Inter Office Memorandum

AC/14221/1/PS

20 March 1945

SUBJECT : Inter Office Memo. Lt Col. White to P.S. -
TO : Vice President, Civil Affairs Section.

1. With reference to subject, concerning report that CC.RR. escort guard party, dispatched Rome to Florence, by this Sub-Commission, for transfer of security prisoners to Naples area, arrived in Florence without proper identification or letters of authority, you are advised that Commander of escort party was equipped with both credentials when he left Rome. It was discovered upon the return of this party that said commander had lost these papers enroute to Florence, precipitating the confusion which ensued.

2. It is the opinion of this Sub-Commission that security prisoners sentenced by Military Courts are the responsibility of the Army and neither of AC nor AMG. This Sub-Commission, when invited to do so, uses its good offices to facilitate such transfers only to turn such prisoners over, again, to Army control. It is suggested that the provision of transport and Allied military escort in such cases are properly the concern of the Army and such provision should be assumed by them.

2. It is called to your attention that Procida is no longer specified as the place of detention for sentenced prisoners who are being transferred from A. Gabelli Institute, Rome. It is, however, requested that these prisoners be transferred to a penal institution far enough removed from Rome to prevent knowledge which they possess, being disseminated in subversive political circles of this city.

3. It is requested that your Ministry arrange for the transfer of these prisoners to the selected destination as soon as possible, and that this Sub-Commission be advised as to the action taken. Said prisoners are now in "A. Gabelli" Institute, Rome, under CIC custody.

Attention : S.C.A.P.O.

1. *Q2A* With respect to your communication of 6 April 1945, ref. 203/7, concerning transfer of PAGANOTTO Fabio and MESSAPPI Giuseppe, you are advised that the V. - C.A. Section, Allied Commission has communicated the position of A.C. Headquarters to G-5 H.Q. 15th Army Group, in a letter dated 5 April 1945 (ref. AC/14221/1/16).

2. *Q2A* In said statement of position it was pointed out :

- a) That the Italian Government cannot be responsible for prisoners sentenced by Allied Military Courts until they are delivered into the custody of the Italian Government in Italian Government territory.
- b) That the interest of Allied Commission does not extend to the furnishing of allied escort personnel or immediate supervision of prisons.
- c) That this Headquarters is an administrative Headquarters and has neither the personnel or equipment to undertake the responsibility of moving prisoners.
- d) That allied Commission's part must be limited to making necessary contacts with the Italian Government in order to arrange for the acceptance of prisoners in prisons under Italian Government control.

3. It is suggested that contact be made with the regional *Q3A* Prison Officer, Tuscany Region to provide prison accommodations which are satisfactory from a security point of view at Portofranco, (Pisa) or the island prison of Giglio.

3. Will you please arrange as early as possible for a sufficient escort to collect and convey them to the above mentioned prison.

4. In view of the serious nature of their offence and to prevent any possible attempt by them to escape; it is asked that the escort consist of Allied personnel or alternately CC.R.R. accompanied by an Allied soldier.

5. It will be observed from the attached letter from S.C.I. that it is not considered necessary that Paganotto should be kept entirely separate, but he should be allowed as little intercourse as possible with other prisoners.

1. G-5/14/8.4 dated 28 March 1945, refers.

2. The position of your Headquarters to the effect "that once Security Prisoners are tried, convicted and sentenced, they then become a responsibility of the Italian Government," is untenable. Prisoners tried, convicted and sentenced by Allied Military Courts cannot be a responsibility of the Italian Government until after they are delivered into the custody of the Italian Government in Italian Government territory.

3. Allied Commission is interested to prevent escape after prisoners have been tried, sentenced and turned over to the Italian Government for imprisonment." However this interest does not extend to the furnishing of Allied personnel for guard nor even for immediate supervision of prisons. Allied Commission has been, and is now, willing to make the necessary contacts with the Italian Government in order to arrange for the acceptance of prisoners in Italian prisons. The Commission has also been willing to arrange for the Italian Government to send an escort guard to receive the prisoners in Military Government territory. These functions are accepted at this level only as a matter of accommodation to lower echelons and not as a responsibility for operations.

4. This Headquarters is an administrative headquarters and has neither the personnel nor the equipment to undertake the responsibility of moving prisoners. This Headquarters will continue to negotiate with the Italian Government in this matter but cannot furnish transport nor Allied supervisory personnel.

1. AC/14221/FS refers.

2. It is the position of this Headquarters that once Security Prisoners are tried, convicted and sentenced they then become a responsibility of the Italian Government. The Army has no further interest in them other than to get them removed from areas which contain untried and unsentenced prisoners of similar category.

3. Consultation with Public Safety Sub-Commission representative indicated that the Allied Commission would supervise the movement of this type of prisoner from Army areas. It is felt that the Allied Commission should be interested to prevent escape after they have been tried, sentenced, and turned over to the Italian Government for imprisonment. Hence, since Army Group and the Armies do not have jurisdiction within the area to which these people are sent, the responsibility for safeguarding the prisoners en route to Southern prisons must pass to the Italian Government and thereby indirectly to the Allied Commission.

SUBJECT : Escort of Security Prisoners

TO : DCCAO 15 Army Group

- 1 With reference to telephone conversation (1st Col Farnell - Lt Col White) enquiry has been made. The escort referred to was in fact supplied with the proper papers but it is regretted that the commander lost the papers en route to Florence as to which appropriate action is being taken.
- 2 It is however pointed out that it is not the function of AC or AMG to handle Security Prisoners for the Army; it is considered that it is desirable, particularly having in view the acute shortage of AC transport, that the Army should accept its responsibility for moving its own prisoners.

Phone. msg. from 15 A.G.P [Lt Col Purcell] alleges that the escort of 6 C.C.R.R and 1 matron which arrived on Sat at Flawell to remove certain political prisoners, including two of exceptional importance whose escape would have had serious repercussions arrived without any proper identification or letters of authority or orders to take over the prisoners. So far as those in charge of the prisoners were concerned this was not likely ever been a part of an "escape" plot. In future such escorts must carry proper means of identification and an order to take charge of the prisoners.

It is also requested that whenever an important prisoner is being taken over that at least one member of the escort shall be a member of the allied forces.

1. Transport suitable for accommodation of eight men prisoners  
and six CC.RR. guards to be available at Regina Coeli Prison, Rome at

2. Prisoners to be delivered to Poggioreale Prison, Naples, for
