Captains all professional police officers from the surplus pool and the two impending vacancies of Maj. Leach and Capt. Cook be filled by Officers from the Public Safety surplus pool, who are not trained police officers.

If these recommendations are approved, it is suggested they be put into effect immediately although in two cases the positions concerned will not fall vacant for a few weeks.

Asst Ch of Police (Civil)

1. At the present time, HQ Venezia Giulia Police Force has on its establishment eleven Civil Affairs Officers who are genuine police officers in Civil life.

Their function is to give the benefit of their experience and knowledge to the Chief of Police, to assist in the formation of the Venezia Giulia Police Force, and to supervise the various divisions of that Force.

2. One of these officers has now been offered (and accepted) a Class 'B' release. As far as he is concerned, I do not propose to oppose this on the grounds that he is operationally vital. No replacement has been, or I think, is likely to be nominated.

3. In view, however, of the shortage of Police Officers in England at present, and in view of the serious "crime wave" there, it is possible (altough not known) that in the near future Class 'B' releases may be extended to other members of this HQ.

4. In view of the importance of the initial formation and the efficient functioning of the Venezia Giulia Police Force, it is my considered opinion that, if other police officers were released under Class 'B' without replacement, it would seriously jeopardise the efficiency of the Force.

5. I would not press for all replacements to be found from police officers of experience, but in the future I am not prepared to allow any Civil Affairs Police Officer to be released under Class 'B' unless he is actually replaced by an officer (specially selected as suitable for the appointment) before the release actually takes place.

6. In addition, I have the following Civil Affairs Officers

Asst Ch of Police (Civil)

1. At the present time, HQ Venezia Giulia Police Force has on its establishment eleven Civil Affairs Officers who are genuine police officers in Civil life.

Their function is to give the benefit of their experience and knowledge to the Chief of Police, to assist in the formation of the Venezia Giulia Police Force, and to supervise the various divisions of that Force.

2. One of these officers has now been offered (and accepted) a Class 'B' release. As far as he is concerned, I do not propose to oppose this on the grounds that he is operationally vital. No replacement has been, or I think, is likely to be nominated.

3. In view, however, of the shortage of Police Officers in England at present, and in view of the serious "crime wave" there, it is possible (altough not known) that in the near future Class 'B' releases may be extended to other members of this HQ.

6. In addition, I have the following Civil Affairs Officers who are due for release under the following A/S Groups :-

Supt QM Divn	Maj LEACH	Gp 25
Supt Tpt Div	Capt COOKE	Gp 26

With the large amount of equipment, buildings, tpt etc on charge to the VGPF, these two appointments are of the utmost importance. I should therefore like them to be replaced before release in order that a full hand-over can be carried out.

Declassified E.O. 12356 Section 3.3/NND No. 78 5016

7. I should like to point out that of the eleven American Officers agreed to on the establishment of this HQ, many have been posted away on re-deployment, and only six are now on the strength of this HQ, the remainder having been posted without replacement. This naturally has caused an additional burden on the officers who remain on the strength.

2. The numbers of British Officers shown in Hq. A.C.; A.M.G. Udine and the Liaison Groups are two in excess of the new T.E. This is brought about by attaching Capt. Wilson as a second Public Safety Officers to Naples and Capt. C. Hayes as a security Officer to this Hq. It is necessary in the interests of efficiency to fill these positions with British Officers as no American Police Officers are available.

3. The new T.E. for Venezia Giulia Police Force has not, it is understood, been definitely decided upon. Therefore, by reason of the dearth of American Police Officers in this Theatre there is no doubt some of the British Police Officers, now shown under surplus, will be required to fill vacancies in Venezia Giulia.

4. In view of the fact that vacancies will occur from time to time in the A.M.G. and Liaison Groups through classes A and B releases and other unforeseen circumstances, it is recommended that as many as possible of the surplus professional Police Captains, in the order shown, be retained as utility officers, as replacements will not be available after surplus Officers have been posted to other theatres.

3. It will be observed that the above list contains one additional position to those shown in the W.E. - namely Rome.

It is considered by Public Safety S/C that a Liaison Public Safety Officer in Rome is really needed to liaise, not only with the Italian Police Authorities in the Capital City of the Country, but also with the Rome Area Command.

It is understood that the latter is being greatly extended to include Livorno and Florence.

Problems, especially with regard to the conduct of Allied Troops will be many and varied and an officer with wide Police experience is necessary and desirable to fill the position.

Lt.Col.Millhouse has been Liaison Officer in Rome for several months. He has many contacts, he can keep his finger on the pulse of the Public Safety position in the area and is, I suggest, ideally suited for the position.

4. It will be noted that the total number of Officers shown above is in line with the W.E. - 24, but whereas the W.E. allows for only two Lt.Cols. - three are included in the proposals. In view of the need for a Liaison Officer in Rome I suggest authority be asked to include an officer with the rank of Lt.Col. as Liaison Officer Rome.

5. As regards the Officers suggested in this report. I realise they do not entirely coincide with those asked for by Regions, but I submit the following reasons for the change.

6. Obviously it would not be just or in the best interests to fill Majors vacancies with Captains, leaving good and efficient Majors surplus with the probability that they will eventually be reduced to their War substantive rank should they not be appointed within the allotted time to a post which carries a majority. In view of this I have selected Majors, all professional Police Officers, to fill posts which carry Majorities. It is understood that the

one ideal world position as these shown in the W.E. - Rome.

Kane and Fleetwood to Major have now been approved.

2263

7. At Piedmonte LT.Col.Green has been selected in preference to Lt.Col.Montague who was recommended by Region. The reason for this change is again that Green is a Police Officer with over 25 years service in the City of London Police Force whereas Montague, a very excellent Officer, is a Fire Officer.

8. <u>Lombardia</u>. In addition to Major Fleetwood and Capt. Riley it is proposed, subject to approval, to appoint Major K.W. Fischer 'A' to the team under Major Fleetwood,

Declassified E.O. 12356 Section 3.3/NND No. 789016

thus giving an extra Officer to Lombardia without exceeding the British W.E.

9. Udine. The Regional Commissioner asked for six Officers whereas the W.E. allows for five. The Officers shown are those applied for, the omission being Major Sykes who is not a Police Officer.

10. On instructions from A.F.H.Q. and after consultation with Colonel Pidsley A.A.I.A. the undermentioned Officers have been named for attachment to A.M.I.A.(vide letter to A.F.H.Q.AG/14634/PS)in connection with the reorganisation of the CC.RR.

Lt.Col. H.Nighall, Majors E.Powell, A.G. Hills, W.A. Lacey, R.P. Fielders, P. Coxhead, W. Greenhough, T. Goodacre, K.C. Kimbert and A.C. Saunders.

It will be observed that some of our best officers have been selected for this duty in view of the importance placed on the work they will be called upon to perform.

Lt. Col. Nighall and Major Powell have replaced Lt.Col. Hefford and Major Bond who were originally selected. Lt.Col. Hefford who is in A/S group 85 has applied to be released in January next and Major Bond will be required at this Hqs. to replace Major Harvey who is being applied for under Class 'B'.

The amended list of names is being forwarded to A.F.H.Q. without delay.

11. Should these proposals be approved the following Officers will become surplus to establishment when the new W.E. becomes effective:

Professional Police Officers	Not Police Officers

12. Venezia Giulia Police Force

The new W.E. for British Police Officers in Venezia Giulia is not yet known but it may be confidently anticipated that at least four or possibly eight captains from those surplus

./.

Declassified E.O. 12356 Section 3.3/NND No. 785016

will be required to bring the strength there up to establishment. In view of the difficult task of training and guiding a new force I suggest it is essential professional Police Officers be sent.

13. In addition I suggest that the first four captains on the list of surplus Officers namely :- Wilson; Willis; Mann and Marsh be retained for a period as Utility Officers thus being available to fill vacancies in the various Liaison Groups in Italy which may well arise through 'B' releases, or other unforeseen circumstances. In connection with such vacancies :- Major Morris Naples, A/S Group 45 - age 42, may leave shortly and Major Manuel may be asked to take 'B' Release, therefore I suggest the four officers, if retained, might well, for the time being, be posted to Liaison groups where vacancies may occur.

These are all excellent Officers and can be relied upon to reflect credit on the Service.

14. Although Lt.Col.Hefford; Majors Harvey and Bowler are shown on the surplus list there is little doubt they will be released from the Service by the time the new T.O. becomes effective.

15. Lastly the only American Public Safety Officers left in Italy, apart from those in Venezia Giulia, are Col. T.Chapman Director; Major Fischer, earmarked for Lombardia and Capt. S. Beatty, now Liaison P.S. Officer Livorno.

As Livorno is the Hq. of P.B.S., there are a fair number of American Troops in the Area; there are large dumps of Allied Stocks and crime is very heavy, it is therefore suggested Capt. Beatty remains as Public Safety Officer at Livorno after the handover as it is felt he will continue to be urgently needed there.

RE FRENCE : G-1B/512/2/0.

SUBJECT : Officers - Venezia Giulia Police Force.

TO : GHQ, CMF, for G-5.

1. As a result of the promulgation of the War Establishment C/1046/2 (Civil Police Movement to XIII Corps) no Public Safety Officers have been included in the proposed War Establishment for AMG Venezia Giulia. It was understood that the need for all such Officers had been catered for in C/1046/2, and this has been confirmed during a recent conversation between Brig. PARSONS/Lt.Col. WILDE-JONES.

2. The proposed establishment referred to above is part of the new establishment which will shortly be submitted to cover AMG/AC throughout Italy. In order that the position may be clarified it is requested that steps be taken to nominate such AMG Public Safety and other Civil Affairs Officers as are required to fill vacancies on C/1046/2 and to have them posted to that establishment. It is requested therefore that you will take the necessary action with H.Q. 13 Corps, so that nomination may be made out of the present Civil Affairs Officers assigned to AMG Venezia Giulia.

3. It is designed to point out that this covers British Officers only. The original lay out of the Police Force Venezia Giulia was desired to include 10 American Civil Affairs Officers, of which there are at present nine in the Field. Every endeavour will be made to maintain this figure although the shortage of American Officers will render this increasingly difficult.

4. It is requested that the action indicated in para 2 above may be completed by 1 Dec next.

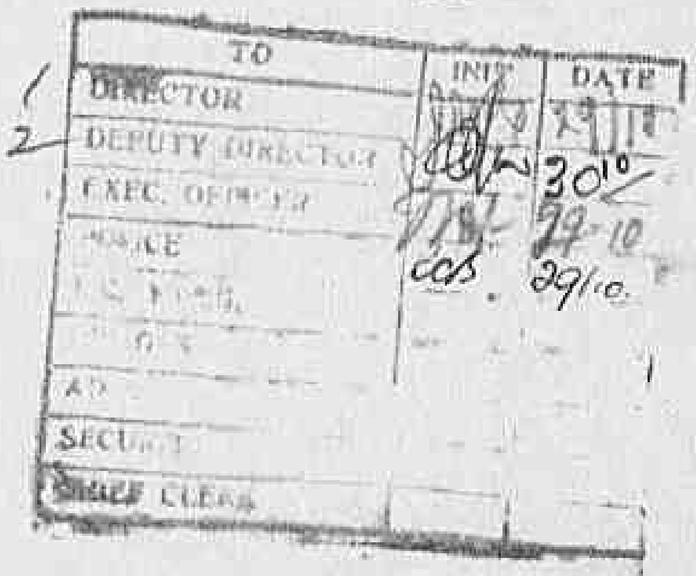
1. This HQ acknowledges receipt of your letter AC/14004/1/PS dated 17 Octr 45 with attachment relative to Public Safety Officers who will be available upon the closing down of the northern regions.

2. The list of Officers available has been examined and in view of the peculiar problems facing us in Venezia Giulia it would be greatly appreciated if, in addition to Captains Bernard, Decker and Farber, the following Officers named on that list could be assigned to this area :-



Capt. Wilson, W.L.
Capt. Mason, S.J.
Capt. Cocks, E.F.
Capt. Whyman, L.
Capt. Willis, W.L.
Capt. Geach, F.G.
Capt. Gale, L.
Capt. Lee, G.E.
Capt. Hopkins, D.J.

3. I would like to point out that during the past fortnight we have lost the services of eight Public Safety Officers as a result of American redeployment and British Liap. I am seriously concerned that depletions such as this will impair the efficiency here; therefore, it is earnestly requested that replacements temporary or otherwise be sent as soon as possible and that such replacements be drawn from the Officers named in para 2 above.

SUBJECT : Movement of Public Safety Officers.

TO : Regional Commissioners Lombardia, Liguria, Piemonte, Venezia, Venezia Giulia. (attention of R.P.S.O's).

1. It has been ascertained that certain Public Safety officers have moved to areas out with their jurisdiction in that they have visited Regions other than their own and to parts of Italy under Italian Government, without proper travel orders or authorisation, and in some cases without the knowledge of the R.P.S.O.

2. It must be clearly understood that any officer so acting will be held responsible for his actions which is a breach of duty.

3. This does not in any way interfere in cases where officers are in close pursuit of criminals or where the job is of such urgency that orders can not be prepared in time. In such cases on completion of the duty, the R.P.S.O. will be informed.

4. If Public Safety officers have occasion to be in Rome it is expected that they will visit and report their presence to a responsible officer of the Sub Commission.

ALLIED MILITARY GOVERNMENT
ARE HEADQUARTERS
TRIESTE

TO : H.Q., A.M.G. - 13th Corps.

Subject : Public Safety - Major W. SIKES - RA, AEM.
No. 104100 - 55 (A) Area.

File : AMG/PRI/125. 30th June 1945.

1. The above named Officer who has been, as A.P.M., in charge of the policing arrangements of Trieste City since A.M.G. was set up in the city on 12th June 1945, has volunteered, under the A.C.I. for Civil Affairs duty as a Public Safety Officer, under date 8th April 1945.

2. I have been impressed with the capable way in which Major Sikes has carried out his duties in Trieste, and the excellent manner in which he has co-operated with my Public Safety Officer. He would, in my opinion, make an excellent Public Safety Officer.

3. He is, I understand, being transferred from Trieste to Ancona and since we are losing his valuable services here, it occurs to me that if his transfer to the Allied Military Government could be speeded up his services could be used to advantage at this time when there is such a demand for Public Safety Officers.

4. I suggest that a copy of this report be sent to the Public Safety Division, A.C. H.Q. - Rome.

Signed F.J. Armstrong
