To: Regional Commissioner, Region 2.

1. This is to answer your letter Ref/A.G./5/105 of 26 July 1944.
2. The report you sent was submitted to the Administrative Section for the opinion of Public Safety Section, and to the Army Sub-Commission, M.H.I.A.
3. The view of all these Sections is that the appointment of General Orlando is a good one and that there does not seem to be evidence to support the allegation that he has been using his post improperly.

Information has been received that there is a movement of Italian general staff officers into the CC.RR. It seems that this movement is similar to that which took place in Germany after the last war. Many general staff officers due to the decrease of army personnel; are making application to be admitted into the CC.RR., their intention being to make a reserve officer's pool out of the Carabinieri. Only a few officers at a time are transferred from the regular army to the CC.RR., their movement being well concealed.

It is reported that this movement is made possible by General Taddeo Orlando, recently appointed head of all CC.RR. in Italy and who prior to this was Minister of War in Lecce. Taddeo was in charge of an Army Corps which opposed the Allies in Yugo-Slavia. Also he is represented as being an ardent Fascist.
