1. The Lazio Headquarters have been established at their own Headquarters (Piazza del Popolo), Rome.
2. Arrangements are being put in hand to establish at once a "replacement pool" for this and the northern areas.
3. As the City of Rome has not and, I understand, will not be handed over to Region IV, I should welcome instructions as to who will undertake the responsibility for supervising this pool.
4. No arrangements have been made for equipment, boots, etc. except the Lazio HQ has cloth which requires making up. Could arrangements be made at once to supply the necessary equipment to enable this pool to function?
5. There are difficulties over the question of rations. The present arrangements are for men to report at 0800 hours daily and then they are allowed to go home. No active steps can be taken in the absence of rations and equipment to get these men ready for duty and some of them are urgently required. There are several hundreds of CC.RR. most of them in plain clothes, at the CC.RR. Training School (Caserna Vittorio Emanuele); under the Command of Col. Pandolfi; and I understand no rations are supplied to them.
6. I should be pleased if immediate steps could be taken to rectify these matters.

6. An example of Army requirements for CC.RR is contained in attached copy of letter from 5th Army to the Provincial Commissioner of Littoria Province.

7. The CC.RR and officers enumerated under Para. 5 above are to work under the Army until the territory is released to Region IV. After discussions with the 5th and 8th Armies, I have come to the conclusion that they will not call for more CC.RR direct, but will depend upon Regions IV and V to send them forward to meet present needs and future needs as they arise. Unless additional CC.RR are forthcoming, we will not be able to meet the requirements of the two Armies in territory of this Region.
