SUBJECT: Persons detained in Venezia Giulia.

With further reference to your AC/14376/PS of
6 August 1946 and our 2411-46 and 2503-46.

It has now been ascertained that the three persons arrested in Trieste on 23 July for illegally entering the Area of Venezia Giulia and not having been correctly documented, have returned to Trieste shortly after the liberation of this city about a year ago. The a/m persons are residents of Trieste who had to leave their city because of the German racial persecutions. They did as thousands of others who after the liberation of their places of origin returned home but have now, a year later, been arrested for their doing so.

In view of the now changed aspect of the case, we trust that you will consider the matter favourably and take the necessary action to effect the release of Mrs. Anna Baruch, Mr. Ernesto Baruch and Mr. Guido Spiegel.

R o m e.

It has come to the attention of this Office that Mr. Guido Spiegel, Via della Pietà, Trieste, has been arrested in Trieste by British police and has been transferred to Gorizia under charges of having favoured immigration.

We have neither evidence nor possibility to prove the truth but we wish to state that the person involved is of first class reputation and certainly does not deserve punishment of this kind.

Your kind intervention with the competent authorities, in order to effect the release of subject person, is herewith requested. Your attention is drawn to the fact that even if his guilt could be established, the immigration in question is only one of Jewish elements who seek a country allowing them to rehabilitate their lives, shattered by years of nazist and reactionary persecution, which even now continues in some countries and therefore fully justifies their desire for safety.

We have no doubt that your humanitarian spirit will consider the situation, and trust that your assistance might effect the release of Mr. Guido Spiegel.

Dear Madam;

Applying to your telegram of the 27th, inquiries had already been made on behalf of your daughter and your son-in-law by the Unione delle Comunita Israelitiche Italiane.

Upon receipt of your telegram I caused inquiries to be made from which it appears that they were arrested in Trieste for illegal entry into Zone "A" and not being correctly documented. They were removed to Gorizia for a short time for interrogation and have now been returned to Trieste where they are still detained pending completion of inquiries.

There is no evidence to support the supposition stated in your telegram that the cause of their arrest was other than that which is stated above.

I shall be glad to communicate with you further the outcome of their case.

1. With reference to the enquiry re Anna and Ernesto BARUCH.
2. I communicated with Lt. Col. RICHARDSON, SCAPO, Venezia Giulia Police Force who gave me the following facts concerning this case:-
 3. The two persons mentioned together with a man named SPIEGEL, Guido, were arrested in TRIESTE on 23rd July 1946 by 412 FSS for illegal entry into Zone A and not being correctly documented. They were later removed to GORIZIA for interrogation by a specialist officer as they are suspected of activities connected with illegal Jewish immigration through Zone A.
They have now been returned to TRIESTE where they are still detained pending completion of enquiries by FSS.
 4. Should the detained persons eventually be handed over to the Civil Police, they will, if there is a "prima facie" case be charged with illegal entry into Zone A.
 5. The letter and cable at No. 1A and 1B were received by this Sub-Commission on 29th July and No. 2A was in consequence forwarded to Venezia Giulia for enquiry and report.

MEMORANDUM TO: Brigadier Carr.

With reference to the attached telegram, will you please get on to Trieste and see what this is about.

Based on our unfortunate experience at La Spezia, when I was in the States, I trust, if these people have been arrested, that their offense was some violation of local AMG rules and not because of cooperation with a potential violation of regulations in Palestine.

I have had considerable doubt as to our rights to take action in Italy (including Zone "A") because of conspiracy to violate the laws of another country unless such conspiracy is in fact illegal under local Italian laws or their equivalent AMG regulations.
