The Greek Authorities are anxious to repatriate as soon as possible 450 German subjects who, because of their attitude to Greece and her Allies during the war, are considered most undesirable.

Can you therefore please give all assistance to arrange transit through Italy of these persons, from BARI or TRIESTE. Permission of Control Committee in Berlin has already been obtained for their entry.

It is understood that their final destinations are the British and American Zones. They will leave Greece by sea.

A translation of correspondence between the Allied Control Commission Germany and the Greek Authorities is enclosed.

It is presumed that they will be accepted for passage through Austria.

Reg No. 87/6/1/93

Athens, 2.8.46

We have the honour to inform you that there are in Greece now about four hundred and fifty German subjects (men, women and children) who have been considered as undesirable because of their conduct against Greece and her Allies during the occupation.

These Germans we have decided to have deported from Greece in view of the instruction from the Control Committee in Germany to the Governments of the United Nations regarding the deportation of undesirable Germans and their families.

We therefore request you herewith to assist us in our effort to clear Greece of these undesirable elements by taking the necessary action with the appropriate Interallied Commission in Italy should they have to approve their transit through Italy.

We would very much appreciate if you would let us know the results of your very kind effort in this respect.

By the Pub. Sec. Minister's Order

The Chief

S. PERAKIS
Colonel.

COPYNOTIFICATION.

The Allied Control Council.

To the Governments of the United
Nations.

The Allied Control Council in Germany referring to one of its communications addressed to all the Governments of the United Nations concerning the repatriation of the German agents, employees, etc., and their families, who are considered dangerous and undesirable, expresses the hope that the United Nations will find out all the Germans concerned and will take the necessary measures for their repatriation and deportation. The Allied Control Council believes that the United Nations will accept their proposal and will comply with it. The Allied Control Council wishes to draw the attention of the United Nations on the matter and wishes to emphasize this problem which creates reason for uneasiness. Before and after the defeat of Germany a great number of dangerous Germans acquired foreign nationalities in order to succeed in their aims. In many countries a great number of dangerous Germans try, even to-day, to acquire a foreign citizenship, in order to avoid repatriation or deportation and to continue their stay abroad, thus helping the interests of a future Nazi state of affairs. Our duty is to stop all this. The Allied Control Council requests that all the Governments of the United Nations will see into the matter and will study the cases of those Germans who try to acquire a foreign citizenship. For those Germans who have succeeded in acquiring a foreign citizenship the Control Council proposes that in this the Governments must remove the citizenship granted to Germans who are considered dangerous. All the United Nations Governments must be informed on the matter.

The Allied Control Council hopes that special attention will be given to its instructions.
