2. I am prepared to bring to the notice of the Ministry of Interior the short-comings of Vice Commander DIEMMI Oreste but do not feel inclined to recommend his substitution by a man, even though he is backed by the Prefect, who is stated to be an engineer but whose qualifications to be chief of a Fire Service are not mentioned.

3. As the A.M.G. period of operation is drawing to a close it seems desirable that the question of replacement should be left entirely to the Ministry of Interior.

MINISTRY OF INTERIOR
Anti-Fire Service

N. 1639/A/69/1

Rome, 9th March, 1945.

Circular N. 37.

Subject : Advance of Funds to VV.F. Corps.

To : Prefects of the Kingdom
and for information

To : VV.F. Commanders of the Kingdom.

In order gradually to bring to normality the financial situation of the VV.F. Corps, and to reimburse to the Prefectures the sums advanced for the needs of these Corps, this Ministry has come to the following conclusions:

1) Immediate reimbursement of war expenses are granted for the year 1945, as well as adequate instalments in regard to the supply of funds for the payment in full of the 1945 balance sheets of the VV.F. Corps.

In such a manner the Corps are placed in condition to take up their normal working, without needing to apply to the Prefectures for further advances.

Therefore, it is necessary, that the Corps immediately forward the monthly accounting of the war expenses and the 1945 balance sheet.

2) Reimbursements are granted for the war accounting of the year 1944 and of the preceding years, as soon as revision is effected and in accordance with the financial possibilities of the cash supply, so that the Corps be placed into condition to return to the Prefectures the sums received in advance.

Copy of the report of the reimbursement granted to the Corps will be sent to the Prefecture, so that the latter may follow the financial working of the Corps and take care of the return of the advances granted.

With ref. to the above it is pointed out that:

- a) The Anti-Fire Cash Supply is not concerned in the debits and credits existing between the VV.F. Corps and the Prefecture;
- b) the repayments of funds are made by the Corps gradually, as the reimbursements of the war expenses for 1944 and preceding years are effected;
- c) the Resident of the Council of Administration and the accountant of the Prefecture will see that - without prejudicing the working of the VV.F. Corps - the latter effects the due repayments;
- d) the forwarding of the form 27 C.C. to this Ministry for the reimbursement of the sum due by the Corps is not necessary.

For your information it is reported that this Gen.Hq. has issued instructions for the de-mobilisation of the VV.F. Officer Masini Emanuele, Commander of the Pescara VV.F. Corps, because from a report recently received from the Aquila Prefect it appears that Masini, among others, on the 8th December, 1943, denounced to the German Police and brought about the arrest of two British prisoners, who had taken refuge at the VV.F. Barracks.

Epuration judgement is in course against the a/m.

Feb 1945

Office of the Regional Public Safety Officer

SUBJECT: Turin Fire Brigade.

TO : HQ. A.C. P.S. Sub-Commission, APO 394. ✓

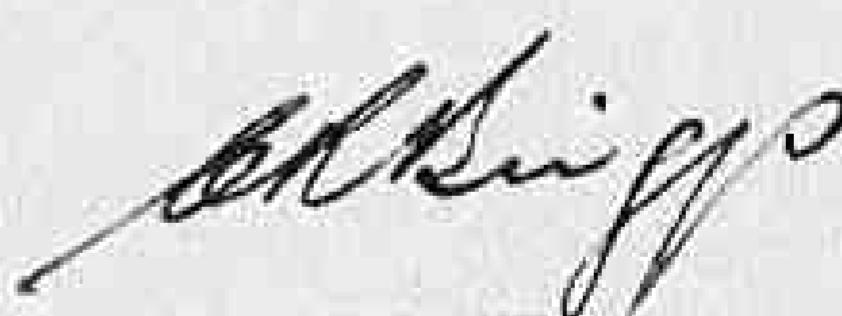

1. It is understood that Colonel VITERBI Giulio, former commandante of the Turin Fire Brigade, has applied in Rome for employment.

2. This officer was responsible for the reorganisation of the Turin Brigade in the thirties and has a name for being an efficient practical man and an anti fascist, according to reports received by this HQ.

3. Should he be acceptable to the Security Branch it is suggested that the Ministry should consider using him as Italian Regional Fire Officer for Piemonte at least for the first few months of liberation. In December 1944 the Ministry stated they were unable to propose any man for this post as there was no one available in liberated Italy with sufficient experience of Piemonte; VITERBI appears to have both the local and technical knowledge required and the administrative ability.

4. If this officer is chosen by the Ministry and he is approved by the security branch it is suggested that he should be temporarily attached in Rome and be on call by this HQ. so that he might work with my fire officer from the start.

G.R. BRIGGS.

to him in the Anti Fire Services.

Immediately after the pubblication of the Decree that was
instituting the Anti Fire Service (R.D.L.10/10/1935) he
informed the Ministry Of Interior that he would accept wil-
lingly his promotion to General Director (in that time the
denomination was "central inspector"), since he was the only
Fire Officer that had all the qualifications needed (6th

Colonel CODELGENIO GUILLIE VITTERBI recently arrived in France from TURIN, where he has been head of the Fire Brigade for several years.

This officer, being a Jew, was "retired" from the Italian Army in 1939. To the best of our knowledge he has not been connected with any resistance movement in North Italy.

He is anxious to proceed to ROME for re-integration in the Army or any other Public Services.

M.M.I.A. have been approached and they state that the Italian War Ministry cannot re-employ Col. VITTERBI in the Army, but that they have no objection to his returning to ROME for employment in the Public Services.

I am instructed by the Chief of Staff Section, A.C., to contact you direct with a view to finding useful employment for this officer.

Besides he found on service in that Corp the Volunteer Fire Officer Geom.Lippi Celso, and the Volunteer Officer Silvestri Ezzelino,detached from the Pistoia Corp on date 1st of December, by order o the Special Command Res.Fire & Civil Defence, Region VIII.
