Ref. R5/514/13

Date: 13 April 1944

1. Reference your letter ACC/14211/PS dated 19 March 44 concerning the above subject.

2. These premises have been inspected by the Regional Inspector of Prisons and the PPSO and were found to be eminently suitable for a prison; there also being good yard for exercise, the whole being surrounded by a wall. The lower part of the building is occupied by eight families and the upper part by 60 orphan boys in charge of the nuns. Steps are being actively taken to find alternative accommodation for these people, the P.C. considering the acquisition of more prison space to be a matter of emergency has agreed to the work proceeding.

3. It is considered that the lower portion after slight alteration could be used in a short space of time, the question of the occupation of the upper floor is chiefly repairs to the roof. The whole could probably be occupied within a month.

4. It is estimated that 100 prisoners could be accommodated on each floor.

5. The estimate of the cost of conversion and repairs at 15000 lire is by far too low, for the whole building the estimate is 250-300000 lire.

Orders had been issued directing him to proceed to Agrigento to take up duties there. The Ministry desires to countermand these orders, and to have Dott. Dionisio informed not to proceed to Sicily.

SUBJECT : Premises for housing facilities.

TO : Attorney General of the Court of Appeal at.....

To avoid that those persons who are released from prison under the obligation to report every now and then to the CC.RR., or are set free but have no family or cannot join them on account of their work which compels them to stay during the night in towns far from their domiciles, from being abandoned in miserable conditions which might drive them again to commit crimes, this Ministry is inclined to provide for the arrangement of premises for the purpose of assisting said people, with housing facilities and at the same time using the premises as a starting point for these people so that they could be grouped in their respective squads and sent to work in fields, highway etc.

We would appreciate it if you would examine the possibility of providing said premises near the judicial prison of this district and if necessary alterations should be made so that premises may be rendered suitable for the purpose, and building new ones where required.

Questo Ministero, ad evitare che i soggetti alla libertà vigilata ed i liberati dal carcere che non hanno famiglia, o che per ragioni di lavoro devono pernottare in città lontane dalla loro abituale residenza, restino abbandonati a se stessi e, non trovando dove sistemarsi per dormire e per mangiare, ricadano nel delitto, sarebbe disposto a creare dei locali di ricovero e di ristoro nei pressi delle singole carceri giudiziarie, magari nel fabbricato di pertinenza delle stesse, ma indipendenti ed autonomi. Questi locali, attrezzati per contenere una cinquantina di posti a dormire, dotati dei servizi di cucina per la preparazione e la consumazione del vitto, e di tutti i servizi igienico-sanitari, potrebbero costituire un posto di ritrovo e di assistenza per gli elemosati sopra indicati che venissero inquadrati in centurie da lavoro ed adibiti a costruzione di vie, di case o alla coltivazione delle terre.

Prot. N. 35971/PT

SUBJECT: Adaptation of Temporary Arrangements for Prisons at Foggia.

TO : P.S. Sub-Com. ACC, Salerno

The Procuratore del Re of Foggia proposes to this Ministry to adapt a building of medium size to be used as a prison, inasmuch as actual conditions are such that the numerous amount of arrested persons by both the Italian authorities and the Allies cannot be very well handled under present conditions.

Inasmuch as the Foggia zone is under the control of the Allies, we enclose a report of the Procuratore del Re in relation to this matter.

The Directorate of the Military Reformatory at Lecce advises us that it is unable to send the Ministry the Charge Sheet of the above, who was removed from the Judicial Prison of Poggioreale di Napoli on 26 December 1943, since at the induction of the convicted, the Directorate of the latter prison did not send the prescribed documents to the former mentioned institution.

Since the charge sheet of RAIMO is necessary to formulate an unconditional release, we would appreciate it if this Honorable Commission would request the Directorate of the Judicial Prison of Poggioreale di Napoli to send it to this Ministry.

La Direzione del carcere preventivo militare di Lecce informa che non è in grado di presentare al Ministero il foglio matricolare del condannato Raimo Gaetano di Carmine, sfollato dal carcere giudiziario di Poggioreale di Napoli il 26 dicembre 1943, perchè, all'atto del ricovero del condannato, la Direzione del predetto carcere non aveva fatto pervenire i documenti prescritti di accompagnamento.

Poichè il foglio matricolare del Raimo occorre per una pratica di liberazione condizionale, si prega codesta Onorevole Commissione di interessare la direzione del carcere giudiziario di Poggioreale in Napoli a farlo pervenire a questo Ministero.
