Date: 24th July 1944

SUBJECT: CARABINIERI REALI, TRANSFER OF PERSONNEL

TO: REGIONAL COMMISSIONER, H.Q. ALLIED MILITARY GOVERNMENT, ROME REGION.
(FOR ATTENTION OF REGIONAL PUBLIC SAFETY OFFICER).

1. In September 1943 Captain UTLEY of AMG arrived and took up duty at CATANZARO and in connection with his duties, the particulars of which are unknown, a Carabiniere named VIGNI Liberato was placed at his disposition temporarily. Subsequently, the Officer was transferred to MATERA and the Carabiniere accompanied him.

2. Information has been received at this H.Q. that on or about 17th June 1944 Captain UTLEY was re-assigned to Rome Region and took Carabiniere VIGNI with him - the Carabiniere transferred himself without the knowledge or consent of his Command.

3. VIGNI is on the establishment of the Carabinieri Reali at CATANZARO and his Commanding Officer has made application to this H.Q. for his return to service. Therefore, in view of this and the fact that the Carabinieri Reali in this district is sadly understrength, it is requested that VIGNI be instructed to return to his proper Station, namely CATANZARO.

1. In accordance with Ref/316/8/CA dated 18th May 1944, from R.C. & M.G. Section, ACC, I submit letter from the Legion Commander requesting authority to transfer 4 CC.RR. officers.

2. As far as Capt. Dell'Anno, S.Tenente Borghese and S.Tehente Auniello are concerned there is no objection.

3. As regards Capt. Pallone there is strong opposition from the Provincial Commissioner and Provincial Public Safety Officer of Naples Province and, you will remember, recently you refused permission for his transfer elsewhere owing to the value of his services in this Region. He is in charge of the Nola area, a particularly important and difficult locality, and has done outstanding work. In fact he is the first officer who has been able to control the situation there. He would doubtless be equally good in connection with the new scheme which it is desired should be entrusted to his care. If it is decided to approve of his transfer for this purpose, I would ask that it be strictly on the understanding that if the position at Nola deteriorates and becomes troublesome he be re-transferred there forthwith on application from this office. Nola is one of the most important towns outside Naples with airfields and many military dumps and installations.

4. On the general question, I feel that the officering ~~efficiency~~ of the Replacement Centre and the "Recouperation" Company should not be left entirely to the Naples Legion. We are getting very much understrength as regards officers. I would suggest transfers from other Legions or promotion of recommended personnel within this Legion.

Rear HQ. APO 394.

I am in receipt of your ACC/14601/10/PS re Major CC.RR. FIASCHETTI Edoardo, and note the order of transfer which became effective on 21-5-44.

Capt. De Marino has assumed temporary comma nd of the Matera Province group of CC.RR. In the group is posted a Capt. Cozzella who has been in his present position for three years, and the Provincial Police Officer reports that whilst under the rigid control of Major Fiaschetti his work was satisfactory.

Capt. COZZELLA it is stated has many connections with persons who are not of a good type, and it is felt by Capt. De Marinis that he will not be of use to him in the intensive operations planned with regard to our "Collection of Grain Drive" organised in this Province.

May I therefore request that in order to assist Capt. De Marinis who is an excellent Officer that representations be made to transfer Capt. Cozzella and in his place a young and vigorous officer be posted.

Memorandum

TO ACC Salerno.

SUBJECT: Transfer of CCRR Officer.

From investigations made by a superior officer in Vasto, we find that Mares. Magg. PIRAS Antonio, commanding the Vasto station, is not very well liked because of his impulsive and stubborn nature. Besides, during the period of German occupation, although nothing of importance actually materialized, he had to carry out the orders of Lt. SPADA Ignazio, commanding the Lieutenancy of Istonio and who was held under arrest by the Anglo-American command.

In view of the above, and with the approval of A.M.G., Mares. PIRAS is being transferred to another station.

The Commanding General,
Giuseppe Pieche.

Transfer of Carabinieri Officer

Da accertamenti eseguiti in Vasto da ufficiale superiore dei Carabinieri Reali, è risultato che il Maresciallo Maggiore PIRAS Antonio, comandante la stazione di Vasto, gode scarse simpatie per il suo carattere impulsivo e scontroso. Egli, inoltre, durante il periodo di occupazione tedesca, pur non avendo dato luogo a specifici rilievi, dovette, nell'attuazione dei vari servizi, eseguire gli ordini del tenente SPADA Ignazio, comandante la tenenza di Istonio ed in atto trattenuto in istato di fermo dal Comando Anglo-Americano. 675

Per quanto innanzi detto, previa intesa con l'A.M.G., è in corso il trasferimento del Maresciallo PIRAS Antonio in altra sede.-

(b) Transfer of CCRR senior NCO's in AMG territory will be notified by Group Commanders to appropriate Public Safety Officers who except in special circumstances, will make no objection.

(c) Transfer of senior officers in King's Italy will be subject to prior notification to this office.

1. With further reference to your letter P 5/514/8 dated 27 April 44 and to my reply of 1 May 44 regarding the transfer of Vice-Brig. Saccomanno, I find that I have to modify the letter that was sent to you from this Sub-Commission.

2. The policy of CCRR transfers which has been agreed with General Picche is that in AMG areas, no commissioned officer will be transferred without prior AMG approval and that so far as senior NCO's are concerned the matter should usually be agreed between the CCRR Group Commander and the Provincial Public Safety Officer in the area affected.

3. The transfer of the Vice-Brigadier is one therefore which could properly be settled with the appropriate Group Commander without reference to this office. Normally the CCRR Command should be free to make its own disposition of such NCO's since I am sure you will agree that only at Headquarters can a proper balance of personnel be appreciated and maintained.

4. I hope that a general directive will be issued on this matter in the near future and meanwhile I should appreciate your sympathetic consideration of this transfer.

I do not think AMG ought to concern themselves with the individual transfer of non-commissioned CCRR.

Suggest we send out a direction to RPSOs to this effect.

Transfer of commissioned officers should be referred to RPSOs in AMG territory for approval.

In this instance I suggest we agree to the transfer of the 65th V Brigadiers since it is in accordance with the normal CCRR procedure.

The V. Brig. Saccomanno has been transferred according to the rules of the Arma which rules state that it is not advisable for a Carabiniere Reale to serve in the same place where he is about to get married.

The orders of transfer was sent through AMG and the Commander of the Group without doubt has taken up the matter with Colonel Temperley, as I have been told by the Bari Legion.

I do not know the strong reasons by which this transfer of a small rank n.c. officer cannot be agreed and I do not want to know them. I only wish to bring to your attention that, while I understand the difficulties and the necessity of allied agreement for movements of officers who have direct responsabilities, it seems to me that for men and n.c. officers this would not be necessary. In this case it would be sufficient that, as soon as an order has been received for transfers, the Commander of the Group would inform the Provincial Commissioner for his approval.

If there should be some contrast, the order would be suspended and the Legion would keep in touch with the prope Allied Authorities or cancel the order.

DATE : 27 April 44

We have been informed by P.C. Foggia that orders have been given by the Legion Comd. CC RR Bari to the Gp. Comd. Foggia transferring V.Brig. Saccomanno Salvatore from Troia to Barletta without the P.C. being informed.

This action by the Legion Comd is contrary to the policy laid down in ACC Internal Sub-Commission letter ACC/69/1/-Int. dated 5th April 1944.

The Brigadiere has been very active against black market operations in the Troia district which has made him unpopular with certain local elements and it is felt that his removal, at this juncture would lead to the assumption that his removal was caused by pressure from these elements, which would be most unfortunate at this stage.

In view of the forgoing it is requested that this matter may be taken up with the competent Italian authorities and the transfer cancelled.

TRANSFER Major Manlio AIELLO of the CCRR Reserves. 33A

By order of HQ CCRR of Liberated Italy dated 10 December 1943, the above Major, Commanding the Sassari Group, has been transferred to the Legion of Naples.

This officer, who was born in Sardinia and who in the past has had too many ties and relations with factions of the suppressed regime, and not approving the transfer, went to the Chief of the Allied Control Mission to have the transfer revoked. He then went on sick call and obtained a leave of 15 days. At the end of this period, he was again requested to leave whereupon he again pleaded illness and was given an additional 15 day leave as a rest period.

With the approval of the Chief of Staff of the R. Army, this HQ maintains that for disciplinary reasons the transfer must go through and so at at the end of this second rest period ordered Major AIELLI to either go to a hospital if he was still ailing or else he would be discharged.

As was expected, the officer announced himself as still being ill and on the 28th of Jan. entered the military hospital of Sassari.

The Medical Director of Sardinia, at our request, has informed us that Major AIELLI is affected with a chronic ailment which is non-curable and that he would no longer be able to be in continuous service.

On the 28th of March, the Major was released from the military hospital with a 20 day leave of convalescence at the end of which he will be discharged.

Con ordine del Comando dell'Arma dei CC.RR.dell'Italia Liberata in data 10 dicembre 1943, il Maggiore dei CC.RR.nella riserva Manlio AIELLI, Comandante il Gruppo di Sassari, fu trasferito dalla Sardegna alla legione di Napoli.-

L'ufficiale, sardo di nascita e legato in passato da troppi legami e troppo intense relazioni con gerarchi del soppresso regime, non desiderando il trasferimento ordinatogli, da prima fece intervenire il Capo della Missione Alleata di Controllo per ottenere il rinvio del trasferimento, successivamente si annunziò ammalato ed ottenne 15 giorni di riposo. Allo scadere di tale periodo, invitato a partire si annunziò nuovamente ammalato ed ottenne altri 15 giorni di riposo.

Per approvazione di S.E. il Capo di Stato Maggiore del R°Esercito, il Comando dell'Arma mantenne per principio di disciplina il trasferimento e dispose che,se alla scadenza del periodo di riposo, il Maggiore AIELLI avesse rappresentato ulteriore necessità di cure, fosse senz'altro collocato in congedo.-

LEGIONE TERR. DEI CARABINIERI REALI DI BARI

UFFICIO COMANDO

N° 4976/32-943 di protocollo Bari,li 15 marzo 1944

OGGETTO: Proposta di trasferimento di marescialli maggiori cariche speciali.

AL COMANDO ARMA CARABINIERI REALI ITALIA LIBERATA
- Ufficio Personale Sottufficiali e Truppa -
POSTA MILITARE 151 A

Il maresciallo maggiore a cavallo carica speciale, ammogliato FABBROCINO Pasquale, comandante la sezione di S. Marco in Lamis, dal 20 febbraio 1941, ha colà contratto relazioni ed amicizie che lo legano a persone in vista del caduto regime.

Disarmata la sua caserma dai tedeschi, guidati dallo squadrista Mimmo Michele - arrestato poi per favoreggiamento bellico - il sottufficiale fu depredato nel suo alloggio di vari oggetti personali, alcuni di valore.

L'occorso lo ha moralmente abbattuto e gli ha fatto perdere la serenità, indispensabile alla sua azione di comando.

D'altro canto il Mimmo ha larga schiera di parenti ed amici, verso i quali il Fabbrocino non può nutrire che sentimenti animosi.

627

Considerato inoltre che la sezione di S.Marco in Lamis ha giurisdizione su una zona del Gargano, dove si va verificando una impressionante attività abigeataria, nell'interesse del servizio e della disciplina si ritiene necessario che il sottufficiale - non più adatto per le sue attuali condizioni di spirito a reggere l'importante comando di quella sezione - sia destinato altrove.

Il Fabbrocino gradisce il trasferimento.

Per quanto sopra, a seguito ed a parziale modifica del foglio 4976/30-1943 del 7 andante, propongo:

1)- che il maresciallo maggiore a cavallo carica speciale, ammogliato, FABBROCINO Pasquale venga trasferito dalla sezione di S.Marco in Lamis a quella di Martina Franca, attualmente libera pel decesso del titolare, maresciallo maggiore SIMONETTI Federico;

2)- che a sostituire il maresciallo maggiore Fabbrocino, nel comando della sezione di S.Marco in Lamis, sia destinato il pari grado, trattenuto, ammogliato, DI STASIO Raffaele, attualmente comandante interinale della tenenza di Campobasso.

No. 4976/32- 943. Bari, 15 March 1944.

SUBJECT : Proposal of transfer of MMaresciallo Maggiori Special Charges.

TO : The Command of CC.RR. ARMA of Liberated Italy. Personnel Office, for W.O. and troop.

The Maresciallo Maggiore (W.O.Senior grade) FABBROCINO Pasquale, married, commanding the Station of S.MARCO in LAMIS since the 20th Febr. 1941 is acquanted with many people who had important positions in the past Fascist regime.

MIMMO Michele - squadrista, who was arrested afterwards for having helped Germans - lead the latter to disarm hes barracks and to lute his ~~teegrims~~ home of various valuable personal things.

As a consequence of what happened the Maresciallo Fabbrocino's morale was low , and had no more that calm clear thought which is indispensable for a commanding post.

On the other hand Mimmo has many relations and friends towards whom Fabbrocino can be but resentful.

It is to be considered that S.Marco in Lamis Section, has a giurisdiction on a zone of Gargano,where there is a great activity of cattle stealing, and in the interest of the service and discipline it is thought necessary that the Maresciallo - who is no more apt to keep the important command of that sec, owing to his low morale - should be tran ferrdd elsewhere.

Fabbrocino is glad to be transferred.

For the above said I propose as follows and a partial change of letter 4976/30 of the 7 March 1944, :

1.-The Maresciallo Maggiore Fabbrocino Pasquale to be transferred from S.Marco in Lamis (Foggia Prov.) Section to that of Martina Franca, at the present time vacant for the death of Maresciallo Simonetti who was there stationed.

2.-The Maresciallo Maggiore Di Stasio Raffaele , married ,retained, to replace Fabbrocino . He is now temporarely commanding Campobasso Section. Personal Scheda will be sent later(or are on the way to be sent)

SUBJECT :- Major Christanell

TO :- Headquarters Region 3, A.C.C.

1. With reference to your letter of 16 March 44, regarding the proposed transfer of Major Christanell, I note that the order originated from General Pièche, CC.RR., Commander in Chief, who sent the instructions direct to the Commander of the Naples Legion CC.RR. and that Allied Control Commission was not informed.

2. I also note the reasons put forward for his transfer, and regarding these I make the following observations;

a. There was no evidence of a want of discipline in the CC.RR. when I came to Benevento on 5 Oct 43 and the CC.RR. had then undergone a far worse ordeal than they were likely to have experienced immediately after the Armistice;

b. If, as stated, Major Christanell, with the consent of the Prefetto and Alimentation Committee (incidently the Director of that Committee at that time, is now Minister for Public Works in the Italian Government, His Excellency CoL. De Caro) used food for his men sequestered from civilians who went against ration laws, I fail to see anything wrong in this. It was very necessary that the CC.RR. should be fed, and if, on account of ill-feeling and gossip on the part of the public, he had failed to do so, no doubt his Command would have held him responsible, and he would probably be in a worse plight than he is now. Moreover, it will be realized that this was done under the direction of the Allied Military Government at Benevento, then in Control, and the situation at the time was one of extreme difficulty, and if it was a mistake to feed the CC.RR. in this way then AMG and not Major Christanell is responsible. I must, however, point out that the maintenance of law and order in the rear of the battle line was a primary consideration and fully justified the steps taken;

c. I was not aware of "much gossip and ill-feeling towards the CC.RR. in the Province of Benevento". These men were discharging a difficult, and often disagreeable, duty, at that time, and, in spite of this, their reputation stood very high with the public.

3. So far as the transfer of Major Christanell is concerned I have no further comments to make, except to say that I formed the opinion that the proposed transfer was the result of "behind the scenes" political" string pulling", hence my objection. I consider that the CC.RR., like the Police Services in Britain, should not be at the mercy of politicians.

LEGIONE TERRITORIALE DEI CARABINIERI REALI

Letter File N° 106/6 — Naples, 10 March 1944

SUBJECT: Transfer from the Benevento Group of the CC.RR. Major Christianell Giuseppe.

TO : Lt. Col. G.L., C.T. FRANCIS - Public Safety Reg.3

The transfer of the Major mentioned in subject has been decided because, during the immediate period after the armistice his action of command was not carried out with the proper energy.

In fact, he was not able to restore the regular functioning of the unit, and discipline among the soldiers, who were shaken by the events.

Besides in the same period, Major Christianell, with the authorization of the Prefetto and of the Provincial Section of Alimentation, allowed the CC.RR. mess to use part of the food sequestrated from civilians who went against the rationing laws. This action had to much gossip and illfeeling towards the CC.RR. in the Province of Benevento.

I wish to state that this communication is of a purely informative character, and that action will only be taken after AMG. has given authorization, which has already been requested to CC.RR. HQ. of Liberated Italy at the Allied Mission of Control.

è stato determinato dall'opportunità di dare altra sede all'ufficiale, il quale nel periodo susseguente alla dichiarazione di armistizio non seppe intonare la sua azione di comando alla dovuta energia.= 601

Egli,infatti,non seppe ripristinare il regolare funzionamento dei reparti e la disciplina tra i militari,scossi dagli eventi.=

Inoltre,nello stesso periodo di tempo,il maggiore Christianell con l'autorizzazione del Prefetto e della Sezione Provinciale dell'alimentazione,consentì che le mense carabinieri utilizzassero parte dei generi alimentari sequestrati ai civili,contravventori alle norme annonarie.= Tale procedura ha dato luogo a malignazioni e sfavorevoli giudizi sul comportamento dei carabinieri nella provincia di Benevent

Con la circostanza tengo a precisare che la comunicazione del trasferimento aveva solo carattere di preavviso e che il movimento verrà effettuato soltanto dopo che il Governo Militare Alleato avrà concesso il suo nulla osta,già richiesto dal Comando Arma Italia Liberata alla Missione Alleata di controllo.=.

Restituisco l'allegato.=

SUBJECT :- Transfer of Major Christianell Comdg CC.RR. Benevento Prov.

TO :- Headquarters AMG., Region 3 ✓

Major Christianell, Commanding the CC.RR. Benevento Province, called today to report that he was leaving Benevento and going to Avellino to be stationed there.

I had received no information that Major Christianell was being transferred.

I asked Major Christianell upon whose orders he was leaving this Province and he said he had received the order from his Commanding Office at Naples.

I told the Major that until I agreed to his transfer he would remain at his post at Benevento and that, as this Province was under the control of the Allied Military Government the transfer of Senior Officers of the CC.RR. would only take place with the approval of the Allied Military Government.

I protest in the strongest possible terms against this transfer being made by the Commander of the CC.RR. at Naples without the approval of AMG. If that approval has been given at Regional Headquarters I should have been consulted, and through me, my Provincial Public Safety Officer. As I have not been consulted I prosume that Regional authority has not been given.

Major Christianell was transferred, on promotion, from the North of Italy to Benevento last August and his service here has been satisfactory to AMG. He is now familiar with the Province and there seems to be no purpose in transferring him and bringing a new officer in who knows nothing of the Province.

Lt. Col. LOMBARDO & Captain NARDONE.

Region 1 Headquarters.

1. I have to submit correspondence dealing with the Command of the Siracusa Group of the Carabinieri.

2. Briefly, the circumstances are as follows: Between 1st January and 1st February 1944, numerous transfers of Carabinieri Officers and N.C.O's were effected in the Province of Siracusa. One of these concerned the Commander of the Group, viz, Lt. Colonel LOMBARDO, who was transferred and his place was taken by a Captain NARDONE.

3. The latter Officer, came from Bari. He is a Siracusan with many connections in the town. On 1st Febryary the Prefect brought this fact to the notice of the Senior Civil Affairs Officer of the Province. He suggested that the choice was an unfortunate one, and requested that representations be made to have him replaced.

4. These facts were brought to the notice of General Branca, Commander of the Brigade who informed me that he had written to his Superior Command on the matter.

5. On 24th February a report was received from Major Kennedy, the Allied Provincial Public Safety Officer again calling attention to the matter and pointing out that the father-in-law of Captain NARDONE was a well and unfavourably known large scale black market operator. 596

6. On the 2nd March, in company with Major Kennedy, I saw Colonel ANDREOLI in the absence of General Branca, when we were informed that Captain NARDONE had been replaced by Lt. Colonel LOMBARDO, the former Commander.

7. The Colonel arrived at Siracusa on 5th March, and Captain NARDONE left on 6th March for Messina. He returned to Siracusa on 7th March, and on 8th March,

8. Major Kennedy, in his report of 9th March, calls attention to this unsatisfactory state of affairs and emphasises that considerable public feeling is developing against the retention of Captain NARDONE in the Province.

10. From my interviews with General Branca, I gather that he is not at all satisfied with Captain NARDONE as Commander of that particular Group, and I therefore have to suggest, in view of theimplied difficulties that are likely to arise as a result of Captain NARDONE's relatives and associates at Siracusa, that representations be made by H.Q., A.C.C., to the Superior Command at Bari for another Officer to be posted to take charge of the Group in question.

With reference to my letter of 7th February, 1944, on the subject of Lt. Colonel LOMBARDO and Captain NARDONE :

1. On the 28th February, I received a further letter from Major Kennedy, the Provincial Public Safety Officer, Siracusa, calling attention to the numerous transfers that had been, and were taking place in the Carabinieri in the Province of Siracusa.

2. In your absence I saw Colonel Andreoli and he informed me that you had written to the Superior Command at Bari on the matter, and in the meantime Colonel Lombardo was taking Command of the Group at Siracusa.

3. I have now received another letter from Major Kennedy in which he deprecates the continual changes being made in the Command and also states that Captain Nardone has again assumed Command of the Group.

594

4. He further states that Captain Nardone is a Siracusa man, that his father-in-law and brother-in-law are suspected of operating on a large scale in the black market, and that in the circumstances the retention of Captain Nardone in Command of the Group has been very unfavourably received.

5. In the circumstances it would seem that this appointment is not in accordance with Carabinieri regulations or in the best interests of the Service, and as, in consequence, the morale and efficiency of members of the CC.RR. in that Province are likely to be impaired, - I have to suggest that the matter be reconsidered.

6. In conclusion, I would add that I am raising the question through Official Allied Control Commission channels.

1. Reference is made to my letter of 24 February 1944 (POS/403) and your reply of 3 March 1944 (RPS 314.1 - R1/565/71/CAS/RJH).

2. This matter was discussed by me with Major Hefford and Colonel Andreola on 2 March. On 4th March Lt. Colonel Lombardo, then on leave at Agrigento, received an order from General Branca to return to Siracusa and reassume command of the Group; he returned on 5 March. On 6 March Captain Nardone went to Messina, returning the following day. On 8 March Colonel De Vita, commanding the Messina Legion, came to Siracusa and informed Lt.Colonel Lombardo that, by order of General Branca, he was again relieved of command of the Group, that he was to proceed to Agrigento and await orders, and that Captain Nardone was to reassume command of the Group.

3. There is developing here considerable public feeling against Nardone's retention in the Province, it being generally believed, with or without foundation, that he is protecting his father-in-law and two brothers-in-law (Giliberti) in their black market operations. Versimilitude is lent to this belief by the fact that the Giliberti automobile is kept in the Carabinieri garage, and is rumoured to be operated on Carabinieri petrol. These are, of course, entirely unsupported rumours, so far as I am concerned, but they are a fair sample of what may be expected to happen when an officer with local connections, and unsavoury connections at that, is placed in command of a Group.

Reference your memorandum POS/403 dated 24th February 1944, respecting the commander of the Group of Carabinieri at Siracusa, this matter has been taken up with the General in Charge of the Brigade. He states that the appointment of Captain Nardone was made by the Superior Command at Bari. 1. There are in the Carabinieri Group for this Province normally 6 Officers, and 26 stations commanded by either Marascialli or by Brigadieri. Since 1st January 1944, three officers (Lt. Colonel Sellito, Lt. Colonel Lombardo and Lt. Mazzeo) have been transferred out of the Province, and a fourth (Lt. Belvedere) has been notified of his impending transfer. Likewise since 1st January 1944, eight station commanders have been transferred out of the Province, and practically all of the remaining eighteen have been, on orders from Palermo, transferred within the Province.

2. The Group has in the past been commanded by a Lt-Colonel, but the recently arrived Group Commander, Felice Nardone, is a Captain. There was already here Capt. Delfino, whom I consider one of the finest Carabinieri officers in the Island, and whom I recommended some time ago for promotion and for the Group Command. Capt. Delfino is very popular with his men, and the placing of a strange captain over Delfino has caused considerable discontent, although Capt. Delfino himself has accepted the situation with good grace and is co-operating wholeheartedly with the new Group Commander.

3. It is my understanding that Carabinieri regulations and tradition prohibit an officer from commanding the Group in his own Province, but these regulations have been vitiated in the case of Captain Nardone, who is a resident of Siracusa. Moreover, Nardone's father-in-law, one Giliberti Giuseppe of Siracusa, is a well and unfavourably known large-scale black-market operator.

4. From my point of view, it strongly appears that highly placed individuals are making a political football of the Carabinieri Reali. However, be that as it may, the fact remains that the morale and efficiency of this Group have been impaired by these ill-advised transfers, and will probably continue to be impaired until the situation is rectified.

In reply to your memorandum dated 14-3-1944 on the same subject, I assure you that Captains BADA and SPINA will be removed without any impairment of efficiency of their companies as they will be replaced respectively by Captain MESSINA (actually at Agrigento) and Captain NAPPI both considered as capable officers.

Captain Nappi crossed the lines in month of February coming from occupied Italy and is actually at disposal of Naples Legion.-

In view of the circumstances disclosed, the movement is to be considered as most necessary.-

Memorandum to General Fiechc.

In connection with your memorandum regarding Captains RADA and SPINA, my only concern is that they should not be removed from their present posts if any impairment of efficiency of their companies will result, inasmuch as military government exists in the area of their present assignment.

If you can assure me that suitable replacements can be made prior to their transfer, or that, if not replaced, there will be no impairment of the efficiency of their commands consequent upon their transfer, I have no objection to their removal as proposed or to such other disciplinary action as seems advisable to you in view of the circumstances disclosed.

PROMEMORIA RISERVATO PERSONALE

P.M. 151 A, li 12 marzo 1944

Per effetto dell'armistizio, a Benevento, come d'altronde in altre città, si produsse una critica situazione.

Le truppe tedesche in transito presero a terrorizzare le popolazioni mentre l'aviazione alleata compiva incursioni sulla città.

Nei giorni 11 e 12 settembre u/s. si ebbero due violenti bombardamenti, talché il comando del gruppo carabinieri il 13 successivo, trovandosi la caserma in zona battuta per la vicinanza di obbiettivi militari, si trasferì in contrada "Capodimonte„ (2 Km. da Benevento).

Il capitano dei CC.RR. BADA Giacomo che già nei giorni predetti aveva dimostrato eccessiva impressionabilità e preoccupazione, si allontanò tra il 13 ed il 14 settembre da Benevento, raggiungendo il comune di Beltiglio ove trovavasi sfollata la sua famiglia.

579

Il 15 dello stesso mese, nonostante che il suo comandante di gruppo lo avesse fatto avvertire verbalmente a mezzo dell'appuntato motociclista Luvinetti, di rientrare in città, il capitano Bada non si restituì in sede che il 6 ottobre e cioé due gior

ni dopo l'arrivo delle truppe alleate.

Il 19 novembre u/s. il capitano Bada fu trasferito alla compagnia esterna di Avellino, ove tuttora trovasi.

^ ^ ^

Il giorno 16 settembre, la città di Benevento fu oggetto di ripetute e violente incursioni.

Il capitano dei CC.RR. SPINA Alberico, comandante la compagnia interna di Benevento, con altri militari, si trovava nel rifugio della caserma quando a breve distanza esplose una grossa bomba, che scosse sensibilmente l'ufficiale ed i suoi dipendenti.

Lo stesso, che nei giorni 14 e 15 aveva atteso, agli ordini del comandante del gruppo, ai servizi di competenza, dopo l'incidente predetto, si allontanò dal comando rifugiandosi in una cascina a tre Km. dalla città presso un privato, dove trovavasi sfollata la propria moglie, e vi rimase fino al 3 ottobre successivo, data in cui si presentò al comandante del gruppo, maggiore Christanell, riassumendo il comando della compagnia interna di Benevento, che ancora 5706= tiene. Le truppe alleate erano entrate in città il giorno precedente.

^ ^ ^

Per i fatti sopraesposti si rende necessario che i due ufficiali vengano trasferiti ad altra lontana

2. It is hoped that Generals Pieche and Sannino will obey the instructions given them once again to first consult your Headquarters before ordering transfers of commissioned personnel of the CC.RR. from A.M.G. Regions. It places the Legion Commander in a most hopeless position as he is very loath to disobey an order given by his Commanding General and yet he realises it is incorrect to send such an order direct to him. Heretofore the Commanding Generals have seen fit to ignore the instructions given them by your Headquarters.

3. In the present cases, I do not even know the individual officers involved in transfers, apart from Major Cardaci who is in charge of the Internal Group, Naples. He came to bid me farewell and it was thus that I found out about these irregular orders and instructed him to remain at his post.

4. I do not think the transfer of Major Cardaci should be allowed. He is occupying one of the most responsible positions in Italy and carrying out his duties with efficiency. He has only held the position for two months, just long enough to gather up the reins and be really useful. It is detrimental to efficiency to have these constant changes, especially in so important a City as Naples, where the best officers are required. I, therefore, recommend that the General be told that it is regretted that this transfer cannot be allowed.

TO : Lt. Col. Charles Poletti, Regional Commissioner, Region III.
(Attention: Lt. Col. Francis).

1. Reference your communication dated 25 Feb. 1944, same subject. PE/3.1.7.

2. General Scamino called at this Hq on 29 Feb. to discuss the transfer of Major Cardaci and other CCRR officers in Region III. While the reasons for the transfers seemed quite proper, I pointed out to him the difference in procedure and policy insofar as AMG regions and King's Italy was concerned, and stressed the necessity of consultation with Regional Public Safety Officers in AMG territory before issuing an order affecting personnel in such territory.

3. As to policy, unless there are strong practical reasons, other than a disinclination to have a change, which dictate an opposite conclusion in a particular case, I am of the opinion that the desires of the Commanding General CCRR should be observed.

4. As to procedure, General Fiechs and Scamino will first consult this headquarters before making any transfers of commissioned personnel from AMG Regions. Normally, the views of the Regional P.S. Officer will be ascertained by this Hq although this may not be feasible in every instance. Approval or disapproval to the proposed transfer will be given at this Hq and your office will be advised as expeditiously as possible.

5. In the instant cases, now proposed, it would seem desirable to have the transfers accomplished. If you have substantial reasons why this should not be done, I wish to be advised as soon as possible.

SUBJECT : Carabinieri - Recommendations for Transfer to Effective Force.

TO : Chief, Public Safety Division, Region 1 Headquarters.

1. I submit below the names of three Officers and one NCO of the Carabinieri Reali, who have rendered exceptionally useful services to the Allied Military Government, with a view to their being transferred to the regular establishment of the Force in which they are now serving as Auxiliaries.

2. The men concerned are keen to continue and make their career in the Carabinieri, but in present circumstances, as members of the Auxiliary Force only, they can be required to leave at any time. All are possessed of the necessary qualifications and it is felt that as some reward for their valuable services, details of which are described hereunder, effort should now be made to secure for them appointments in the regular Force which I am sure they would fill with distinction.

3. It is understood that the Italian Government has agreed to honour any directions issued by AMG in relation to such questions, and in order to put the matter on a proper basis I have to ask that the approval of the RCAO may be obtained to these transfers in order that this authority may be forwarded to the Superior Command of the CC.RR. at Bari.

(a) Lieutenant GARRASI, Gianbattista.

This Officer has been attached to this Headquarters since 6th August, 1943. He has performed his duties with the utmost efficiency and has displayed intelligence and tact in the many investigations and commitments entrusted to him. He has been successful in uncovering and prosecuting many crimes against Allied Military Government Proclamations and Italian Laws, and has recovered many hundreds of pounds worth of property. I have every confidence that he will prove a valuable member of the CC.RR. and uphold the fine traditions of that esteemed Force.

(b) 2nd Lieutenant MILILLO, Ignazio.

This Officer is in charge of the Tenenza of Misilmeri. Since the Occupation he has been responsible for uncovering and prosecuting about 30 crimes against both Allied Military Government Proclamations and Italian Laws. He is of good bearing and address, and I am sure possesses all the qualifications necessary to enable him to become an efficient Officer of the Carabinieri Reali.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(c) S. Tenente LANZA, Antonino.

This Officer, age 29, graduated at Palermo University in jurisprudence and Political Science, has been in service with the CC.RR. since February, 1936. He was promoted to his present rank in October 1942, and between March and July, 1943 was in Command of a Nucleo of the CC.RR. at Catania and Palermo. Since 6th August, 1943 he has been on detached service with the SCAPO, Palermo Province. In this capacity he has given considerable assistance, also to the Legal Division in the organisation and functioning of AMG Courts, the preparation of cases, and the conduct of routine business in connection with prisoners, attendance of witnesses and contacts with Italian authorities. He has shown himself a smart and efficient Officer whose co-operation could be relied upon at all times and it is considered that his qualifications, and the service rendered to AMG fully justify his permanent transfer to the CC.RR.

(d) Vice-Brigadier CUCCIO, Zaccaria.

This Non-Commissioned-Officer has been attached to this Headquarters since 1st September, 1943. Prior to that date he was employed at H.Q., Provisional Corps, U.S. Army. Since coming to this Section he has been employed as Interpreter, Translator and Clerk. He is a good disciplinarian and displays tact in the exercise of his duties. I have no hesitation in strongly recommending him for transfer to the Effective Force of the Carabinieri Reali.
