Subject : N.C.O.s of the Arma, commanders of the CC.RR. stations in Sardinia.

To : A.C. Public Safety Sub-Commission - Rome.

I thank you for your information concerning the commanders of the CC.RR. stations in Sardinia.

So as to settle the question, as soon as possible, I have disposed:

1) that the Legion Command of Cagliari immediately provides, within the limits of its territory, for the removal of those station commanders, who although giving general guatantee for their useful employment, - in the interest of the service - have to be removed from their actual seats for necessary reasons, allthough if determined by the particular local situation;

2) that those N.C.O.s station commanders on permanent duty be pointed out, who for any reason whatsoever, showed themselves unsuitable for the service on the Island. I reserve to myself to transfer, as soon as possible, said N.C.O.s to other legions, replacing them with elements, who - if possible - appreciate their assignment to Sardinia.

3) that the legion Command of Cagliari, as soon as the strengbh situation would consent it, directly provides for the discharge of those N.C.O.s on duty,-born not later than 1910-who showed themselves unsuitable.

Ringrazio della cortese comunicazione riguardante i comandanti di stazione CC.RR.della Sardegna.

Allo scopo di definire la questione al più presto possibile,ho disposto:

2°)-che siano segnalati quei sottufficiali in servizio effettivo comandanti di stazione che,per deficienze di qualsiasi natura,si siano dimostrati non adatti al servizio nell'Isola.Mi riservo di trasferire quanto prima questi sottufficiali ad altre legioni,sostituendoli con elementi che gradiscano -possibilmente-

ACC/14601/10/PS

SUBJECT : CC.RR in Sardinia.

TO : Commanding General CC.RR.

See 224A.

1. PERNISTA Tommaso General Inspector of Public Safety at the Ministry of the Interior recently visited Sardinia.

2. In the course of his report to the Minister, he expressed the view that "Commandants" of CC.RR Stations were unsatisfactory and should be transferred. He went on to say that this view was shared by A.C.C. officers.

3. This matter has been referred to the Regional Commissioner Sardinia and his observations have been obtained. His conclusion is as follows :

(a) "I do not feel justified in advocating a whole-"sale transfer of station commanders. I am of the opinion "that the average station commander does his job satisfacto-"rily especially in view of the extremely trying circumstan-"ces he has had to face in the past year and his own diffi-"cult conditions.

(b) "I cannot feel that the replacement of present "commanders by men from the mainland would be satisfactory "the Sard mentality being different from the Italians.

(c) "I should recommend that those station commanders "who have completed their term of service and who have tendered "their resignations, but have been retained as a wartime measure, "together with those recalled from retirement, should be relea-"sed as soon as the present severe shortage of Carabinieri can "be remedied. The number involved in these two classes is 89."

4. On the whole the Regional Commissioner is satisfied with the efficiency of CC.RR in Sardinia. It is realised that the present shortage of CC.RR makes it difficult to release the 89 CC.RR mentioned in para.3 above. 209

5. It is suggested, therefore that as opportunity arises steps be taken slowly to replace the CC.RR who have been retained as a wartime measure, or recalled from retirement.. as in para.3 (c).

1. In reply to your ACC/14601/10/PS of 2 October 1944, I must point out that there are at present 266 permanent CC.RR. stations in Sardinia, each of course, commanded by a maresciallo or brigadiere.

2. These commanders vary very greatly in ability, and therefore only general points affecting them, regarded as a whole, can be made.

3. There can be no doubt as to their efficiency and courage in dealing with civil disorders and dangerous armed criminals.

4. Their detection of crime appears to be intelligent and a fair number of arrests are made. This may be due to the low mentality of the average Sard criminal.

5. When, on the request of the A.C.C., some work such as the searching of premises for Allied goods has been carried out, this has usually been efficiently done but in some cases the results have been disappointing.

6. The chief failure of station commanders appears to be when they are asked to take some action which involves an influential person or government official of some standing. It is felt that little confidence can be placed in the result of such action. The reason for this appears to be that not only do the station commanders feel that they may not have the backing of their superiors in such a case but they also fear that they may be victimized, ie: by transference etc.

1397

7. I give figures covering the six (6) months April to September inclusive which gives some indication of the activity of the Legion of Sardinia:

8. Although rapine (which is the taking away, either by violence or threat, of some moveable article from the person of another) shows no diminuition, it is fairly certain that these crimes are, for the most part, committed by small bands of criminals who have taken to the mountains to avoid

Declassified E.O. 12356 Section 3.3/NND No. 785016

arrest. To comb out these mountains is beyond the power of the Carabinieri at their present strength and even a strong force would have the utmost difficulty in doing it thoroughly.

Simple and aggravated thefts show a very substantial decrease in the period. This decrease is roughly proportionate to the decrease in the number of Italian troops here, to whom a large number of these offences are attributable.

9. The presence of large numbers of rather dispirited and poorly paid Italian soldiers, most of them with a lot of time on their hands, has been a very great problem to the Carabinieri. Some of the troops, notably the "Nembo" Division, have been ill disciplined and contained many criminals in their ranks.

10. Trouble has also been caused by the many Army deserters who have wandered about the island living by theft etc. Added to this are the difficulties experienced by the Carabinieri when making investigations involving military personnel.

11. I do not feel justified in advocating a wholesale transfer of station commanders. I am of the opinion that the average station commander does his job satisfactorily especially in view of the extremely trying circumstances he has had to face in the past year and his own difficult conditions.

12. I cannot feel that the replacement of present commanders by men from the mainland would be satisfactory, the Sard mentality being different from the Italian.

13. I should recommend that those station commanders who have completed their term of service and who have tendered their resignations, but have been retained as a wartime measure, together with those recalled from retirement, should be released as soon as the present severe shortage of Carabinieri can be remedied. SUBJECT: Sotto Tenente GUISTI, Giuseppe, CC.RR.

TO : Chief of Public Safety, V Army.

1. Relative to correspondence received from the Acting Director, Public Safety Sub-Commission, A.C.C., respecting the above-named CC.RR. officer, the circumstances of this matter as known to me are as follows.

2. Lieut. GUISTI, who speaks English, reported to C.I.C. and A.M.G. officers immediately after the occupation of Palaia (Pisa). He stated that he was a CC.RR. officer, and that he had been operating in the locality with pertisans. He supplied valuable information respecting enemy held territory in the immediate vicinity. Guisti said that prior to our arrival he was in charge of the San Miniato group of Carabinieri, and rendered valuable help to reporting officer to improvise immediate carabinieri group to police the district.

3. It was at that time realised that Guisti must have taken the formal oath to the Fascist Republic to have held office.

4. Enquiries were made in the locality and it was ascertained from prominent Anti-Fascists that he was considered efficient and capable, and although he had served in the CC.RR. under the Fascist Regime, he could not seriously be considered a Fascist.

5. The Allied advance was delayed for a few weeks at that time, and the front line remained only a short distance north of Palaia and S. Miniato. Throughout this period, Guisti worked zealously, shewed initiative, and carried out his duties without regard to personal safety.

6. When the front line moved forward, reporting officer instructed him to continue in his original command, but explained that from that time on he would become subject to the orders of the Provincial Public Safety Officer, Pisa Province.

7. It will therefore be noted that the re-appointment of Sotto Tenente GUISTI to the "tenenza" of San Miniato was tentative, and not a departure from the normal field procedure.

Sub. Officers movements.

The Lt. Col. of CC.R.R. in S.P. Di Nunzio Quintilio lacking available Colonels was destine to the Comand interim. of the legion of Messina appointment which was due him for turn of age.

But in the meantime having become available the Colonel of CC.R.R. in S.P. (R.M.) Maggore Carlo, I destinated this Colonel to the mentioned comand, leaving for the moment the Lt. Col. Di Nunzio at the gruppo di Cosenza who comands from August of the last year with satisfaction of the superiors, showing intelligent initiative, much good sense, perfect equilibrium, and attached to his duties.

He is an intelligent officer, serious, active and very willing which in the edcertize of the comand shows to posess capacity, profound knowledge of the service, and appreciable quality of character.

Before the armistice he directed for a while the Comand of the Gruppo CC.R.R. of Cremona city of origin and center of the political activities of the On. Farinacci with whom Di Nunzio held relation marked with reciprocal cordiality also between the respective families.

To put light on the political figure of this officer and precise the relations he had with Farinacci, this Comand has put into practice a reserved inquiry of which have not emerged concrete elements, also for the impossibility to finish research

This comand therefore reserves itself to finish in regard to further research when it will be possible to draw from safer sources in Italy not yet liberated

SUBJECT : Transfer of CC.RR. Major

FILE NO.: RI/PS/4.

1. It is requested consideration be given to the transfer of Major UMBERTO ORTONA, CC.RR. Commander for this Province.-

2. In my opinion and the opinion of my predecessor, this Officer is not reliable and due to his local connections, I find he is not collaborating in Police and Carabinieri matters to the extent an Officer of his rank should.-

3. Major Ortano was attached to the CC.RR. Rieti for two years prior to the Armistice and during that time there were many political incidents involving action by theCC.RR. and Questura.-

4. These incidents have not been forgotten by the population, and, although no criticism is levelled against the Major for the part he played, he undoubtedly made "contacts" which still persist.-

5. The "local" interests occupy the Major to the detriment of the Province and I find, on visiting CC.RR. Barracks within the Province, that no visit has yet been made to them by their Major.-

6. I find that the delegation of duties by the Major is overburdening his subordinates and causing discontent.-

7. Without further elaboration and without prejudice I have no hesitation in expressing a believ that a trnasfer of this Officer to another Province would be beneficial to Public Safety.

1. I am informed that it is proposed to transfer CAPT. s.p. DE MARINIS Almerindo from the Compagnia Interna of the Gruppo di Matera, Legione Territoriale dei Carabinieri Reali di Bari.

2. The Zone Commissioner is particularly anxious to retain the services of this officer who is performing most useful work with great efficiency.

TO : HQ., ACC., Public Safety Sub-Commission.

1. Could it be arranged for this Region to be consulted before officers (Captains and upwards) of the Royal Carabinieri are transferred or replaced, please ?

2. Frequent changes are to be deprecated and it is hoped that soon the numerous transfers will cease.

3. Although in many cases there can be no objection to a tranfer suggested by the GOC., CC.RR. there is the occasional case where owing to special duties or circumstances it is detrimental to efficiency to remove an officer especially at very short notice.

SUBJECT..... Capitano Zinza Cosimo. C.C.R.R. Fermo.

1. Capitano ZINZA Cosimo has been in charge of the C.C.R.R.; Fermo and district for the past 15 months, including the period it has been occupied by the Allies. Information has now been received that an order has been received from Rome for his removal.

2. During the time I was P.S.O. at Fermo I found Capitano ZINZA to be an extremely efficient officer and he always gave me the fullest possible support. I Obtained adequate evidence that he was extremely sympathetic to Allied Ex P.O.S.s of which there many in his district: A satisfactory report was also received from Polish F.S.S.

3. There is an officer we can ill afford to lose and I respectfully suggest that representations he made to retain him.

1. The att letter from Mrs. MENCARELLI of AFFILE on the subject of the transference of the Maresciallo of CC.RR. of AFFILE is passed to you for your consideration.

2. The Maresciallo has apparently been transferred under a general provision directing that CC.RR. who remained in service under the Republican Govt shall be posted away from their stations.
The att letter is intended as testimony to the Maresciallo's sentiments and actions during this period.

3. Mrs. MENCARELLI is known to this Sec. She has plenty of written documentation to the effect that she and her husband, who were both noted anti-facsists, furnished considerable help to escaped British PsOW at great personal risk. She told us that her work in this respect was greatly facilitated by the co-operation of the a/n maresciallo, who, in addition to helping her find food for the prisoners, also gave warning of an imminent raid on the locality by the Germans, which resulted in continued liberty for all of them.
She told us about this before she returned to AFFILE and found that the maresciallo had been posted elsewhere, so that this letter can not be regarded as a belated petition on his behalf.

Translation R.V.

From : Linda Mencarelli - Affile (Rome)

To : English Police Command - Via Sicilia 59 - Rome.

I still bear in mind your kind reception when I came to see your Commanding officer. I informed also my husband, who begged me to remember him to you. He will see you as soon as possible, in order to complete my statement.

I have been informed that Maresciallo Morettoni of the Italian Carabinieri has been transferred. I regret this because, as I told you, he was a great help for my husband, who is the Chairman in this village.

The above Maresciallo has saved us from Nazi persecution and he saved many Allied prisoners too. Therefore we are very grateful to him.

It seems, that provisions have been taken by the CC.RR. Arma to transfer the commanders of CC.RR. stations, who were on duty during the Republican Fascist Government.

The presence of said Maresciallo has been necessary as well for us, as for the English prisoners and he remained on duty advised by us and the English Captain CHICHESTER Dermot (chief of a group of prisoners sheltered in this Commune). He never co-operated with the Germans. Many times he met Allied prisoners at my house, he greeted them cordially and suggested change of refuge, if necessary. He informed the undersigned of every movement of the German police, this was possible because he understands the German language.

Infact on 30 April 1944 he was aware, that the German Police would effect a night action for the purpose to capture a group of Allied prisoners, who were sheltered in the village Arcinazzo Romano. He informed immediately Rev. Prof. Domenico Enni of that Commune, who personally warned the prisoners, who escaped to the neighbouring woods. On the same night the Police action took place, but with no-result.

Morettoni is in possession of documents, attesting what I have stated, among others, that of a/m Capt. Chichester.

I am asking your Command to take the necessary steps at the CC.RR. Command Lazio Legion - Piazza del Popolo - Rome -, so that orders may be given to the CC.RR. station at Subiaco (which transfers) to restore the well deserving Maresciallo to duty at the Affile CC.RR. station.

Otherwise, in spite of his screening by the competent Commission, he would suffer the same treatment of those, who co-operated spontaneously with the Germans.

I thank you respectfully
