TO : HQ. Allied Commission,

1. Repeated efforts have been made by the Director and Inspector of Prisons for Naples and district to bring the number of guards employed at Poggioreale Prison Naples, up to strength and to supplement them to cope with the overstrength in number of prisoners held.

2. To bring this about Col. BONOMI, the Director has made overtures to the Ministry of Justice, Rome, but to date without result.

3. The normal strength of guards at the Prison is 320 - the present strength 160. The normal male prisoner population is 2000 the present 3215. Of necessity this means that the staff has to work much longer than normal hours, and that leave of absence cannot be granted. An efficient system of guards cannot be maintained under the present circumstances, and there is no doubt that sooner or later this will lead to trouble.

4. In view of orders given by the Ministry of Justice that 82 unruly political prisoners be transferred from Rome to Poggioreale, and of the present inadequate number of guards, it is asked that urgent and strong representation be made to the responsible department of the Ministry of Justice to provide 80 additional guards.

TO : Ministry of Grace and Justice

1. An urgent request has been received by this Sub-Commission for the appointment of a Vice Director at Poggioreale Prison, Naples. When Col. Bonomi is absent from Naples there appears to be no one capable of making necessary decisions. The Regional Public Safety Officer, Prison Officer and Col. Bonomi, all of Southern Region, request :-

a) that GALATOLA Dott. Arturo, from the Penal house of Procida be transferred as Director of the Women Prison, Poggioreale, Naples;

b) that director, DI GIORGIO Dott. Alfonso, from the Agents School, Portici (now closed) be transferred as director of Procida Penal house. This suggestion has evidently been taken up by Major Warbury before, but no action has been taken. It is reported that Dott. Di Giorgio is doing nothing to earn his salary at present.

c) The request is also made for 15 additional prison guards, 3 of whom to be N.G.Os, for Poggioreale prison. This request is made primarily because of the opening of another wing in this prison.

2. The Southern Region officials stress the urgency of the requests in paragraphs a) and b), and this Sub-Commission will appreciate your earliest attention.

3. Will you please inform this Headquarters of the action taken on all of the above requests.

1. When Col. BONOMI, Inspector of Prisons as well as the Director of Poggioreale Prison, Naples, takes trips in line of duty, there is absolutely no one capable of acting as 2nd in command. Last week when the Colonel was in Rome, an emergency arose which emphasized the necessity of such an appointment in the very near future.

2. The writer heartily endorses the following suggestions of Col. BONOMI:-

- (a) That GALATOLA Dott. Arturo from the Penal House of Procida be transferred as Director of the Women's Prison Poggioreale, Naples.
- (b) That Director DI GIORGIO Dott. Alfonso, from the Agents School Portici (now closed) be transferred as Director of Procida Penal House. Such a change was taken up with Major Hanbury, but the Ministry of Grace and Justice has not acted upon same. I understand Dott. DI GIORGIO has been doing absolutely nothing locally except drawing his pay, as he has friends in the Ministry of Grace and Justice to block his transfer putting him to work.
- (c) Due to overcrowded conditions plus the opening of another wing in Poggioreale Prison, we request 15 more guards, three of whom are to be NCOs.

With reference to A/m letter, we inform that orders have already been given to the judicial prisons of Taranto, so that it provides, within the limits allowed by the shortage of barracks material due to the present conditions, the delivery of material necessary for the supply of the Provincial prisons of Grottaglie.

We inform you that dispositions have been given so that enquiries be made through the Prosecutor of the Kingdom in Taranto on the conduct of the wife of the warden of these Provincial prisons, and that measures will be taken accordingly.

SUBJECT : Mandamentale Prison of Grottaglie.

TO : Minister of Grace & Justice.

1. A report has been received from the Public Safety Officer of Taranto Zone in reference to the above named mandamentale.
2. The officer states that on a previous visit to this mandamentale he found it in a poor condition and called it to the attention of the Custodian - on his next visit instead of finding improvement he found the conditions had not improved and in fact they were worse and his wife seems to be the one who is actually running the place.
3. This is to call to your attention with the hope you can have this condition corrected and these complaints will not rise in the future.

" The Mandamentale prisons showed some improvement since my previous visits with one exception, that of GROTTAGLIE. I warned the gaoler, BONFRATE Giuseppe, before that his work must improve, instead it is getting worse. He is ruled by his wife who seems to run the place for him. 1 A.S.B., P.S. Sub-Commission, Route.

In answer to the request dated 12th Sept. 44, n. 100/14201/2/PS this ministry is not disinclined in adhering with the suggestion of trusting Dott. Ernesto Bonomi with inactive functions over all the prison establishments of the southern region in collaboration with Capt. Daly.

Consequently the chance presents itself in prospecting the opportunity of discontinuing the Central Direction, instituted by Naples by the Allied Command during the period of the liberation of the Naples ~~ragiar~~ zone, for a rapid reconstruction and a better co-ordination of the prison services of various prisons establishments of Campania. Such suggestion is in connection with the passage to the Administration of the Italian government of the southern provinces and with the necessity of normalizing the services according to the usual legislative dispositions.

For this Commission's information, we deem it necessary to send a copy of the report dated 16 Sept. 46, requested by the 'Alto Commissariato' (High Commissioner) for the sanctions against fascism, concerning Dott. Bonomi.

No 72003/125 A

answer to No 2438/1.8.3
of 1.5.44142013
M. J. ACC High Commission
for sanctions against
fascism.Subject: Cav Uff Dott Ermete Bonomi, Director of the
prisons of S.Erasmo, Naples.

In answer to the above letter we communicate that the first class director, Dott Bonomi Ermete, born 1885 in service from 22. 12. 1910, is a fascist since 1.1. 1924 and has had the charge of political secretary of the Commune of Portolongone for the years 1930- 31- 32 as president of the Opera Balilla Committee in 1931-32; as president of the artillery Arm Association from 1932 to 37; "commissario prefettizio regio" in the communes of Cassaro, Noto, Pachino e Portolongone; extraordinary Commissario of charitable institutions, president of the Association of discharged officers and vice-president of the U.N.U.C.I. at Augusta and Santa Maria Capua Vetere.

He is senior of the m.v.s.n. (milizia) and has been commander of the third group of the anti-air-craft artillery for the defence of Naples.

As it appears from a letter of the Procura del Re of Messina, dated 6.8.25, No 3, Bonomi joined the free-masonry, but left as soon as it appeared clear that belonging to this association must be in unwellcome to the Government.

From the same letter it appears clear that he has always kept away from political manifestations which were not approved by the government of the moment.

In the report stated by Bonomi on the functioning of the agents school in Portici, mentioning the directives issued by fascism, it is noted that he ordered to be written, in the school mess under the portrait of the Duce, in large letters, selected "mussolinian" sayings and phrases, and that the school band which he had instituted, had its programme formed by marches and selections of fascist character, such as, for instance "Un saluto al Littorio, crociera aerea, Faccetta nera, Giovinezza, Inno tedesco, Inno dei giovani fascisti."

His career shows him as being a good official, but was rather agitated.

In the Portolongone residence he gave rise to serious criticisms for his love affairs with married women of the neighbourhood; but no provisions were taken against him, owing to the decree dated 28/10/32 which condoned (recurring the tenth anniversary of the Marcia su Roma) all punishments inflicted or to be inflicted for trespasses committed during the five previous years.

During the same period 12/8/32, Bonomi was blamed for having taken advantage of the visit of authorities at Portolongone, of recommendations in his own favour.

In his Lucca residence, more serious facts happened; he took

- 2 -

advance of his directorship to behave inconveniently towards relatives of prisoners, towards women freed from prison, and towards a female guard of the same prison, prosecuting them with sexual manifestations and dishonest proposals, so as to obtain their favours.

For these facts he was punished on the 10th of August 1938, by censure afterwards revoked by ministerial decree dated 1/4/40.

Transferred to Portici he gave no rise to any remarks.

It appears, from a report addressed by Bonomi to the Ministry, concerning his duties performed at the Portici school, that he obtained high praise from the Reich Minister, who, on taking leave, said that he would have informed the Duce and Fuhrer of his full satisfaction for the hearty welcome which he received during his trip.

From these acts there results also the existence of a demand by the personnel attached to the school agents at Portici to be called under arms in order to fight, forming so, with the custody personnel, a militia; this demand was addressed to the Duce and signed by Bonomi.

In his career he has almost always classified as very good.

With a letter dated 29/8 No 71825, the Ministry has forwarded to the Prefect of Naples and to the Allied Command the letter, copy of which is attached for inquiries.

At present Bonomi is Central Director of the Naples prisons, appointed by the Allies.

We add that the A.C.C. (Public Safety Sub-Commission), with letter dated 12/9 No 14201/2 P.S., has proposed to this Ministry to charge Bonomi with the inspecting service of the prisons of southern Italy, pointing out that, cooperating with Captain Daly, he performed his duty in a satisfactory way.

For the Minister.

OCCORRENZA: Cav. Uff. Dott. Ernesto BONOMI - Direttore delle carceri di

In risposta alla lettera sopraindicata si comunica che il direttore di 1° classe, dott. Come risulta da una nota della Procura del Re di Messina del 5 agosto 1925, n. 3, il Bonomi ha fatto parte della massoneria, ma se ne è allontanato appena apparse chiare che l'appartenenza a quell'associazione non era gradita al governo.

Dalla stessa lettera risulta che egli si è sempre astenuto da ogni manifestazione politica che non fosse di consenso e di plauso

di governi del tempo.

Nella relazione redatta del Bonomi sull'andamento della scuola agenti in Portici il Bonomi facendo richiamo alle direttive emanate dal fascismo si rileva che egli nel refettorio della scuola fece trascrivere sotto la figura del duce, a carattere cubicali, motti e frasi mussoliniani opportunamente scelte, e che la banda della scuola da lui creata aveva il suo repertorio costituito da marce spartiti di carattere puramente fascisti quali "un saluto al lit-torio, crociera aerea, faccetta nera, giovinezza, inno tedesco, inno dei giovani fascisti".

In carriera risulta in genere un buon funzionario, ma la sua carriera è stata alquanto movimentata.

Nella residenza di Portolongone diede luogo a gravi dicerie per relazioni amorose con buone maritate del luogo: ma non fu adottato alcun provvedimento disciplinare essendo intervenuto il decreto 28 ottobre 1932 che condonava, nella ricorrenza del decennale della marcia su Roma, le punizioni inflitte e da infliggere per infrazioni commesse nei cinque anni precedenti.

Nello stesso periodo di tempo (12 agosto 1932) fu il Bonomi deplorato per aver rivolto, cogliendo l'occasione della visita di un autorevole personaggio a Portolongone, raccomandazioni a favore di sé stesso.

Nella residenza di Lucca diede luogo a fatti più gravi per avere, nella sua qualità di direttore, tenuto comportamento sconvolgente con alcune parenti di detenuti con liberate dal carcere, e con una guardiana del carcere stessa, perseguilandole con manifesta-

di governi del tempo.

Per tali fatti fu punito con la censura il 10 agosto 1938, che fu revocata con decreto ministeriale del 1° aprile 1940.

Ministero di Grazia e Giustizia

Trasferito a Portici non ha dato luogo a rilievi.

Da un esposto rivolto al Ministero dal Bonomi circa le funzioni esercitate alla scuola di Portici risulta che egli ha ottenuto vivissimo plauso dal Ministro del Reich il quale nell'accomiatarsi disse che avrebbe partecipato al duce ed al Furier la sua piena soddisfazione per le calorose dimostrazioni di simpatia di cui era stato fatto segno durante la gita.

Dagli atti risulta anche l'esistenza di una domanda di richiamo alle armi del personale addetto alla scuola agenti di Portici, diretta al duce, e firmata dal Bonomi per combattere, costituendo così col personale di custodia una nuova milizia.

In carriera classificato prevalentemente ottimo.

Con lettera 29 agosto, n. 71825 questo Ministero ha trasmesso al Prefetto di Napoli ed al comando allegto la nota di cui si allega copia, per le opportune indagini.

Attualmente il Bonomi è direttore centrale delle prigioni di Napoli, nomine avvenute da parte degli Alleati.

Si reputa, infine opportuno aggiungere che la Commissione Alleata di Controllo (Sottocommissione per la Pubblica Sicurezza), con nota del 12 c.m. (14201/2 P.S.) ha proposto a questo Ministero di affidare al Bonomi il servizio di ispettorato delle carceri nell'Italia meridionale, facendo presente che egli, nel collaborare col Capitano Taly, ha prestato opera assai soddisfacente.

On relinquishing my appointment as Regional Public Safety Officer of Southern Region, I should like to place on record my appreciation of the work performed by Dr. Ernesto BONCHI.

Dr. BONCHI was appointed Central Director of Prisons of Region 3, Allied Military Government (Provinces of Naples, Avellino, Benevento and Salerno) on 26th October 1943.

Since that date he has worked enthusiastically and untiringly in his efforts to assist the Allied Government in dealing with a very difficult problem. Many improvements have been made through his intervention and his services, by virtue of his wide experience in prison work, have been of the greatest assistance. He has at all times been very willing, in fact eager, to give of his best and his extremely able and valuable assistance and co-operation has been of the greatest help to the Regional Prisons Officer of A.M.G. and to me.

His work merits serious consideration to continued employment even on a higher level and I recommend it.

May the Italian Ministry concerned be given a copy?

The undersigned, AURIGEMMA Alfredo of Andrea, assistant-chief guardman of the policemen in the Central prisons of Salerno, states as follows:

As a result of the strong bombardments, the undersigned was the only N/C., who remained at his post at the moment of the landing of the Allies, and he put himself with a few policemen immediately at their disposal.

On the 16.9.1943, he was called by the Allied Command and ordered to reopen the prisons; at the same time he was appointed as commander. He held this position for about 3 months, until the Allied Command took charge of the whole personnel.

The duty was performed with zeal and abnegation and at the risk of losing his life in consequence of the battles and bombardments by the Germans, which can be proven by the Allied officers, who took charge of these prisons, whose names included: the major, who was in charge at the moment of the landing, Lt. Corvino, Police Inspector Dell'Ossio and Farber. The appointment conferred has been sent by the undersigned through this Hq. to the Ministry of Justice in order to be approved. Since approval has not been given up to the present time, the undersigned is asking your Commission to intercede for him so that the Ministry of Justice will act as quickly as possible in said matter.

No. 37637/PP.

Salerno 25 April 1944

SUBJECT: Application of Russo Francesco.

We are forwarding the application of the above named to your Sub-Commission for consideration since Russo is on duty in the Institute # 'G. Filangieri' Naples.

For the Minister.

Excellency.

On Jan. 1st 1922 I was employed as a barber for the inmates of the Re-education house 'G. Filangieri' under the control of the Ministry of Grace and Justice. I replaced my father who died after more than 20 years service in the institute.

For economic reasons I applied for the position as attendant in 1934. I was accepted and after a years trial I became a regular attendant. In 1941 I was 55 years old and should have been retired on the ground of age limit but as my length of service did not cover the time required for the granting of a pension, I was authorized to remain on duty - according to Article 148 of the law dated 31-12-24, until June 7 1944 when I shall be 58 years old, but since even on that date I cannot take advantage of the pension and as I am still able, I am applying to your Excellency so that my case will be examined and my position as regular attendant in the reformatory be changed into that of a tribunal usher, which function I have performed these last three years at the Tribunal of Minors where I was transferred. It ought to be taken into account that I am a veteran of the Great War and that my only son was a soldier in the Albanian-Greek campaign and no news of him reached home since last August. I asked to be kept on duty at least up to the time when he will return home, or I should be reduced to beggary for all this time; I am confident that my request will not be ignored.

(S) Russo Francesco.

SUBJECT: Prison Staff - Benevento Director.

TO : AFMO (Region III)

1. This morning Italian prison authorities came with a most urgent request that Dott. Gennaro, Dionisio be not even temporarily employed as director of Benevento, for the following reasons:

- a) He is, they say, not now in fact at Benevento, but at Naples, and has already been directed to proceed to Trani. A move to Benevento, therefore, would work a hardship on him, as it would entail a further move to Trani, when a successor at Benevento was appointed. Further he has apparently already secured a lorry to move his family and effects to Trani on Wednesday next, and lorries, they say, don't grow on trees.
- b) As director of Cassino he and his family underwent many hardships and dangers, and they regard Benevento as a little beyond his present capacity.
- c) There is in fact, in Naples, the director of Misida, who could be sent to Benevento. They have a man in Sicily whom they suggest they might later send to Benevento, in the event that Misida were re-opened.

2. It was pointed out to them that the matter lay ²⁷⁸⁰entirely in your hands, but that the case would be stated to you as strongly as possible in favor of allowing Dott. Gennaro to proceed to Trani.

3. They request an early decision, in view of Dott. Gennaro's desire to move to Trani on Wednesday. Capt. Young will be absent from Headquarters for the coming week. Will you be kind enough, therefore, to notify Capt. Powell of this Sub-Commission by phone of your decision, and confirm by letter.

(Attention Capt. H. Young)

1. It is proposed to remove Dr. GIOIA, Giovanni from his present office, that of Director of Benevento Prison.

2. His removal is strongly recommended by the Provincial Commission^{CV} who, resulting from complaints by anonymous persons, instituted an investigation which revealed that Dr. Gioia was not a fit person to hold office at Benevento.

3. I concur with the Provincial Commissioner, especially in view of the fact that I have for some time considered Dr. Gioia too weak a character to efficiently govern Benevento Prison, and his early removal has only been delayed through the inability to find someone to replace him.

4. Now, however in view of this investigation, a record of which I am enclosing for your perusal and return, he must be removed.

5. You are requested, therefore, to examine the record of the investigation, together with Dr. Gioia's personal file which is in the possession of the Ministry of Grace and Justice, with a view to advising this office whether he shall be discharged to pension or whether a more suitable appointment can be found for him in another Region.

6. Your authority is requested to appoint Dr. GENNARO Dionisio (2nd class Director) who until recently was Director of Cassino Prison, and who is now awaiting a new appointment, to replace Dr. Gioia at Benevento.

With letter N° ACC./14205/2F.S. dated 9 March 1944, this Commission communicated that the Italian Authorities were obliged to dismiss from service the book-keeper of the Cosenza prison, and has no other in the whole area under their control to substitute him.

The said Authorities, wish to be informed if this Central Office can name a book-keeper which is disposable in its jurisdiction, to transfer to Cosenza. In exchange the said Authority proposes to transfer the Instructor Camillo Bruno to one of the Institutions of Naples.

The book-keeper to transfer to Cosenza is Cappuccio Michele, the said functionary now is at Benevento prison. He has been there temporarily since the 20th Nov. 1943, because he has not been able to reach the prison in Piacenza, where he has his regular service.

We are in favor of having the Instructor Camillo Bruno transferred to one of the prisons in Naples.

1. a. Resulting from the receipt of an anonymous letter, stating that a state of chaos existed at Pozzuoli Prison, because the staff rations were being unfairly distributed, an enquiry was held at that prison on the 16th instant.

b. Thirty percent of the subordinate staff were interviewed individually and although it was emphasised that any statements made would be treated very confidentially, all agreed that they were receiving their just entitlement of food. There were no complaints against their superiors.

c. All the members of the Staff were then asked if they had any complaints to make or had any domestic troubles they would like to discuss. This resulted in a further ten members being interviewed.

d. There were no complaints regarding unfair distribution, but all stated that they were receiving insufficient food although in receipt of the scale laid down.

e. In my opinion the prison is well administered - in fact better than the majority - as has been stated in a previous report and that the statement of the anonymous letter writer cannot be substantiated.

2. a. The following institutions were visited during the past week.

The Judicial Prisons of Benevento, Caserta, S. Maria Capua Vetere and Pozzuoli, Aversa, San Geronimo S. Maria Capua Vetere, Baia Reformatory and Airola Girls Reformatory.

b. It was found that the institutions were well conducted, and were as clean as possible in view of the lack of soap etc.

c. All the Directors complained about the inmates diets and urged that the food should be increased. At present all the inmates receive 1/2 lb bread and a plate of soup once each day. This is entirely inadequate.

3. In view of these complaints it is again urged that ACC. Food Sub-Commission expedite the release of their proposed universal ration scale for prisoners which has been pending since 17th February 1944.

SUBJECT: Request for Information.

SUBJECT: Dott. BONOMI Ermate.

TO : HQ, Region 3, AMG.

Salerno, 23 February 1944.

1. This Ministry could not very well in a definite manner approve the appointment by AMG of Dott. BONOMI as temporary Head Director of the Prisons of the provinces of Naples, Benevento and Avellino, because the regulations of personnel of the Administration of the Institutions of Prevention & Punishment provide neither the position nor the title of "Direttore Centrale delle prigioni".
2. At this Ministry, Dr. BONOMI is a Director of 1st Class in the Institutions of Prevention & Punishment, which corresponds to Class VII of the A. Grade group of the gerarchic order, according to the provisions of Art. 42, of the Law approved by Royal Decree of 30 July, 1940. N. 2041, the promotion of BONOMI to a superior grade may be conferred only by comparative merit.
3. When Italy becomes completely liberated, it will be possible to examine the files of Dr. BONOMI and of the splendid work he is doing for which proper action may then be taken in his behalf.
4. At this Ministry, there are no vacancies of positions higher than that held by Dr. Bonomi, who, amongst other things, holds 25th place of the 39 who hold the same rank. Thus an advanced promotion of Bonomi out of turn would do injustice to his colleagues who precede him in seniority and who have not been demerited.
5. This Ministry has no objections to Dr. Bonomi performing the temporary functions conferred upon him for the necessary period in view of the actual state of affairs.
