SUBJECT: Repatriation of Yugoslav Nationals.

TO : Public Safety Sub-Commission, A.C.

1. Reference folio 58A regarding the alleged acts of brigandism having been committed by Yugoslav Nationals, we are submitting the following comments for your consideration and guidance.
2. There are no Yugoslav Military Personnel in Italy with the exception of those who are permitted to remain in 13 Corps Area on official duty.
3. All Yugoslav Military organizations in this country have been disbanded in accordance with instructions issued by A.F.H.C., and in the event of any being found outside Venezia Giulia Area, they should be arrested.
4. On the other hand, we feel convinced that these accusations are being made against dissident Yugoslavs who have refused to return to Yugoslavia under the present regime.
5. In view of the Supreme Allied Commander having stated that no National will be forced to return to his or her country unless these persons elect to go of their own free-will, we fear that the Allied Authorities can do very little to solve this problem.
6. As Dissident Yugoslavs are subject to the Italian Penal Code the local Police authorities should arrest these culprits, who should be made to suffer the consequences of their actions if they are proved guilty.
7. Although there may be a certain amount of truth in these allegations, we are of the opinion that this is a good excuse to endeavour to get rid of this large number of Yugoslavs, who as a result of their political opinions will not return to Yugoslavia under the present regime.
8. In view of these persons not being a security threat to the Allied Authorities in Italy, they become an Italian responsibility if they commit an offence which is punishable according to the law of the country which is giving them hospitality under difficult circumstances.

evildoers assaulted CC.RR. Barraks at "Pioppo" di Monreale (Pa-

the windows were nearly falling down, shot back and threw hand-

which lasted almost two hours.Another CC.RR. soldier, though ill, succeeded in over-
stepping the evildoers and reached Monreale (Palermo district).Immediately after, Commanders of the Palermo CC.RR. internal

with common criminals.

Some of the assaulters were probably wounded.

15 December 45.

SUBJECT : Repatriation of Yugoslav citizens.

TO : Public Safety S/C A.C.

This Ministry has taken note of the contents of your letter dated 5th inst, referring to the repatriation of Yugoslavs residing in Italy, responsible of serious acts of brigantage, and deems it necessary to point out a few considerations - some of which have already been the subject of separate reports to you - on the stay of undesirable foreigners in the Kingdom.

As is known foreigners wishing to enter Italy must obtain authorisation thus following particular dispositions regards the duration and modalities of the stay.

Those who have not obtained authorisation to enter or whose granted period of stay has expired, may be molested and accompanied back to the frontier, without this the ruling legislative dispositions, which have recently been pointed out in the enclosed copy circular, issued in agreement with your Commission, would lose all effect, the same would apply to the provision in which the Allied Command has recently returned the control of the frontiers to the Italian authorities.

Now then it has to be pointed out that almost all the Yugoslavs in question are, originally, in conditions irregular to Italian laws, apart from penal facts in which they could have previously been involved, and should therefore, for this alone be sent away.

Consequently, should the principle which the Italian State has the right to get rid of undesirable subjects, according to the ruling laws, not be in your agreement, the situation would turn out to be that foreigners, having a clear and legitimate reason to enter the kingdom may be refused based on various considerations of a casual nature, or invited to leave at the expiration of the period granted, whereas those who have entered clandestinely and who are clandestinely staying, employed in illicit activities, would acquire a right to remain in the territory of the state to their own satisfaction.

It is deemed necessary to point out furthermore, that, whilst the applications of French, Swiss, Spanish citizens etc., who wish to enter the kingdom are always more, those of the Yugoslavs and people residing in Oriental Europe, are very few, while the

-2-

number of these, actually present in Italy is continuously increasing. This circumstance confirms the fact that, owing to the slight possibility of control on the Adriatic Ports and road blocks of the Venezia Giulia Region, the entry of clandestine people to Italy is continuous, encouraged by the lack of authority which the state has so far shown on their behalf.

This Ministry perfectly agrees that every violation of the penal rule made by foreigners residing in the kingdom be punished according to the Italian laws, nor has the Italian State the desire to give up such a power.

But this right cannot exclude the other, which is also sanctioned by exact rules of the law (see attached), to get rid of those foreigners, who, owing to their behaviour, have not deserved the hospitality granted them.

But, alongside these theoretical considerations of a judicial nature, other of a practical nature must also be borne in mind, owing to the general conditions of the moment in connection with the possibility of employment of members of the police, the efficiency of penal establishments etc., in relation to the complex public order situation, matters well known to your Sub-Commission, as all this limits the possibility of the Italian State to act on those who break the penal rules.

Bearing the a/m in mind, it appears to this Ministry, considering the large number of foreigners who, without any corresponding ~~income~~ income, owing to their presence in Italy, render worse the difficult economical conditions of the nation and the continuous increase in crimes, the majority of which are committed by them, that there are not sufficient reasons to allow, according to the common rules of legislation of all the European states, to the repatriation of at least those who are a continuous menace to persons and things.

It would be appreciated if your Commission could re-examine the ~~possibility~~ position giving your point of view in the matter.

Questo Ministero ha preso conoscenza di quanto codesta Commissione ha comunicato con nota 5 corrente in ordine al rimpatrio dei cittadini jugoslavi residenti in Italia, responsabili di gravi atti di brigantaggio, e ritiene necessario sottoporre brevi considerazioni - delle quali alcune hanno già formato oggetto di separati rapporti a codesta Commissione - circa il soggiorno nel Regno di stranieri indesiderabili.

Com'è noto, gli stranieri che chiedono di entrare in Italia devono ottenerne l'autorizzazione e sottostare quindi a disposizioni particolari concernenti la durata e le modalità del soggiorno.

Coloro che non abbiano ottenuta l'autorizzazione all'ingresso o per i quali sia decorso il termine concesso per il soggiorno, possono essere quindi perseguiti e riaccompagnati alla frontiera, senza di che le vigenti disposizioni legislative, di cui si è fatto recente richiamo nella circolare acclusa in copia, diramata d'intesa con codesta Commissione, perderebbero ogni pratica efficacia, come privo di ogni valore sarebbe pure il provvedimento col quale il Comando Alleato ha recentemente restituito alle Autorità Italiane il controllo dei posti di frontiera.

Ora va a tal punto rilevato che la quasi totalità dei cittadini jugoslavi in questione si trova, già originariamente, in condizioni irregolari nei confronti delle leggi italiane,

a prescindere dai fatti penali nei quali possano essere successivamente incorsi, e dovrebbero, quindi, per questo solo fatto, essere allottanati.

Da ciò consegue che, ove il principio che lo Stato Italiano abbia il diritto di disfarsi - secondo le leggi vigenti - degli ospiti indesiderabili, non venga condiviso da codesta Commissione, si verrebbe a verificare la situazione che gli stranieri, i quali abbiano una ragione chiara e legittima per entrare nel Regno possono esser rifiutati in base a considerazioni varie di carattere contingente, o invitati ad allontanarsi al termine del soggiorno loro concesso, mentre coloro che siano entrati clandestinamente e che clandestinamente vi soggiornano, dediti ad attività comunque illecite, acquisterebbero un diritto a rimanere a loro piacimento nel territorio dello Stato.

Si ritiene opportuno fare altresì rilevare che, mentre le domande dei cittadini francesi, svizzeri, spagnoli etc. che desiderano entrare nel Regno sono sempre più numerose, quelle da parte di jugoslavi ed in genere di persone residenti nell'Europa Orientale, sono scarsissime, mentre il numero di queste, effettivamente presenti in Italia, è in continuo e preoccupante aumento. Questa circostanza costituisce una evidente conferma del fatto che, per la scarsa possibilità di controllo sui porti adriatici e sui posti di blocco della Venezia Giulia, l'ingresso dei clandestini in Italia sia continuo, incoraggiato dalla nessuna autorità che lo Stato ha potuto finora dimostrare nei loro confronti.

Questo Ministero è perfettamente d'accordo che ogni violazione della norma penale da parte di stranieri residenti nel Regno sia punibile secondo le leggi italiane, nè lo Stato Italiano intende di rinunciare a tale facoltà.

OGGETTO

Ma questo Diritto dello Stato non può escludere l'altro, pur esso sancito da precise norme di legge (vedi allegato), di disfarsi di quegli stranieri che col loro comportamento non hanno saputo meritarsi la ospitalità loro concessa.

Ma, accanto a queste teoriche considerazioni d'ordine giuridico, devono essere tenute presenti altre di carattere pratico riferentisi alle condizioni generali del momento, per quanto concerne la possibilità di impiego degli organi di polizia, l'efficienza degli stabilimenti di pena etc., in relazione alla complessa situazione dell'ordine pubblico - questioni ben note a codesta Commissione - in quanto tutto ciò limita la effettiva possibilità dello Stato italiano di colpire ogni infrazione della norma penale.

Ciò premesso, sembra a questo Ministero, tenuto conto del numero rilevantissimo di stranieri che senza una corrispondente utilità, aggravano con la loro presenza in Italia le difficili condizioni attuali dell'economia nazionale e dell'aumento continuo di reati da molti di essi compiuti, che non vi siano sufficienti ragioni per cui non possa provvedersi, secondo quelle che sono norme comuni nella legislazione di tutti gli Stati europei, al rimpatrio almeno di coloro che costituiscono una continua minaccia per le persone e per le cose.

Ref your 14/2 of 6 Dec.

1. Present policy for the maintenance of public order is that units shall be used strictly in the following order of priorities:

- (a) Static CC.RR.
- (b) Mobile bus CC.RR.
- (c) Independent Regts and IS Divs (local reserves).
- (d) Inf Divs (Mobile Reserves).

2. In ITALIAN Govt territory the latter than CC.RR. will only be used on application by the local authority to the Territorial Comd and will only be granted by the Territorial Comd if in the latter's opinion such action is justified by the circumstances.

3. It would appear that the Independent Regt cannot be held in local reserve if it is already permanently committed in place of CC.RR units.

The use of this Regt requested by the Prefect is therefore on the face of it incorrect.

4. You should discuss the actual necessities of the particular case with the A.C. Liaison Offr BARI and with 52 Area in light of the general policy outlined above.

Having reached agreement you should then respectively advise the Prefect and the Territorial Comd.

5. This R.C. should be notified in the event of any further difficulty.

1. Allied Policy for the maintenance of public order has been that troops shall be employed in the following order of priority:

- (a) Static GCMR
- (b) Mobile Battalions GCMR
- (c) Independent Regts and Internal Security Divs (classified by AFHQ as "local reserves" for this purpose)
- (d) Infantry Divs (classified by AFHQ as "mobile reserves").

2. It has been reported to this HQ that in some cases Prefects are expecting Independent Regts to carry out duties in aid of the Civil Power before calling upon or using to the full the Static GCMR or the Mobile Battalions of GCMR located in their areas.

3. This use of Independent Regts is also reported to be being made contrary to the advice and wishes of the Military Territorial Commander concerned.

4. Such employment of Independent Regts is not only contrary to the policy outlined in para 1 above, but also precludes the necessary training of these regts which is the direct responsibility of the Territorial Commander.

5. In agreement with the Public Safety Sub Commission LC, this HQ therefore suggests, provided that you are in agreement with existing policy that in conjunction with the Ministry of the Interior a Directorate should be set up to all Prefects and Territorial Commanders, clearly defining the priority in which available forces will be employed in aid of the Civil Power, and the responsibility of Territorial Commanders for training Independent Regts and for advising Prefects on the legitimacy or otherwise, in each specific case, of employing these Regts in such a role.

SUBJECT: various incidents.-

For your information and with reference to news printed in some papers of Rome, we beg to transmit following phonogram forwarded by the local questura.

" " This morning at about 01100 hrs. the " Reparto Celere" intervened at national street in order to disperse a group of salesmen which, being their category making a strike, were intimating the immediate closing of shops still open.

A man out of the crowd expressed his unfavourable opinion against the Police, gaining the approval of the demonstrators.

While aforesaid was invited to go away, another man protested against the motocyclist Agents which, he said, were dangerously riding among the crowd. Although invited not to disturb the police operations, he persisted in his behaviour and decisely refused to follow the Agents to a P.S. Commissariate

Anyway, he was compelled to take place in a car, in order to avoid that the crowd may get encouraged to resist to the Police. ) Also the pther man, already summoned by the Agents to go away, who was trying to give help to the second instigator, was carried to the P.S. Barracks. They were found out to be reporter Bencivegna Rosario of the "UNITA" daily and reporter Zatterini Ugo of the "AVANTI" daily.

They were released, anyway after having been summoned not to instigate the crowd against the agents who have at times to intervene in order to restore the public order. They justified themselves by accusing the agents to have been a little violent: but actually they did not look even bruised.

The incident had no further consequences.

We point out all this in order to belie news appeared in the "LAVORO" daily of the 6th inst. which refers that aforesaid reporters were released after having been beaten in the P.S. Barracks. "

OGGETTO

Roma - Agitazioni varie.

Per notizia ed in relazione anche a quanto pubblicato da alcuni giornali della Capitale, si trascrive il seguente fonogramma della locale Questura:

"Stamane, verso le ore II, il Reparto Celere interveniva in Via Nazionale al fine di disperdere un gruppo di aderenti al commercio di liquori, essendo, come è noto, in sciopero la categoria, avevano intimato **748** di negozi rimasti aperti al pubblico.

Tra la folla un individuo sollevava nel confronti della Polizia orate apprezzeramenti sfavorevoli cui derivavano i dimostrandoti.

Mentre il predetto veniva opportunamente invitato ad allontanarsi, altro individuo protestava per le rapide evoluzioni effettuate dagli Agenti motociclisti e ritenute dallo stesso pericolose per la pubblica incolumità.

Benche' invitato a non ostacolare con inopportune obiezioni l'opera della Polizia, unicamente rivolto al mantenimento dell'ordine pubblico, questo ultimo assumeva atteggiamenti aggressivi e quindi opponeva un deciso rifiuto all'invito rivoltagli di seguire gli Agenti. Si ravvisava pertanto la necessita' di insorgere con la forza a salire su un automezzo, allo scopo di evitare che gli scioperanti potessero trarre pretesa da tale atteggiamento per manifestazioni di violenza.

A sostenere il recalcitrante sopraggiungeva il primo individuo che già aveva rivelato la sua presenza con il precedente episodio citato e però si doveva analogamente procedere anche nei suoi confronti, non senza una inevitabile colluttazione provocata dal contengo assunto dai predetti.

Nella caserma del Reparto Celere il primo individuo veniva identificato per il giornalista Benicivagna Rosario del giornale "L'Unità" ed il secondo, che dal predetto era stato, come sopra è detto scatenato, per il giornalista Zatterin Ugo del quotidiano "L'Avanti".

Un funzionario di questo gabinetto, portatosi sul posto e reossi conto dei fatti, rilasciava i fermati cui veniva fatta comprendere l'importanza di "mostrare" l'ambiente nel quale la Polizia per necessita' è costratta ad operare.

./.

I giornalisti predetti, che per constatazione diretta non presentavano alcuna traccia, almeno visibile, di lesioni o di amplici escoriazioni, si limitano semplicemente ad annunciare ad "un contegno vivace" da parte degli agenti operanti.

Nessun seguito nel pubblico hanno avuto gli incidenti sopra riassunti.

Quanto sopra si comunica anche in relazione, alla versione che il quotidiano "Il Lavoro" del 5 corrente n. 193, ed dell'accaduto, pubblicando, tra l'altro, che i due predetti giornalisti sarebbero stati rilasciati, dopo di essere stati malmenati nella caserma del Reparto Celere.

E' superfluo aggiungere che la notizia è completamente falsa".

~~~~~  
In Montefano (Macerata), il 30 novembre scorso, circa 200 contadini della locale lega si opposero alla macellazione dei bovini destinati all'approvvigionamento della popolazione civile, per imporre che la metà appartenente al contadino fosse venduta a prezzo di mercato libero e quella del proprietario a prezzo di listino.

Nonostante l'opera di persuasione dei carabinieri e 750 del sindaco, i contadini non vollero desistere dal loro proposito.

Vennero quindi arrestati il capo della lega e il capo della zona e un contadino, maggiormente responsabili degli incidenti.

Nell'abitazione dei due predetti fiduciari, furono sequestrati:

- 1 mitra "Beretta";
- 1 moschetto mod. 38;
- 1 fucile ad una canna;
- 3 bombe a mano "Balilla";
- numerose munizioni.

L'ordine fu così ristabilito.

CIP and AGIP

TO : Acting Vice President
Economic Section

1. It is understood that on Saturday, 1 December, the Italian Government, the petrol distribution undertakings, CIP and AGIP, and the workers' representatives agreed jointly to put into operation the wage agreement already provisionally made. On this understanding the workers agreed to return to work on Monday, 2 December.

2. The threatened extension of the strike to the North of Italy had been suspended at the instance of AMO for 10 days while the workers' representatives visited Rome. It is now expected that the strike will not take place in the North, and AMO are being requested to implement in the North of Italy the agreement already made for that area which had been suspended pending the understanding with the Italian Government.

SUBJECT: Informations concerning public order.

The following information has been received from a confidential source, concerning the claimed preparation of an insurrection in Italy, forwarded to you for information:

"Four Communist agents coming from Mosca have confirmed that, with the downfall of the Parri Government, the Italian Communists should insurrect; said crisis is thought to take place on or about 22 or 23 November 1945.

Between midnight and 0600 hours of said days, these Communists should proceed with the elimination of the so-called Fascist and Reactionary elements, i.e. the Liberals, Democratic-Christians and Monarchists, taking them from their homes and killing them. 3

The action would be led by the Communists and Libertari (Liberators ?) together with elements of the "Matteotti" Brigades

The mobilized forces amount to about 80.000 men, amongst which 20.000 Yugoslavs, Czecks, Russians, Bulgarians, and Hungarians. It appears that a Hungarian is the leader of the action.

Actually the number of foreign Communists in the Milan district is from 8 to 10 thou. Others should arrive for the fixed date. Seemingly, the Communists wish to gather all their forces in Milan for the main action. In other centres, the action is in charge of local Communists led by few members of the G.P.U.

It is said that in a court-yard of the "Caproni & Taliedo" factory, 80 trucks loaded with weapons and ammunition, coming from an unknown destination, are ready at the disposition of the Milan Communist Section for any eventual operations.

The G.P.U. has formed in Como and Lecco two new active Sections, which appear to operate in Milan and neighbouring district.

Quattro agenti comunisti provenienti da Mosca hanno portato la conferma dell'ordine di fare insorgere i comunisti italiani all'atto della crisi del Governo Parri. La crisi è prevista per il giorno 22 o 23 novembre. OCCORRENZA Segnalazioni relative all'ordine pubblico.

Da fonte confidenziale è pervenuta la seguente segnalazione in ordine alla pretesa preparazione di un colpo insurrezionale in Italia. - Se ne dà notizia a cotesta Commissione, per opportuna conoscenza. Quattro agenti comunisti provenienti da Mosca hanno portato la conferma dell'ordine di fare insorgere i comunisti italiani all'atto della crisi del Governo Parri. La crisi è prevista per il giorno 22 o 23 novembre. Tra la mezzanotte e le ore sei del mattino di detti giorni le formazioni comuniste procederebbero alla eliminazione degli elementi cosiddetti fascisti e reazionari cioè dei liberali, democristiani e monarchici, prelevandoli dalle abitazioni e sopprimendoli. L'azione sarebbe condotta dai comunisti a dai libertari ai quali si associerebbero elementi delle brigate Matteotti. Gli elementi mobilitati si aggirerebbero su 80.000 individui di cui 20.000 fra jugoslavi, cechi, russi, bulgari e ungheresi. Un ungherese guiderebbe la azione.

Attualmente i comunisti stranieri della zona di Milano sarebbero circa da otto a diecimila. Gli altri sono in arrivo per essere pronti alla data prefissa. Sembra che i comunisti vogliono concentrare tutte le forze a Milano per l'azione più importante. Negli altri centri l'azione sarebbe affidata ai comunisti locali guidati da pochi elementi della G.P.U. -

./.

In un cortile interno dello stabilimento Caproni a Taliedo esisterebbero 80 autocarri carichi di armi e munizioni provenienti da ignota origine e a disposizione della Federazione comunista milanese per le eventuali prossime operazioni.

La G.P.U. ha istituito due nuovi centri di attività a Como e a Lecco. Tali centri opererebbero su Milano e zona adiacente.

Tutti i comunisti delle formazioni GAP, SAP; delle brigate garibaldine e molti socialisti della Matteotti sono armati. Continuamente affluiscono a Milano armi e munizioni provenienti dai depositi della G.P.U. e dell'OZMA i quali sono riforniti da altre fonti non ancora individuate. Il P.C.I. ha dato l'ordine (12/11) di ricostruire le formazioni militari comuniste, libertarie ed i socialisti unitaristi. Tra i comunisti italiani è diffusa una grande preoccupazione. Essi hanno paura dell'intervento del corpo polacco giunto di recente nella Lombardia".

Si aggiunge che sarebbero state già costituite in Lombardia due brigate "Matteotti" le quali sarebbero pronte ad entrare in azione ad ogni ordine.

SUBJECT:- Italian P.W. returning from RUSSIA -
Civil Disturbances.

TO :- Headquarters,

COPY TO:- P.M. - Your GHQ/PM/266/102 of 5 Nov 45 refers
A-3.

1. This Headquarters has been informed that, on 15 Oct 45, a riot occurred at FOLIGNO Railway Station between returning Italian P.W. and local townsfolk.
2. It appears that a train conveying refugees and P.W. from RUSSIA had arrived at FOLIGNO Station, and some of the P.W., owing to the long halt had alighted from the train and entered the town. These P.W. had expressed their views on Communism, in the light of their experiences in RUSSIA, which did not concur with the views of the majority of the civilians.
3. The Brigadiere of C.C. R.R. FOLIGNO asked for the immediate assistance of the British Military Police as the C.C. R.R. were unable to cope with the disturbance.
4. To prevent serious consequences assistance was given and, at the sight of the British Military Police, the civilians became very tractable.
5. It is understood, however, that six of the P.W. failed to return to the train and no further information has been received regarding them.
6. The intervention of British Military Police in purely civil matters is not in accordance with British policy, and as a rule is not carried out in practice.
7. This incident reveals inefficiency and neglect on the part of the C.C. R.R., who having invited the co-operation of the CMP ensured that they remained alone to deal with the crowd.
8. Will you please contact the appropriate Italian authorities on this matter, and report to this Headquarters what action they propose to take to avoid a recurrence of such incidents.

SUBJECT : Incident at Poligno (Perugia)

TO : Commanding General CG.RR.

1. Reference is made to your 790/2 R.P. dated 17 October 1945.

2. A letter has been received from AFHQ concerning this incident. The following is an extract :

" It is understood that on 15 October a minor demonstration took place in Poligno between returned Italian ex-Fs and local citizens. The CMP detachment in the town were approached by a Brigadiere of the CG.RR who asked for immediate assistance as the CG.RR were unable to cope with the disturbance.

On arrival at the scene, the CMP personnel observed that no member of the CG.RR was present and were obliged to break up the disturbance themselves.

The intervention of Allied Military Police in purely civil matters is undesirable in view of the delicate internal security situation."

3. You will observe the suggestion that no CG.RR were present at this incident. This does not agree with your report of the occurrence.

4. In order that the matter can be taken up with AFHQ will you please reply urgently giving the fullest possible particulars of this incident together with the particulars of the CG.RR and/or other police agencies present at the scene.

R O M E

SUBJECT : Repatriation of Yugoslav subjects.

As it is known, in several provinces there is great apprehension for the permanence of Slavs guilty of brigandism and of raising disorders against the population: on the other hand the means of which the Italian police authorities can dispose are insufficient to face them.

Therefore it would be very wise to repatriate them to restore quietness and order in those zones.

Your examination of the subject would be most appreciated. Please communicate your decisions.

For the Minister
/s/ FERRARI.

ROMA

OGGETTO: Rimpatrio di sudditi Jugoslavi.

In varie Province, com'è noto, costituisce motivo di grave apprensione la permanenza di elementi slavi, rei di azioni brigantesche e fautori di disordini ai danni della popolazione, nei confronti dei quali sono insufficienti i mezzi di cui possono disporre le autorità di polizia italiane.

Sarebbe quindi sommamente opportuno che essi venissero rimpatriati ai paesi di origine, in modo da poter restituire vaste zone alla tranquillità ed all'ordine.

Si sottopone, pertanto, la questione a codesta On. Commissione, con preghiera di far conoscere le proprie determinazioni al riguardo.
