MMIA

Reference 61 A, your Q/15/15 of 3 Sept., 1945.

1. In para 10, the uniforms referred to are <u>full</u> dress uniforms used only for ceremonial occasions. They are not designed nor suitable for regular wear on daily duty. In view of Lt. Gen. Morgan's decision, which appears at 66 A, can a decision be now given that these full dress uniforms will not be considered as a reserve against the issue of serviceable uniforms ?

2. In para 11 it is asserted that the last inventory shows over 10,000 grey-green uniforms on hand. Examination of the inventory fails to disclose any such item or quantity of uniforms. The only item of clothing of 10,000 appearing on the inventory is 10,000 "cappotti", which, properly, translated, means "overcoats". Can it be agreed that this is the fact and that the inventory does not show 10,000 uniforms in stock ?

3. In the matter of requisitions, which in accordance with your directive to CC.RR., are submitted by them to the War Ministry and by that Ministry forwarded to you for release (not through Public Safety Sub-Commission), it is requested that, any requisition submitted which does not meet the required conditions be forwarded to Public Safety Sub-Commission with a notation pointing out wherein the requisition is deficient.

All clothing in IT1-IT1 depots was released to Minister for War on 1 October 1945. Any clothing which CC.RR wants must be granted by Minister for War. We have no further interest in clothing, either ~~from~~ point of view for any unit of Italian Army (including CC.RR). This is now all an Italian function and if the War Minister wants to issue all of his stocks to the CC.RR he can do so, but the Allies are not giving the Italian Army anything more.

1. General Prunetti, Commanding General CC.RR, has just returned from a visit to the Florence Brigade (a BRI-ITI unit) and reports that only 3,500 serviceable uniforms have been issued. Strength of brigade is 10,000.

2. He goes on to say that no blankets, overcoats, underclothes or shirts have been made available. The boot situation is satisfactory. Further, no issues have been made of the other minor items listed in the scale of equipment as laid down in Appendix H to MMIA Adm. Instruction No.12 of 12 October 1944.

3. AC Liaison officer Bologna, has submitted a report giving a similar picture of the situation, and goes on to say that the dyed clothing being issued is affected by rain, which causes the dye to run onto the skin of the wearer. The dye is said to have caused the garments to shrink to such an extent that some are not large enough for use by male adults.

4. No transport has been issued to the Brigade from British sources, which seriously interferes with their Police functions. The Bologna Legion in particular is faced with serious Partisan difficulties and it is important that the Legion be made as mobile as possible. The transport being used at present is that held by the CC.RR when the Force was organized on a 35,000 ceiling.

There is plenty of dyed battle dress available but it will all be of the same unsatisfactory texture.
Col. Pedeley will take up the question of exchange with the Allied Dist. concerned.
Re Col. Pedeley agreed that even if the B.D. problem was not solved satisfactorily before the unit ceased to be British Blanket and overcoat would be essential in the face of winter.
As regards Ramsgate I gathered that this would probably have to wait until the unit ceased to be British in the NWE too distant future when prospect for return getting to ramsgate were good.

1. Considerable efforts have been made to try and obtain torches for use by Agents of the Questura, but so far without success.

2. Torches are especially required for those Agents doing duty on Road Blocks at night, and owing to the shortage, Agents are actually having to do this duty without torches at the present time. This is most unsatisfactory.

3. Every Police Officer knows from practical experience the difficulties which would be encountered in trying to perform night duty without a torch or lamp of any description.

4. Could this matter, please, be brought, to the notice of the Ministry of Interior, and a request made to the Ministry that torches be obtained and made available to each Questore in Lombardia Region at the earliest possible date.

As you know it has now been decided that as from 1st October 1945 all allotments of clothing, arms and equipment from Italian sources, will be made by the Italian Ministry of War.

Roma, li 23 settembre 945.-

Caro Colonnello,

fin dal 25 luglio 1945 con foglio 3/1350/13-1, richiesi alla Sottocommissione di P.S. la concessione di 20mila serie di vestiario, necessarie per sopperire alle imperiose necessità dei militari dell'Arma, indipendentemente dalle altre 10mila già richieste nel precedente mese di giugno (foglio 3/1350/1 del 15-6-945) per i reduci dalla prigionia e dalla Germania.-

Il Ministero della Guerra, con dispaccio 20470/VC del 6 agosto 945, ha comunicato alla MMIA la possibilità di concedere quanto richiesto, precisando inoltre, con successivo dispaccio 20987/VC del 14 agosto 945, i magazzini ai quali attingere.-

Data l'urgente necessità di tale vestiario, più volte da me rappresentata, Le sarò grato se vorrà interporre presso la MMIA i Suoi autorevoli uffici allo scopo di ottenere l'attesa autorizzazione.-

Cordialità sentitissime e saluti cari

1. I am informed that Public Health and Welfare Sub-Commission have at their disposal 50.000 blankets intended for distribution through welfare channels to Northern Ttaly.

2. May I ask please that application be made to this Sub-Commission for the release of 10.000 of these blankets for issue to Police Agencies in this northern Region.

3. There is no need to stress the plight of police agencies who have to do duty in these mountainous areas many of which are already under snow. Blankets are very scarce and in many cases those that they have are woefully thin. If it is possible to obtain such supplies they will be very usefully employed and much appreciated.

14601/8/1 17 September 1945

1. A review of the most recent reports of Regional Public Safety Officers and others indicate that while the public security situation in Italy appears to be more calm, yet there is a disturbing undercurrent that presents a constant threat. So the R.P.S.O. Venezia Region reports " The situation may be summed up as calm returning to normal despite rumors that the communists are planning a coup d'etat when A.M.G. departs." The R.P.S.O. Lombardia Region reports " Taking everything into consideration there is a fair measure of law and order throughout the Region. The situation is, however, extremely delicate." The R.P.S.O. Liguria Region reports, " The general situation is a little better but far from satisfactory." The R.P.S;O. Piemonte Region reports, the general security situation is " much better although there has been much propaganda by anti-communists to exaggerate the unsatisfactory state of public safety, there is no room for complacency." Reports from Liaison Officers indicate the same feeling in the areas under their observation. All reports mention stocks a hidden arms and depredations committed by bands armed with automatic weapons. The G.O.C., 1, 2 and 3 Districts have expressed a feeling of uneasiness over the security situation.

2. Obviously the CC.RR. is being considered as the Italian police agency which should preserve public order and Public Safety Sub-Commission will be held responsible for their ability to perform that function. Therefore, at this time it is desired to make clear certain facts and to present some recommendations.

3. For more than 18 months this Sub-Commission has been constantly pressing for clothing and equipment for the CC.RR. and other police forces without obtaining any appreciable result. Consequently the condition of the CC.RR. is substantially the same as it was in March, 1944, when Colonel Kirk of this Sub-Commission wrote to Army Sub-Commission stating, 730 *
" The replacement of worn-out items of clothing and equipment for the police forces of Italy has been the subject of considerable concern to the forces themselves, to the Regional Commis-

Declassified E.O. 12356 Section 3.3/NND No. 785016

sioners, to the Executive Commissioner and, quite naturally to this Sub-Commission." In the same letter Colonel Kirk further stated, " The most which this Sub-Commission can do is to make known the needs to those who have custody of the stores and to urge upon them the increasing necessity for releasing the items requested, if they are available." This statement has been true through all of the months and is true today. In spite of the repeated assertions of this Sub-Commission as to the needs of the CC.RR., replies from various quarters have been to the effect that carabinieri are issued two uniforms each, that in every place the carabinieri appear smartly dressed, that the CC.RR. has large stocks of uniforms which are not being issued, etc., etc. The officers who work with the CC.RR. know better. The Regional Public Safety Officer of Venezia Region in his report for August states : " Lack of uniforms, boots, bedding and arms still constitutes a serious problem and in some cases CC.RR. are still performing duty in plain clothes." The R.P.S.O., Lombardia reports : "All police agencies require additional uniforms. Many promises have been made to give the police favorable consideration but the matter is becoming increasingly urgent." The R.P.S.O., Liguria Region reports : " Clothing Boots. This has become a major problem having regard to the impending turn over to Italian Government and the approching cold weather. Separate reports have been submitted on the matter and it is again stressed. It is an impossibility for any Force to do duty if they are not properly clothed, and further we have to consider the morale point of view." The Commanding General, CC.RR. has reported that upwards of 9000 carabinieri have no uniforms at all and that none are available. This Sub-Commission has no reason to doubt the correctness of the needs of the CC.RR. Those who do assert that the CC.RR. have stocks of serviceable uniforms should be required to submit substantial proof.

4. In view of the fact that carabinieri normally are assigned in small detachments (excepting the larger cities) to man upwards of 5000 stations, in conversations last winter (1944) with the CC.RR. Command the idea of mobile battalions was suggested. It met with approval but lack of transp[illegible] and the fact that at the time the CC.RR. was below its authorized strength of 55000 nothing was done to implement the suggestion. Following the disturbances in Sicily in

730

1440

Declassified E.O. 12356 Section 3.3/NND No. 785016

in January of this year a mobile battalion (so-called) was organized in Sicily and one in Sardinia. However, due to lack of adequate transport and other equipment their operations have been considerably handicapped. At the time of the planning for the occupation of North Italy a mobile battalion was laid on for each of the Regions of Liguria, Piemonte, Lombardia and Venezie. It was agreed to supply these four battalions with 48 armoured cars and 48 heavy trucks, these latter for personnel carriers. It is now more than four months after the surrender of the German armies in Italy and only 22 heavy trucks have been delivered. These were Class V vehicles and practically all of them required extensive repairs to put them on the road. 40 armored cars were actually sent north and of these at least 2 are not usable. On 9 July the Ministry of War was advised that tanks were to be transferred to the CC.RR. to replace the armored cars. When the authorized strength was increased to 65,000, the Order of Battle made provision for 12 mobile battalions, one each for the Legions of Rome, Lazio, Cagliari, Florence, Bologna, Naples, Bari, Palermo, Milano, Padova, Torino, and Genova, and each consisting of 30 officers and 548 men. They are receiving 140 light and medium tanks from Italian Army sources. They cannot be supplied with trucks or other personnel carriers so they are far from being mobile.

5. An inventory of arms possessed by the CC.RR. is now being made. Our best information as present is that they have sufficient police type muskets, model 1891, to arm a force of 55,000, and sufficient pistols for a force of 47,600. They have approximately 2000 automatic rifles (cal.6.5) and approximately 1000 automatic muskets (cal.9). The present authorized strength is now 65,000.

6. In discussions held with MMIA during the week 3-8 September, 1945, representatives of this Sub-Commission were advised that, as to clothing, there were not sufficient stocks on hand to take care of the needs of the Italian army through the coming winter; as to arms, additional muskets, model 1891 were available, but pistols and automatic weapons were not available; as to transport, there is no more than is presently required by the Italian army.

7. The situation plainly stated is this :

a. There exists in every part of Italy a condition of agitation and public unrest which constitutes a potential

Declassified E.O. 12356 Section 3.3/NND No. 785016

serious threat to public order and security.

b. The Allies are placing the responsibility of maintaining law and order upon the Italian Government.

c. The agency best organized and distributed for maintaining law and order and which the Italian Government must consider as its first line of defense against public disorder is the CC.RR.

d. The CC.RR. have neither adequate clothing, adequate equipment, adequate arms nor adequate transport facilities to perform efficiently the functions which are expected of them and certainly are not in position to quell disturbances and disorders when the rioters are armed with modern automatic weapons and hand grenades.

e. The CC.RR. cannot be clothed, equipped, armed nor be supplied with transport facilities from any Italian Government source nor from any stocks normally under the control of MMIA.

f. Public Safety Sub-Commission has never had, nor does it have now, in its possession nor under its control any items, much less stocks, of clothing, equipment, arms or transport for distribution to the CC.RR. or any other police agency.

8. The recommendations are contingent upon two alternatives.

a. Either the Allied Governments are vitally interested, from a world security viewpoint, in leaving Italy with a police force sufficiently strong to maintain law and order, in which event it is recommended :

(1) That the CC.RR., and possibly other police bodies, be fully equipped from Allied military stocks with good, serviceable equipment;

(2) That arrangements be made for supplying to the CC.RR., and possibly other police bodies, sufficient POL supplies to enable them to function efficiently; 7301

(3) That a Quartermaster detachment and an Ordnance detachment be assigned to each of the 20 CC.RR. Legions to requisition, receive and supervise the distribution of such equipments.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(4) That technicalities such as traditional uniform, traditional arms, exhaustion of Italian sources of supply (which are exhausted), etc., be disregarded;

(5) That, if authority to give the recommended aid does not exist in this Theater, it be obtained from the highest level competent to grant it;

b. Or, the Allied Governments are not concerned with Italy's ability to maintain law and order, in which event it is recommended :

(1) That the Italian Government be notified that the Allied authorities will not furnish any equipment or supplies to the CC.RR. or any other police agency and that it is entirely responsible for equipping its police forces.

(2) That we stop furnishing to the CC.RR., unwearable and unserviceable clothing and equipment. This will have the appearance of generosity to those who, in distant offices, read the bare record of figures, but it is not increasing the morale and efficiency of the CC.RR. Furthermore this requires a useless waste of transport facilities.

(3) That then we stop the fruitless writing of minutes, memoranda and letters and the holding of conversations and discussions on this subject.

With letter No. 337/22-59 dated 14 June 1945 addressed to your Cabinet and sent for information to the General Direction Commissariato and Administrative Services, I communicated that the continuance of the serious shortage of clotings for the Carabinieri would, against my wish, compel me to put a stop to the enlistment of Cadets and to start releases.

On August 22 ult - with letter No. 3/1350/8-2, addressed to all the a/m Offices - I also mentioned that the situation was becoming worse and I pointed out how scarce the assignments of clothing received up to this day were.

Meanwhile the assignment of 3000 articles of clothing - already requested and by the General Direction Commissariato and Administrative Services (Ministry of War)pointed out to the M.M.I.A. as being available in the Stores in Milan and Turin, would have been a relief.

This,therefore, would have enabled us to clothe the 9922 still in civilian clothes.

Owing to the delay of said assignment and not being able to face the growing necessities much longer, I have been ~~obliged to suspend the~~ recruiting of Cadets who should have ~~begun~~ to attend the courses at the end of this month.

Con foglio 337/22-59 del 14 giugno c.a. diretto a codesto Gabinetto e, per conoscenza, alla Direzione Generale Servizi Commissariato ed Amministrativi, segnalai che il perdurare del grave stato di disagio per il vestiario dei CC.RR. mi avrebbe costretto, mio malgrado, a prospettare la necessità di sospendere il reclutamento degli allievi e di dare corso a congedamenti.-

Il 22 agosto u.s. con foglio 3/1350/8-2 diretto a tutti gli enti in indirizzo, ho segnalato ancora l'aggravarsi della situazione, mettendo in evidenza le scarsissime assegnazioni finora ricevute.-

Motivo di sollievo sarebbe stato, nel frattempo, la sollecita assegnazione delle 30.000 serie di vestiario, da tempo richieste e dalla Direzione Generale Servizi Commissariato e Amministrativi del Ministero Guerra segnalate alla M.M.I.A. come disponibili presso i magazzini di Milano e Torino.-

Ciò avrebbe anche consentito di vestire i 9922 carabinieri tuttora in abito civile.

Dato però il ritardo della assegnazione predetta, e non sapendo più come fronteggiare i sempre crescenti bisogni, sono stato costretto, purtroppo, a sospendere il reclutamento degli allievi, che avrebbero dovuto presentarsi ai corsi alla fine del corrente mese.-

1. It is now some three months since I first asked for clothing etc. for Carabinieri but up to date very little has been received and in any case the supply has been totally inadequate.

2. I have once again to draw attention to the fact that unless Carabinieri are supplied with proper clothing and boots they cannot be expected to perform their duty in an efficient manner especially with the approach of winter.

3. It is appreciated that this is realised by H.Q. A.C. but it does not appear to be realised by the Carabinieri General Command in Rome, and I suggest therefore they be again reminded of the fact.

As your General Command is already aware of, this Ministry intervened many times with the LAND FORCES SUB COMMISSION AC.MMIA. in order to obtain authorisation for the assignment of the clothing required by the Corps of CC.RR.

Your General Command knows as well the reasons why the a/m authorisation was not yet given by the MMIA.

Yet we assure your General Command that as soon as the MMIA assign the materials requested, this Ministry will interest in the matter the concerned organisations with the urgency required.

TO : Public Safety S/C A.C.

Owing to the oncoming winter season, and, bearing in mind that the temperature of the northern regions has lowered considerably, the assignments of blankets, over coats and woollen undergarments is indispensable and urgent, in the quantities shown on attached lists.

Blankets and overcoats were mentioned in the global request attached to the letter of this General Command N° 337/22-34 dated 12/5/45 and in our letter N° 3/1350/13-1 dated 25/7/45, 20,000 pullovers were requested.

Considering the military returning from prison and internment in Germany, the overcoats are now increased to 30,000.

Please examine the necessity of effecting the disposal of a/m material.

2. On 1st October 1945 the control of all Italian stocks of military equipment and arms for the Italian Army (including CC.RR) was passed from the control of MMIA to the Italian Ministry of War.

3. MMIA still retains certain rights to inspect etc, but the broad policy is that all allotments of Italian stocks will be made by the Italian Ministry of War direct without any reference to MMIA.

4. CC.RR. HQ. is very well aware of the condition of CC.RR in Northern Regions, and it is anticipated that issues on the Ministry of War will receive priority consideration. AFHQ have recently made a decision that CC.RR will be considered first priority in the Italian Army.

1. As you know, we have, in this Region, already held three reviews of Carabinieri: at Venice on the 20 Sep, at Udine on the 24 Sep, and at Padova on the 30 Sep.

2. In spite of the obvious hard work put in by officers and men, the state of uniform and equipment is still far below what is required. The grey-green battle dress looks quite well, and in default of the traditional black and red, it would do well.

3. But the old Italian army grey-green cloth uniforms are in bad state. The shirts and underclothing generally are in bad condition and there is still a serious shortage of boots.

4. I hope that you will be able to remedy this state of affairs.

5. Lt. Gen. Sir John Harding commented upon the seriousness of the situation, particularly in view of the coming winter, and has instructed me to urge forward improved supplies. He is himself visiting Caserta and will use his influence there.

6. I am sure that local Carabinieri Chiefs are doing their utmost. They feel that they do not get much support from Rome.

SUBJECT : Clothing for CC.RR.

TO : Allied Commission
Public Safety Sub-Commission

14601/8/1

More and more CC.RR. are coming back from prison and Germany.

The condition of their clothing is really pitiful, therefore they need to be clad. But the Regional stores have never had the necessary clothing.

We sent a request to the Public Safety Sub-Commission and to Ministry of War, Direzione Generale Servizi Commissariato e Amministrativi, for 10,000 complete series of clothing (letter 3/1350/1 dated 16/6/45).

Up to now, we didn't get any assignment.

As at the end of the 60 days of furlough the CC.RR. have to return to the Legions on duty, I am obliged to send them on furlough again not being able to clothe them, which is morally and financially hurtful.

Therefore I am asking you to intervene with the MMIA to urge the assignment of the clothing.

Continua con ritmo sempre più accelerato l'afflusso dei CC. RR. reduci dalla prigionia e dalla Germania.-

Essi si presentano alle legioni col vestiario ridotto in cattivo stato, e devono essere rivestiti di tutti gli indumenti.-

Per contro i magazzini legionali non hanno mai avuto le scorte occorrenti per soddisfare tale necessità.-

Fu perciò presentata alla Sottocommissione di L.G., e per conoscenza al Ministero Guerra - Direzione Generale Servizi Commissariato e Amministrativi - la richiesta di 10.000 serie complete di vestiario (foglio 3/1359/1 del 16/6/1945).-

Finora nessuna assegnazione è stata fatta.-

E poichè allo scadere dei 60 giorni di licenza, i militari predetti rifluiscono alle legioni per riassumere regolare servizio, si trova nella situazione - non potendoli vestire di 727 rinviarli nuovamente in licenza, con evidenti danneggi riflessi d'ordine morale e finanziario.-

It is considered that this scale is satisfactory.

With the exception of the Florence Brigade for which special arrangements were made as BRIT-ITIS, battledress is not issued to CC.RR. All clothing is of poor quality and includes a large percentage of repaired items.

It is appreciated that this is the only clothing available for issue to the Italian Army, but nevertheless it must be stated that an efficient Police Force should be issued with sound serviceable clothing capable of standing up to hard continuous use.

In particular, the authorization in the scale for two pairs of boots in winter should be implemented. At present a stock of 5000 boots is held. These boots are issued against the return of old boots and in this way a constant supply of boots to the Force should be maintained. A previous attempt to initiate this scheme failed because the 5000 boots were all issued to men without footwear and accordingly no old boots were returned.

No uniform is available for issue to the men who are recuperated, returned P.O.W. etc. Commanding General CC.RR has recently stated that of his force of 65.000, 9,922 are without uniform or boots.

It is recommended that 10,000 complete sets of

Declassified E.O. 12356 Section 3.3/NND No. 785016

uniform be issued to CC.RR, and that a further 5,000 be issued for stock and maintained to replace old uniforms handed in. However, at a recent meeting with MMIA it was stated that insufficient uniforms were available for the needs of the Italian Army proper during the coming winter. Accordingly urgent consideration must be given to the question of the supply of some other form of uniform to carabinieri in the quantities mentioned above.

Attention: Major General Browning

1. During a conversation between Lieutenant General Morgan and myself on 7 September 1945 he agreed with me that Carabinieri must have top priority in the matter of clothing, arms and other equipment and that their requirements, when need is established, must be met on a higher scale than allowed to the other Italian Army units.

1. there are in this Region some 250 to 300 men of the Carabinieri without uniforms and many more sadly in need of new clothing and boots.

2. Much has been done by the Legion Commander to obtain supplies of arms and blankets for his men, the latter through charitable organisations, but surely one should not have to depend on such methods to clothe and equip the force which will be one of the only forces available for the maintenance of law and order upon the handover by A.M.G. This Region is unfortunate in that there are no cloth or other factories from which to obtain clothing and boots.

3. Information was recently received through Carabinieri channels that 500 uniforms could be obtained from Milan, whefe abundant supplies appear to be available if vehicles were sent to collect. Vehicles were sent but the uniforms refused on the grounds that MMIA authority was required. The only result was the loss of 300 litres of precious petrol.

O.K. I have discussed the whole business with my 'Q' Staff this morning and we are sending off a signal to Florence authorising the immediate release of 10,000 suits of dyed green British battledress for the Florence Brigade of the CC.RR This battledress is held at Florence and thus immediately available for issue as above.

As regards your second paragraph there is no objection to this being arranged as you propose.

Memorandum on Clothing for CC.RR

1. In accordance with the direction of the CCS, the CC.RR is a part of the present Army. The scale of clothing is prescribed, and the instructions specifically state that no issues will be made on the basis of uniformity or appearance, and no Allied provided items will be issued until all like items of Italian origin are exhausted. The scale is well known, and in general provides one outer uniform and one pair of boots. Issues to the present Italian Army will not be made in excess of the scale. There can be no argument with MMIA on the scale. If you want to get it changed, you can ask the CCS.

2. The recent correspondence from General Browning to AFHQ, and the AFHQ reply to the effect that the CC.RR could have priority over the rest of the Army in no way changes the scale of issue nor does it permit issues for the sake of uniformity or appearance, nor does it permit issue of Allied items while Italian items are available.

3. I do not know the basis for the Admiral's letter to the Prime Minister regarding the possibility of issuing dyed-green battle dress to the CC.RR. Nor do I know the basis for the statement that Italian provided items are not available, since this statement is not in accordance with the facts. Someone may have confused the supply of battle dress to the Florence Brigade with the balance of the CC.RR. The Florence Brigade is BR-ITI. The British Army is responsible for its supply. The British Army has no uniforms of Italian make or color. All BR-ITI troops are in battle dress. Therefore the Florence Brigade is in battle dress.

4. However, the balance of the CC.RR is ITI-ITI. It has never been intended, and it is repeated that it is not now intended nor planned, to put any part of the ITI-ITI Category in Allied-dyed uniforms where it is possible to supply Italian uniforms, within the scale regardless of uniformity or appearances. Italian uniforms will continue to be provided for the ITI-ITI CC.RR. No Allied outer uniforms can be issued until the Italian stocks are exhausted.

7250

1506

Declassified E.O. 12356 Section 3.3/NND No. 785016

5. It has been necessary for us to put the guard battalions and certain other formations into Allied outer uniforms. These must remain in such uniforms, as it is not practicable to make a complete change over now. Therefore a reserve for these 30 battalions must be maintained in Italian depots. Outside of these troops mentioned, all of the ITI-ITI Category is in Italian outer uniform.

6. To agree to put any of the ITI-ITI CC.RR in Allied outer uniform would (1) promptly exhaust the present holdings in Italian depots without hope of replacement, (2) require the Allies to furnish more clothing for the balance of the ITI-ITI Category, and (3) waste, without hope of recovery for Army use, the present CC.RR uniforms. Therefore the question of issue of Allied clothing hinges on the one point - are like Italian items available? We will consider this point:

First - We do have Italian uniforms in Army depots. So it is obvious from the start that no Allied outer clothing can be made available to the ITI-ITI Category of the CC.RR.

Second - Are these Italian uniforms in depots available to the CC.RR? The answer is yes, on the same conditions as other units of the Army. But let me make it understood that the CC.RR cannot secure any issue, regardless of its priority, unless all of the conditions are complied with.

7. What are the conditions? Here they are:

First - That the issue will not provide clothing in excess of the authorized scale. It is perfectly obvious to us that if we authorize the issue of clothing in excess of the scale, the War Ministry has, quite rightly, a good case for demanding more Allied items.

Second - That the unit has no stocks which can be utilized. In other words - it has no reserves of any kind.

8. I want to tell you that we have yet to get a requisition from the CC.RR which fulfilled both of the conditions, and while issues have been authorized, it was with the understanding that "domani" the conditions would be fulfilled.

9. In order to satisfy the second condition we need inventory of stocks. These are so delayed at coming in (15 July inventory received 30 August), that it gives rise of doubt and always permits the CC.RR to say - we did have that then but not now, and the present requisition is based on the fact we have nothing now in our stocks.

10. That would get by if the facts were not known to be otherwise. The CC.RR has, in its depots, large quantities of various

1507

Declassified E.O. 12356 Section 3.3/NND No. 785016

items, and at the same time asks for more. For what? So that the Allies will have to furnish more, leaving the Italians their reserves! For instance you have in the depots over 9,000 dress uniforms. If you have any naked men, why not use these uniforms. And this is just a start, many men have both the dress and service uniform issued to them. I want to repeat that until the CC.RR uses up its present stocks that no issues can be authorized. And further, until the CC.RR assures us that no man has clothing in excess of the scale can any issues be authorized. Those are our orders from CCS. So it would appear that if you have any CC.RR who do not look the part, that the issue of a dress uniform will correct that. Certainly if the question of uniform is paramount in maintaining morale, you are overlooking a bet in improving the morale of at least 9,000 men by failing to give them uniforms much finer than anything the Allies provide.

11. The last inventory shows a large quantity of grey-green uniforms on hand, over 10,000. These, with the dress uniform, constitute over 80% reserve of clothing in the CC.RR depots. And yet you are asking for more. It may be that some of the grey-green uniforms are of such sizes they are not suitable. It would appear that if this is the case, the CC.RR are negligent in not arranging for an exchange with the Army depots. But one thing is certain, no additional similar items can be issued while the CC.RR maintains over 80% reserve, or any reserve in its warehouses. Again, I repeat, these are our specifications from CCS. The place for reserves is in Army warehouses, and that is where they must be kept.

725

12. On the matter of shoes. We gave the CC.RR 5,000 shoes so they could turn in shoes to Army depots to be repaired. No shoes have been turned into Army depots. If any CC.RR is out of shoes, it is due to the negligence of the CC.RR. All that is required is to turn in the old shoes and get another pair. But the old shoes are not turned in, yet the continued demand for more shoes. We require one pair of old shoes be turned in to get a new pair. We have not yet received the one pair. No requisition is needed in this matter, as it is a simple exchange. For that reason, no requisition for shoes can be approved. We are perfectly willing to give you good shoes for your old ones, but we want the old ones so we can repair them. We gave you sufficient shoes to make this exchange, but nothing has happened. But it is noticed on the inventory that shoes are on hand in CC.RR warehouses. In view of the stories that men cannot perform duty from lack of shoes, it can only be said that the CC.RR organization is to blame for inefficient distribution of shoes.

13. Requisitions will be honored if they meet the required conditions. Priority applies only after the required conditions

Declassified E.O. 12356 Section 3.3/NND No. 785016

are met. No requisitions need be submitted on the basis of securing uniformity and appearance. No requisitions need be submitted which will increase the scale of issue, for they cannot be approved. No plan can be discussed to put the ITI-ITI CC.RR in Allied uniforms, as none can be issued until Italian stocks are exhausted.

14. I want to emphasize yet again that MMIA as the "independent supply agency" has specific orders from COS which it must obey. MMIA is obeying those orders. If the CC.RR (through Public Safety Sub Commission) will also obey the conditions laid down by COS, the CC.RR will get the clothing and shoes which it is permitted for MMIA to give them. So far, I am sorry to say, the CC.RR has not obeyed those conditions, though MMIA has explained what is necessary over and over again.

1. Attached herewith is an application for clothing and boots made by the Carabinieri Division "Pastrengo".

2. The application has been approved by Lt.Col. Crump, the Regional Commerce Officer, but before the articles of clothing can be released by M.M.I.A. the necessary authority must first be obtained of M.M.I.A. HQ. in Rome.

3. The need for this clothing cannot be too greatly stressed. Winter is approaching and the Carabinieri in Lombardia are not properly fitted out with all the necessary clothing. At the present they are doing long hours of duty owing to the general political situation here.

4. Clothing is available in the North of Italy and every effort has been made to obtain it, but in every case the answer has been that it is blocked. 72:6

5. Could every effort please be made to get a release from HQ. M.M.I.A. of the clothing applied for by the Carabinieri in their letter of 24th August 1945.

14601/8/1

My dear General:

May I ask for your personal help in the matter of the supply of 10,000 British battledress (to be dyed green) to the Florence Brigade of the CC.RR.

It is essential from the point of view of prestige and to avoid discrimination between members of the Brigade that these 10,000 suits be issued in a body so that the whole Brigade can change from their present uniform to the B.D. uniform at one time. The Public Safety Sub-Commission are proposing to your staff that the present uniforms should be classified good, repairable or unserviceable, and that the first two categories should be placed in store for re-issue and held on charge by the CC.RR, and that the 10,000 should be issued at one time.

I know that there may be technical difficulties over this but I hope that a word from you will iron them out.

Yours sincerely,

(Signed) Maurice Lush.

Nº 3/I350/8-2

SUBJECT: CLOTHING CC.RR.

When I assumed the command of the CC.RR. five months ago one of the first things to which I placed on more attention was that of clothing.

Since then I noticed the difficult and even critical siatuation which faced the carabineers, as a remarkable percentage of them were then and are still to be found dressed up in civilians, and others could not afford but a scanty uniform made up for the purpose from other garments. I made then an application to Ministry of War for clothing material which I considered most urgent at the time (folio 337/22-I5/3/I945). A rough esteemation of 30.000 series have been repeatedly asked for, but the assignment allowed, figured on enclosed table, are absolutely, insufficient, considering that through time, deterioration of the objects, the necessity increases.

Following the offer of I0.000 English uniforms by the sub- commission of P.S. and eventually of other 55.000 required to complete the clothing of the carabineer, and worried by the great need, I hurried myself to accept but since that offer I have heard no more and now the situation in getting worse every day.

Only in a few very urgent cases have clothes been supplyed thanks to the interestedness of each single legion, and if the CC.RR. is able to carry on in these conditions there is only one thing to account for, that is, a prevailing strong dose of discipline, but which may dissolve away if this urgent call for clothing is not given the proper attention. There is also another thing to consider, that is the prestige and consideration on the part of the population which has to be acquired again and the uniform will contribute a great deal to that.

Giunge mesi or sono, nell'assumere il comando dell'Arma dei CC.RR. una delle prime questioni sulla quale portai la mia particolare attenzione, forte dell'esperienza fatta presso altri alti Comandi, fu precisamente quella del vestiario dei militari dell'Arma.-

Fin d'allora constatai la difficile, mai critica situazione in cui si trovavano i carabinieri in fatto di vestiario, in quanto ora notevole percentuale di essi era in borghese e lo è tuttora e gli altri a mala pena disponevano di una sola divisa, costituita da indumenti di ogni sorta, (e non sempre uniformi per foggia e colore) più volte rimmendati, da lungissimo tempo distribuiti, e ridotti ormai in pessimo stato d'uso.-

Fui allora costretto a presentare al Ministero Guerra - Divisione Vestiario, la richiesta degli oggetti di vestiario, in quell'epoca ritenuti necessari, per provvedere ai più urgenti bisogni, (foglio 317/22 del 15/3/1945).-

Si tratta grosso modo di 30.000 serie.

Non ho mancato di sollecitare più volte, per iscritto e via breve, l'assegnazione di quanto richiesto; ma in tutto questo lasso di tempo sono stati distribuiti solamente gli oggetti elencati nell'unito specchio, dal quale risulta come, ad eccezione delle scarpe, le necessità prospettate possano considerarsi ineccepibilmente soddisfatte, senza tener conto, poi, che col

Cinque mesi or sono, nell'assumere il comando dell'Arma dei CC.RR. una delle prime questioni sulla quale portai la mia particolare attenzione, forte dell'esperienza fatta presso altri Alti Comandi, fu precisamente quella del vestiario dei militari dell'Arma.-

Fin d'allora constatai la difficile, anzi critica situazione in cui si trovavano i carabinieri in fatto di vestiario, in quanto una notevole percentuale di essi era in congedo e lo abbottava e gli altri a mala pena disponevano di una sola divisa, costituita da indumenti di cleng se, (e non sempre uniformi per foggia e colore) più volte rimmendati, da lunghissimo tempo distrimmati, e ridotti ormai in pessimo stato d'uso.-

Feci allora presentare al Ministero Guerra - Divisione Vestiario, la richiesta degli oggetti di vestiario, in quell'epoca ritenuti necessari, per provvedere ai più urgenti bisogni,(foglio 317/22 del 5/3/1945).-
Si tratta grosso modo di 30.000 serie.
Non ho mancato di sollecitare più volte, per iscritto 723^ via breve, l'assegnazione di quanto richiesto; ma in tutto questo lasso di tempo non sono stati distrimmati solamente gli oggetti elencati nell'unito specchio, dal quale risulta come, ad eccezione della camicia, le necessità prospettate possano considerarsi insoddisfatte, senza tener conto, poi, che col

precedere dal tuono e sul terreno dove gli scoppi si succedevano ad intervalli.-

Assillato dal bisogno, in seguito all'offerta fatta dalla sottoscritta di N. 5.000 uniformi inglesi tinte in verde ed eventualmente anche delle altre 53.000, occorrenti per completare il vestiario dei carabinieri, non ho mancato, prevedendo dal colore certo usato approssimativamente, di affrettarmi ad accettare.- Anche di questa offerta non ho avuto più notizia.-

La situazione va giornalmente peggiorando, anche se qualche sollievo riceve, là dove possibile, ma stato effettuato per interessamento delle singole legioni, sufficiente però a coprire soltanto le più gravi lacune.-

Se l'Arma in tali condizioni, ha continuato ad assolvere più che degnamente il compito affidatogli, non si può non riconoscere che ciò va attribuito esclusivamente al forte spirito di disciplina, abituale nei carabinieri; spirito che, però, potrebbe essere invocato se l'attuale grave disagio nel vestiario dovesse ancora protrarsi.-

E' da tenere presente peraltro che non si tratta solo di spirito da conservare, ma di prestigio e di considerazione presso le popolazioni da riconquistare; e l'uniforme ne rappresenta un validissimo contributo.-

Subject: Clothing.

When I assumed the command of the C.C. 7 R
five years ago, one of the first things to which I plac=
ed on more attention was that of clothing.

Since then I noticed the difficult and even critical
situations which faced the carabineers, as a remark=
able percentage of them were then and are still to be
found dressed up in civilian, and others could not
~~afford~~ afford but a scanty uniform made up for the
purpose from other garments. I made then an appli=
cation to Ministry of War for clothing material which
I considered most urgent at the time (folio 337/22-
-15/3/1945). A rough estimation of 30.000 pie=
ces have been repeatedly asked for, but the
assignment allowed, figured on enclosed table, are
absolutely insufficient, considering that Through
time and deterioration of the objects, the neces=
sity increases.

Following the offer of 10.000 English

uniforms by the Sub. Commission of P.S. and eventually of other 55.000 required to complete the clothing of the Carabineer, and worried by the great need, I burned myself to accept but since that offer I have heard no more and nowthe situation is getting worse every day.

Only in a few very urgent cases have clothes been supplyed thanks to the interestedness of each single legion, and if the C.C.R.R. is able to carry on in these conditions there is only one thing to account for, that is, a prevailing strong dose of discipline, but which may dissolve away if this urgent call for clothing is not given the proper attention. There is also another thing to consider, that is the prestige and consideration on the part of the population which has to be acquired again and the uniform will contribute a great deal to that.

The General Commander
/s/ Brunetti Brunetti.

ACC43A

My dear Mr. Prime Minister,

I refer you to letter of the 12th July in which I notified you of the increase in the number of Carabinieri to 65,000.

The uniforms to be supplied to the extra 10,000 thus authorised will be British Battle Dress which has been dyed to a grey green colour. I have reason to believe that dyed British Battle Dress could also be supplied to replace worn garments in the possession of the other 55,000 Carabinieri.

Before I give orders for the Public Safety Sub-Commission to investigate this possibility further, I would be glad to know your feelings in this matter. As you know, there is a shortage of Italian Army uniform and it is unlikely that supplies will be available for some time. I suggest that the use of this British type uniform is a good solution even though it means a temporary departure from the traditional dress.

Yours very truly,

/-/ Ellery W. Stone

16 June, 1945.

AG/ 14600/87/1/85

SUBJECT : Public Security in N. Italy.

TO : V.P. C.A. Section.

1. Reference 9626/EC dated 14 January 1945.

2. The primary responsibility for clothing and equipping CC.RR is one for MMIA (Land Forces Sub Commission) and Public Safety Sub Commission is in constant touch with them on it. The following items have been allotted to northern Regions during the past few weeks

2500 boots

700 Tunics

200 Pairs Trousers

400 Caps

700 Ties

700 Puttees

In addition the Ministry of War is manufacturing 4000 pairs of trousers for issue to CC.RR. Further clothing will be manufactured as more cloth becomes available.

3. With reference to 1(a) it is conceded that equipment supplied to CC.RR. generally has been inferior. The grey green type of uniform is made of shoddy and soon wears out and in many cases

7237

1558

Declassified E.O. 12356 Section 3.3/NND No. 785016

second hand repaired clothing has been the supply resulting in a very poor turn out of the men. Until cloth of a proper type is obtained and made up it would appear that the unsatisfactory dress will continue. Some good uniforms have been uncovered in the north and a supply of cloth has also bee n located near Como. It is thought this will soon be unblocked by MMIA.

The shoes issued are 2nd hand repaired goods and as such require changing at frequent intervals.

Firearms have been in short supply and i n many cases rifles have been issued instead of muskets. The procedure is to secure a supply of muskets from dumps of surrendered arms in the north. This however is unsatisfactory as evidence goes to show that inferior arms are being turned in; the assumption being that the good ones are being concealed for nefarious use at a later stage.

4. Ref. Para 1(b). CC.RR. in the initial stages, as was pointed out by information received before the occupation, had a bad time as the C.L.N. would not recognise them. The situation is gradually changing for the better. The law abiding public are now weary of the banditry of so-called partisans and look to the CC.RR to right matters. P.S. officers are gradually getting the police accepted in their proper role and with increasing apprehensions of law breakers it is hoped that the interior rural districts will be on a par with the towns.

5. Ref. Para 1(c). Questore for the most part have been 7210 appointees of C.L.N. Happily the demand for career officials is now increasing and a blend has been made of career assistants to guide the

1569

Declassified E.O. 12356 Section 3.3/NND No. 785016

better of the C.I.N. Questoras. The transient stage has been sticky and the uncertain political situation has militated against successful local government. Nevertheless improvement is apparent.

6. Transport has been a difficult matter. To date 48 3 Ton trucks and 48 armoured cars have been allotted by AFHQ for CC.RR mobile battalions (12 trucks and 12 armoured vehicles to each of the 4 Northern regions). 40 Armoured cars proceeded to the North at the beginning of this week and are now in situation. These will be available to go to troubled spots. A further eight are undergoing repair. The 48 trucks were all Class 5 vehicles. 4 only were runners and these have been sent north. The other 44 are undergoing repair and will be sent north in small convoys as they are completed.

7. On 17 February the Executive Commissioner suggested to V.P. G.A. Sec. that extra vehicles for CC.RR should be allotted from the 1700 vehicles being made available for the carrying of supplies. CC.RR. needs were made known to the Executive Commissioner on March 45. but it was then stated that the allotment of a number of trucks from the 1700 available would be wrong in priciple.

A request for additional transport for carabinieri was then made to MMIA on 21 March 1945. A complete statement of the vehicle position throughout the entire force was supplied and on 26 April 1945 MMIA replied that no additional vehicles could be allotted. 720

The matter was then referred to AFHQ by G-4 (B) who were prepairing a consolidated statement of the needs of all A.C. transport requirements. The bid was for 50 trucks on 14 May 1945 AFHQ replied

1570

Declassified E.O. 12356 Section 3.3/NND No. 785016

that the general shortage of load carrying vehicles in this theatre made it impossible to release additional vehicles to CC.RR.

8. 50 Italian Army Recce cars have been released to Carabinieri by MMIA. These carry 2 men each and at the present time Carabinieri are being taught to drive this rather unusual vehicle in the Italian Army driving school. These vehicles are only of use for short patrol in towns to show the flag and cannot be considered as any real assistance from a transportati on point of view.

9. CC.RR. General Taddei has been in the north reorganising the force and his return and report should soon be available. In the light of his investigations coupled with the reports of R.P.S.O's much improvement should be effected.

10. Finally it must be reiterated that a general programme of refitting CC.RR. - a force of 65,000 - plus the acquisition of more transport must be tackled and without this the police agencies will be under a handicap.

1. Reference Executive Commissioner's letter 3627/33/EC of 14 August, 1945, attached.

2. From statement in Para.1, there appears to be some misunderstanding. Public Safety Sub-Com. do not requisition for clothing, etc. for the CC.RR. The CC.RR. make requests to the Ministry of War for items required, and the Ministry then make bid direct to MMIA Land Forces Sub Commission. Public Safety S/C, who receive copies of these bids, keeps in touch with MMIA, and assists with advice and suggestions.

3. Para 2. There is no evidence or justification to support the statement that the CC.RR must have stocks in hand, and possibly large undeclared stocks.

4. Para 3. It has been discussed and pointed out for a long time that Land Forces S/C are responsible for clothing and equipping CC.RR, and the suggestion that their Q Staff deal direct with the CC.RR on all such matters, is obviously the correct method and this has been advocated many times before. Land Forces S/C have an adequate Q Staff who could deal with all matters, and the alternative suggestion of assigning one officer with good "Q" experience, is unnecessary and would be less practicable, as such officer would also need a staff.

1. I have read MMIA's letter Q/15/15 of 11 August (copy to you) the subject matter of which Colonel Kerr discussed with me at some length. He is perfectly ready to help but the impression in the Land Forces Sub-Com is that the Public Safety Sub-Com does not requisition for clothing, equipment, etc., of the CC.RR in the proper manner.

2. I think the reasons set out in Colonel Kerr's letters are fully justified and that to requisition a full scale equipment for a force which obviously must have stocks in hand and which the Land Forces Sub-Com suspects has large undeclared stocks in depots (as were found in Army depots), is unreasonable.

3. It occurs to me that we might do well to find an officer with good 'Q' experience who could tackle the whole of this 'Q' and 'S' & 'T' business for the CC.RR. Alternatively we should hand over the whole matter to the Land Forces Sub-Com and ask their 'Q' staff to deal direct with the CC.RR and so get the matter tackled in an adequate manner.

subject: Clothing and Equipment for CC.RR

1. The list of clothing and equipment to equip the CC.RR as submitted by you cannot be handled further for the following reasons:

a. The list submitted is far in excess of the clothing authorized by the Combined Chiefs of Staff.

b. The list submitted indicates that not one single item of clothing and equipment is in possession of any individual of the Carabinieri nor is in Carabinieri stocks, or in other words, the Carabinieri is now stark naked. This is not believed to be the case.

c. The list submitted by you does not take into account the stocks in Carabinieri warehouses as reported on hand on 15 June.

d. A large quantity of clothing, especially overcoats, mackinaws and wool underwear was released to the Carabinieri last year. It is very obvious that a large percentage of this should be, and is actually on hand. The same applies to comforters and blankets while the list submitted by you calls for a complete new issue of blankets at the rate of two per man.

e. The items of tent pegs, tent poles and 40,000 large tents seem to be unnecessary. In the first place, the Italian Army does not have 40,000 large tents; and in the second place, the Carabinieri does not live under canvas.

719

f. Requesting 65,000 pair of rubber boots for Infantry is not understood. Such an item is not equipment in the Italian Army, and it is not furnished the Italian Army by the Allies.

2. When the clothing indent is submitted showing the stocks in the hands of individuals and in the Carabinieri warehouses, it will be possible to make a statement as to whether or not the additional requirements can be met.

3. The transport requirements as stated in the column "Amount on Hand" bear no relation to the facts.

4. The request for additional arms and ammunition can be considered only when a true statement of arms and ammunition now on hand in the Carabinieri is furnished.

GENERAL COMMAND OF THE CC.RR.

N.3/337/22
84

30 July 1945

SUBJECT : Clothing for the CC.RR.

Referring to n.337/22-59 of 14th of last June: I consider my duty to inform you that the clothing situation of the CC.RR, as referred in a/m; is unchanged.

This General Command in order to give all the help necessary for the solution of this grave problem, informed the General Direction Commissariat and Administrative Service, of an offer of 60,000 pair of boots. With letter 337/22-71, of 17 June I requested, if not whole, part assignment of said item. No answer to my request has yet been received.

On 17 July, I wired to same General Direction of a second lot of 50,000 boots (The Firm, Viale Tunisia 36 -Milan).

This General Command has just received another offer from Biella Manufactures, regarding a large quantity of woollen-cloth (about 200.000 metres). These are only too willing to hand over said item, provided that the Ministry of Industry and Commerce exchanges aforesaid goods with recent-shorn raw wool.

The party concerned have been informed to apply to General Direction Commissariat and Administrative Service.

This Command is thus convinced that it is only necessary to face the refurnishing shortage with determination, in order to meet this grave difficulty.

SUBJECT : Request for footwear repairing material

The CC.RR Direction in Palermo has informed us that a large quantity of leather is being tested for distributing to this Ministry.

We bring to your knowledge that all footwear sent to the Repairing Centre in Naples becomes absolutely unwearable again in no time.

We beg you therefore, to examine the possibility of assigning us the necessary quantity of leather needed by each legion for the more urgent repairs of footwear, thus avoiding the present high prices demanded for it.

AL MINISTERO DELLA GUERRA-Direzione Generale dei Servizi di Commissariato ed Amministrativi- ROMA

ALLA COMMISSIONE ALLEATA-Sottocommissione di P.S. ROMA

La legione di Palermo ha comunicato che quella Direzione di Commissariato sta collaudando una notevole quantità di cuoio per suola a disposizione di codesto Ministero.-

Come è noto, le calzature riparate che vengono distribuite dal Deposito Speciale di Napoli risultano di nessuna pratica utilità poichè dopo brevissimo periodo d'uso esse ridiventano inservibili.-

Si prega,pertanto, codesto Ministero di volere esaminare l'opportunità di assegnare all'Arma, un quantitativo di materie prime,con le quali le singole legioni potrebbero provvedere al più impellente riattamento delle calzature abbisognevoli di riparazioni evitando di dovere ricorrere agli acquisti del commercio che - come è noto - dato lo stato attuale del mercato sono assolutamente antieconomici.-

MEMORANDUM

SUBJECT : Carabinieri Clothing.

1. On 5th July 1945 a meeting was held to discuss the above subject. The following were present:

Brig. Upjohn	V.P.C.A. Sec
Col. Noakes	M.M.I.A.
Col. Doherty	Dep. Director P.S. S/C
Lt.Col.Wilson	Police Division

2. Brig. Upjohn stated that carbinieri clothing and equipment was unsatisfactory throughout the whole of Italy and that urgent measures must be taken to improve the position.

3. Col. Noakes replied that the clothing and equipping of carabinieri fell under two heads:

(a) 55,000 from ITI - ITI Stocks.
Those stocks were very small and insufficient for the needs of the Italian Army. Accordingly it had not been possible to allot substantial amounts to carabinieri. Consolidated clothing requirement lists for the force of 55,000 had been received from Commanding General CC.RR through P. Safety S/C and certain allotments had been made, but the garments had been found to be too small and were returned.

(b) 10,000 from BR - ITI stocks.
This represented the newly authorized increase in strength to be fed, clothed and equipped from British Sources. The clothing would be battledress dyed green and 10,000 were avail There was some difficulty in securing all th other items listed in the AFHQ scale of clo but it was anticipated that these would be available in due course.

715

1638

Declassified E.O. 12356 Section 3.3/NND No. 785016

4. Lt. Col. Wilson stated that consolidated bids had been made to MMIA but the only items of clothing allotted were too small for issue. In an effort to help, MMIA had arranged for the manufacture of 4000 pairs of trousers for CC.RR, and had promised further clothing as more cloth became available.

5. Col. Doherty asked if the stocks of clothing and cloth which were blocked in the North, would be available for disposal by MMIA, and would they favourably consider the needs of CC.RR. Col. Noakes replied that all stocks were at present under Army control and that when items became available to MMIA the CC.RR would be considered in relation to the Italian Army needs.

6. Brig. Upjohn then stated that during hostilities the Army must come first, but the time had come when the needs of the CC.RR should be considered as of first priority. Col. Noakes replied that the materials did not exist properly to equip the CC.RR and the only solution he could offer was the use of dyed battledress. This however was a matter of policy that would have to be cleared with AFHQ. This he promised to do, and it was agreed that if the decision was favourable, the matter would be discussed with the Commanding General CC.RR. Brig. Upjohn was in favour of the use of dyed battledress by CC.RR.

7. Lt.Col. Wilson then raised the question of boots for CC.RR. The boots issued by MMIA were repaired goods and had a short life. Large issues had not been possible. On the 19th June 1945 the CC.RR had received an offer to purchase 60,000 pairs of new boots at a reasonable price and the Ministry of War was prepared to finance the transaction. However, the Ministry had pointed out that once the boots were purchased they became the property of the Ministry of War, and as such were subject to disposition by MMIA. Accordingly the scheme had been explained to MMIA by Public Safety S/C and MMIA's approval requested. A reply had been received that the scheme was not favourably considered at this time!

8. Col. Noakes stated that the MMIA view was that CC.RR were not entitled to a priority bulk issue of boots to

7151

Declassified E.O. 12356 Section 3.3/NND No. 785016

the detriment of the Italian Army. Brig. Upjohn replied that in the present circumstances these boots should be allotted to CC.RR and stated that the subject must be reconsidered.

9. The meeting closed on the agreement that:

(a)Col. Noakes would take up with AFHQ the issue of dyed battledress to CC.RR and the policy would then be discussed with the Italian authorities.

(b)Col. Noakes would work out with Public Safety a scheme to allot an agreed number of repaired boots to CC.RR at stated intervals

(c)The question of the manufacture of 50,000 pairs of new boots should be re-submitted to MMIA

My dear Gerald:

Throughout the monthly reports of Regions and Sub-Commissions there runs the story of shortage of clothing and equipment for the CC.RR. During my visits to the North I have heard constantly the same story.

I know that there have been many difficulties in supplying the materials required. The Public Safety Sub-Commission has, I think, lacked organised plans on which to bid; the Land Forces Sub-Commission have been tied down by charter and regulations - and the two have provided sufficient irritant to slow down the machine even further.

The establishment of law and order is our primary duty: the CC.RR have no chance, no hope of success, if they are ill-equipped: if they fail we must fail in our object - and failure at this time may alter the future of Italy. We have no time to spare.

I am therefore writing to ask you and General Browning in consultation to devise means by which, even at the expense of the Italian Army, and even in defiance of regulations, the CC.RR can be properly and rapidly equipped and clothed. On the one side there is needed a plan, on the other great elasticity in application of regulations.

Sincerely yours,

Evan Talbot.

SUBJ. : Reqest for bed-sheets

This General Command besides the request contained in letter No.3/321/33-3-944 has further need (urgent) of bed sheets for the legional infirmaries.

Besides the 400 sheets already asked for, over 3,600 are still needed.

It must be considered that;

a) - owing to the absolute lack of them, the supply-centres of CC.RR. cannot give us any aid;

b) - and that the insuffiency of said goods on the market, makes it impossible to purchase them.

We beg you therefore, to closely examine our request in order to providethe infirmeries, used for sick soldiers who cannot be accepted in the military hospitals for lack of beds.

1. Reference your PR/PS/1/43 dated 25 June 1945.

2. Carabinieri clothing is supplied by MMIA through Italian Military Stores. All clothing is Italian Army clothing.

3. All the persons contacted by your offices were concerned with Commerce Sub-Commission, and quite naturally they had no knowledge of Italian Army matters.

4. If your officer had contacted Public Safety Naples, or this Sub-Commission, (Lt.Col.Wilson), he would have been directed to the Italian Army Clothing Depot No.8 Frattamaggiore, Naples.

5. It has been verified that the items still await your collection. If any difficulty is experienced will your officer please ring Rome 489081 Ext 365 (Lt. Cdl. Wilson).

4. Lt. Col. Wilson stated that consolidated bids had been made to MMIA but the only items of clothing allotted were too small for issue. In an effort to help, MMIA had arranged for the manufacture of 4000 pairs of trousers for CC.RR, and had promised further clothing as more cloth became available.

5. Col. Doherty asked if the stocks of clothing and cloth which were blocked in the North, would be available for disposal by MMIA, and would they favourably consider the needs of CC.RR. Col. Noakes replied that all stocks were at present under Army control and that when items became available to MMIA the CC.RR would be considered in relation to the Italian Army needs.

6. Brig. Upjohn then stated that during hostilities the Army must come first, but the time had come when the needs of the CC.RR should be considered as of first priority. Col. Noakes replied that the materials did not exist properly to equip the CC.RR and the only solution he could offer was the use of dyed battledress. This however was a matter of policy that would have to be cleared with AFHQ. This he promised to do, and it was agreed that if the decision was favourable, the matter would be discussed with the Commanding General CC.RR. Brig. Upjohn was in favour of the use of dyed battledress by CC.RR.

7. Lt.Col. Wilson then raised the question of boots for CC.RR. The boots issued by MMIA were repaired goods and had a short life. Large issues had not been possible. On the 19th June 1945 the CC.RR had received an offer to purchase 60,000 pairs of new boots at a reasonable price and the Ministry of War was prepared to finance the transaction. However, the Ministry had pointed out that once the boots were purchased they became the property of the Ministry of War, and as such were subject to disposition by MMIA. Accordingly the scheme had been explained to MMIA by Public Safety S/C and MMIA's approval requested. A reply had been received that the scheme was not favourably considered at this time!

7134

8. Col. Noakes stated that the MMIA view was that CC.RR were not entitled to a priority bulk issue of boots to

1665

the detriment of the Italian Army. Brig. Upjohn replied that in the present circumstances these boots should be allotted to CC.RR and stated that the subject must be reconsidered.

9. The meeting closed on the agreement that:

(a)Col. Noakes would take up with AFHQ the issue of dyed battledress to CC.RR and the policy would then be discussed with the Italian authorities.

(b)Col. Noakes would work out with Public Safety a scheme to allot an agreed number of repaired boots to CC.RR at stated intervals

(c)The question of the manufacture of 50,000 pairs of new boots should be re-submitted to MMIA

ANSLATION M.C.

GENERAL COMMAND OF CC.RR.

No. 3/1350/8 Rome, the 4th July 1945

SUBJECT : Clothing for CC.RR.

TO : A.C. Public Safety S.C.

We beg you to inform the MMIA to forward equipment and clothing requested in enclosed list forwarded to Colonel Chapman 16th March 1945.

Since the above date the clothing assigned to CC.RR. by the Ministry of War, in comparison with that authorised by MMIA is absolutely insignificant, and what was sent useless. In majority of cases the material sent was used and salvaged of no use to the carabinieri, thus said goods have been stored away and arrangements have been made to return it to Direzioni di Commissariato.

The limited quantities forwarded by the Ministry, of what could be utilized, have long before this been absorbed by the increasing, impelling needs of the disbanded recuperated Carabinieri.

The material requested, besides the normal needs of the CC.RR. is also of urgent necessity to clothe and equip 10.000 Carabinieri recuperated from German Internament Camps which daily flow back to our Legions.

Of all objects demanded in enclosed request, the following are of particular importance, some completely lacking :

--Woollen Military jackets g.v.
- trousers
- boots
- shirts
- socks (stockings)
- ubderwear
- wollen leggings or long stockings.

713

The request is very urgent.

DIREZIONE DI AMMINISTRAZIONE

3ª SEZIONE

N3/1350/8 di prot. Roma, li 4 luglio 945.-

Risposta al del n. Allegati n. 1

OGGETTO: Vestiario carabinieri reali.-

ALLA COMMISSIONE ALLEATA -Sottocommissione di P.S.-
R O M A

Si prega codesta Sottocommissione di volere interessare la M.M.I.A. al fine di fare assegnare all'Arma gli oggetti di vestiario ed equipaggiamento richiesti con elenco -qui unito-trasmesso in copia al Colonnello Chapman in data 16 marzo c.a.-

Da tale data ad oggi, i quantitativi di oggetti di vestiario assegnati all'Arma dal Ministero della Guerra, su quelli autorizzati dalla M.M.I.A. in base alla richiesta predetta, sono stati assolutamente irrisori; si è trattato, nella maggior parte, di materiali usati e di recupero e di taglie non idonee ai carabinieri, si che per moltissimi -giacenti nei magazzini legionali perchè inutilizzabili- è stata disposta la restituzione alle Direzioni di Commissariato.-

I limitati quantitativi a suo tempo ottenuti dal Ministero -per la parte che si è potuta utilizzare- sono stati già da tempo assorbiti dalle sempre più impellenti necessità(carabinieri sbandati, recuperati ecc.).-

7129

I materiali che si richiedono, oltre che per le normali ben note necessità dell'Arma, servono pure alla urgente vestizione ed equipaggiamento dei 10.000 carabinieri recuperati dai campi di internamento in Germania, che giornalmente stanno affluendo alle legioni.-

°/°

Declassified E.O. 12356 Section 3.3/NND No. 785016

Di tutti gli oggetti compresi nell'allegata richiesta, rive-
stono particolare carattere di necessità i seguenti; dei quali
si è completamente deficitari:

- Giubbe di panno g.v.
- Pantaloni di panno g.v.

AC/14291/PS

SUBJECT : Public Security in N. Italy.

TO : Executive Commissioner

1. Reference 3626/EC dated 14 January 1945.

2. (a) The primary responsibility for clothing and equipping CC.RR is one for MMIA (Land Forces Sub Commission) and Public Safety Sub Commission is in constant touch with them on it. The present directive is not satisfactory. MMIA's responsibility has, naturally, been primarily to the combat units and Public Safety Sub-Commission has not got the powers, organisation on personnel to look after their supplies. A letter on this is now approved and going forward to AMMI over the Chief Commissioner's signature. The following items have been allotted to northern regions during the past few weeks

2500	Boots
700	Tunics
200	pairs Trousers
400	Caps
700	Ties
700	Puttees

In addition the Ministry of War is manufacturing 4000 pairs of trousers for issue to CC.RR. Further clothing will be manufactured as more cloth becomes available.

(b) It is agreed that equipment supplied to CC.RR. generally has been of inferior quality. The grey green type of uniform being made of shoddy soon wears out, and in many cases second hand repaired clothing has been the supply resulting in a very poor turn out of the men. Until cloth of a proper type is obtained and made up it would appear that the unsatisfactory dress will continue. Some good uniforms have been uncovered in the north and a supply of cloth has also been located near Como. It is expected this will soon be unblocked by MMIA.

712

1670

Declassified E.O. 12356 Section 3.3/NND No. 785016

The shoes issued are 2nd hand repaired goods and as such require changing at frequent intervals.

Firearms have been in short supply and in many cases rifles have been issued instead of muskets. The procedure is to secure a supply of muskets from dumps of surrendered arms in the north. This however is unsatisfactory as evidence goes to show that inferior arms are being turned in; the assumption being that the good ones are being concealed for nefarious use at a later stage.

3. Reference para 1(b). CC.RR. in the initial stages, as was expected from information received before the occupation, had a bad time as the C.I.N. would not recognise them. The situation is gradually changing for the better. The law abiding public are now weary of the banditry of so-called partisans and look to the CC.RR. to right matters. P.S. officers are gradually getting the police accepted in their proper role and with increasing apprehensions of law breakers it is hoped that the interior rural districts will be on a par with the towns.

This can only be tackled by the P.P.S.O. and it is a slow but steady business.

4. Questors for the most part have been appointees of C.I.N. Happily the demand for career officials is now increasing and a blend has been made of career assistants to guide the better of the C.I.N. questores. The transient stage has been sticky and the uncertain political situation has militated against successful local government, but improvement is now apparent.

5. Transport has been a difficult matter. To date 48 3 ton trucks and 48 armoured cars have been allotted by AFHQ for CC.RR. mobile battalions (12 trucks and 12 armoured vehicles to each of the 4 Northern regions). 40 armoured cars proceeded to the North at the beginning of this week and are now in situation. These will be available to go to troubled spots. A further eight are undergoing repair. The 48 trucks were all Class 5 vehicles. 4 only were runners and these have been sent north. The other 44 are undergoing repair and will be sent north in small convoys as they are completed.

6. On 17 February the Executive Commissioner suggested to V.P. C.A. Sec. that extra vehicles for CC.RR. should be allotted from the 1700 vehicles being made available for the carrying of supplies. CC.RR. needs were made known to the Executive Commissioner on March 15, but it was then stated that the allotment of a number of trucks from the 1700 available would be wrong in principle.

Declassified E.O. 12356 Section 3.3/NND No. 785016

A request for additional transport for carabinieri was then made to MMIA on 21 March 1945. A complete statement of the vehicle position throughout the entire force was supplied and on 26 April 1945 MMIA replied that no additional vehicles could be allotted.

The matter was then referred to AFHQ by G-4 (B) who were preparing a consolidated statement of the needs of all A.C. transport requirements. The bid was made for 50 trucks on 14 May 1945 AFHQ replied that the general shortage of load carrying vehicles in this theatre made it impossible to release additional vehicles to CC.RR.

7. 50 Italian Army Fiece cars have been released to Carabinieri by MMIA. These carry 2 men each and at the present time Carabinieri are being taught to drive this rather unusual vehicle in the Italian Army driving school. These vehicles are only of use for short patrol in towns to show the flag and cannot be considered as any real assistance from a transportation point of view.

8. CC.RR. General Taddei has been in the north reorganising the force and his return and report should soon be available. In the light of his investigations coupled with the reports of R.P.S.O's much improvement should be effected.

9. Finally it must be reiterated that a general programme of refitting CC.RR. - a force of 65,000 - plus the acquisition of more transport must be faced by Higher Authority.

URGENT

In accordance with a telephone conversation between Public Safety Sub-Commission Allied Commission and this Office, we are forwarding the attached lists in triplicate showing our requirements for clothing, Arms and ammunition, equipment, transportation, and tires.

We wish to call to your attention the fact that both the uniforms and socks requirements should be made from new stock. We stress this because just recently, this command was forced to return the uniforms and socks allocated for the 1200 guards who were alerted for duty north, due to the fact that they were not new.

We thank you for anything which may be done for the GG.FF.

SUBJECT: Clothing, Equipment, Weapons, and Transportation Requirements for Public Security.

TO : Allied Commission
Sub-Commission P.S.
ROME

As per our agreement with you, we forward four lists of various materials needed by the Public Security Police Force. These four lists deal with clothing, equipment, weapons, and transportation.

May we call your attention to the fact that these requirements are based upon the strength of 32000 agents, of which 22000 are in operation, and 10000 are in the process of being recruited; and that this total strength is an allocation, only, for the 49 provinces which come under Italian administration as of the present date.

We should also like to point out that to quite an extent, the bicycle requirements together with the parts requirements for them, include the needs of the Royal Carabinieri.

MEMORANDUM

10 SET. 1945

Transport, Arms, Equipment and Clothing for Police Agencies

1. The requirements of the Carabinieri, Guardia Finanza and Agents of Public Security as to Clothing, Equipment, Arms and Transport are as shown on the attached returns. As a result of discussions with Land Forces Sub-Commission (MMIA) it is known that the present stocks of clothing are insufficient for the needs of the Italian Army proper, and therefore no allotments can be made to Carabinieri. However, the increased strength of 10,000 is being clothed from British sources in dyed battledress : boots have also been issued. Considerable stocks of British battledress dyed grey green are available to MMIA and issue could be made to the 55000 Carabinieri. This question of the variation of the traditional dress has been raised with the Commanding General Carabinieri. It was appreciated that cloth for the manufacture of uniforms will not be available until next year, and accordingly it was agreed that dyed battledress would be suitable. In view of the importance of this matter the agreement of the President of the Council of Ministers has been sought but no decision has yet been reached. Repaired boats can be issued to Carabinieri and no difficulty is anticipated.

2. MMIA have insufficient transport for the needs of the Italian Army and are thus unable to supply vehicles to the Carabinieri. Applications have been made for vehicles from Allied sources but in your AFHQ/S116/5/Q (AE) dated 14 May 45 it was stated that no vehicles were available for issue.

3. Guardia Finanza are not now a part of the Italian Army and accordingly Italian Army Stocks are not available for their use. The channel of supply is from the Italian Ministry of Commerce Industry and Labour to the Ministry of Finance. Stocks of cloth found in the north have not yet been made available to the Italian Ministry and accordingly no uniforms have been

709

Declassified E.O. 12356 Section 3.3/NND No. 785016

supplied. Similar difficulties exist regarding arms, equipment and transport.

4. Agents of Public Security obtain clothing from the same source as the Guardia Finanza, and until supplies of cloth are made available, the manufacture of uniforms will not be possible. Arms, equipment and transport are in short supply and very little assistance can be given through A.C. channels.

DIREZIONE DI AMMINISTRAZIONE

Sezione III^a^

N. 3/1350/8-1 di prot. Roma, li 30 luglio 1945

Risposta al del n. Allegati n.

OGGETTO: Fabbisogno di vestiario, equipaggiamento, armamento ed automotomezzi per i CC.RR.-

ALLA COMMISSIONE ALLEATA-Sottocommissione di P.G.-

R O M A

^^^^^^^^^^

In seguito a richiesta telefonica, si trasmettono i seguenti specchi:

a)- fabbisogno di vestiario ed equipaggiamento;

b)- fabbisogno di automezzi;

c)- fabbisogno di armamento.-

Gli specchi anzidetti riepilogano il fabbisogno dei materiali occorrenti all'Arma dei CC.RR. quale è stato di volta in volta prospettato con le singole richieste.-

Lo specchio del vestiario prevede il fabbisogno integrale per tutti i militari dell'Arma, in quanto delle richieste a suo tempo presentate per circa 30 mila serie complete di vestiario, questo Comando generale non ha ancora avuto comunicazione ufficiale di accoglimento, e quindi non ha ricevuto assegnazioni.-

E' naturale, perciò, che ove qualche assegnazione sia stata fatta nel frattempo, questa debba essere posta in deduzione ai bisogni indicati nello specchio che ora si trasmette.-

SUBJECT: Stock of English uniforms for the CC.RR.Brigade.

The IO.OOO English uniforms which were re-dyed green, have been delivered to the 3th CC.RR.Brigade.

While they examinated in order to pair size and colour it was found out,that only the third part out of the whole stock is fit to be used right away,for the rest consists in uniforms-shoes included-the size of which is either too big or too small.

On the other side no sehirts,drawers and socks were delivered at all; only about one thousand caps and leggings were received.

As a matter of fact,it is impossible to fulfil your proposal to let the whole 3th Brigade wear the English uniform simultaneously on a certain date.

On the contrary,this General Command proposed to proceed gradually,starting to dress with the available uniforms the Legion of Bologna,which has the highest number of carabinieri in want of uniform. The other legions will get the uniforms as soon as those which are too big or too small can be substituted with fitter ones.

Till this moment we received about one thousand English caps; so I think it should be better to complete the assignment of further three thousand caps in order to put in a even line the whole Legion of Bologna in case you approve my proposal.

As I heve already communicated to Col.Wilson in a telephone call,it is further needed a quick decision in regard to the possibility of a supply of shirts,drawers,and socks,because we did' nt yet get the 60.000 drawers and 50.000 pairs of socks we have already asked for.

DIREZIONE DI AMMINISTRAZIONE

III^ SEZIONE

N. 3/1350/15- di prot. I3 — Roma, li 3 Ottobre 1945

Risposta al del n. Allegati n.

OGGETTO: Serie di uniformi inglesi per la III^ Brigata CC.RR.-

ALLA COMMISSIONE ALLEATA - Sottocommissione di P.S. -
ROMA

^^^^^^

Le 10.000 uniformi inglesi ritinte in verde, destinate alla III^ Brigata CC.RR. sono state consegnate.-

Da una prima cernita, resa necessaria per appaiare taglie e tonalità di colore, si è potuto constatare che di tutte le serie ricevute, soltanto una terza parte è suscettibile di immediato impiego, in quanto il rimanente è costituito da indumenti - scarpe comprese - di taglia o troppo grande o troppo piccola.-

Non sono state, peraltro consegnate affatto camicie, mutande e calze; è stato invece ricevuto solo un migliaio circa di berretti e di cavigliere.-

Così stando le cose, è ben lontana la realizzazione della possibilità, manifestata da codesta Sottocommissione, di far vestire con uniformi inglesi ad una data convenuta, simultaneamente, tutti i militari della III^ Brigata.-

Questo Comando Generale prospetta invece se non sarà il caso, di procedere a scaglioni, vestendo intanto, col materiale ricevuto, la legione di Bologna, come quella che attualmente ha il maggior numero di carabinieri in borghese, e procedendo alla vestizione delle altre legioni man mano che sarà possibile ottenere la sostituzione degli oggetti troppo grandi o troppo piccoli

con altri più adattabili alla corporatura dei militari.-

E poichè sono stati ceduti finora un migliaio circa di berretti a busta inglesi, riterrei consigliabile completare l'assegnazione di altri 3000 di tali berretti per mettere, ove fosse accolta la proposta più sopra fatta, su una linea di uniformità almeno la legione di Bologna.-

Come già, tempo addietro fatto presente per telefono al Tenente Colonnello WILSON di codesta Sottocommissione, sarebbe inoltre necessaria una sollecita decisione circa la possibilità di una cessione anche di camicie, mutande e calze, dato che non si è avuta ancora l'assegnazione di 60.000 camicie, 60.000 mutande e 60.000 paia di calze a suo tempo, come noto, richieste e sollecitate.-

To: AC HQ, APO 394 (attention: Public Safety Sub-Commission).

A thorough examination of the clothing and equipment available for the CC.RR. of the Torino, Alessandria and Genoa Legions has been made, and to enable this Force to function as we should desire, a supply of winter uniform, clothing and equipment is required as early as possible.

Colonel BUTI, Commander of the above named Legions was instructed to give this important matter his personal attention and he has, this day, forwarded a request through CC.RR. channels for the articles shown on the attached list.

It is requested that M.M.I.A. be asked to facilitate the issue otherwise the CC.RR. will be severely handicapped during the forthcoming winter months.
