B. Provincial Police Officers :-

Each officer must make application to <u>his own Chief Constable</u> for such permission.

3. In all cases it is necessary for permission of the Police authority to be obtained before finally agreeing to extended service in the Army.

4. Will Officers who desire to serve on please forward the applications to their respective Police authorities through this Office to enable records to be kept of the future strength of officers of the P.S. Division

5. Sir Harold Scott assured me that Metropolitan Police Officers serving abroad are not "<u>forgotten children</u>" but that they are considered with Officers serving at home when their turn for promotion comes round.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Whether they are selected for promotion or not rests with the Selection Board and he could make no promise of future promotion to all or any individual officer.

6. So far as Provincial Police Officers are concerned, it will be realised that I could not see all C.Cs. However Sir Frank Brook ~~is~~ fully ~~out here,~~ ~~he~~ appreciates the good work done out here and there is no doubt the various Police authorities will take these facts into consideration when considering the question of filling vacancies in their respective forces.

MINUTE 1

C.A.S.

Exec. Comm. has asked that an Aide Memoire be prepared on the subject of the lack of clothing, arms and transport for CC.RR and other police forces. This will be handed to SACMED by the C.C.

The matter concerning the CC.RR has been prepared by MMIA at 71A. The particulars concerning other Police forces are at 72A.

No request for assistance is made in 71A and there does not appear to be any point in writing this into an Aide Memoire. If this is agreed, then perhaps the Aide Memoire should not be prepared concerning the other Police forces, particularly as it is presumed that it would be handed to the S.A.C. at the CC.RR parade on 7 November 1945.

(Attention Mr. L.v.R. White), Milano.

1. Reference your AMG/IND/5134 dated 18 Dec., 1945.

2. It is well appreciated that the Public Safety Officers in the Northern Regions are very interested in clothing the police agencies in their regions. However, the Ministry of Interior has the responsibility of trying to clothe the regular police forces. At the present time there are many bodies hooked on to the regular forces as so-called auxiliaries who cannot under any provision of Italian law qualify as members of the police agencies. Under no circumstances can we justify the clothing of such persons. It is for this reason that we approve of delivery of materials to the representative of the Ministry.

3. There is no reason to believe that the material so delivered is exclusively for South Italy.

1. Reference your AC/14601/8/PS of 24 November I945.

2. Investigation on the part of this office has shown that no block on the delivery of cloth has been placed by the Allied Officers as alleged by the Ministry of Interior. The 35.000 metres of cloth are being released to the Police Forces according to schedule but objections have been raised by the Public Safety Officers in the Northern Regions because the Ministry of Interior has ordered that the entire quantity be sent to Rome leaving nothing for Northern Italy.

3. This office is attempting to make up this deficiency by having the clothing needs of the Northern police forces met from stocks of captured enemy materials. However, the desire of the Ministry of Interior to take all of the material released for South Italy hardly seems justifiable.

4. Once the a/m materials are released from captured enemy dumps it is expected that the clothing program for the Northern police forces will proceed rapidly and smoothly.

2. Additional reports from the TARVISIO CIC state that clothing difficulties are being experienced there, and that the Italian personnel (para 6 of our letter of 6 Nov 45) have announced their intention of returning home on account of lack of warm clothing, and of being unaccustomed to the cold.

3. 17 CCRR have arrived at CIVIDALE - two more than detailed, and it is intended to transfer the latter to TOLMEZZO.

4. Attached is copy of a report from the FSO of 411 F.S.Section in whose area the TOLMEZZO group of posts (including those given in para 5 of our letter of 6 Nov 45) lie. The difficulties attending the establishment and maintenance of these posts would seem to be insuperable, unless the equipment and stores mentioned are provided, and more suitable personnel can be made available.

5. A further difficulty is that the Italian personnel involved do not appear to have received the necessary orders from the Italian Government. Those that have arrived have not shown any appreciation of their function. The only Commissario whose arrival has been reported is Dr ZACCHEO, as stated in our previous letter, he returned very shortly afterwards to ROME, without having made any provision for his men.

6. Whilst FS Sections and CIC have been instructed to give all reasonable help in the matter, it is clear that they cannot be responsible for producing rations, transport, equipment and accomodation for the numbers involved. A special difficulty arises in the case of P.S. men for the reason given in para 4 of the attached report. Most of the named personnel are in this category.

7. In addition to the CC.FF posts in the TOLMEZZO area, set out in para 3 of the attached report, there is one at MOGGIO (C3858). P.S.O. 411 F.S.S. has suggested as good sites for posts which would be easier to maintain:-

2. It would seem also that it was blankets and not cloth which was blocked. In other words there was a misunderstanding with all sorts of people coming to wrong conclusions and I understand Mr. White has now cleared the whole matter up with Rome.

TO : A.C. for Executive Commissioner

1. It has been ascertained from the War Ministry that since the 1 Oct 45 30,000 sets of uniforms have been made available in depots under control of the CC.RR.

2. From stocks of clothing recovered by the Italian Army 72,000 metres of blue cloth are in process of manufacture exclusively for use by the CC.RR.

In addition sufficient grey green cloth has been recovered to manufacture

100,000 uniforms,
93,000 greatcoats

A substantial proportion of this clothing should be nearing completion in December 1945 and will be available to meet further demands by CC.RR H.Q. on Army stocks.

3. It is hoped that reports received in the near future will reflect the action taken by the Military Administration to improve the turn out of CC.RR units.

Any failure to replace boots or articles of clothing which, having due regard to economical standards are considered unfit for wear will be attributable to mal administration on the part of the CC.RR.

4. Liaison Units of Land Forces Sub-Commission are being instructed to report any examples of such faulty administration which come to their notice.

In relazione alla richiesta sopra indicata per l'assegnazione di materiali di vestiario per gli Agenti di P.S. di Genova, si comunica che manca, in via assoluta, la possibilità di aderirvi e che non si prevede, peraltro, in quale epoca potrà verificarsi la disponibilità del materiale stesso.

Tali ragioni valgono anche per quanto riguarda il pagamento dei prodotti da acquistare, e, in proposito, si richiama la ministeriale 999.9750.7/18836 del 28 ottobre u.s., con la quale venne particolarmente esposta la situazione.

1. Following is a memorandum received from the Carabinieri Group of UDINE.

"Numerous stations of the Tolmezzo Company situated in the high mountains have no blankets so that the soldiers suffer from the severe winter cold with consequent damage to their health and they are not able to take care properly of their duty. Many soldiers have no woolen clothes (underwear and socks)."

2. I have many times written to the Sub-Commission asking for clothing for CC.RR and have been assured that the Carabinieri Command is well aware of the needs of the Carabinieri in the north and will doubtless do their best to provide for them.

3. In face of the request quoted above which is not exaggerated I again drew attention to this matter and ask that the CC.RR Command be made aware of the fact that the needs of their men are real and urgent, and be asked to expedite by all means possible delivery of requisite clothing before the heavy winter sets in.

To:- A.C.
for Executive Commissioner.

The attached memorandum M3I/1 dated 13 Nov 45 was brought by the hand of a clerk to this Sub Commission, and is now returned. It is not clear what action was intended to be taken.

The administration of the CC.RR is entirely in the hands of the War Ministry. It is appreciated that high priority is to be given to the re-organisation and re-equipment of the CC.RR.

Pending the arrival of the additional officers to deal with CC.RR matters, the existing staff of Land Forces Sub Commission will maintain close touch with the department at the War Ministry responsible for clothing, arms and ammunition and transport of the CC.RR.

The War Ministry have been urged to take energetic action to meet the demands of the CC.RR, and where Allied assistance is necessary, this Sub Commission will represent the matter to A.F.H.Q.

It is not considered that Allied assistance will be necessary, except in the provision of arms and ammunition, and action is being taken now on this subject in conjunction with Public Safety Sub Commission.

If any specific example can be quoted of Army Authorities failing to support the demands of the local CC.RR, it will be appreciated if this Sub Commission may be informed.

Details of the administration of the CC.RR and the method by which unit requirements are notified to higher authority rest with the Italian Authorities.

SUBJECT: Assignment of blankets and other barrack material for Italian Police Forces in Northern Italy.

The National Institute for Foreign Trade refers that the A.C. has assigned a quantity of blankets and other goods to this Ministry for the Italian Police Forces in Northern Italy,and that relative expences must be added to passive - balance of this Administration.

Since the provinces to where material in question is designed,are not yet under the jurisdiction of the Italian Government this Ministry has not the funds necessary to cover said expences and is unable to ask credit of relative funds.

Moreover,as this Ministry has no knowledge of destination of said material and having no possibility of controlling it,unable to issue orders and direction to its dependant Offices,cannot even undertake responsibility of it.

Vice-versa,the Military Allied Government,can get directly in contact with Prefects of Administrated provinces for possession of barrack material assigned them,appropriating relative expences from own balance-sheet, subjecting reimbursement to the Italian State.

Please inform us of action taken in regard.

OGGETTO Assegnazione di coperte ed altro materiale di casermaggio alle Forze di Polizia dell'Italia del Nord.

L'Istituto Nazionale per il Commercio Estero ha comunicato che codesta C.A. ha assegnato vari quantitativi di coperte e di altre merci a questo Ministero per essere destinate alle Forze di Polizia dell'Alta Italia e che la relativa spesa dovrà essere imputata sul bilancio passivo di questa Amministrazione.

Poichè le provincie cui è destinato il materiale in oggetto non sono ancora sotto la giurisdizione del Governo Italiano, questo Ministero non si trova ad avere stanziato nel proprio bilancio la spesa relativa al casermaggio per tali provincie e non può chiedere il relativo accreditamento di fondi.

Inoltre non essendo questo Ministero a conoscenza della destinazione del materiale stesso e non avendo la possibilità di controllarlo, non potendo emanare ordini e direttive agli uffici dipendenti, non può neanche assumerlo in carico.

Il Governo Militare Alleato, viceversa, potrà prendere diretti accordi con i Prefetti delle provincie amministrate per la presa in consegna del materiale di casermaggio eventualmente loro assegnato, imputandone la relativa spesa sul proprio bilancio, salvo poi rivalsa verso lo Stato Italiano.

OGGETTO Assegnazione di coperte ed altro materiale di casermaggio alle Forze di Polizia dell'Italia del Nord.

L'Istituto Nazionale per il Commercio Estero ha comunicato che codesta C.A. ha assegnato vari quantitativi di coperte e di altre merci a questo Ministero per essere destinate alle Forze di Polizia dell'Alta Italia e che la relativa spesa dovrà essere imputata sul bilancio passivo di questa Amministrazione.

Poichè le provincie cui è destinato il materiale in oggetto non sono ancora sotto la giurisdizione del Governo Italiano, questo Ministero non si trova ad avere stanziato nel proprio bilancio la spesa relativa al casermaggio per tali provincie e non può chiedere il relativo accreditamento di fondi.

Inoltre non essendo questo Ministero a conoscenza della destinazione del materiale stesso e non avendo la possibilità di controllarlo, non potendo emanare ordini e direttive agli uffici dipendenti, non può neanche assumerlo in carico.

Il Governo Militare Alleato, viceversa, potrà prendere diretti accordi con i Prefetti delle provincie amministrate per la presa in consegna del materiale di casermaggio eventualmente loro assegnato, imputandone la relativa spesa sul proprio bilancio, salvo poi rivalsa verso lo Stato Italiano.

Ciò premesso, si prega di far conoscere le determinazioni che saranno prese al riguardo.

1. A request has been received from the Questore, Naples for the provision of 400 raincoats or mackintosh coats for use by P.S. Agents employed on traffic duty within this city.

2. The position here in this respect is very serious and it will be appreciated that these men cannot be expected to perform their duties with any degree of efficiency during the forthcoming winter unless some provision is made for them in the way of protection against inclement weather conditions.

3. May some provision be made please, as early as possible, to meet this urgency?

BRIGADIER LUSH

ALOCK FOR CHIEF COMMISSIONER

CONFIDENTIAL

1. You are aware of the desperate condition of the police agencies in respect of clothing. There is in LOMBARDIA Region and other Regions in the North, a large quantity of uniform material and shoes sufficient for a large part of the CARABINIERI and other police agencies. Whilst realising the necessity of clothing the Italian Army, it is most urgently recommended that a decision at the highest level be taken to unfreeze these stocks which have been blocked for 5 months, and issue them to those members of the forces of law and order many of whom are already on duty above the snow line and who therefore should in my opinion have priority over the troops of the Italian Army.

2. Every Regional Commissioner has stressed this point to me with great emphasis and it is patently absurd that men should be required to attempt to preserve law and order without clothes while stocks of clothing lie idle in factories and warehouses. GOC 2 Corps 2 has expressed himself strongly in the matter.

3. As stocks are now controlled by the Italian Government, would it not be possible to get the PRIME MINISTER to give and order unfreezing these stocks and giving priority to CC.RR and police agencies.

4. The drill/advised here would be for MINISTRY of WAR to release necessary as I am material for conversion into uniforms. The North Italy Industrial Council would then distribute material to the textile and clothing committee with the order to convert into uniforms. This can then be done with supervision from AMC so long as is exists.

SUBJECT : Grey-green cloth assigned by the Ministry of Industry.

The Ministry of Industry assigned to this Ministry 35.000 metres of grey-green cloth, required to clothe the P.S. Agents, to be taken from some North Firms.

In view that such quantity of cloth is scarcely sufficient to clothe only 4.500 men and seeing that it is necessary to provide for the equipment of 64.000, we communicate that the officer in charge (Lieut. Colonel Guzzardi) to whom such material is to be delivered, has pointed out that the Firms in question were ordered by the Allied Command of the Lombardia not to proceed to the delivery.

As we have several times pointed out to your Commission great difficulties are met in re-organizing the police forces especially for the lack of materials required for clothing and equipment.

Consequently if the Allied Authorities of Lombardia really want to requisition the a/m small quantity of cloth, this administration will get into more difficulties.

Accordingly we beg your Commission to give orders so that the a/m requisition should be annulled.

1 Clothing and Equipment. Now entirely in the hands of War Ministry. Sufficient stocks are available. 10,000 recent increase (now PR-TTI) will revert to War Ministry for administration on 15 Nov 45. Issues from PR-TI stocks up to 100% will be made by that date.

2 Arms and Ammunition. Entirely in the hands of the War Ministry. Stocks extent in automatic weapons, sufficient.
Essential that output Beretta Factory be released for War Ministry. AFHQ decision awaited.
Large quantities of automatic weapons were issued from Italian Army Depots for "Partisans". These should be returned to the Italian Army. This matter is under active consideration.

3 Transport. Lend carriers are now being allotted. If the Ministry of Transport honour their agreement, a substantial improvement should soon be apparent. Allied vehicles are omitted from Ministry of Transport including proportion of jeeps and light cars badly needed.
AFHQ are being approached to authorise
(a) retention of armoured cars borrowed for the four mobile regiments in the North,
(b) issue of additional 50 such AFV's.

B POLICE FORCES OTHER THAN CC.AR.

1 Apart from the Carabinieri, the Police Agencies dealt with by the Allied Commission (Public Safety Sub-Commission) are:-

Agents of Public Security
Finance Guards
Forest Guards
Prison Guards
Municipal Police.

With the exception of the Municipal Police, all the above forces are national in character. They are all urgently in need of clothing, arms and transport.

2 Clothing. During hostilities, very little clothing was made available to the Police forces owing to military priorities. On the cessation of hostilities stocks of clothing and manufacturing materials were all blocked pending decision as to military requirements. Certain limited supplies are now becoming available.

No reply has yet been received, and the allotment of these arms now becomes a matter of urgent necessity.

This Commission does not deal directly with the equipment of the Police forces. It would be appreciated therefore if military needs could be limited to a minimum and that priority be given to Police forces when allotting the extra materials made available. Experience has shown that dyed British battledress is not satisfactory for issue. The dyeing process causes the garments to shrink

1) The supply of watermantels and coats for the Lombardia P.S. Guards, is absolutely impossible because of total lack of said clothing.

2) The funds assigned to said supply are strictly sufficient for the Provinces under Italian Administration; on the other hand the Ministry of Finance would not add further funds for the Provinces, which are not administrated by the Italian Government. In fact, said Ministry is gradually preceeding to the addition of further funds, only after single Provinces are handed over to the Italian Administration.

As a matter of fact, this Ministry cannot afford the clothing supplies for P.S. agents on duty in Provinces, which are still under Allied Administration; on the other hand the situation of many among said agents(especially auxiliares ones) will be definitely cleared only after their passage under the Italian Government.

3) Consequently, this Ministry cannot give to Lieut. Col. GUZZARDI (Milan) any authorization to proceed to the purchase of clothing for the P.S. agents in force at the Milan Province.

Anyway,a/m Officer has been informed about the orders issued by your Commission, and he will also dommunicate eventual

He has been thus invited to communicate with Mr. Weite and Mj. Fowler, as by advice of your Commission.

OGGETTO Indumenti per agenti di P.S.

In relazione alle lettere n.A.C.14613.5.P.S.del 24 settembre, n.A.C.14601.8.P.S.del 25 settembre, n.A.C.14601.8.P.S.dell'8 ottobre e n.A.C.14601.8.P.S.del 26 ottobre c.a., si comunica che:

1) Non è possibile la fornitura di impermeabili e pastrani per gli agenti di P.S.della Lombardia per assoluta indisponibilità di tali indumenti;

2) I fondi stanziati in bilancio sono strettamente commisurati al minimo fabbisogno per le provincie restituite all'Amministrazione Italiana, nè, d'altra parte, il Ministero del Tesoro consentirebbe ad integrare i relativi stanziamenti per spese riferentisi a provincie non amministrate dal Governo Italiano.

Difatti, il predetto Ministero ha promosso sinora i provvedimenti legislativi di aumento di fondi soltanto man mano che le singole provincie sono state restituite al Governo Italiano.

In tale stato di cose, questo Ministero non può assumersi l'onere della spesa per la vestizione degli Agenti di P.S.delle provincie tuttora amministrate da codesta Commissione, tanto più che per gran parte di essi, e precisamente per gli ausiliari, soltanto col passaggio all'Amministrazione Italiana, potrà essere provveduto alla definitiva sistemazione.

3) In conseguenza, nessuna speciale autorizzazione questo Ministero può dare al T.Colonn.Guzzardi di Milano per gli acquisti di effetti di vestiario relativi alle Forze di Polizia di quella Provincia.

Comunque, sono stati presi contatti col predetto ufficiale, cui sono state impartite istruzioni conformi a quelle richieste da codesta

Commissione, con l'incarico di segnalare altresì le possibili forniture occorrenti per le Forze di Polizia delle provincie passate al Governo Italiano, per le quali sono state concretate le modalità di pagamento atte ad agevolare la sollecita definizione degli acquisti.

4) Ad avviso dello scrivente, lo stesso T.Colonn.Guzzardi, per gli acquisti degli indumenti occorrenti agli agenti di P.S., dovrebbe interessarsi non soltanto per la Lombardia, ma anche per le altre regioni dell'Italia settentrionale.

All'uopo, egli è stato invitato a mettersi in contatto con Mr.Weite e con il Msgg.Fowler, come indicato da codesta Commissione.

SUBJECT : Police Forces of Central and Northern Italy.

TO : Colonel N. E. FISKE, Acting Executive Commissioner,
Headquarters Allied Commission, Milan.

1. A general survey of law enforcement agencies in AMG areas and also areas under the jurisdiction of the Italian Government reveals a serious shortage of arms, ammunition uniforms and especially transportation. If we suspect any truth in current rumors among the civilian population, and frequently voiced in the press, regarding a general or even isolated uprising in Italy when the Allies leave this country, we can be sure it will be quite successful unless we put the police forces in operation efficiently. There is no denying the fact that a great percentage of Italian police forces are armless and practically immobile.

2. In the Pisa area especially is there a dire need for uniforms, weapons and transportation. According to the Commander of the Pisa Carabinieri none of his regular assigned men have a police uniform, and are in civilian clothes. There are thirty pistols per one hundred men, the rest being armed with antiquated muskets. For transportation they are dependent on privately owned vehicles. The request for transportation by Pisa was labeled more important than uniforms, and the latter is approaching an impossibile stage with the coming of winter. Even one vehicle of any type would help relieve the humiliating situation of having to borrow transportation from private individuals when an emergency occurs. Needless to say an immobile police force can hardly be expected to produce results. With these circumstances prevailing not only is the morale of the agency undermined but crime is encouraged.

3. The critical situation regarding uniforms cannot be stressed too much since the need is general. However, aside from the fact that the Carabinieri referred to above are forced to operate entirely without uniforms, consideration must be focused on the Border-Patrols of Northern Italy, where Italian

and Swiss Guards are on duty side by side. As a general rule the Carabinieri's uniform is entirely inadequate for wear in these frigid zones. To illustrate the situation better it may be added that the Swiss counterpart are wearing heated boots in these same areas.

1. Reference is made to our letter of even number dated 3 October enclosing a letter from the Regional P.S. Officer Lombardia, in which it was requested that Col. GUZZARDI should deal with the question of Police clothing in Milan.

see 66A

2. A further letter has been received from the R.P.S.O. Lombardia in which it is made clear that little progress has been made in this matter. Attention is also drawn to the hardships that will be suffered by Police in the coming winter if clothing is not made available.

3. Certain stocks of clothing can be made available in Milan through Mr. White, Northern HQ, Commerce Sub-Commission. It may be that releases will need to be arranged in conjunction with the Ministry of Industry Commerce and Labour. Mr. White in Milan will give every assistance in this respect.

4. Will you please arrange as an urgent measure that your representative in Milan contacts Mr. White and Major Fowler R.P.S.O. when this whole matter can be discussed with a view to immediate issues of clothing.

1. With reference this HQ letter PS/3.6 dated 4 October 1945 and enclosures, and previous correspondence in connection with the above, it is desired to point out that it is colder in Milan than it is in Rome and it is much colder still in the Frontier Regions.

2. Most of the police are still without greatcoats and many have received no uniforms or warm underclothing.

3. May the releases for materials please be forwarded without delay.

4. Failing obtaining the necessary releases it will be necessary to purchase some unblocked material which is at a figure of about 1300 lire per metre.

5. It would be easy in many ways if the open release order could be made out in favour of Colonel Guzzardi of Milan who could then furnish periodical reports of his purchases and the purposes for which they were made, which could if required be endorsed by this office as to their correctness. Alternatively if this is not approved, Colonel Guzzardi could make individual applications if it were known who could effect the releases. The Carabinieri and Finance Guards must, of course, be dealt with separately, but as with the other police they unfortunately cannot report any success as yet.

5. Boots are quite an important item and it is understood that the Ministry of Interior had releases made early in September to enable about 65,000 pairs of boots to be supplied. The early attention of the Ministry to the needs of the police in this area would, therefore, be appreciated.

N.729 Milan, 6 Sept.1945.

SUBJECT : Needs of the R.G.F. Frontier Units.

As it is well known, after the liberation we had to re-organize the frontier guards service wherefrom the G.F. was excluded during the nazi-fascist oppression period, because suspected of favouring the liberating movement.

The Corps Commanders, though, found out that they had to face nearly unsurmountable difficulties especially with regard to bedding equipment and uniforms.

Many barracks, evacuated during the German occupation, uninhabitable for natural deterioration or for damages of the nazi-fascists or of local unknown people; large quantities of bedding articles were stolen, stocks of uniforms were exhausted little by little for lack of supply, for partial destruction of the Legion stores, and for the air bombardments.

In addition to what stated above we have to add the block on raw material which hindered all buying and manufacturing of the required articles.

In the meantime the winter season, that in the frontier zone is a very cold one, was nearing and the soldiers of the corps doing their duty on the frontiers were lacking of proper barracks, of the necessary bedding equipment and of the uniforms and winter equipment indispensable for protection from the cold.

BARRACKS

The Genio Civile is taking care of the state-owned barracks, for many of which the estimate of the expenses was done and the jobs for the necessary repairs assigned to the competent people, but no work is being done for lack of raw materials.

Repairs to private-owned barracks which were re-occupied by units of the corps, are not being done, for the fact that the owners refuse to afford the necessary expenses which, several times, amount to large sums.

This HQs. is in possession of the necessary information for determining the amount of the expenses and the need of the

p.t.o.

necessary raw materials, but neither the Genio Civile nor our HQs. could supply them quickly and completely.

For sollecitating the works we submit for your consideration following suggestions :

1. To order the Genio Civile to take care, without exceptions, to repair the state-owned buildings used as barracks by the frontier units, asking to the competent Allied HQs. those materials which are impossible to buy on the market.

2. The Genio Civile be also requested to take care of the repairs of the private-owned barracks, reserving to the administration the right to be re-imbursed of the expenses not paying the yearly rent till the amount of the expenses will be reached.

BEDDING EQUIPMENT

Limiting our request to the needs of the frontier units in Lombardia and to the most indispensible articles, we beg you to interest yourselves for the issue of :

160 beds or folding-beds
3000 bed-sheets
160 woollen mattresses
160 ~~160~~ heavy woollen blankets.

CLOTHING

For the Lombardia's Frontier it is foreseen a schedule strength of 1531 men distributed as follows :

"	Como	"	14	" "	391
"	Menaggio	"	16	" "	338
"	Sondrio	"	19	" "	396

Most of the soldiers wear the summer uniforms and are without over-coat, nor woollen equipment and 1 sole pair of boots 601 often unsuitable for the mountains.

In order to put the soldiers in condition to face the colds of the winter season we have to issue following equipment:

FOOD.

Another matter, which I believe it is my duty to submit for consideration of your HQs., is the food question. It is to be made clear that while our soldiers, who are doing a very hard service in the mountains, receive the civil ration, which are absolutely unsufficient, other police forces, e.g. Carabinieri, are being issued with military rations.

Such difference in treatment creates justified grudges among the Finance guards with unfavourable repercussion on the disciplinary welfare of the units.

I deem very advisable that at least the units located on the border be issued with military rations.

1. With reference to your letter AC/14601/8/PS dated 25 September 1945 confirming that payment will be made for clothing and equipment for the civil police, it appears that it will be necessary to make cash available. The several firms holding the materials need money to pay their employees and will not release goods until cash is paid over.

2. Colonel GUZZARDI Sebastiano, the Section Commissariato for Agents of Public Safety insists that he must pay when the goods are collected.

This officer is responsible primarily for providing the Milan Questura with uniforms and equipment, but he has also been charged with the duty of obtaining material for the Questure in the North of Italy. He appears to be a reliable and efficient officer and request is therefore made for cash to be placed at his disposal.

3. Dr. Rosati, the Inspector General, who is visiting the area, was with me when I interviewed Col. Guzzardi and he confirms the necessity for this arrangement.

ROME 27/6/45

MINISTER OF PARDON AND JUSTICE 14601/8

Office VIII

N.43644/14 Carceri

Object : Uniforms for prison guards.

To : Allied Commission - Sub-Commission of Public Safety.

Answer to : AC/14601/8.P.S. of the 12/6/45.

In answer to above letter, we communicate to have ordered to direct= ion "Case di Reclusione" ROME, Via delle Muratte n.7, to keep at the dis= posal of this Sub-Commission for the transport and distribution to pri= sons guards of the Provinces of Asti, Cuneo and Turin N.207 uniforms to be deducted from those furnished by this Sub-Commission.

Please furnish means of transport in order to carry uniforms to Turin prisons, which prison shall provide for further transportations to other places.

We inform that this Ministry does not dispose of enough uniforms to fur= nish the 8,300 custodians of Italy, because this Sub-Commission has assigned only a little over 1000 of them, excluding a third part destined to custodians of Northern Italy (from which the above mentioned 207 have been withdrawn), as agreed upon with this Sub-Commission, the ammount has been assigned to Southern institutions.

To provide with uniforms other guards pertaining to Central and North= ern provinces, it is necessary to forward other uniforms and to be able to utilize the supply of cloths that has been saved from the destruction of the war from factories dealing with penal establishments within their respective areas, as has been done in a small scale in the South.

To this end, this Ministry is already taking steps with prison estab= lishments of Northern Italy, asking news for the eventual stocks in hand, of uniforms, shoes for guards and cloth material for a more rational and economical utilization.

We beg to be furnished with a further quantity of uniforms, overcoats and shoes as the recent assignment of 1000 of these to be withdrawn at naples are not sufficient compared with the urgent need.

Furthermore, after the detraction of 207 waist-coats and 207 trousers, there is still at the disposition of this Sub-Commission the following garments which form the 3rd part of that received: coats 203, trousers 254, waistcoats 153, drawers 32, 159 pairs of socks, 66 undergarments, 108 overcoats. The overcoats are deposited in the judiciary prisons at Naples.

OGGETTO Uniformi per agenti di custodia.

In esito alla nota sopracitata, si comunica che è stato ordinato alla direzione della casa di reclusione di Roma, Via delle Mantellate n.7-di tenere a disposizione di codesta On. Sottocommissione, per il trasporto e la distribuzione agli agenti di custodia delle Provincie di Asti, Cuneo, e Torino, n.207 divise da prelevare da quelle fornite da codesta stessa Sottocommissione.

Si prega, pertanto, fornire i mezzi di trasporto per il recapito di tali divise alle carceri giudiziarie di Torino, che potranno poi provvedere alla distribuzione agli altri stabilimenti.

Si avverte che questo Ministero non dispone di divise per rifornire gli 8.300 agenti di custodia d'Italia, poichè da codesta Sottocommissione ha ottenuto solo una assegnazione di poco più di 1000 divise, che, esclusa la terza parte destinata ad agenti dell'Italia settentrionale (da cui vengono prelevate le 207 sopraindicate), giusta intesa con codesta Sottocommissione, sono state assegnate agli istituti dell'Italia meridionale.

Per provvedere ai bisogni degli agenti delle altre Provincie del centro e del Nord è necessario, pertanto, che siano fornite altre uniformi, e che si cerchi di utilizzare le scorte di panno e di tela eventualmente salvate dalla distruzione della guerra presso gli stabilimenti penali manifatturieri delle regioni stesse, analogamente a quanto si sta praticando, sebbene in misura mai adeguata al bisogno, nelle regioni dell'Italia meridionale.

All'uopo questo Ministero sta richiedendo, alle direzioni degli stabilimenti carcerari dell'Italia settentrionale, le notizie relative alle eventuali giacenze di divise, e calzature per agenti, o delle materie per confezionarle, perchè sia provveduto alla loro più razionale ed economica utilizzazione.

The Commander of the R. Guard of Finance of Viterbo, informed this Command, through the Allied Military Police of the above named town, that since the departure of the German troops, no clothing had been supplied to this Unit.

The clothing enumerated in your letter are those requested by the Commander of the Finance Guard of Viterbo, and strictly necessary for the most indigent personnel, but they are not sufficient for the needs of this Unit, which is totally deprived of clothing, and in the impossibility of supplying any clothing to the Unit of Viterbo.

No agreement has been carried out between this Command and "Ministero dell'Industria e Commercio", because clothing supply has always been brought about by the General Command of this Corp.

Reference your AC/14601/8/PS of 17 February 1945.

2. There seems to be a considerable amount of confusion in regards the responsibility of the Ministry of Industry Commerce and Labor for the obtaining of repaired clothing for the police forces. It was the intention of this Sub-Commission in the original instance that the a/m Ministry would accept and correlate demands for repaired army clothing which would be available to Commerce Sub-Commission for allocation.

3. However, this procedure has proved of no use because, under terms of the A.C.Priorities Board schedule, the repaired clothing which becomes available is allocated either to Allied agencies or AC Sub-Commissions. The Ministry is not responsible for distribution of this clothing.

4. 28% of total availability has been assigned to the Civil Affairs Section for further distribution among its branches and Sub-Commissions. Public Safety Sub-Commission received to date battledress, boots and gloves.

5. In sum, the responsibility for allocation of repaired clothing to the police forces does not rest on the Ministry but on A.C.

SUBJECT :- Guardie Municipali - Clothing & Equipment

TO :- The Director, Public Safety Sub-Commission, HQ.,AC.

(1) Reference is made to your AC/14601/8/PS dated 8th January, 1945, on the subject referred to above.

(2) In accordance with the suggestion made by you therein, all Sindaci were referred to the Italian Ministry of Industry, Labour and Commerce.

(3) Information has now been received that efforts to obtain supplies through this Ministry have proved fruitless.

(4) Taking as an example the Province of Viterbo, the Prefect of the Province, in consequence of many demands received for clothing and boots for the Guardie Comunali, circularized all Sindaci as to their requirements and what success had attended their efforts to obtain the items form the Ministry of Industry, Labour and Commerce. Up to date 15 Communes have replied stating their total requirements as 267 metres of material for uniforms, 114 metres for overcoats, 89 pairs of boots, 38 raincoats and 38 caps. Not one item has been received in response to application to the Ministry.

(5) As the question of supply of clothing and boots to the Municipal Guards, as well as to other Police agencies, is of the utmost urgency, I again bring the matter to your attention in the hope that something can be done to persuade the Ministry to take action to alleviate the present situation.

To :- HQ., AC., Public Safety Sub-Commission.

1. Reference is made to your ACC/14601/8/PS of 18th October, 1944, and 17th November, 1944, in the last paragraphs of which it is said that in the event of any difficulty arising your Sub-Commission should be informed in order that contact can be made with the Ministry concerned.

2. I have now obtained specific information which shows that equipment, clothing and boots are not reaching the various Services in the Province of Viterbo, nothwithstanding the assurances which have been given from time to time that adequate supplies are available.

3. Enclosed is a comprehensive report received from Provincial Public Safety Officer, Viterbo, showing efforts made to obtain supplies and the result. I am informed that the position is much the same in other Provinces in this Region.

4. The deplorable condition of some of the men of these various Services is a disgrace and I would ask you, as a matter of primary importance and the utmost urgency, to contact the various Ministries concerned with a view to ascertaining what supplies have already been made available to the Police, Fire and Prison Services of this Region, and to ask them to expedite the delivery of further supplies in accordance with the indents made.

SUBJECT: Clothing - CC.RR at Scuola Centrale, Florence.

TO : HQ AC, Public Safety Sub-Commission.

1. On 12 December, 1944 a visit was paid to the above school.

2. It would appear that the following items of clothing mentioned in your telegram of 20 October, 1944, have still not arrived:

500 prs trousers ++
3000 shirts
8600 prs socks.

Not yet issued by Military Stores (MMIA in hand)

3. At the beginning of this month however, 2 truck loads of clothing were received, containing the following:

360 overcoats
1000 jackets
2000 pullovers
497 prs trousers. ++ NOTE: ++ may be identical.

4. Of these this Region was allocated the following

Overcoats	203
Jackets	110
Pullovers	170
Trousers	150

5. A large proportion of the jackets and pullovers has been taken by the Florence Legion, viz the following items:

Jackets	500
Pullovers	1500

6. Furthermore the 970 overcoats mentioned in your message of 25 October, 1944, (980 overcoats actually arrived) were eventually delivered to Florence Legion HQ who, I understand, distributed all to their own CC.RR. In my opinion an undue proportion of the clothing made available is being taken by the Florence Legion HQ.
