2. In view of the fact that Avv. Cataldo has already experience of the Genoa office I have no objection to his appointment.

(a) The present licensing period ending in August and the fact that there is the likelihood of the whole of the licensing being under the control of the Italian Authorities.

(b) At the moment the offices and seats of R.A.C.I. are preparing to transfer the new premises and the director has the matter fully in hand.

It would not be fair to a fresh Director to have this change over placed upon him when it is only partly completed, I suggest the transfer take place on September 1st, 1945.

Transfer of RACI Director
Regional Public Safety Officer.

1. The attached letter from Capt. Eddings indicates the need of keeping Dr. Amos Pampaloni in Bologna for a time as director of RACI, and not letting him be transferred to another province until his job here is finished. For him to go away now would only throw a great deal more work on Capt. Eddings, who already has more than he can attend to. The former Bologna director, Marchese del Casale Ottavio, is not strong enough to do the job alone here until Pampaloni has completed the permanent system of licensing in early July.

2. Request that representations be made thru Mr. Rows to RACI Hq. job here for about six weeks longer.

C o n f i d e n t i a l

1. On 22nd April 1945 Dr. Amos Pampaloni arrived in Bologna City with the Provincial A.M.G. team for the purpose of re-organizing RACI, Bologna Province. He was directed to accompany the team by Chief of Public Safety, A.M.G. 5 Army, having been re-assigned from Lucca for this special purpose.

2. Since the arrival of Dr. Amos Pampaloni in Bologna City, he has been of the utmost assistance to me.

The whole of the RACI records were found intact and in six weeks a licensing system according to A.M.G. Italian Law has been set up on a proper basis. Approximately 1800 trucks 600 private cars and 200 motor cycles have been duly licensed in this province. The work continues. This has entailed hard work upon this Director of RACI.

3. He has re-organized the RACI office, vetted the existing staff, and has from the very commencement of his work endeavoured to put the whole on a permanent basis.

4. I am in constant touch with this Director and his advice has been valuable to me, more especially as he is a stranger to this town and has no friends. He is unbiased in his judgement and when I am dubious in any particular case of a vehicle for licensing, I readily seek his opinion.

5. From this date the work of RACI in this Province has progressed so that the office is ready to set up a committee

5. From this date the work of RACI in this Province has progressed so that the office is ready to set up a committee and commence on the permanent system of licensing all vehicles.

This is necessarily being delayed until 1st July 1945 when the new colour permit comes into force and no problem will be present.

6. On arrival in this town the former Director of RACI, Marchese del Casale Ottavio, was found, and he readily cooperated with Dr. Amos Pampaloni. This former Director has no significant Fascist record and will without doubt be retained in his position. Both Pampaloni and the marchese are good friends

7. On 27 May 1945, the General Director of RACI from Rome, Dr. Ricci, visited Bologna and in the course of conversation with Dr. Pampaloni said that he, Pampaloni, will shortly be transferred to Modena, to set up RACI in that province.

1008
8. Dr. Pampaloni on 28 May 1945 represented his case to me, and I feel duty bound to put the facts before superior authority. *1110*

9. He is normally the Director of RACI, Florence, where his family resides. He has been selected for this work of reorganizing RACI first in Lucca and later in Bologna, without doubt from his good record. He bears letters from the Rome office signed by Dr. Filippo Caracciolo who has informed him that the success of his work will depend much upon his future career, and promises of assistance.

10. Dr. Pampaloni rightly feels that he is "the willing horse" and they are taking advantage of his position, and asks that he be retained here in Bologna, where he was originally sent until 1st July 1945 or soon after, in order that he can complete his work on the permanent basis, and then be sent back to his normal position in Florence.

11. This is most important, he having completed the "spade" work and now with his valuable co-operation the motor vehicle licensing system in this province will be set in good order.

12. It is asked that full consideration may be given to his particular case, through Emilia Region H.Q.A.M.G. and direct representation made urgently to RACI, Rome, through H.Q. Allied Commission for his retention in this Province until early July 1945.

SUBJECT : R.A.C.I. OFFICES IN BOLOGNA

As you know, according to a decision of the Allied Authorities, Dr. Pampaloni Amos has been intrusted with the regency of R.A.C.I. Provincial Seat in Bologna.

We have been now informed that the same offices are provided with a manager, Dr. Di Lorenzo Borgia Del Casale C-tavio, who, according to his behaviour during german occupation, is meritorious to be confirmed in his functions.

Dr. Pampaloni's work could be better utilised by the Seat of Modena, which is without director, the old one being dead during an air bombardment.

Now that Seat is managed by an employee who, in the opinion of this Central Seat and of those Allied Authorities, is not capable and sufficiently prepared for the charge.

He has established the absence from the office of the Manager and Conservatore of P.R.A., Mr. Lorenzo Castagneto, who has abandoned the service and had not taken the necessary agreement with those Allied Authorities.

His behaviour is thought to be put in connection with the fact that during the nazi-fascist occupation he had the direction of U.D.A. Office (controlled by German authorities) and to his political conduct (he should have taken part in fascist republican party).
