This letter is from Pietro Natale CARROLI - Master Marine and formerly holding rank of Captain of Port Police and Captain of CC.RR. (His address is : "Casella Postale No.35, Genoa").

He states that there are many reasons for his approaching the Allied Commission, and not least because "every Italian thing, at present, has its beginning and end in the Allied Commission".

A long description of his record and attainments, which explains his inscription in the Fascist Party as necessary for enrolment in the Port Police, concludes by stating that he was favourably considered in the eyes of the "Field Security - Port Section" and "182nd 183rd Port Provost Coy" while serving at Taranto. Subsequent to this he was reverted to Midshipman in the I.R.N., for political reasons, and took up duties as Liaison Officer to the S.S.T.O. at Taranto.

Despite all these services (13 years of his life dedicated to the nation) - he says - it has proved possible that he should be returned to his home.

He asks that he be reinstated in his rank in either the CC.RR., the Port Police, or the Public Security Branch, since "it would not be just, in a democratic and worthy Italy, that the writer - who has served his country and nation always, and acquired civil, military, and educational standing - should be treated in a like manner to those who have served (Political) Parties and the Republic and who have not collaborated with the Allies, nor suffered the tortures of anxiety when separated by force or free-will from their families, obtaining ranks and honours which they may retain."

- Enclosures :
- Extracts from Laws concerning his particular branch of the services, and others.
 - Royal Decrees, copies of, ordering the dispersal of Fascist Militia.
 - Copy of his Identity Document when Captain in the CC.RR. - Port Section.
 - Testimony in English by Commander LOVELL R.N.R., S.S.T.O. Taranto.
 - Recital of the occasions (6) upon which the writer has been recommended for the execution of his duties etc.
 - Copy of request to Ministry of Marine, dated 1st July 1944, that he may be re-employed in his peacetime duties.

SUBJECT : Suspension of Carabinieri Officer

FILE No. : RX/PS/6.2

Reference my telegram of 13th inst.

1. I have today been informed by the Officer Commanding CC.RR Legion of Padova that he has received orders to suspend from duty pending epuration Major ANTICO Angelo, Commanding the Udine Group.

2. Major ANTICO is one of the most alert and energetic officers in this Legion. He has in a short time gained the confidence not only of the P.P.S.O. Major Manuel, who is more than pleased with him, but also stands high in the estimation of the Prefect the Questore and all the local officials.

3. Udine is a difficult province with a lot of organizational problems to be solved and at this time we can ill afford to lose the services of Major ANTICO who is doing an excellent job with the CC.RR.

4. If Major ANTICO were being dismissed from the CC.RR as the result of an order from the Ministry of War, of course I could offer no objection, but to suspend him from duty to await epuration investigations, which I am credibly informed will go in his favour, seems to me unnecessary, particularly when there are numerous other officers awaiting epuration and remaining on duty.

5. I am aware that CC.RR Command has asked for Major GRIMALDI to be sent to Udine and consent has been given but was not aware that the removal of Major ANTICO was contemplated.

6. In all the circumstances I have countermanded the order temporarily and I ask that my action be supported with CC.RR Command and that Major ANTICO be allowed to remain in charge of the Udine Group until the epuration proceedings are completed.

Subject : Suspension from work - W.O.L, Bernacchi Fernando of the CC.RR.

Reference 7672/111 dated the 3/9/45.

W.O.L. CC.RR. Bernacchi Fernando was referred to the Screening Commission of Military Personnel for screening by the High Commissariate, further to enquiries carried out on the behaviour of the a/m W.O. during and after the armistice the following resulted:

- (a) - he offered his service to the national republic guards on his own accord, when Allied troops occupied Rome.
- (b) - made propaganda to induce CC.RR. "Maochia" to join the Republican Army.
- (c) - swore allegiance to the Fascist Republic.

The said High Commissioner deems it necessary to have the a/m W.O. dismissed from the service.

Further to this and on decision of this Ministry the W.O. was suspended from his office.

G.H.Q. CC.RR., concerned with the execution of the decision, points out that Major Mackenzie (O.C. P.P.S.O. of A.M.G. Ferrara) notwithstanding information received on the matter, ordered that the W.O. must continue to serve (and to draw allowances) whilst awaiting decision from the Superior Allied Authorities who were notified by him.

Since this action would prejudice N.C.O.s who, being in the same position as Bernacchi have had the same treatment, we beg to examine the possibility (in all fairness) of having the arrangements made by this Ministry carried out.

SUBJECT : Captain PARDINI Giuseppe CC.RR.
TO : Public Safety S/C A.C.

14601/47.

This General Command has been informed that your S/C has recently disposed, through the Ministry of Interior, that Capt. Pardini Giuseppe be kept under arrest in barracks.

The officer, who in Montenegro, commanded, as a lieutenant, a company of CC.RR., on the day of the armistice, with a just view of what side to choose, having no desire to become a German prisoner, presented himself spontaneously to the commander of the 'Venezia' Division, with the firm decision to fight together with the CC.RR.

Voluntarily, endangering his life, he went beyond the defence line of the above division, in order to make the first contacts with the Yugoslavs, succeeding in obtaining an alliance with Tito's partisans.

Throughout the strong fighting which, the Division 'Venezia' and 'Garibaldi' went through, he always maintained the honour and morale of the Italian troops high, behaving, in every circumstance courageously and valourously.

Concerning the above, considering that it deals with an officer who deserves particular consideration, I beg your S/C to kindly examine the possibility of releasing Capt. Pardini and communicate the eventual charges made against the officer so that this General Command may, through the competent Inquiry Commission, proceed with the case.

Viene riferito a questo Comando Generale che codesta Sotto-commissione ha recentemente disposto, tramite il Ministero dell'Interno, che il capitano dei CC.RR. PARDINI Giuseppe venga vincolato agli arresti in caserma.

L'ufficiale che nel Montenegro comandava con il grado di tenente una compagnia di CC.RR., alla data dell'armistizio, con giusta percezione della via da seguire, non volendo considerarsi prigioniero dei tedeschi, si presentò spontaneamente al comandante della Divisione "Venezia" con la ferma decisione di combattere unitamente ai dipendenti carabinieri.

Volontariamente, con sprezzo della propria vita, si portò fuori della cinta difensiva della predetta divisione per prendere i primi contatti con l'esercito popolare liberatore della Jugoslavia, riuscendo ad ottenere l'alleanza con i partigiani di Tito.

Negli aspri combattimenti in cui fu impegnata la Divisione "Venezia" prima e successivamente la Divisione "Garibaldi", manten-

R O M A

A seguito del foglio 9/6 R.P. del 21 settembre 1944, comunico a codesta Sottocommissione per la Pubblica Sicurezza che le ultime indagini praticate sulla figura politica del tenente colonnello dei CC.ER. (s.p.e.) DI NUNZIO Quintilio hanno dimostrato in fondata la notizia secondo la quale l'ufficiale, prima dell'armistizio, avrebbe favorito la fuga del ministro FARINACCI, accompagnandolo alla frontiera.

Il detto tenente colonnello, infatti, che trovavasi a Mentone un giorno o due dopo il 25 luglio 1943, trasferito il 28 detto mese alla legione di Catanzaro, prima di effettuare il movimento, si recò a Cremona, sua precedente sede di servizio, ove essendo noti i suoi rapporti con il ministro fascista, venne, su richiesta del comandante del presidio di detta città, chiamato a Milano presso il comando della 2^a Brigata, rimanendovi fino al momento di partire per Catanzaro.

D'altra parte è voce diffusa che il FARINACCI, nella stessa

Comando Generale dell'Arma dei Carabinieri Reali

notte in cui ebbe termine la seduta del gran consiglio, siasi
rifugiato presso l'ambasciata germanica a Roma, da dove, in ae
reo, sarebbe stato trasportato direttamente in Germania.

1. I submit herewith a translated copy of a report I have received from the CLN of Crespino del Grappa in the Province of Treviso, regarding Capt. Testi of the CC.RR.

2. Capt. TESTI is a career officer who was transferred to Belluno during the middle of May, 45. He was transferred to Rome on 11 August by order of the Legion Command, Bolzano.

3. I think the CC.RR. Command did not exercise sufficient care in sending here an officer of the G.N.R. It also illustrates the slack way in which the CC.RR. are conducting their operation.

Ref. M. 226
28 July 45

Subject: CC.RR. Captain Aurelio TESTI.

To Provincial CLN, Belluno.
Procuratore del Re at the Court of Assize, Belluno.
From CLN of Crespano del Grappa (Prov. Treviso)

Pursuant the request made by your CLN we hereby inform you of the following:

The CORR Captain Aurelio TESTI assumed the Command of the Crespano Carabinieri on 11/11/1943 as he was at the service of the Ministry of National Defence. His duty consisted, at that time, of night squads made of Carabinieri and military of the said Ministry and they had the job of scaring the peaceful population of the district by continuous haphazard shootings. The night patrolling ended usually at the Casa del fascio where the military met at dawn to eat and drink. Captain TESTI, as he had sincerely fascist feelings inscribed himself to the republican fascist party at the Rovigo federation about the end of December 1943. The printed form of application was completed of the necessary data by Carabinieri MORANDINI Franco and then signed by the above mentioned and sent. He was also in close contact with the German Commando Piazza at Rovigo (Miss Paola Kseh) with whom he kept contact even after she was transferred to Padova.

It appears that TESTI did solicit the mopping up of the Fietta area (Fietta is a hamlet of the Comune of Paderno del Grappa). The operation was carried out to arrest 3 Russian prisoners who had escaped from a concentration camp. Four of these were arrested and, contrary to all international regulations, they were put in irons. During these operations two members of the family, which had sheltered these Russians were also arrested. Captain TESTI also informed Colonel FIORINESCHI that one FERRARESE Tarcisio of Paderno del Grappa helped the same prisoners. Ferrarese however came to know of it and he succeeded in running away in order to avoid, as a minimum, the deportation to Germany.

One day, on his own initiative, Captain TESTI lead the searches to trace Carabinieri DALLA RIVA Giorgio at Panzolo.

After the desertion of Carabinieri MATTERELLO Amedeo and CHIPIERRE Pietro he issued orders by telephone and telegraph to the S.Dona' del Piave Station and to Coy HQ at Este for the arrest of the wives of the above Carabinieri as hostages for the return of their husbands.

He proceeded to the arrest of Carabinieri BONATO and DAL ZEN as they had facilitated, during their night patrol, an operation conducted by the Partisans against the Paderno Ministry. Brigadiere PERATO, who was in charge of the patrol, saved himself by joining the Partisan formation. Of the two a/n Carabinieri, one, BONATO, succeeded in escaping from the train as he was being transported to Germany, the other, DAL ZEN, has just returned from a German concentration camp for political detainees where he underwent the well known sufferances.

Pursuant the request made by your CLM we hereby inform you of the following:

Ferrarese however came to know of it and he succeeded in running away in order to avoid, as a minimum, the deportation to Germany.

One day, on his own initiative, Captain TESTI lead the searches to trace Carabinieri DALLA RIVA Giorgio at Fanzolo.

After the desertion of Carabinieri MATTERELLO Amedeo and CHIOFFI ⁶⁻¹⁸⁻⁴⁴ Pietro he issued orders by telephone and telegraph to the S.Dona' del Piave Station and to Coy HQ at Este for the arrest of the wives of the above Carabinieri as hostages for the return of their husbands.

He proceeded to the arrest of Carabinieri BONATO and DAL ZEN as they had facilitated, during their night patrol, an operation conducted by the Partisans against the Paderno Ministry. Brigadiere PERATO, who was in charge of the patrol, saved himself by joining the Partisan formation. Of the two a/n Carabinieri, one, BONATO, succeeded in escaping from the train as he was being transported to Germany, the other, DAL ZEN, has just returned from a German concentration camp for political detainees where he underwent the well known sufferances.

We understand that denunciations against Captain TESTI are being made by the above Carabinieri. In the denunciations details will be given of the actions and ill treatments the denunciators suffered. Another denunciation, by Signor Dino PANDELI of Rome, is also weighing on Capt. TESTI.

The discipline he imposed to his dependants was rigid. Consequently none of his dependants was desirous of remaining attached to him. DE PAOLA, his batman and driver, was most of the time at the disposal of Major ZAIOTTI. One day, near Asolo, as there was something wrong with the car and DE PAOLA was not quite able in repairing it, Captain TESTI pointed the pistol against him and

././././.

told him: "Will you get it ready quick or shall I shoot?" DE PAOLA replied to him also with the pistol in his hand saying: "Who will be the first to shoot?".

The above facts as well as others are a proof of his rigid discipline and of his firm will of serving the Fascist Republic.

When the Carabinieri were replaced with the National Republican Guards (G.N.R.) he was the first to wear a black shirt and to wear the insignia of black flames and other badges and ornaments, while instead his dependants tried in every manner to avoid him by deserting or by joining the Partisan formations. He was flanked by some fearful elements only.

We do not know when he definitely left this area. However, no matter what his conduct was afterwards, it certainly cannot cancel the activity he performed during the Republican Government. When he noticed that the said government started to totter he ran away in order to save his career and his skin. His activity cannot throw oblivion on the sufferances he caused by the headstrong will with which he served the fascist cause.

This Committee feels certain that what is represented in this report will be given due consideration in the name of Justice which is the right prize for the sacrifices of those who gloriously fell for liberty, and is also an example for all those who fought and suffered for it.

Denunciations against Captain TESTI are now at the CCRR Div HQ of Padova. Some other denunciations are at the Procura del Regno of Treviso, and also at the Commissione di Giustizia of Asolo (Treviso).

THE PRESIDENT
Signed: Dr. M. Mantovani
