AC/14601/21/PS

SUBJECT : Carabinieri.

TO : Regional Commissioner Piemonte
(att: R.P.S.O.)

1. Attached for your information and action are

(a) Order of Battle - Carabinieri - *No 8*(b) Copy letters dated 25 May from AFHQ and dated
28 May from MMIA.

2. The Order of Battle shows the breakdown of the established strength of 55000 carabinieri. The AFHQ letter of 25 May 45 authorized an increase of 3000 on the strength of 55000 CC.RR. In our cable 5871 dated 1 June 45 you were authorized to enroll 500 recuperated CC.RR. MMIA require as soon as possible a list of units to fill these manpower spaces.

3. The letter from MMIA suggests that new units will be formed as a result of the allocation of 3000 men. This is not so. At present the northern Regions are 7500 below their 55000 ceiling. Accordingly the 3000 CC.RR will be used partially to activate existing units up to their 55000 ceiling.

4. Will you please supply as soon as possible a list of the companies in your Region affected by the increase of 500 CC.RR. Your return should be a copy of certain companies shown in the Order of Battle with the number of men allotted to the company and totalled to 500. Please quote serial numbers.

5. It is understood that Companies may not be completely reconstituted from the 500 CC.RR. For example Cuneo Company totals 220. You may have allotted 50 from spearhead, and a further 80 may now be allotted from your increase of 500. Your return would thus show :-

Serial	Unit Designation	Offr.	Ops	TOTAL	Location	Remarks.
478	Cuneo Coy	1	79	80	CUNEO	

- 2 -

It would assist records in this office if you would show in the Remarks column the number of CG.RR in the company already supplied from the south.

6. The return required is one of established strength. You may have arranged concentrations in certain areas above the established strength to deal with local conditions existing at the present time, but this would not be reflected in your allotment to Companies for the purpose of this return.

7. An Order of Battle is being prepared on a 65000 ceiling and a copy will be forwarded to you when approved by AFHQ. Increases from 55000 to 65000 will all be absorbed in the North, as the strength in the South is now approximately at the 65000 level.

1. In the occupation of Northern Italy the strength of CC.RR has been laid down in AC Directive No. AC/14601/21/PS, dated 17th February 1945.
2. These CC.RR are being supplied from Regions in AMG territory and liberated Italy by reducing them to the strength detailed in this directive.
3. In the absence of authority to increase the ceiling to 65,000 the total strength of CC.RR must not exceed 55,000 for the whole of Italy.
4. All Refugee Carabinieri found in the advance will be dealt with by using them as AMG police until such time as screening and adjustment of numbers in the south is affected.
5. In the interval of waiting the CC.RR will be given a police arm-band and paid and rationed from civilian sources. The rations will be those issued to public security.
6. A signal will be sent to this HQ as to the number of such CC.RR taken on duty, weekly.
