CCRR RATIONS
OCT. 1944 - DEC. 1945

2264

Declassified E.O. 12356 Section 3.3/NND No. 785016

To MMIA — Please see 62 4 A-B-C. (You have already commented on 62 B.) It has been ascertained that the CCRR referred to are not attached to the Cagliari region. They form part of the contingent at the disposal of the Navy. A similar contingent is at the disposal of the Air Force and S.I.M. is with the Army. As you know S.I.M. do not draw rations on the CCRR ceiling, nor do the ~~Army~~ Navy and Air Ministry contingents, as they are not available to the Commanding General for duty. The cost of upkeep of the CCRR with the 3 fighting services is paid by the Ministry concerned — not through ordinary CCRR channels.

In view of the above — can rations be supplied please to the 70 CCRR at the disposition of the NAVY in Sardinia?

Each CC.RR. station maintains a register showing the daily strength of men on duty. The CC.RR Hqs is prepared to issue orders to Legion Commanders to check the number of rations drawn with the number of men on duty. The Commanding General will, at the same time, warn all Officers and N.C.Os that the severest penalties will be meted out to those responsible if rations are drawn in excess of the strength.

7. In view of the foregoing it is requested that CC.RR be excepted from the instructions mentioned in paragraph 3 of MMIA letter (5 A) - i.e. that as from the 1st Feb. 1945, no rations will be issued except as authorised by papers presented to the Depot.

Reference SD 28, dated 15th January, 1945. (5A)

1. With regard to paragraph 1, MMIA letter dated 28th December, 1944, was answered by the Chief Commissioner's letter, AC/14622/PS, dated 31st December, 1944, addressed to AFHQ copy to MMIA.

2. The scheme proposed by MMIA for controlling the issue of rations to CC.RR is that each CC.RR Unit is to be issued with an authorisation to draw a specific number of rations. In no circumstances may the number of rations indicated on the authorisation be exceeded.

3. The CC.RR Hqs. and this Sub-Commission consider such a scheme is not practicable.

4. In liberated Italy there are some 3,000 CC.RR stations, each of which draws rations from the nearest Allied or Italian Army Depot. The number of men at each CC.RR. station is liable to fluctuate daily by reason of transfers of men to or from other districts - for example, to deal with special crime conditions, disturbances, investigations, conveyance of prisoners, attending Courts, replacing men on sick leave and innumerable other exigencies of Police service.

These variations may be authorised at a moment's notice by the officer or N.C.O. in charge of a station.

An equally serious objection to the proposed scheme is that in the forward areas, CC.RR. disbanded by the Germans are reporting daily for CC.RR duties. The need for these men is so urgent that their services are utilized without delay to assist the 5th and 8th Army Military Police in dealing with civilians, manning security check posts etc. These CC.RR must be fed. Their number obviously cannot be predicted and, owing to the state of communications, strength returns cannot reach Hqs. for a considerable time.

5. As an alternative to the MMIA proposal it has been suggested that the drawing of rations might be controlled by issuing to each CC.RR a ration card. The Chief of Staff, CC.RR is not in favour of the suggestion, as it will mean

5. As an alternative to the MMIA proposal it has been suggested that the drawing of rations might be controlled by issuing to each CC.RR a ration card. The Chief of Staff, CC.RR, is not in favour of the suggestion. as it will mean setting up complicated machinery with very doubtful results. MMIA, on their side, state that in the forward areas, where CC.RR draw from Allied Depots, the personnel in charge could not be expected to deal with individual ration cards.

6. It is therefore evident that there is no practical method of limiting in advance the number of rations to be drawn by CC.RR Units. Control can only be exercised after the rations have been drawn.

Declassified E.O. 12356 Section 3.3/NND No. 785016

MINUTE 2

It has been agreed that the strength of CC.RR. will not exceed 55,000 until specific authority is received from AFHQ.

Instructions have been issued by Public Safety Sub-Commission to the Commanding General CC. RR. to get out of way CC. RR. in excess of the ceiling.

In view of this, MMIA will not require any action in answer to their letter 5A regarding returns.

This matter is now closed.

CC.RR. GENERAL COMMAND

N.99/19

SUBJECT: Militaries of the CC.RR. not included in fighting force. RATIONS

14601/21

As requested by phone,we are sending on prospectus of CC.RR. personnel not included in the fighting force with indication of Institutions keeping CC.RR. personnel in service:

a) By order of the Sub - Commission,the fighting force based upon 65.CCC men,was drawn from the pre-existing example composed of 55.OCO,and transmittid by M.M.I.A. to same Sub-Commission and sending also a copy to this General Command;

b) With folio n.I46OI/2I/P.S. - 28/2/45, the Sub Commission disposed that victualled personnel employed at Information Office of Army H.Q.,should not be reckoned but merely limited in annotation of fortnightly prospectus,which thing has alweys been done;

c) In analogy to letter b),this General Command has,since I/7/45, provided victuals to personnel at a/m Departments as because with folio n. AC/I46OI/2I/PS. - 5/2/45 - prescribed to follow scrupulously to battle order in force;

d) Up to I/7/45, the CC.RR. personnel at Marine and Air Departments,was victualled from total supply alloted to forces in c/o territorial commands because the number prescribed for organics had not been attained at the time.

e) Disposing now in analogy to what is said at d) would compromise the efficiency of the territorial Units especially in this delicate period of the country,considering also the numerous and ever increasing duties requested from CC.RR.

41^

f) The lieutenancial decree relating to a further increase of IO.OOO carabineers,- about to be published- states that the number of 65.000 men (including those of the Trieste Legion)must be referred only to territorial command forces,but for those in service at Ministries and other Institutes, their presence must be reckoned and placed in charge of each Institute concerned.

./.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Granted the a/m and considering that the personnel now at the disposal of the Marine and Air Ministries is victualled as anticipated, this Command begs the Sub-Commission to interpose its authorizative offices in order to ovoid burdening furthermore the organics of the territorials.

As for those at Information Office at Army H.Q., this Command begs to confirm to what has already been disposes of in a/m folio.

1. Enclosure (A) is forwarded herewith requesting the favor of your early comments and recommendations. The Navy Sub-Commission, AC has no knowledge of any authorization under which CC.RR. personnel may be included in the Italian Navy ration ceiling.

2. In connection with the comments by the Ministry of Marine as to the difficulties which may be encountered in supplying CC.RR. personnel with rations through the Italian Navy, the Navy Sub-Commission, AC is strongly against such procedure being adopted, especially for the reason that no Allied field organization under the Navy Sub-Commission, AC is available to supervice the issue of rations.

Date: 21st September 1945
Ref.: 24. 20685 - Encl. No.1

Subject: Victualling of CC.RR. Personnel placed at the disposal of the I.R.N.

1. The signal of which a copy is attached has been received from the Ministry of War, with reference to the victualling of CC.RR. personnel placed at the disposal of the various armed services.

2. This Staff has no information whether the extension to the I.R.N. of the instructions concerned - which refer to the Royal Italian Air Force - is due to a similar interpretation given to them by the Ministry of War or to a specific definition from the N.S.C.C.

However, in the second event it is requested that the N.S.C. may intervene in order to prevent the alteration of the present system, which lays upon the I.R.N. the direct victualling of the CC.RR. personnel placed at its disposal.

3. In support of this request the following considerations are brought to your attention :

- The CC.RR. branch belonging to the I.R.N. consists of 710 ratings dispersed among the various departments at the Naval bases and establishments in the Peninsula and on the islands. In practice these ratings are outside the complement of the service to which they belong and are administered on the ledgers of the I.R.N. There is no relationship of an administrative nature between the CC.RR. of the I.R.N. and the Territorial Legions of the CC.RR. Service.

The I.R.N. victuals the CC.RR. sections placed at its disposal through the Provision Stores at the various bases.

In applying the Ministry of War's instructions it would result that a CC.RR. section would receive the pay of one service (the Navy) and the victualling of another (the Army) which are accounted differently: this would lead to inconveniences in administration (when, for example ratings temporarily have to receive their rations in pay (I.R.N. funds) instead of in kind) (Army issue). Furthermore, difficulties of a practical nature would be encountered in collecting and transporting the provisions, since the Depots of the Navy are not always based on the same places as the corresponding branch of the Territorial Service.

Declassified E.O. 12356 Section 3.3/NND No. 785016

The CC.RR. of the Royal Italian Air Force, being administered by the Territorial Legions of the CC.RR. Service, are not subject to the same conditions, administratively, as those of the I.R.N.

4. I should appreciate information of the decision adopted by the N.O.C. in respect of the above.

It has not been possible fully to apply the instruction of MMIA, concerning the procedure for the distribution of food rations in circular No. 10957/S/1 dated 1 June 45, because of the particular situation of some of the food distribution depots.

In order to carry out this procedure with uniformity, and having received communication from MMIA., we lay down the following procedure for the distribution of rations :

a) Normally rations must always be withdrawn on a basis of requirements for 15 days.
b) In exceptional circumstances, units of large strengths, through an agreement with the Allied LO may be authorised to withdraw for a shorter period than 15 days (e.g. five or ten days).
c) As a rule, withdrawals must be made for the fortnights commencing on the 6th and 21st of each month, according to a roster to be compiled by the Military Territorial HQ's.
d) Should it not be possible to supply rations according to the procedure and on the days laid down in the proceeding paragraph c), owing to the number of units to whom rations have to be issued, the Territorial HQ's addressed as above are authorised to order that the rationing be made even in fortnightly periods other than those dealt with in paragraph c).

The units, then, although withdrawing their requirements for a fortnight will be permitted to draw on different days or fortnights as per a roster to be established according to indications on the attached sheet.

e) The depots must always register outgoing vouchers on the same day as that on which distribution is carried out.

The Ministry of War - Direz.Gen.Servizi di Commissariato ed Amministrativi - with cable N°16163/SI dated 29th inst. (copy attached) has disposed of the reduction of 10% of the rations due to the effective strength, as of 6 Sept.45 until 5 Oct.45, for the recovery of lost rations. 58B

In a/m reductions the CC.RR. are also included.
The provision, if effected, would be of a great inconvenience to the CC.RR. especially during this delicate political moment; and in relation to the frequent dangers the CC.RR. are exposed to.

Please intervene towards the M.M.I.A., in order to exclude the CC.RR. from a/m provision, as was done for the CC.RR. in Sardinia, on the occasion of another reduction in rations.

Il Ministero della Guerra -Direz.Gen.Servizi di Commissariato ed Amministrativi -col fonogramma n°16163/SI in data 29 corrente- che si rimette in copia- ha disposto per il recupero di razioni viveri disperse, la riduzione del 10% del numero delle razioni spettanti in relazione alla forza effettivamente presente, con decorrenza dal 6 settembre e fino al 5 ottobre prossimo.

In siffatte riduzioni sono compresi i Carabinieri Reali dovunque dislocati.-

Il provvedimento se attuato, tornerebbe di grave pregiudizio alla compagine dell'Arma con intuitive conseguenti ripercussioni di turbamento nella esplicazione del complesso servizio d'Istituto; ciò specie nel delicato momento attuale della situazione politica; ed in relazione ai noti disagi ed ai frequenti pericoli cui sono esposti i militari dell'Arma.-

Prego pertanto vivamente di intervenire presso la M.M.I.A. perchè provveda ad escludere i carabinieri dalla riduzione di cui sopra

CC.RR. GENERAL COMMAND
No. 3/1303/104

Rome, August 10th 1945

SUBJECT : Increasing of bread ration for CC.RR. belonging to the "King Guards Squadron".

TO : Ministry of War

and, for information,

TO : A.C. Public Safety S.C.

This General Command has been informed that the daily bread ration alloted to the CC.RR. of the "King Guards Squadron" is insufficient.

Considering the strong frame, more than normal, of the a/m Carabinieri and their notable activity (intensive riding training), I beg your Ministry to examine the possibility of granting them a suitable extra ration of bread even in consideration of their small number (about hundred).

E' stato segnalato a questo Comando Generale che la normale razione giornaliera di pane si rileva insufficiente ai bisogni dei militari dello Squadrone CC.RR.Guardie del Re.-

Tenuto conto della particolare complessione fisica, superiore al normale, e al notevole dispendio giornaliero di energia (intensiva istruzione di equitazione) dei militari componenti il predetto speciale reparto, prego codesto Ministero di voler esaminare la possibilità di accordare un congruo supplemento di pane ai predetti militari anche in considerazione del loro esiguo numero, un centinaio circa.-

1. In checking our Ration Issue Notes (MMIA Form ST/8's) covering the issue of rations to CC.RR units, it has been discovered that our letter Q/1/[illegible]-1 of 14 June 1945 is not being complied with. We are still receiving Ration Issue Notes (MMIA Form ST/8's) covering issue of rations to units which are apparently CC.RR, but cannot be reconciled with the Order of Battle of the Carabinieri as published under file SD/41/2 of 24 May 45 and amendments thereto. 14056/7-49A

2. Inclosures 1 through 14 are being forwarded to enable you to readily see that depots in all areas are not complying with the instructions. The inclosures are to be returned to this Headquarters.

3. You will take such steps as are necessary to insure that our instructions are carried out. Rations issued to units of the CC.RR not appearing on the authorized Order of Battle after August 1, 1945, will be considered as issues to unauthorized units and such rations will be charged back to your ration account, to be recovered in kind by a reduction in the Ration Scale. Therefore, immediate action will have to be taken to prevent your depots from continuing the issue of rations to units not appearing on the authorized Order of Battle.

SUBJECT : Supply of rations

Italian Army Staff Rome

As regards communication from M.M.I.A. despatched with circular letter I227I/S/1 dated June 22/19 45, dealing with many cases in which the number of rations drawn by CC.RR. Units were exceeding the authority for rations for each unit, I make notice that this fact is due to the special physionomy of the CC. RR. Corps.

Constituted for public safety, this Corps is always moving , according to the ever changing of events regarding public order. It is for this particular physionomy that the CC.RR. units are absolutely different from other units in the kingdom. Destined to rush suddenly to where they are required, for keeping public order, the CC.RR. elements are going from one unit to another, so as the number of the units is continously oscillating- ever diminishing or increasing, therefore their number & residences have not the stability of the other unitsin the kingdom & must be deemed according to their effective number while moving into another unit - this very fact implying that when a unit is increasing the other diminishes, so as no change is brought about the regular rations , regarding the total number of The Corps.

329

2390

Declassified E.O. 12356 Section 3.3/NND No. 785016

The disposition taken by M.M.I.A. of allotting rations to each unit according to their regular number of men is preventing the C.C.RR. Corps to supply always the men with rations, when a supplementary number of them , due to public order events, are located into another region- this fact constituting their real force at the present time.

There is for instance the case happened these days in Bari area , owing to the well-known events of public order, many Corps were speedily sent to that place, from Rome, Naples & all parts of South Italy.

Now, had the ministerial dispositions been put into action , no supply of rations should have been assigned to the men , as exceeding the regular number of the men of each unit. That is why I asked the Ministry intervention with phonogram 3/1303/94 dated 3d inst .

On the other hand, it is a well-known fact that the Palerme & Messine legions, being of the regular number of 3700 & 2302 men have actually a number of 4613 & 3758 men at the present moment - jointly with the mixed battalion, which , by disposition of M.M.I.A. are supplied with rations of the Corps.

It is also a well-known fact that by order of the Prime Minister the effective number of Sicily legion must not be diminished - in same position is the Cagliari legion , which being formed by 2270 men is actually of 3302 men.

The same legion has communicated that the local M.M.I.A. is refusing the rations for the men exceeding the regular number of the units . The Ministry was informed of the fact by phonogram 3/I303/94 dated 4/7/45.

Mention of these facts is made so as to avoid the regretful situation of seeing men without rations while others are regularly provided for.

I beg this Ministry to kindly inform & explain M.M.I.A

2394

Declassified E.O. 12356 Section 3.3/NND No. 785016

the particular position of CC.RR. Corps- r a/m reasons.

Naturally, it will be the duty of the Gen. Command not to allow the total number of authorised rations to be over done by the Corps.

I take also the liberty to bring your notice the delicacy of the matter & on the regretful repercussions such a serious situation on food supply could bring on men eventually deprived of food .

ALLO STATO MAGGIORE REGIO ESERCITO

In merito al rilievo mosso dalla MMIA, e qui comunicato con dispaccio circolare 12271/3/1 del 22 giugno u/s., relativo ai molti casi in cui "il numero delle razioni effettivamente prelevate dai reparti dei CC.RR. eccede il personale autorizzato per ciascuna unità" chiarisco che il fatto lamentato è conseguenza diretta della speciale fisionomia dell'Arma dei CC.RR. quale forza di pubblica sicurezza, caratterizzata da preminente mobilità dei propri effettivi, in dipendenza delle mutevoli vicende dell'ordine pubblico.-

E' proprio per questa particolare fisionomia che i reparti dell'Arma dei CC.RR. si differenziano sostanzialmente da quelli delle altre armi del R.E. Destinati ad accorrere, con movimenti improvvisi ove sono richiesti da ragioni di ordine pubblico, gli elementi dei CC.RR. fluttuano da un reparto all'altro, in modo che la composizione dei reparti stessi è in continua oscillazione di aumento e diminuzione dei propri effettivi; i reparti pertanto non possono avere quel carattere di quasi assoluta stabilità di organico e di residenza, che si riscontra nei reparti delle

c/c

2393

Declassified E.O. 12356 Section 3.3/NND No. 785016

oltre forza del R.E. Il che porta, come naturale conseguenza, che il concetto base della forza organica per l'Arma dei CC. RR. diventa irrilevante di fronte al concetto più concreto e reale di forza effettivamente presente, ove si tenga conto -com'è ovvio -: che all'aumento numerico degli effettivi, verificatosi in un reparto in un dato giorno, corrisponde esattamente analoga diminuzione in altri reparti; talchè nessuna variazione si verifica nel numero globale delle razioni autorizzate.-

Alla stregua dei criteri suesposti, l'ordine impartito dalla MMIA di consentire i prelevamenti delle razioni viveri soltanto entro i limiti della forza organica, mette in condizioni i reparti dei CC.RR. di non potere vettovagliare sempre e tutti i militari che, appunto in conseguenza di subitanei spostamenti di truppa per ragioni di ordine pubblico, costituiscono la loro reale forza presente.-

E' in sostanza il caso verificatosi in questi giorni per la zona di Bari.-

Per le note ragioni di ordine pubblico, sono affluiti colà rapidamente rinforzi da Roma, Napoli, e da tutte le regioni centro meridionali d'Italia. Ora per effetto della disposizione ministeriale sopra citata, nessun prelevamento viveri avrebbe dovuto essere consentito per i militari predetti, perchè eccedenti la forza organica dei reparti della legione di Bari; tanto che, sulla preoccupante questione, ho dovuto invocare subito l'intervento di codesto Ministero con fonogramma 3/1303/94 del 3 c.m..- 3/5

D'altra parte è noto già che le legioni di Palermo e Messina, pur avendo un organico rispettivamente di 3700 e 2302 militari, hanno in realtà una forza presente di 4613 e 3758 rispettivamente, ivi compresa la forza dei battaglioni misti, i quali per disposizione della MMIA sono vettovagliati dall'Arma. Ed è noto pure che per ordine del Presidente del Consiglio dei Ministri la forza effettiva delle legioni della Sicilia non deve essere depauperata.-

Da parte sua la Sottocommissione Alleata per la P.S.ha fatto-p.esente che solo in caso di assoluta necessità possono prelevarsi militari dall'isola.

Nella identica situazione trovasi anche la legione di Cagliari, la quale pur avendo l'organico di 270 unità, ~~ha una forza~~ ha una forza effettiva di 3302 militari.

Detta legione ha testè comunicato che la MMIA locale rifiuta di concedere il vettovagliamento per i militari eccedenti la forza organica.- Della cosa è stato reso edotto codesto Ministero con fonogramma 3/1303/94 del 4-7-945.-

Premesso quanto sopra, ed allo scopo di evitare che, nell'ambito dello stesso reparto, alcuni militari dell'arma possano venirsi a trovare nella incresciosa situazione di rimanere senza viveri, mentre gli altri ne sono regolarmente provvisti, prego codesto Ministero di voler rappresentare e chiarire, con ogni urgenza, alla MMIA la particolare fisionomia dell'Arma, per la quale, come ho già detto, il criterio della forza organica ha importanza molto relativa di fronte a quello più realistico della forza effettivamente presente, anche se eccedente quella prevista in organico.-

Beninteso che sarà scrupolosa cura del Comando Generale di vigilare a che il numero globale delle razioni autorizzate per l'Arma non venga mai sorpassato.-

Mi permetto infine richiamare l'attenzione di codesto Ministero sulla delicatezza della questione e sulle deprecabili ripercussioni che il perdurare di una così grave situazione in materia di vettovagliamento potrebbe provocare sul morale e sullo spirito di disciplina dei militari, eventualmente rimasti privi di vitto.-

AL COMANDO DELLA SCUOLA CENTRALE DEI CC.RR.DI FIRENZE
(rif.al f.n°39/46 del 22 giugno I945)

^^^^^^^^^^^^^^^^^^

L'ufficio della M.M.I.A. di Firenze ha notificato alla locale Scuola Centrale CC.RR. di aver ricevuto una pubblicazione edita dalla M.M.I.A. di Roma redatta in accordo col Ministero della Guerra, nella quale è precisato che la detta Scuola deve avere una assegnazione viveri giornaliera così ripartita:

- Ufficiali .....n° 26
- Sottufficiali e truppa.....n° I58

TOTALE I84

Nella compilazione di tale prospetto, evidentemente, si è tenuto conto soltanto del personale permanente della scuola, mentre non è stato considerato il complesso numerico variabile rappresentato dal battaglione allievi sottufficiali che, nell'attuale corso della durata di 9 mesi, è stato costituito nella forza di 320 allievi, come risulta dal foglio di codesta Sottocommissione di P.S.n°AC/I460I/6/P.S. 3.6 del 5 febbraio I945.-

Poichè l'ufficio M.M.I.A. di Firenze ha fatto noto che se non saranno apportate le modificazioni del caso alla pubblicazione suddetta, dovrà provvedere al recupero delle razioni prelevate in più, si segnala quanto sopra a codesta Sottocommissione perchè voglia compiacer

o/o

si provocare con ogni urgenza le opportune rettifiche alla forza da vettovagliare che dovrà essere così ripartita:

- Ufficiali .....h° 26
- Sottufficiali e truppa....." 158
- Allievi sottufficiali....." 320

TOTALE " 504

Si tiene inoltre a precisare che la forza degli allievi da vettovagliare può subire variazioni anche notevoli (inizio nuovi corsi, cessazione o interruzione di corsi in atto ecc.) ma che la forza degli allievi vettovagliati è sempre compensata dalle diminuzioni praticate dalle legioni cui gli allievi sono effettivi.-

^^^^^^^^^^^^^^^^^^^^^^^^

The M.M.I.A. Officer in Florence has notified to local CC.RR. central School to have received a publication issued from the M.M.I.A. in Rome, compiled in harmony with Minister of War, in which is specified that said school must have an asseignment of food divided thus:

- Officers N.26
- other ranks N.158

total N. 184

Evidently, in the compilation of such prospect, was only taken into account the permament personnel of the school, while there is no mention for the variable number represented by the battalion of n.c. officers consisting of 320 men with a sojourn of 9 months, as reported on sheet from this Sub-Commission n.AC/14601/6/P.S. of Feb. 5th 1945.

As M.M.I.A. Officer has notified that if appropriate modifications to above mentioned publication are not taken, he must provide for the missing rations in some way or other.

The fact is signallized so that this Sub-Commission may be pleased to provide with a sollecituous rectification as the provisions required should be:

Officers	.....	26
other ranks	.....	158
school of n. c. officers	.....	320
TOTAL		504

To this Sub- Commission is also specified that the lay in supplies may undergo notable variations (beginning of new courses, termination or interruption of courses in hand etc.) but that the number of pupils provisioned is always compensated by the decreasinge quoted by the legions in which they belong.

1. Continued checks by this headquarters reveal that, in a large number of cases, the number of rations actually drawn by CC.RR units exceeds the personnel authorized for the unit. In one sector during a given period of time, the authorized number of CC.RR was 4326; and when all of the ST/8's were received covering issues, it was found that an average of 5787 rations had been issued.

2. It is not material to the issue whether or not the total number of rations drawn by CC.RR throughout all Italy has been exceeded. It is obvious that if overissues are permitted in one instance, that the time may come when all units will overdraw which will result in a large overissue. CC.RR units are authorized to draw rations only for the actual number of effective personnel present with the unit, and proper adjustment must be made for rations drawn and not issued on account of men absent during the period. At the next ration issue period, it is possible to adjust for either overissues or underissues, and, in a few cases which occur, to adjust for authorized personnel attached to a unit. If the instructions are strictly adhered to, there can be no injury to any unit.

3. The Order of Battle of the Carabinieri has been published under file SD/41/2 of 24 May 1945. This Order of Battle plainly shows the authorized strength of each unit and sub-unit.

4. The Ministry of War will issue instructions to all Italian depots, effective 1 July 1945, that no issues will be made to Carabinieri Units in excess of the authorized strength, properly adjusted on the ST/8 to reflect the actual number of rations due for a particular period.

5. All MMIA LO's will insure that depots in their areas are familiar with this instruction.

CC.RR. Gen. HQ.

N. 11/132 22nd May 1945.

Subject : Food-supply for the CC.RR.

To : Ministry of War - Cabinet.

To : A.C. P.S. S/C. and for information

The A,C. P.S. S/C. has pointed out, that the Allied Commands, according to superior instructions, cannot make arrangements for the supply of the 10.000 men, who will rise the ceiling of the Force to 65.000 men, adding that this question could be solved fully and in a satisfactory manner in granting to the CC.RR. a corresponding number of rations from other forces of the R.Army.
The matter has been already taken up by the a/m S/C with M.M.I.A., but up-to the present time no reply has been received.

The a/m S/C has suggested this Gen.HQ. to give to these 10.000 men the ration contemplated for the Police Corps, but thus the problem would not be solved, but on the contrary confronts would be created causing discontent and prejudicial repercussions to the discipline and the service on the whole.

I have contacted the Legions, in order to find out, whether there are soldiers, who would like the rations in cash, but up-to-now the replies have been all negative.

Meantime the recoveries of soldiers in the North begin to be rather sensible and since the actual conditions of order and public security of the Nation do not allow to discharge the personnel exceeding the number of the 55.000 regularly supplied men, the Ministry is requested urgently to take into favourable consideration the possibility of assigning to the Force further 10.000 rations ~~dxnwingxthemxfxemxmnits mfxthe~~ as those granted to the units of the R.Army, thus being able to give the same treatment to all the 65.000 men contemplated by the new established strength of the carabinieri.

It would be appreciated to know the Ministry's decisions on the matter.

Commanding General

OGGETTO: Vettovagliamento dei Carabinieri.

AL MINISTERO DELLA GUERRA - Gabinetto - ROMA
e,per conoscenza:
ALLA SOTTOCOMMISSIONE ALLEATA PER LA P.S. ROMA

^^^^^^^^^^^^^^^^^^^

La sottocommissione Alleata per la P.S. ha fatto presente che i comandi Alleati non possono provvedere,per disposizioni superiori avute,al vettovagliamento dei I0.000 uomini concessi per portare gli organici dell'Arma a 65.000 unità,soggiungendo che tale questione potrebbe essere a pieno e soddisfacentemente risolta mediante il passaggio ai Carabinieri di un corrispondente numero di razioni da altre armi del R.Esercito. In tal senso detta Sottocommissione ha,da tempo,interessato la M.M.I.A.,senza però avere,fino ad ora,alcun riscontro.

Ha proposto a questo Comando Generale di somministrare ai I0.000 uomini in aumento la razione prevista per i corpi di polizia,ma con ciò non si verrebbe a risolvere il problema,bensì a creare confronti e scontento con dannose ripercussioni sulla disciplina ed il servizio in genere.

Per mio conto ho interessato le legioni per sapere se vi siano militari che gradiscano i viveri in contanti,anzichè in natura,ma le risposte fino ad ora ricevute sono del tutto negative. 311

Intanto i recuperi di militari al nord cominciano ad essere piuttosto sensibili e poichè le attuali condizioni dell'ordine

Declassified E.O. 12356 Section 3.3/NND No. 785016

e della sicurezza pubblica della Nazione non consentono di inviare in congedo il personale eccedente i 55.000 uomini regolarmente vettovagliati, prego codesto Ministero di voler si compiacere esaminare con cortese sollecitudine e con ogni benevolenza la possibilità di assegnare all'Arma altre dieci mila razioni da reparti del R.Esercito onde poter provvedere al vettovagliamento identico e completo per tutti i 65.000 uomini previsti dai nuovi organici dei carabinieri.

Sarò grato a codesto Ministero se vorrà compiacersi farmi conoscere le proprie decisioni.

Subject : Situation of the effective strength, present and receiving rations.

To : A.C. P.S. S/C. 14601/9 pe

The Army General Staff following agreements reached with M.M.I.A. has disposed that on the fortnightly returns, the data up to the 15th and last of each month be included, instead of up-to the 9th and 24th as it has been done up-to the present time.

Therefore, the return has not to be drawn up for the period ending the 24th instant but for that ending the 31st.

As a result of the above, the returns under discussion will be transmitted to the Sub-Commission, on the 1st and 16th respectively, instead of the 25th and 10th, as it has been agreed upon previously.

ESTABLISHMENT MEMORANDUM)
NUMBER 4)

RATIONS FOR ITALIAN MILITARY AND CIVILIAN PERSONNEL.

This Memorandum is intended to provide Regional and other officers with a quick method of reference to the existing Directives on the above matter. It supersedes Establishment Memorandum No.18 of the 2 June 1944 as from the date hereof.

1. CIVILIAN.

(a) (i) From British Sources. Italian civilians employed in messes, rest camps and hotels as cooks, waiters or attendants will draw the same ration as the military personnel in the establishment concerned. These rations will be paid for by the deduction from the wages paid to the Italian Employee at the rate of 30 lire per day.

(ii) From American Sources. Provisions are set out in NATOUSA Circular No.116 of the 18th September, 1944, Part II, para. 3.

(b) Provisions as to supplying a mid-day meal for heavy workers and office workers are set out in AFHQ Administrative Memorandum No.56 of the 9th December, 1944 which applies to British and American rations.

(c) (i) From British Sources. If rations are required for any other Italian civilians, application has to be made to Area Headquarters in accordance with A.A.I. Routine Order No.252. This order does not amount to an authority to give rations but lays down the method by which application will be judged. Such applications can be made by Regions etc direct and need not pass through this Headquarters.

(ii) From American Sources. Except as above, no Italian civilian can be fed on American Army rations unless under authority from MTOUSA. Such authority will be requested through this Headquarters.

(iii) The policy in this theatre of operations is to feed civilians on the civilian ration scale and not to give military rations without very good reason. In particular, it is considered important not to give an impression that the issue of rations is held out as an inducement to get civilians to work for military formations. In considering whether an application should be made Regional Commissioners should bear in mind this fact.

2. ITALIAN MILITARY PERSONNEL.

Provisions as to feeding Italian Military personnel in all areas are set out in Land Forces Sub-Commission Administrative Instruction No.12 dated 12th October 1944, and sent to Regions with Establishment Section letter 36/36/Est. of 23rd January, 1945. It must be noted that security police, fire brigade and finance guards are not now considered as being military personnel.

3. PATRIOTS.

1. Attention is again invited to MMIA letter of 28 Dec [illegible] file SD/28, to which no reply has been received. This letter invited attention to the fact that the CC.RR strength was in excess of the ceiling and requested information as to when strength would be reduced to that authorized.

2. The strength of the ITI-ITI category has been fixed by the Combined Chiefs of Staff, and the supply of subsistence to this category is a US responsibility. In accordance with [illegible] of AFHQ letter of 22 September 1944, file AG 400/105 D-O, the writer is responsible for the supervision of the supply of subsistence, and neither the strength nor the scale of supply may be exceeded without authority of AFHQ.

3. Inasmuch as rations are issued to the CC.RR throughout all Italy, from Allied as well as Italian depots, on demand, it becomes necessary to limit the issue of rations to that personnel in fact authorized, ie 55,000. The only sure method by which this can be accomplished is to provide proper identification papers to authorized units. Therefore, demands for rations will be recognized only when the unit presents proper papers.

4. Effective as of 1 Feb 1945, instructions are being issued that no rations will be issued on the account of the ITI-ITI category to units or personnel of the CC.RR except as authorized by papers which must be presented to the depot with the requisition for rations. These instructions will be applicable to all Allied and Italian depots.

5. The necessary papers will be issued by this Headquarters on receipt of the following information:

a. Designation of unit,
b. Authorized strength,
c. Station.

1. a. Attention is invited to the following strength return on the CC.RR as submitted by the Ministry for War as of 9 Dec. 1944: (these figures do not include any Army personnel on loan to the CC.RR)

Personnel on rolls:

Military CC.RR	32	officers	1833	men
Territorial CC.RR	1089	officers	51882	men
Total	1121		53715	

Aggregate strength 54,836

b. The authorized ceiling of the CC.RR is 55,000. Subsequent to 9 Dec. a considerable number of CC.RR have arrived at Taranto and been turned over to the CC.RR, which increases the Strength above the authorized ceiling.

c. The authorized ceiling can be exceeded only on authority of AFHQ. Therefore, until such authority is granted all further enlistments, reenrollments, or picking up of personnel, should be stopped unless a like number of personnel is released at the same time, and action should be taken to reduce the present over-strength to that authorized.

2. Attention is also invited to the fact that 4112 of the Strength shown above are absent with leave and 24 are absent without leave, a total of 4136. This number absent exceeds the 5% authorized to be absent by par. 11c AFHQ letter file AG 091.711/169 GCT-O of 16 November 1944.

3. Information is requested as to

a. Date on which the Strength will be reduced to the authorized ceiling.

b. Date on which the number absent will be reduced to the authorized 5%.
