2. In order to avoid delay in transmitting this correspondence to the addressees, it is requested that this question be taken up with the competent CC.RR authorities with a view to its being addressed direct.

I am informed by Col Gori CC RR that letters between this area and Bari take approximately 20 days.

To assist in speeding up important letters I have agreed to have correspondence from here to Bari, left at this Office, unsealed, to be forwarded to A.M.G. at destination for delivery.

There is no volume of correspondence, probably one or two letters a day.

It seemed to me that the CC RR could be assisted generally throughout the Regions on these lines, for instance, a member of the CC RR could call at Public Safety Sections, daily at 1700hrs daily to receive mail.

Could a directive be issued from HQ A.C.C. please. I think it would greatly assist and bring every Region into line, if considered necessary by you.

SUBJECT: CC.RR. Transmission of Correspondence.

TO : ACC Public Safety Sub-Commission.

1. With reference to attached copy communication 'A' dated 10 April 1944, sent by the Minister of the Interior to CC.RR. HQ. and thence to Col. Quercia, Commanding Naples Legion.

2. As a result of this instruction, Col. Quercia is under the impression that all official correspondence of the CC.RR. within the Provinces of Naples, Benevento and Avellino must only be transmitted through AMG channels.

3. Nothing is known of such an order at this HQ. and it does appear that the Minister's instruction is due to a misinterpretation of Col. Spicer's letter 'B', which certainly seems clear enough.

4. However, it is believed that some such order as to the dispatch of CC.RR. official correspondence has been made for the territory controlled by AMG 8th Army.

5. May this matter be cleared up, and in the meantime Col. Quercia has been instructed to continue his normal CC.RR. channels of communications for official business within the 3 provinces.

OGGETTO: Provincia di Foggia.

ECCellenza,

1. Lo scorso dicembre fu stabilito definitivamente che l'amministrazione della provincia di Foggia non poteva essere in nessun modo sotto il controllo del Governo Italiano.
2. Vostra Eccellenza si è spesso espressa con me in proposito, "Io non ho autorità nei territori che non siano compresi nell'Italia liberata."
3. Io devo precisare che le commissioni del Governo Italiano devono essere inoltrate attraverso le apposite vie, e secondo delle località, al commissariato regionale dell'5<sup>a</sup> Regione, o all'ufficiale del Comando dell'8<sup>o</sup> Gruppo di Armate.
4. I CC. RR. di Bari recentemente non hanno tenuto conto di queste istruzioni e hanno scritto direttamente. Mi è stato precisato che il tenore di questi ordini dimostrerebbero che sono state dimenticate le istruzioni da noi date, ma io desidero precisare ancora che esse sussistono decisamente per quanto riguarda queste zone.
5. Potrebbe prendere voi la cosa in mano e informarmi di quanto potrete fare?
6. Io so bene che voi siete personalmente a posto nella cosa, e io sono desideroso di fare tutto quello che posso per aiutarvi con gli aiuti di che abbiamo fatti e che credo voi riconosciate abbiano servito efficacemente e che invece di arrecare ritardi, hanno procurato una più rapida e corretta via di comunicazione.

COPYTRANSLATION

SUBJECT: Province of Foggia

April 1944

1E

Excellency,

1. Last December it was established that the administration of Foggia Province could not be under the Italian Government Control.
2. You often said it to me, in this way: "I have no authority in the territories that are not included in Liberated Italy."
3. I must specify that the information of the Italian Government must be sent through the proper channels, according to the localities, to the Regional Commissioner, Region 5, or to the Commanding Officer 8th Army HQ.
4. CC.ME. of Bari recently forgot these instructions and wrote directly. It seems that our orders have been forgotten, therefore, I wish to specify that they are still in force especially in these areas.
5. Can you take the matter in your hands, and inform me what you can do about it?
6. I know that you are personally informed of the matter, and I wish to do my best to help you in the matters we have established, I think you will recognize that they have been useful to make communication much quicker.
