Ex Comm.

Major Way, Public Safety Officer  
 have knows nothing of this application  
 and knows of no good reason  
 why this Officer should be  
 specially retained. If the time for  
 retirement has been reached I  
 suggest we should not interfere  
 with the Station Authorities in their  
 carrying out of normal procedure.  
 Should the success be incompetent  
 we can ask to have him  
 replaced.

I do not know what the proposal of the Ministry of Interior  
is but presumably the official in question has reached the age limit.

I agree that this is a matter in which we should not interfere.  
Presumably we might tell P.C. UDINE that we will try and arrange for his  
relief to arrive before he leaves. Will you please draft reply in  
accordance with above.

AO 14502/1/20

SUBJECT : Retirement of Fireman  
Officer Cavallatti Turlos.

TO : The Provincial Commissioner,  
Allied Military Government, Udine.

1A

I refer to your letter 20/10/46 of 1 th  
November addressed to 1A Section this Commission.

1. There is apparently no previous correspondence  
on this matter in this Division and the proposal of the  
Minister of the Interior is therefore not known.

2. Presumably the official in question has  
reached the age limit and if this is the case it is  
considered that this is not a matter in which this  
Commission can interfere or attempt to influence the  
decision of the Minister.

3. It is thought that the successor to  
Cavallatti would normally arrive prior to the latter's  
departure but if you wish the point stressed to the  
Ministry will you please supply a copy of the Minister's  
letter to you so that a suitable reply may be drafted.

BY COMMAND OF THE CHIEF COMMISSIONER,

Subject : Retirement of Firemen  
officer Cavaletti Enrico.

To : HQ., AC.

(C.A. Section) ←

The proposal of the Minister of Interior has been examined, but for the present I am advised that the services of Cavaletti Enrico should be retained.

As Commander of the Fire Brigade he has given excellent service and is much esteemed by the Administrative Council.

He is moreover thoroughly fit physically.

For these reasons it would be advisable for him to remain.

If this is not possible, it would be necessary for his relief to arrive before he leaves.

Again I must emphasise that it would be against the interests of the Fire Service if Cavaletti should be required to retire at present.
