HEADQUARTERS ALLIED COMMISSION
PUBLIC SAFETY SUB-COMMISSION
APO 394

AC/14506/1/PS Rome, 24th November 1945.

Subject : Fire Service Vehicles at Ancona.

To : Civil Affairs Section, H.Q., A.C.

1. Reference is made to paragraph 3 of letter No. 838/69/EC dated 16th October, 1945, from the Office of the Executive Commissioner which deals with the withdrawal of three fire engines from the Fire Brigade of Ancona.

2. The matter was brought to the attention of the Ministero dell'Interno (Direzione Generale dei Servizi Antincendi) and a reply (No. 7930 of 15/11/1945) states that other vehicles have been substituted and the position is now normal.

Anti fire services General Direction
4th Div. 2nd Sect.

Rome, 15/11/1945

Nr. 7930 B.A.5.3.

Reply to note A.C. 14506/1.P.S. 839 dated 7/11/1945

To: ALLIED COMMISSION
Sub Commission of P.S.
Rome

SUBJECT: 3th Firemen's Corp "Ancona"

With reference to a/m note we beg to communicate that this Ministry, with note same number dated 31st October 1945, pointed out to have proceeded to the substitution of the vehicles given back to the Allied Commission. Thay were replaced with as many anti-fire units taken up by other corps. The situation of a/m "Ancona" Corp has thus been entirely restored.

SUBJECT: Ancona Monthly Report

TO : Civil Affairs Section

1. In his monthly report for September AC LO Ancona Commune states:

"The Ministry of the Interior has not yet advanced the usual contribution for the budget 1945. The only income of the Commune has been 3,000,000 lire from taxes, with which it was impossible to pay 'liberation bonus' to personnel, and arrears of increased wages from November 1943 to July 1944."

2. The Executive Commissioner wishes this to be brought to the notice of the Italian Government, requesting them to speed up the contribution for the budget.

3. The AC LO also states:

"The withdrawal of three fire service vehicles from the Civilian Fire Brigade on orders from Public Safety Subcommission caused keen disappointment on the part of the Commandant of the Italian Fire Brigade, and the military fire-fighting company who so ably assist him."

4. Was it necessary to remove all three vehicles?

Dal : Col. John W. Chapman, Director -

Oggetto: Corpo Vigili del Fuoco - Ancona -

Roma, 19 ottobre 1945

Si trasmette l'unita traduzione di un rapporto del Comandante la 102 Compagnia Alleata Servizi Antincendi ad Ancona per opportuna conoscenza di codesto Ministero e perchè le necessità del Corpo VV.FF. Italiano di Ancona siano tenute presenti allorchè sarà fatto luogo a quel trasferimento di automezzi e materiali antincendi che ha formato oggetto della lettera di codesto Ministero No. 6285/B-A5-3 Div.IV Sez.I datata 15 settembre 45, e di quella di questo Ufficio pari numero e data della presente.-

TRADUZIONE

Oggetto: Ancona Civil Fire Brigade - DADAFS
HQ 3 District

102/9/31
24 Sept. 45

1. Si richiama l'attenzione sul cambiamento di situazione relativamente all'assistenza fornita dai Vigili del Fuoco Italiani in Ancona e Pescara in seguito alla restituzione al 102 Parco Veicoli di Cesena dei sottoelencate veicoli :

a - 3ton 4 x 2 Austin L. 4678395
b - 3ton 4 x 2 Austin L. 4675895
c - 3ton 4 x 2 Bedford LL 526233

2. Questo trasferimento fu effettuato su ordine del G-4 (B) con lettera G-4 102/4/G del 5/9/45 non indirizzata a voi.-

3. Ogni sforzo fu fatto perchè si venisse nella decisione di trattenere detti veicoli e l'Ufficiale di Collegamento della Commissione Alleata di Ancona ha rappresentato le difficoltà al Quartier Generale della Commissione Alleata, Public Safety Sub-Commission con sua lettera A/101 del 22/9/45 1945 (copia acclusa).-

4. In considerazione del fatto che l'Ufficiale Comandante la 102 Compagnia F.F.è stato incaricato di ispezionare lo stato dei reparti civili dei VV.FF. allo scopo di portarli a un punto di efficienza tale da rendere possibile il completo allontanamento dei Reparti Militari Antincendi da Ancona, sembrerebbe che il Reparto Civile dovrebbe logicamente aver bisogno di un numero di veicoli superiore anzichè inferiore.-

5. Si fa osservare anche che la fiducia del Comandante del Reparto Civile VV.FF. si è considerevolmente affievolita nel rendersi conto che invece di essere aumentato il numero dei suoi veicoli è stato diminuito.-

6. Si sarebbe grati pertanto se si potessero adottare provvedimenti presso il Distretto o altro Organo Superiore per impedire che la situazione diventi ancora più caotica di quella che è attualmente.-

Subject: Ancona Civil Fire Brigade. 102/9/31
24 Sept.45

DADAPS
HQ 3 District.

1. May attention be drawn to the altered situation in regard to fire cover provided by the Civil Fire Brigade in Ancona and Pescara, consequent upon the return to 10 RVF Cesena of the u/m vehicles:-

a.	3 Ton	4x2	Austin	L. 4678355
b.	3 Ton	4x2	Austin	L. 4675096
c.	3 Ton	4x2	Bedford	L. 526233.

2. This transfer was carried out by order of G 4 (B) whose G4/103/2/P of 5 Sept.45 (not to you) refers.

3. Every effort was made to have arrangements made for these vehicles to be retained, and the A/Liaison Officer, Allied Commission, Ancona has represented the difficulties to HQ, AC Public Safety Commission in his A/121 dated 22 Sept.45 (copy attached).

4. In view of the fact that 00 102 F.F.Coy has been charged with the duty of reviewing the state of the civil fire brigade with the object of its being brought to a pitch of efficiency which would justify the complete removal of Military Fire Cover from Ancona, it would appear that the civilian brigade is likely to require more vehicles, rather than less.

5. May it be observed that the confidence of the Commandante of the Civil Fire Brigade has been considerably weakened on discovering that instead of getting more vehicles, he finds himself with less.

6. It would be appreciated if action could be taken at district or higher level to prevent the situation becoming even more Gilbertian than it now is.

T R A N S L A T I O N

Letter n.6285 BA 5-3 dated 15/9/45 from Ministero dell'Interno -

Subject : Fire equipment displacement.-

To : Lt.Col. R.F.Millhouse, L.C.

Some of the Fire Units now under the Italian Govt. Control, because of the war, have not such an equipment left as to face the usual needs.-

This Office is willing to remove within the shortest possible time such serious shortage and in order to do so it is imperative to displace fire sets to those brigades which most need them, taking a/m sets from brigades still under A.M.G. control.-

We do not think this procedure will meet any difficulty since many North brigades have surplus equipments now the war is ended .-

With this purpose and in order to avoid disproportions among the various regions, the Milan Commissariat of this General Direction has been appointed to make out a list of the engines to be displaced to middle-south-Italy.-

May therefore proper directions be given by your Office to the Regional Fire Offices concerned giving them authority to meet the requests which a/m Commissariat will forward them.- Same Commissariato will contact a/m Offices as,soon as the list in question will be available.-

OGGETTO: Dislocazione mezzi antincendi.-

Fra i Corpi VV.F. passati sotto l'amministrazione del Governo Italiano ve ne sono alcuni che, in seguito agli avvenimenti bellici, sono rimasti con una dotazione di mezzi di soccorso insufficiente a fronteggiare le esigenze dei servizi d'istituto.

E' intendimento di questo Ministero eliminare, il più sollecitamente possibile, tale grave deficienza e per raggiungere lo scopo si rende indispensabile dislocare in quei Corpi che ne hanno più urgente necessità, delle unità antincendi, prelevandole da quelli che sono tuttora sotto il controllo dell'Autorità Alleata.

Non sembra che il procedimento debba incontrare difficoltà di attuazione dato che essendo terminata la guerra vari Corpi del Nord hanno un'attrezzatura esuberante per la loro normale attività.

A tale scopo ed al fine di evitare sperequazioni tra le varie regioni è stato interessato il Commissariato di Milano di questa Direzione Generale di predisporre un elenco delle macchine da dislocare nell'I=

Rome, 8th Oct. 45.

1. In reply to your letter Ref.RVII/PS/18 dated 2nd Oct.45. this H.Q. cannot agree that Civilian Fire Brigades should attend all Military Fires.- All Military Formation are supposed to have established Fire Pickets trained to deal with small outbreaks.-

2. The provision of static water tanks are the responsability of the Military formations and this matter should be dealt with by the Fire Officer No 2 District.-

3. This H.Q. is also of the opinion that the Military Authorities should have available ample stocks of foam compound at selected risks for the use of the Civilian Fire Brigades if and when their services are required.-

4. Arrangements should be made with the Military Authorities for them to replace the Petrol used by the Civilian Fire Brigades when dealing with Military Fires.-

Your previous representation on this matter have been forwarded to the proper authorities but up-to-present without results.-

2 Oct 45

TO : Headquarters Allied Commission
Public Safety Sub-Commission.

SUBJECT : Civilian Fire Brigades at Military Fires.

FILE NO. : RXII/PS/18

1. The Fire Officer No.2 District Headquarters is calling on all Civilian Fire Brigades within his area with a view to telling the Comendante concerned that he should attend all Military Fires and asking for a written statement that he is prepared to do this. As far as this Region is concerned, he has done this with the full agreement of this Headquarters.

2. When it was originally suggested that Civilian Fire Brigades should cover Allied Military Fire Risks, it was stated that it was appreciated that a certain amount of assistance in the way of equipment and material would be necessary.

3. As far as this Region is concerned the equipment may be considered adequate, provided Static tanks are installed where risks are too far away from a water supply. There are not enough tankers available to maintain an adequate supply, should water have to be brought to the scene of the fire. Also, should the military envisage any large petrol risk, stocks of foam compound should be maintained at all such places, as the civilian Brigades do not have large quantities in hand.

4. The petrol allocated to the Civilian Fire Brigades in this Region is hardly adequate for civilian requirements and all efforts on the part of the Regional Commerce Officer, to have this increased have so far failed. On an average, they at present receive about 200 gallons per month per province. If the Civilian Brigades are to be expected to perform satisfactorily at Military Fires, either their allocations must be increased or the Military Unit concerned must be prepared to supply the fuel required.

265

1241

Declassified E.O. 12356 Section 3.3/NND No. 785016

This latter point was taken up with the No 2 District Fire Officer who appreciated the position but said it was against all orders to put Military Petrol into Civilian Vehicles, therefore he was unable to instruct Unit Commanders to supply Petrol for Fire Fighting.

5. May this petrol problem please be passed to AFHQ. for solution ?

SUBJECT : Return of Turn-table from Brescia to Florence.

FILE NO. : RXII/PS/18.7

1. The Commandante Florence Fire Brigade has ascertained that Brescia Fire Brigade have in their possession, a Turn-table ladder belonging to Florence City.

2. This machine was in Milan for repairs and overhaul when Florence was liberated and was, it appears, sent to Brescia.

3. It is reported that it is in perfect condition and ready for service.

4. Florence, is a city that is not well off for modern machines and with its high buildings needs a Turn-table ladder.

5. The writer when in Tuscany, requested its return to Florence and has since applied verbally to Lt.Col. WILSON who suggested direct contact with you.

6. If you will be good enough to issue the necessary orders for its release, arrangements will be made by this Headquarters for Florence to fetch same.

H. Green.

1. The appended is a translation of a letter received from the Comandante Florence Fire Brigade and it was with the knowledge of this Headquarters that he tried to find the machine in question.

2. In point of fact, a Turntable Ladder is a necessity in a City such as Florence and in view of the shortage of Fire Appliances in Toscana Region compared with reports received from the North, it is suggested Florence be permitted to recover this valuable piece of Equipment.

FIRENZE

Nella primavera dell'anno 1944 l'autoscala di questo Corpo (Magirus, interamente metallica ed automatica, 30 metri di sviluppo) fu inviata a Milano, presso la Ditta Bergomi, per riparazione.

Nel periodo di tempo in cui la riparazione veniva eseguita, avvenne la liberazione della città di Firenze e conseguentemente non fu più possibile comunicare con Milano. E questo Comando temeva fortemente che i tedeschi, a similianza di quanto fecero a Firenze, avessero asportata o fortemente danneggiata la preziosa macchina.

Perciò, appena liberato il Nord d'Italia, mi recai in Lombardia con lo scopo di ricercare l'autoscala di cui si tratta e sono riuscito a ritrovarla a Brescia, presso il Corpo Vigili del Fuoco di quella città. L'autoscala stessa è completa di ogni sua parte e, per quanto io non abbia potuto provarla, essa appare in ottimo stato, sì da far ritenere che, nella peggiore ipotesi, essa potrà avere bisogno solamente di essere messa a punto.

Per quanto sopra io prego la S. V. di volere con la consueta cortesia interessarsi per ottenere dalla competente Autorità Alleata l'autorizzazione a riprendere dal Corpo Vigili del Fuoco di Brescia l'autoscala suddetta per ripertarla a Firenze.

./.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Si potrà così ridare a questo Corpo una macchina di valore grandissimo e di grandissima utilità.

In attesa di un benevolo accoglimento della presente richiesta porgo saluti e ringraziamenti.=

MINISTRY OF INTERIOR

N° 3893 Div. 4 Sez.1

Rome, June 20th 45

Subject : Anti-fire materials.

TO : A.C. Public Safety S.C. - Rome -

This Ministry is not in position to make available the services of VV.F. Corps, which are now under the Jurisdiction of Italian Government, on account of the difficulties we meet to supply the necessary materials.

The lack of tyres and hemp-tubes is particularly concerned.

Since in the storehouses of the former General Direction in Northern Italy there is a large stock of the a/m materials, this Ministry apply to your Commission in order to obtain authorisation to withdraw from these stores the materials occurring to the needs of VV.F. Corps.

For the Minister.

TRANSLATION

From : 1° Corpo Vigili del Fuoco ROMA -
Date : 9th June 45
N° : 1914

Subject : Trailor pump -

The traidor pump FIAT 626 Bergomi plate VF.2069 attached to the Mobile Brigade A.M.G. Piedmont Region, has not jet been returned.

This pump is the only one that Piedmont Command has transferred from Tuscany to Piedmont, while the other 4 Austin and 1 Fiat 621 have been sent back.

This Corps needs urgently to have back a/m vehicle which is not necessary there, where the fire equipment has been found intouched.

We kindly ask for the urgent withdrawl of the trailor pump.

Sgd. The Commander
Ing. Magnotti.

Allegati

Non è ancora rientrata presso questo Corpo l'autopompa Fiat 626-Bergomi targata VF.2069, aggregata alla Colonna Mobile A.M.G. Regione Piemonte.-

Questa macchina è l'unica che il Comando Piemonte ha fatto pr. seguire dalla Toscana a Torino, mentre tutte le altre macchine - 4 Austin ed 1 Fiat 621 - sono state fatte rientrare.-

Questo Corpo ha urgente bisogno di rientrare in possesso del proprio automezzo, la cui presenza in Piemonte non risulta affatto necessaria, giacchè tutto il materiale antincendi di quella regione è stato trovato sul posto ed illeso.-

Si prega vivamente di voler sollecitare, tramite gli organi centrali, il rientro dell'autopompa.-

COPIA

3° Corpo Vigili Del Fuoco - Ancona -

N° 893 31 Maggio 45

Ogg. : Servizio Italiano Antincendi .

All' : Ufficio Polizia A.M.G. ANCONA

A seguito del colloquio avuto con il sig. Magg. Manifold, Capo dell'Ufficio di Polizia dell'A.M.G. si conferma che :

Il 3° Corpo Vigili del Fuoco può assumere interamente il servizio antincendi nella zona sottoposta all'A.M.G. e nella intera Provincia di Ancona.

Per raggiungere questo scopo è necessario :

1° Integrare i mezzi già a disposizione con altra grossa autopompa adatta anche al servizio schiuma contro gli incendi di liquidi infammiabili.

Può essere trasferita in Ancona l'Autopompa FIAT 626, targa 2510 VF. che si trova presso il 61° Corpo Vigili del Fuoco a Perugia. Il detto,Corpo possiede una altra grossa autopompa in servizio mentre quella che dovrebbe essere inviata a rinforzare il Corpo di Ancona non è stata mai utilizzata in diversi anni dal suo acquisto ed attualmente è senze accumulatori(che questo Corpo possiede).

Nessun danno quindi deriva al 61° Corpo di Perugia in dipendenza di questo trasferimento.

2° Rimettere in servizio l'autopompa SPA 30 giacente nel distaccamento di Jesi e l'autopompe Fiat 603 giacente in Ancona . Per ottenere questo è indispensabile fornire : N°7 ruote complete (disco, camera d'aria e copertone) della misura 34x 7.

N° 7 ruote complete (disco, camera d'aria, copertone) della misura 32x 6.

Le necessità di avere la macchina di Perugia e rimettere in efficienza le altre due sopramenzionate deriva dal fatto che tutte e tre sono provviste di serbatoio per l'acqua della capacità di litri tremila ciascuno, indispensabile nella nostra zona e nella presente stagione calda a causa della mancanza di acqua negli impianti fissi e per assicurare il servizio schiuma in qualsiasi luogo e tempo.

2 f 05

1296

Declassified E.O. 12356 Section 3.3/NND No. 785016

3° - Possibilmente fornire N°4(quattro) camere d'aria e copertoni misura 6.00x 16 per matenere in efficienza i carrelli di due grosse motopompe da rimorchio e N) 4 (quattro) camere d'aria e copertoni misura 3.25 (oppure 3.50) x 19 per completare la dotazione delle motocicletto.

In vista del movimento nel porto (il quale indubbiamente costituisce la zona di maggiore importanza e rischio dopo i depositi di carburante a terra) si prospetta la opportunità di studiare il ripristino del servizio fisso portuale già esistente in precedenza, provocando o la consegna al 3° Corpo Vigili di adatto natante ove caricare la motopompa o, meglio , il trasferimento in Ancona di una barca pompa da altro porto ove se ne sia salvata più di una.

Subject : Care of Fire equipment.

The following is extract from G 4/102/30/2 dated 6 April 1945.

It will be appreciated that being British controlled Stores all items must be fully accounted for and suggest the following procedure be adopted;-

(1) Fire trailers and appurtenances to be signed for by the Officer i/c Fire Station for service wherever alloted.

(2) Each trailer with appurtenances to be signed over by the Officer i/c to a responsible N.C.O.or equivelent rank i/c squad.

(3) Frequent checks by the Officer i/c to note deficiences and if any the reasons for same.

APO 394

20 April, 1945

AC/14506/PS

SUBJECT : Fire equipment.

TO : A.M.G.O. 8.4. Naples Commune.

1. Reference your PS/ dated 11th April 1945.

2. The request for the return of these pumps after a lapse of over three months is somewhat difficult to understand.

3. The pumps have been vouchered off to the Piemonte and Liguria Regions and it is thought almost impossible to get them returned from 5th Army Area at this time.

4. Attention is drawn to the fact that these pumps were completely overhauled by the Italian Fire Service and much labour and expense was involved in fitting these pumps to trucks.

5. Colonial trailer pumps of 400 G.P.M. capacity do not meet with our indent specifications and they cannot take the place of 150 G.P.M. portable pumps.

JOHN W. CHAPMAN
Colonel, J.A.G.D.

PS/ 11 April 1945

SUBJECT: Fire equipment.

TO : HQ ALCOM (attention Public Safety Sub-Commission, - Capt. Brown).

1. Referring to the 16 medium heavy and 14 light motor pumps sent direct by rail from 2 Sub Depot, 557 BOD to Rome in the early part of this year.

2. Verbal instructions have been received from D.O.S. AFHQ, (conversations Capts Lee - Noble (FREEDOM 991)), requesting the exchange of 14 light pumps for 14 Colonial type.

3. It is suggested the exchange take place at 2 Sub Depot, 557 BOD.

4. In order that the Colonial type pumps may be ready for exchange it is necessary to give 14 days notice to D.O.S. AFHQ of the expected arrival at 2 Sub Depot of the 14 light pumps.

5. These pumps are required for British mobile units for which the Colonial type are not suitable.

Subject: Long Range Projectiles (Spare parts for Italian Fire Vehicles & Ambulances).

To: HQ. AMG., Umbria-Marche Region (attn RPSO).

From: HQ. AMG. Ancona. Public Safety Office

Ref: Anc/CD/15. Fire and C.D.

Date: 10 April 1945.

1. Every effort is being made to obtain locally the spare parts necessary for putting on the road various appliances and ambulances, but little progress is being made and the Prefect seems loath to requisition.

2. Attached is a list of the spare parts needed with notes on their priority.

3. In view of the fact that much of the Military Fire equipment here may be withdrawn at any moment and in view also of the very high fire risk occasioned by certain military installations, it is requested that the list be forwarded to HQ. AC: with a request that efforts be made to obtain the parts in Rome or other centres in liberated Italy. It is thought that many of the parts are available if pressure be brought to bear on the Ministry of Interior (Anti-Fire Services)

SUBJECT : Equipment for Civilian Defence Livorno.

TO : Public Safety Sub-Commission,
Headquarters, A.C. - C.M.F.

1. Reference our letter RVIII/PS/IO.5 I3 March 45.

2. To complete the necessary light rescue equipment for Livorno, the Comandante of the Fire Service has requested the undermentioned items that he had expected to be able to procure locally:-

8 large jacks with long range of travel
(binde per sollevamento)
8 Saws
8 Hammers (small)

3. If any or all of these items are available from UNPA stocks in Rome, arrangements will be made by this Headquarters for their collection.

A. W. ROWLERSON,
Lieut. Colonel, G. L.,
Regional Public Safety Officer.

ALLIED MILITARY GOVERNMENT
TOSCANA REGION

FILE : R-VIII/PS/10.3 26 March 1945.

SUBJECT : Fire Service Equipment - Siena Province.

TO : Public Safety Sub-Commission
Headquarters, A.C. - C.M.F.

1. At present there is no wheeled escape ladder available in Siena and in view of the very narrow streets and high buildings which make other means of rescue very difficult, the Comandante of the Fire Brigade has requested that one of these be transferred to Siena from the South of Italy.

2. In most of the other towns of Toscana where the same difficulties have been encountered and where no wheeled escape is in the possession of the Fire Service, one is available in the hands of either the local Electric Supply Company or Tramway Company and the Fire Service has made arrangements to use it in an Emergency. It is appreciated that this is not ideal but in view of the shortage of such appliance in Tuscany, this was the best that could be done.

3. If one of these escapes can be made available arrangements will be made for its collection.

A. W. ROWLERSON,
Lieut. Colonel, G. L.,
Regional Public Safety Officer.

Extract from C 4/102/30/2/ dated 6 April 1945.

It will be appreciated that being British Controlled Stores all items must be fully accounted for and suggest the following procedure be adopted;

(1) Fire trailers and appurtenances to be signed for by the Officer i/c Fire station for service wherever allotted.

(2) Each trailer with appurtenances to be signed for by the Officer i/c to a responsible N.C.O.or equivalent rank i/c squad.

(3) Frequent checks by the Officer i/c to note deficiences and if any the reasons for same.

ALLIED MILITARY GOVERNMENT

Subject : P.A.D. Pesaro

To : HQ. AMG/AC. Abruzzi-Marche Region(attention R.P.S.O.)

From : FPSO Pesaro Prov.

Ref : PU/P/10

Date : 9 Feb.1945. 45 C/D

1. Herewith application received at this Office from P.O. Pesaro.

2. Repeated applications have been made through Army sources for the items mentioned but without success.

3. The P.A.D. scheme was formulated by Army and local authorities had to cover their own C.D. plan.
Could the application be submitted through AMG channels with the request that every possible endeavour be made to obtain the articles mentioned which are necessary for the operation of an efficient C.D. scheme in Pesaro.

4. Forwarded for consideration and action as necessary.

SUMMARY OF C.D. & FIRE FIGHTING MEASURES - PESARO

1. AVAILABLE

(a) 2 First Aid Posts

(i) 43 Corso XI Settembre, consisting of:-
2 Doctors
1 Orderly
2 Stretcher Bearers
Equipment 2 Stretchers
Quantity of cotton wool and gauze
No instruments.

(ii) 23 Viale Cialdini, consisting of:-
2 Doctors
1 Orderly
2 Stretcher Bearers
Equipment 2 Stretchers only.

(b) 4 Rescue Squads.

(i)	Viale D. D'Aosta (Fire Bde).	1	Geometer.	11	Labourers.	2	Police DRs
(ii)	Conventi dei Frati Cappuccini	1	"	14	"	2	" "
(iii)	5 Via Belvedere	1	"	12	"	2	"
(iv)	Via Decio Raggi	1	"	14	"	2	"

Also 2 Police DRs at HQs.

(c) Fire Bde.

4 Fire Craws (deployed in emergency)

(i)	Trailer pump and ordinary pump.	Crew of 7.	
(ii)	Motor pump and trailer	" " 7.	
(iii)	M/C with trailer	" " 7.	} Doubtful starters.
(iv)	" " "	" " 7.	}

Also 2 DRs and 9 spare men.

2. SUGGESTIONS BY ITALIAN AUTHORITIES

(a) Direct line from ACC to Fire Bde that may warn churches to sound alarm by ringing bells. (Procedure far too slow - raid would be over).

(b) No rehearsal necessary as organiwation efficient. (Nonsense)

(c) 6 Emergency Static Water Tanks be filled for fire fighting. (Excellent if tanks are clean).

1384

SUBJECT : Fire Fighting Equipment.

TO : The Director,
Public Safety Sub-Commission
HQ. AC.
(for attention of Capt. Brown)

1. Reference recent conversation (Capt. Backman - Capt Brown).

2. I would appreciate having you send one of the Army Fire Trucks, fully equipped as soon as possible to Riccione and would also like to have a portable pumper placed on board.

3. Two drivers are necessary and if it does not cause too long a delay I would like to have Driver Arduino Luciano from Naples as one of them.

4. As you are assembling apparatus and equipment, I would appreciate having you retain one more Army Fire Truck and six trailer pumps for use in this Region.

5. Thanking you in advance.

SUBJECT : Request for three Motocarri.

TO : Regional Commissioner Toscana Region
(Attention R.P.S.O. and Capt. Mac Dougall).

41A

1. Reference letter from Captain Mac Dougall dated 5th February 1945, requesting that three U.N.R.A. three wheeled trucks be transferred from Rome to Florence.

2. In this connection, it is pointed out that the five best trucks have already been transferred to Florence and a further 3 trucks (without tyres) are being transferred to Livorno.

3. The number of available trucks in good order (minus tyres) remaining in Rome is ONE.

4. No other region has received any of these vehicles and, in the circumstances, it is regretted that Captain Mac Dougall's request for a further 3 trucks cannot be complied with.

SUBJECT : Request for three Motocarri.

TO : Regional Commissioner Toscana Region
(Attention R.P.S.O. and Capt. Mac Dougall).

4IA

1. Reference letter from Captain Mac Dougall dated 5th February 1945, requesting that three U.N.R.A. three wheeled trucks be transferred from Rome to Florence.

2. In this connection, it is pointed out that the five best trucks have already been transferred to Florence and a further 3 trucks (without tyres) are being transferred to Livorno.

3. The number of available trucks in good order (minus tyres) remaining in Rome is ONE.

4. No other region has received any of these vehicles and, in the circumstances, it is regretted that Captain Mac Dougall's request for a further 3 trucks cannot be complied with.

Frank Dixon M.Col.
JOHN W. CHAPMAN
Colonel, J.A.C.D.

LUR/42

ALLIED MILITARY GOVERNMENT

CITY OF FLORENCE

5, February, 1945.

SUBJECT: Request for three Motocarri (UNRRA)

TO: Captain A.J.Brown, P&C.D.Officer Region IV

1. Since our discussion last week concerning the UNRA motorcycles which are in Rome without tires or wheels, I have conferred with the Commandante here in Florence regarding this matter.

We have decided to send down there for three of the motorcycles.

2. As soon as I hear from you and you have the approval of this transfer of equipment I will send down to Rome for them. I will send down wheels, tires, drivers etc., necessary for the trip back here.

3. I will appreciate very much your co-operation in this matter as these vehicles are badly needed here in Florence to carry on the activities of UNRRA. I hope that the three motorcycles that will be assigned to Florence can be prepared for the trip so that when my men arrive it will only be necessary for them to install the wheels.

4. I am now preparing plans for the men to make the trip down to Rome but must await your reply before they start on this trip.

ALLIED MILITARY GOVERNMENT

CITY OF FLORENCE

1, November, 1944

Dear Friend Brown:

I have had a talk with Sig. Cuccio since his arrival here with the UNRA Trucks and he has informed me that he was successful in obtaining some spare parts for some of the Fire Trucks in Rome. ?

Sig. Cuccio is also of the opinion that with your help he can do the same thing in regards to some spare parts that are badly needed for a Fire Truck in Pistoia.

The pieces that are needed are as follows:

1; Scattola completa differenziale FIAT 525

2; Spazzola distributore spinterogeno OM

3; Spazzola rotante per spinterogeno Mosch a 4 cilindri

4; Chiave premistoppa pompa ad acqua FIAT 525

If you can help him it will be greatly appreciated and it will put another badly needed piece of Fire Apparatus back in service in the Province of Pistoia.

Hoping this finds you and Major Brannigan enjoying yourselves and not working too hard.

Respectfully,

A. W. MacDougall

If you are fortunate enough to locate all or any of these parts please let me know at once where I can pick them up and I will send for them at once or maybe you can send them to me here in Florence.

subj: Materials service - Allotment of extract of liquorice for chemical fire-estinguishers
reply : ACC/I4505/P3,date 23 October 1944

17A

We agreed with your opinion,about the allotment of 15 barrels of extract of liquorice,lodged with Palermo A.C.C.,to the 5th VV.FF. Corps,in Palermo for distributmon to others Sicily Corps.

About the extract of liquorice lodged in Bari,we suggest the following allotment:

- 2 Tons to 54th VV.FF.Corps of Naples
- 1 Ton. to Bari 10th Corps
- 11 Rolls(drums) to Brindisi 17th Corps
- 11 " " to Taranto 40th Corps.

2494

With these materials it is necessary ~~the~~ to provide for the others ingredients needed for the production of chemical froth (Sulphate of aluminium and Bicarbonate of sodium) and this will be done by Corps concerned.

(Attention Major G.H.I. Mason, Fire and CD Section)

12A File 14506/1/P3

1) Reference your ACC/I4506/P3, dated 21 October 1944
2) One motor pump and one water tanker from 54°Corpo Vigili del Fuoco of Naples will leave Naples at 0500 hours 25 Oct. 1944 for Rome en route to Florence
3) The drivers, ARDUINO Luciano - Identity Card N°I492 and OTTIGLIO Mario, Identity Card N°I036 are carrying 6 days rations, they have been instructed to report to the Fire and CD. office in Rome to collect their passes and to report to the Comandante of Fire Service in Florence.
4) Particulars of the water tanker are as follows :
British "Chevrolet" 3tons 4x4 N°I3070I6, complete with water tank.

re 15A

5) It is impossible at the moment to supply further water tankers owing to the inability to effect repais to existing tanks by virtue of the absence of acetylene for use in oxy - acetylene burners, a shortage which is applicable to the whole of the Fire Stations in Southern Region.
6) Application has been made through Economics and Supply Division for acetylene, either loose or in cylinders, but without success. A request has been forwarded from this office to A.D.O.S. 5th area in an attempt to obtain some from military sources, so far no reply has been received.
7) It is highly desiderable that supplies of acetylene either loose or in cylinders, be available for Italian Fire Services and the assistance of HQ. in this connection is requested.

REF : RS/5114/6.
DATE : 14 October 1944.

1. The Ancona Province Fire Brigade, 3 Corpo Vigili del Fuoco, is already giving excellent help to the British military fire fighting authorities, but the risk is dangerously high and the corps is very short of transportation.

2. One fire car for light pump and one self propelled foam pump have already been ordered from Ascoli Piceno (see separate report) and the Army can supply the foam compound needed.

3. It is urged in addition, however, that two of the Allied 2½ or 3 ton trucks of the type allocated in Naxi, Naples etc. be sent as soon as possible to the Ancona Brigade so that they may be able to use two medium pumps available, and render much greater assistance.

4. Ingegnere Albertini, the Commandante of the Corpo, seems to be most capable, intelligent, and enthusiastic officer and his men and the state of his gear are a great credit to him.

For the Regional Commissioner:

S. PICCIOTTO,
Lt.Colonel,

TO : HQ. ACG. Ascoli Piceno Province.
FROM : HQ. ACG. Abruzzi-Marche Region.
SUBJECT : Assistance to Ancona Fire Brigade.
REF : RS/511/6.
DATE : 14 October 1944.

1. At joint request of Army and Italian fire fighting authorities in Ancona it has become necessary to send urgently one fire car (without pump or pump equipment) and one four pump complete from this area on temporary loan to the 3 Corpo Vigili del Fuoco from Ascoli Piceno Province, 7 Corps. Will you give the necessary instruction to the comandante, informing him that the drivers should report to Maggiore Albertini, at the Ancona Fire Brigade HQ and obtain receipts in detail.

2. HQ.ACG. is being informed so that the Ministry may be aware of the loan.

3. It is suggested that the fire car be dispatched from Terno, where there is already another good fire turnout and the risk is small.

4. Autobotte ordered from Ascoli Piceno to Pescara has not yet arrived.

To see attached correspondence.

There is an all round shortage of clothing and motor car tyres. I am unable to do anything to help Viterbo in obtaining supplies. Is the Ministero dell Interno able to help?.

If the light trucks are required for the purpose of clearing debris the possible loan of one or two UNPA three wheeled trucks might help.

Would you let me have your views please?.

Sub: Request anti-fire material

As is known, on account of the latest war events, a great deal of anti-fire material has been destroyed or dispersed and especially a great many of the vehicles given to the Corps.

For the purpose of obtaining a better and more adequate functioning of institution service it is necessary to give the Corps some vehicles and other anti-fire material.

Consequently, we beg this Command to be willing to furnish this Corps with the below indicated materials that are the most urgent for the regular working of the anti-fire service.

68° CORPO VIGILI DEL FUOCO
VITERBO

1450

Viterbo, 2 ottobre 1944

Prot. N° 140/12

OGGETTO: Richiesta materiali antincendi.-

Al Comando della Polizia
Alleata
VITERBO

Come è noto, a causa degli ultimi avvenimenti bellici, molto materiale antincendi è andato distrutto o disperso e, in modo particolare molti degli automezzi in dotazione al Corpo.

Allo scopo di assicurare un migliore e più adeguato funzionamento del servizio, d'istituto, si rende necessario dotare il Corpo di alcuni automezzi e di altro materiale antincendi.

Si prega pertanto Codesto Comando di voler fornire questo Corpo dei sottoelencati materiali che si rendono più urgenti per il regolare andamento del servizio antincendi:

1) Autocarro leggero	n°	1	light truck
2) Autocarro pesante	"	1	heavy "
3) Copertoni della sez. 3,25x19	"	4	Tires
4) Camere d'aria "" 3,25x19	"	4	inner tubes
5) Copertoni della sez. 5x50x15	"	4	Tires
6) Camere d'aria "" 5x50x15	"	4	inner tubes
