SUBJECT: Prison Reports from Directors to Ministry.

TO : Ministry of Grace & Justice.

1. Some time ago it was agreed between Comm. De Villa and the Public Safety Sub-Commission, prisons sub-division, that, for the benefit of all concerned, some method of receiving information at regular monthly intervals should be established.
2. A form of telegraphic report, with explanations as to the method of its use, instituted by the Prison Officer, Region II, was discussed, as was also a form suggested by Italian authority.
3. It was agreed that the Ministry should propose a form of monthly report which should indicate at least, for each prison, the number of giudicabili and condannati, and the number of Italian military held upon a certain date in the month.
4. Has such a form been prepared; and have orders to the prison directors been issued with regard to it? May the Public Safety Sub-Commission have a copy of the form, and of the order in connection therewith?
5. If such form and order has not yet been prepared, will it be undertaken immediately.
6. For information, a copy of the instructions issued by Prison Officer, Region II, in connection with similar reports, is supplied.
