Gentile Magg. Ballance,

Mi riferisco al colloquio avuto stamane, e nel mentre La ringrazio ancora molto sentitamente per il cortese interessamento che prenderà onde far ottenere al mio amico Ing. Signorini Luigi il desiderato permesso per venire a Roma con la sua automobile da Milano (permesso necessario per la durata di mesi 4), mi affretto a comunicarle che nel darle l'indirizzo del Signorini ho errato nella indicazione del numero della casa.

Egli abita in Milano Via Sardegna n. 42 (non 24).

Con l'occasione La prego, se possibile, dirmi se è necessario che il Signorini si presenti a Milano a qualche ufficio onde poter usufruire nel senso desiderato dell'opera che Ella, tanto gentilmente, svolgerà in suo favore.

Nella speranza di aver presto da Lei buone notizie in merito a quanto sopra, La saluto molto cordialmente. Devmo

SUBJECT : Permission to Purchase Petrol.

TO : Public Safety Sub-Commission, A.C.

1. In accordance with your request in respect of the application of Dr. KREK, we submit herewith the following observations for your consideration :-

a) In view of the fact that Dr. KREK has obtained a Civilian motor-car licence to circulate in liberated Italy, he is allowed to purchase up to 250 litres of petrol per month from the C.I.F. in Rome.

b) This quantity of petrol should be more than sufficient to meet his necessity for travelling purposes in the capital.

c) With regard to his remark concerning the common war effort, all petrol has to be imported into this theatre, and as a result, let us compare the quantity of petrol allowed to professional men in England with that of 250 litres allowed to Civilians in liberated Italy. We think that you will agree that the latter are getting the lion's share.

2. Under the present circumstances, it is recommended that Dr. KREK should not be granted the privilege of obtaining petrol from Military sources in liberated Italy.

For the Director.

To the Public Safety Sub-Commission,

Allied Commission,

R O M E .

The undersigned Dr. Miha K R M K , former Vice-Premier of the Royal Yugoslav Government and former Royal Yugoslav Ambassador and Delegate to the Advisory Council for Italy in Rome, humbly requests for the allowance and permission to buy and provide for his car Lancia Artens, Rome 48896, about 150 l petrol per month.

I occupy myself at present as the chairman of the Yugoslav Welfare Society and the mentioned car is used for the performance of this duty and for the purposes of the Society on my private costs.

The Welfare Society is namely a charitable association, which has his own Ambulance and Dentist Laboratory for the poor Yugoslav refugees, displaced persons, ex-internees and ex-prisoners of war. Apart from that, the Society organizes and procures other kinds of help in food-stuff and clothing for the same kind of Yugoslav emigrants: officers, soldiers and civilians (about 5.000 people), for whom the Society in contact and with help of the Allied Authorities is looking for and providing employment.

All this work of mine is a voluntary one, but it is also a work in the public interest and within the common war-effort of the Allied Nations.

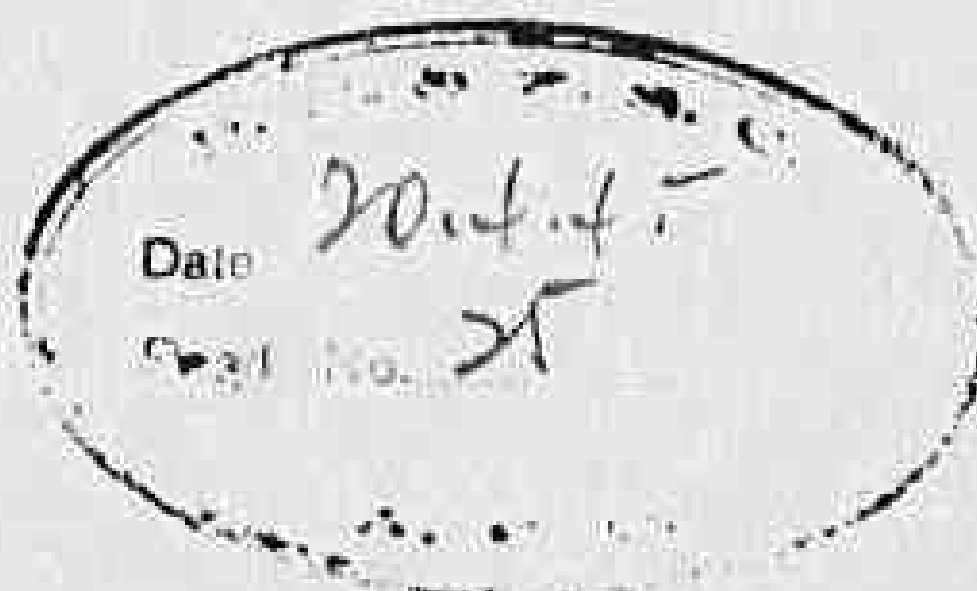

I therefore hope, the above mentioned request can be granted.

Yours sincerely

(Dr. Miha Prek)

1. Your letter dated 4 December addressed to the officer i/c, Motor Transportation Division, Lazio Umbria Region, with reference to the issue of POL rations to Mons. Gaeta-Casselli, has been referred to this Headquarters.
2. It is understood that a motor vehicle circulating permit expiring on 31 December, 1944, was issued to the Monsignor on 5 August, together with an assignment of 100 litres of benzine per month. The car is authorized to be used for religious purposes.
3. With regard to the issue of POL rations for religious purposes, arrangements have now been made for the screening of all applications by the Vatican, in the case of persons and organisations directly under their jurisdiction, and by the Vicariato, in the case of all others. The impossible task of dealing with individual religious will be appreciated.
4. It is regretted that the Monsignor's application for additional POL rations cannot be recommended.
5. It is suggested that the Monsignor be informed of the arrangements referred to in paragraph 3 since it will be necessary for him to make all future applications for permits and POL through either the Vatican or the Vicariato.

Sir:

Enclosed are the passes I promised to send to Mr. Cuccio which I would appreciate if you give them to him.

The pass numbered 18599 is the pass that Mr. Cuccio and I discussed in Major Ballance's office and will be used to bring the rear end of a Fiat to Florence.

I am making a request now for a permit to circulate for a Truck or rather an Autocarri Bianchi ( S5/1500 ) Targa 34243 Roma. This truck will bring the rear end that is in the possession of Mr. Cuccio to the Caserma of the Vigili del Fuoco in Firenze. I am also requesting that the owner of the truck be permitted to purchase enough gasoline in Rome for his truck to make the trip up here. I will see that he receives enough gasoline for the trip back to Rome.

If you will be kind enough to accompany Mr. Cuccio to Major Ballance I am sure that Major Ballance understands the agreement.

I tried to get other A.C.C., transport but without success and as this arrangement only necessitates this permit I hope to have this piece soon in Florence.

Dear Dr Kruk,

I refer to your letter of 17th November in which you request an allowance of petrol for your car.

Allowances of petrol can only be made when vehicles are being used for essential duties in the public interest. Under no circumstances can an allowance be given for a vehicle which is being used for private purposes.

I would be grateful, therefore, if you would inform me of the nature of the duties that you describe in your letter, so that it can be decided if they fall into the above category, in which case an allowance will be made to you. If not, I regret that the circulation permit for your car will have to be withdrawn.

Sincerely yours,

1. Attached allocation for a motor vehicle circulating freely and carrying letter has been received from the Government Provisoire de la République Française.
2. It appears that the allocation has not been used in accordance with the allocation, and consequently an allocation cannot be dealt with as a duplicate, and from a strictly technical view the issue of petrol rations for the civilian allocation cannot be justified.
3. If you agree that this was in one in which a permit should be issued, Regional Commissioner, Louis Bouché, should be instructed to issue a permit and motor fuel ration card under the terms of POL Instruction No. 1.
4. Heads of missions receive 100 litres per month, while members of their staff receive 150 litres per month.
5. Perhaps you will either request the S.O. to issue the petrol and fuel rations, or return the 100 litres to be used with your comments.

1. Attached correspondence refers.

2. Whilst the point made that "one forager is better than ten" is appreciated it is submitted that once the principal of foraging is admitted, everyone with a motorcar will consider himself entitled to a circulation permit and petrol rations for that purpose. If carried to limits this would cut right across Food Sub-Commission's food control programme and invalidate all ration card arrangements.

3. From the purely motor vehicle angle, great pains are being taken to prevent the issue of Circulation Permits to persons who cannot show sufficient justification for petrol rations, and these certainly cannot be granted for food foraging by individuals.

4. If circulation permits are granted without petrol rations, the holders will simply go into the Black Market which is supplied from fuel stolen from the Allies.

5. POL for Diplomats is tax-free and supplied only for personal use, and is over and above the normal allocations for civilian use. Its use cannot therefore be allowed for food foraging by a representative of the Diplomats, and if they themselves use it for that purpose, the supplies would be withdrawn or cut down. Petres S.F. M.C. have only recently asked for an assurance that steps were being taken to control its proper use.

668

6. It is now known that Sig. Montesi is not only trying to get a permit and petrol for a vehicle said to be used on behalf of the Diplomatic Corps, but is after one for use on behalf of the Poligrafico Noss (State Printing Company).

- 2 -

7. It is still the opinion of this Sub-Commission with the full agreement of Commerce Sub-Commission (Fuel) that foregoing for food by individuals, whether on their own behalf, or on behalf of members of the Diplomatic Corps, is not a sufficient justification for the issue of a motor vehicle circulating permit.

(Attention Capt E. Stanley-Gary).

1. Mr. Jake Koci has made several calls at this Headquarters with regard to the issue to him of a circulation permit for his motor car.
2. On the last occasion he called here he handed in the attached note, and from this it would seem that he is performing none useful work for the military.
3. Permits for civilian vehicles used for military purposes are only granted in those cases in which P.A.A.C. (S. and T.) agree to authorize the issue of motor fuel ration cards.
4. It is suggested that the necessary clearance be obtained from S & T, and then for Mr. Koci to submit an application form for a permit to Via Tomacelli.
5. We are informed by the Italian Foreign Office that Mr. Koci "has had the qualification of States Minister of Albania and that as such he enjoyed the use of a diplomatic passport....."

2. It appears that Via Tomacelli has assumed responsibility for the loss of the documents relating to Lady McLeod's vehicle, but the matter is complicated by the fact the vehicle bears French registration marks. I gather the vehicle has never been registered in Italy.
3. I suggest Lady McLeod comes to see me when she leaves hospital, and I will try and straighten the matter out for her.

SUBJECT : Application for vehicle Circulation Permit and Gas.

TO : Major W.C. Ballance, Public Safety 3/Commission.

At the risk of being a confounded nuisance to you, may I ask if you could help me in the insoluble, irritating and everlasting question of Lady McLeod's permit, and perhaps get something definite out of Via Tomacelli.

Lady McLeod is my cousin. She has been a resident of Rome for fifteen years. Her husband died as the result of gas poisoning in the last war, her only son died at Naples in this war. She is, of course, a British subject. She works in the ACC. These facts are given only to suggest that she is not a spy or a Fascist.

In early ~~time~~ <sup>June</sup> I asked for a car permit for her because she wished to go to Naples to make certain arrangements which had already been taken up with the relevant authorities about her son's grave. The application was refused although at the same time other applications of an entirely frivolous nature - such as that of Baroness Barracco who works in POW section to go to Sorrento and of Signora Barzini to go to Amalfi - were granted.

I took the matter to the Chief of Staff who approved the application and Col. Clough wrote asking that a permit be granted.

It was later stated, however, that between Region IV and Via Tomacelli all the relevant papers had been lost, including the livret de circulation. Lady McLeod went herself to Via Tomacelli but without result.

She is now in hospital and does not even press for a permit any longer though she is sore about her treatment. The car is at the British Embassy and Sir Noel Charles would like it to be taken out. It cannot be taken out without some sort of permit or livret de circulation. Do you think you could ask Via Tomacelli to do the necessary thing, and end this very uncomfortable case?

VATICAN, 3 October, 1944

Dear Caccia,

Here is the note on this tiresome business which I promised to send you. I shall be very glad and grateful if you can do anything in the matter.

MEMORANDUM

A petition was received by the Legation through the Secretariat of State in August last from a number of Missions accredited to the Holy See, including the Brazilian, Peruvian and Colombian Embassies and the Cuban, Ecuadorian, Uruguayan, Chinese and Yugoslavian Legations: it asked that the requisite permits might be obtained from the Allies Authorities for a Sig. Montani to enter the Vatican City daily with his car to collect Vatican food rations for the Missions concerned (all now established in Rome outside the Vatican City) and for a Sig. Giorgio Pergolani to travel in the country to obtain foodstuffs for the same Missions. Of these two men, Sig. Pergolani is a young Italian ex-officer who sought refuge in the Colombian Embassy to the Holy See and remained there during the period of German occupation of Rome.

The Request was submitted to Colonel Charles Poletti, who replied that he had referred it to Captain Neuberg, of the Economic and Supply Section of A.M.G. at 104 Via Borgo Pio, with a recommendation that it be granted on the furnishing of a Vatican certificate of approval.

This was applied for and a reply was received from the Vatican stating that, having been asked by the diplomats in question to recommend the request, they had willingly done so.

Sig. Pergolani was sent with this to Captain Neuberg who gave him a Circulation Permit, which was however endorsed "without Petrol". The Secretary of the Colombian Embassy, who is personal friend of Sig. Pergolani, therefore went to see Major Ballance and explained to him that the Diplomatic Missions, on whose behalf Sig. A petition was received from a number of Missions accredited to the Holy See, including the Brazilian, Peruvian and Colombian Embassies and the Cuban, Ecuadorian, Uruguayan, Chinese and Yugoslavian Legations: it asked that the requisite permits might be obtained from the Allies Authorities for a Sig. Montani to enter the Vatican City daily with his car to collect Vatican food rations for the Missions concerned (all no established in Rome outside the Vatican City) and for a Sig. Giorgio Pergolani to travel in the country to obtain foodstuffs for the same Missions. Of these two men, Sig. Pergolani is a young Italian ex-officer who sought refuge in the Colombian Embassy to the Holy See and remained there during the period of German occupation of Rome.

The Request was submitted to Colonel Charles Poletti, who replied that he had referred it to Captain Neuberg, of the Economic and Supply Section of A.M.G. at 104 Via Borgo Pio, with a recommendation that it be granted on the furnishing of a Vatican certificate of approval.

This was applied for and a reply was received from the Vatican stating that, having been asked by the diplomats in question to recommend the request, they had willingly done so.

Sig. Pergolani was sent with this to Captain Neuberg who gave him a Circulation Permit, which was however endorsed "without Petrol" The Secretary of the Colombian Embassy, who is personal friend of Sig. Pergolani, therefore went to see Major Ballance and explained to him that the Diplomatic Missions, on whose behalf Sig. Major Ballance replied that the petrol was exclusively reserved for diplomatic cars and withdrew the th normal consequence Sig. Pergolani who has obtained the lorry necessary for his work, has now neither Circulation Permit nor Petrol. The Colombian Secretary has appealed to Legation to provide him with both.

It would seem reasonable that the Diplomatic Missions should be allowed to let him use some of their petrol for his work on their behalf if they are prepared to do so.

Dear Mr. Cowen,

Further to my letter even number, dated 13 September, 1944, addressed to Mr. Tittman, regarding the issue of a motor vehicle circulating permit to Mr. Grunwalt, Counsellor to the Uruguayan Legation to the Holy See, for his Lancia Augusta 49363 Roma.

It appears that Mr. Grunwalt is not entitled to a "CD" permit, and I have, therefore, referred his request to the Vehicle Registration Centre, Via Tomacelli 137, with a recommendation that a permit be issued in his case.

Will you kindly arrange for Mr. Grunwalt to complete the attached application form and present it at the Vehicle Registration Centre together with the libretto di circolazione relating to the Lancia Augusta.

Yours sincerely,

WCP/G.

28 SEPTEMBER 1944

MEMORANDUM TO : R.C., LATI (Transportation Div)  
Copy to: Commerce S/C

SUBJECT: Application for POL for Count De Raymondi.

1. The Peruvian Ambassador to the Holy See has addressed a note to the Political Section in which he requests the circulation of a car belonging to Count Filippo De Raymondi di Terricella.

2. Count De Raymondi was formerly Peruvian Consul in Rome, and the Ambassador states that notwithstanding the temporary closing of the Consulate for war reasons, De Raymondi is rendering valuable services semi-officially to the Peruvian Colony and needs the use of this car for this purpose.

3. As the interests of United Nations nationals are concerned, the Political Section recommends that the Peruvian Ambassador's request be given favourable consideration and that Count De Raymondi be issued with a permit to circulate and the standard ration of motor fuels.

4. The requisite application forms are attached.

Dear Mr. Montgomery,

25B

2530A

Your letter dated 23 September 1944, addressed to Capt. Caron, Via Tomacelli, has been referred to this Headquarters.

All applications for circulating permits for motor vehicles used for ecclesiastical purposes are now handled in the first place by the Governatorato in the case of vehicles ~~and~~ by the Vatican, and the Vicariato in the case of vehicles used by other ecclesiastical foundations. The Governatorato and the Vicariato transmit recommended applications to A. C.C. for consideration as to the issue of permits.

Bishop Antonio Tommaso Videmari called at this Headquarters and he was informed of the procedure that must be followed.

It is not anticipated that any difficulty will arise in connection with his application, since it is understood the Vatican have agreed to supply petrol to him from Vatican Stocks.

This Headquarters will contact the Governatorato (Servizi Tecnici) in connection with Bishop Videmari's application.

Yours sincerely,

Dear Captain Caron,

See 25A

We shall be very grateful if you will kindly help the Bearer, Bishop Antonio Tommaso VIDEMARI in the following matter. On the 4th August last, the Vehicle Registration Centre, Rome Region A.M.G. endorsed a "Nulla Osta" for his car no. 76884, issued by the Governatorato; now however he is using instead a car numbered 73105, for which he has obtained a new "Nulla Osta" from the said Governatorato (of the Vatican City) and what I am asking is that you will be so good as to endorse this, with an authorisation to travel ~~anywhere~~ in liberated Italy.

I have known Monsignor Videmari for some time and shall be particularly grateful for anything you can do to help him in this matter.

Yours sincerely,

According with what above stated, we send back the pass and we wait for the suits the ACC. will think avoidable.

We point out also that to Mr. Gustavo Rey Alvarez, was issued a circ. motorcar pass, n. 056, as in the list has been sent to this office.

Sir,

I hope you will forgive my troubling you again with reference to the renewal of the permit for my car. I quite understand that your time is fully occupied; if it is not possible to contact Major Thompson, I should much appreciate a note of recommendation from you, addressed to this officer so that I may approach him on the matter.

I should like to mention that my car, a B.A.P. Fiat ("500"), registered number 27861, is used only for professional purposes, and I am sure you will appreciate that the withdrawal of my permit will be a serious blow to me. The permit number is, incidentally, 56861, expired on 31st August 1961.

With most grateful thanks,

I am, Sir,

Your obedient servant,

/s/ DIEGO ARBENT.

The owner of D.S.T.'s Villa - Villa ANSELMA, Via Postillipo - has approached D.S.T. to enquire whether the car licence which has been recently withdrawn from her husband, could be restored on the grounds that he is a practicing Doctor in NAPLES, and that his practice has been seriously affected by lack of transport.

D.S.T., has, of course, no knowledge of the facts of the case, but feels, as a matter of courtesy, that he must pass on the information to you in the event of your feeling that this particular case might be investigated to see whether it is a good one or otherwise.

SUBJECT : Motor Vehicle Circulating Permits.

TO : French Representative,  
H.Q., A.C.C.

1. Your letter dated 2 September, 1944, addressed to the Chief of Motor Transport Division, A.M.G. Region IV, in which a request is made for circulating permits for two motor vehicles used by French Congregations, has been referred to this Sub-Commission.

2. All applications for circulating permits by Religious Institutes and Ecclesiastical Foundations must be submitted through the Vicariato di Roma to R.C., Region IV, in order that the needs of these bodies may be considered as a whole. It was found a very invidious task to deal with these bodies in a piecemeal manner.

3. It is stated for information that circulating permits are not issued unless arrangements have been made for supplies of motor fuel from authorized sources. In the case of vehicles used for civil purposes, motor fuel ration cards are issued with the circulating permits, and to draw petrol except against the surrender of coupons would be illegal.

4. It is suggested that the Congregations in question complete the attached application forms and submit them to the Vicariato together with any recommendation which you feel justified in giving.

3. The French Representative in A.C.C. would be extremely grateful if therefor circulation permits could be given to the following cars.

## MEMORANDUM FOR THE POLITICAL SECTION ALLIED CONTROL COMMISSION

No. 6/113/57

H. E. Marchesa Imperiali, widow of H. E. Marchese Guglielmo Imperiali, for several years Italian Ambassador in London, has asked the Ministry of Foreign Affairs to obtain a permit for the free circulation of her automobile, a 16 h.p. Bianchi S.9 (1934) license plate Roma 43232 chassis no. 50435, engine no. 51204.

Marchesa Imperiali needs the use of her car owing to her great age and her feeble state of health.

In consideration of the above, the UnderSecretary of State for Foreign Affairs, Marchese Visconti Venosta, would be personally grateful if the A.C.C. could obtain from the competent Allied Authorities the necessary permit to enable Marchesa Imperiali to use her car.

The license and other relevant documents are herewith enclosed.

The Ministry of Foreign Affairs would appreciate an early and favorable reply on the matter.

Rome August 2, 1944.
