SUBJECT : Transfer of Galli Sabatino - General of
the Corps of PS Guards.

TO : Public Safety Division, A.C., Rome.

1. With reference to your letter AC/1460//10/PS of the 17th inst. I inform you that by Decree of the provisional Head of the State dated 13th inst., the PS Colonel Sabatino Galli, commander of the police units of the Veneto area, has been promoted for merits of war, major general inspector of the Corps of PS Guards, for high merits acquired during the fight against the nazi-fascists, merits well known by the Supreme Allied Command. The citation on his promotion states:-

"Valiant fighter of the war 1915-18, ⁶⁹³⁴ he is among the first supporters of the fight against the nazi-fascists since 8/9/1943. Imprisoned and deported, after long months, he succeeded in escaping and though widely searched for with a high reward on his head, he immediately took part in the voluntary formations of the Veneto area, first as a plain soldier, then as the commander of the "Montegrappa" zone. Guide and example in numerous successful actions of war and sabotage, he was appointed by vote of the 143 Brigades of the region, regional commander for his recognised qualities of valour, perseverance and sagacity. Co-ordinating hastily the action of the formations, he directed for many months partisan action within the sector of the English 8th Army, maintaining intimate liaison with the Allied forces.

He assumed the responsibility of the insurrection of the partisan forces when the Anglo-Americans had not crossed the PO and directed the action obtaining

such profitable and tangible results, as to provoke the admiration of the Commander of the 8th Army".

2. There is only one post of Inspector General of the Corps of PS Guards and consequently such officer, to fulfil his functions, must be in service at the Ministry.

3. Thus, only due to his promotion as General, Galli is being transferred to the Ministry to assume his new duties.

4. Lt. Colonel Muzi Enrico di Gaetano born in Vasto (prov. Chieti) on 25/1/1894, Lt. Colonel of the PS Corps, actually vice-commandant; a superior officer with excellent talent and already known by the Allied Command of the north-eastern region, is assigned to the Command of the Veneto police units.

1) In relazione alla lettera di codesta Commissione n. 14601/10/PS. del 17 corrente, si informa che con Decreto del Capo Provvisorio dello Stato in data 13 corrente il Colonnello di P.S. Sabatino GALLI, comandante dei reparti di polizia del Veneto, è stato promosso, per merito di guerra, maggiore generale ispettore del Corpo delle Guardie di P.S. per le alte benemeritenze da lui acquisite nella lotta contro i nazi-fascisti, benemeritenze ben note al supremo Comando alleato. La lusinghiera motivazione della promozione è la seguente:

"Valoroso combattente della guerra 1915-18, è tra i primi sostenitori della lotta contro i nazifascisti fin dall'8.9.43. Incarcerato e deportato, dopo lunghi mesi, riesce ad evadere e benchè fortemente ricercato con alta taglia, entrò subito a far parte delle formazioni volontarie del Veneto, prima come semplice gregario, poi come comandante della Zona "Montegrappa". Ideatore, guida ed esempio in numerose, riuscite azioni di guerra e di grande sabotaggio, fu nominato plebiscitariamente delle 143 Brigate della regione, comandante regionale per le sue riconosciute qualità di valore, tenacia e sagacia. Coordinando tempestivamente l'azione delle formazioni, dirigeva per più mesi l'azione partigiana nel settore dell'8ª Armata Inglese, realizzando un intimo collegamento con le forze alleate.

Si assumeva la responsabilità della insurrezione delle forze partigiane, quando ancora gli anglo-americani non avevano varcato il PO e ne dirigeva l'azione, ottenendo tali proficui e tangibili risultati, da destare l'ammirazione del Comandante dell'8ª Armata."

Understand from General GALLI head of Italian Police NORTH EAST Region that he is being relieved by one ATANIO from REGGIO EMILIA (EMILIA?).

We are NOT concerned with these Italian postings but grateful if you would check that GALLI is NOT being made scapegoat for conditions we complained of recently in VENICE Area. We find him personally co-operative and active and consider weaknesses were NOT of his making.

Suggest that suitability of proposed relief be investigated in view of importance of police to Allied interests here.

From investigations made concerning the position of P.S. Brigadiere VITALI Attilio and P.S. Guard MORELLI Giuseppe, the following has been ascertained:

Bridaglione VITALI and Guard MORELLI were attached to the Questura of Littoria (now Latina) and detached to the Ventotene Station HQ, because belonging to the crew of the M.23 Polizia motor launch, assigned to that HQ.

Later, the motor launch and crew, composed of five persons, were transferred to the Island of Ischia, by order of the Governor of the Islands of the Gulf of Naples, Captain J. WHITE.

Later VITALI and MORELLI were attached to the Naval British Base of Ischia. Said Base was functioning until 15 February 1946, on that date the Base was transferred to Malta.

VITALI and MORELLI also after that date remained attached to the British HQ as Agents employed in the vigilance of the Allied materials left in the Port of Ischia. They remained attached to that place until 8 March 1946 under the orders of British Police N.C.O. WILLIAMS.

On 13 March, the a/m Agents were assigned by the R. Questura of Naples to the P.S. Commissariato Maritime Landing, where they are still attached.

1. Information has come to the knowledge of this Hq. that the Vice Questore of Messina Zito is very friendly with the sister of Bernardo DIVOLA, a man who was arrested recently for being one of the leaders of a black market organization in Messina. It is understood he has a bad criminal record. It is also strongly suspected that the woman is Zito's Mistress.

2. In addition during the latter part of November 1945 DIVOLA was arrested in Messina for offences in connection with unlawful disposal of Naval Stores but subsequently escaped from custody.

3. In view of these facts it is very strongly suggested that ZITO be replaced with the least possible delay. 6953

No.02/526.

27th November 1945.

Sir,

In accordance with Commander-in-Chief's signal timed 201010/Nov., I have the honour to report as follows:-

2. When confronted with each other, Stoker WORRALL and the Italian DIVOLA both believed that the other had given the story away, and a full statement from each was secured. One other rating was implicated, and he also made a statement. These, added to the evidence already in my possession, and the evidence of the printers, built up a strong prima facie case against Worrall and the other rating, Marine Howlett. A circumstantial letter is being prepared, and will be submitted to you with a view to the trial by court martial of these ratings.

3. With regard to the Italians involved, charges have been laid against DIVOLA and the Printers with a view to trial before the Italian courts.

4. I regret to report that the Questura have informed me that DIVOLA has escaped from custody. I informed the Chief of the Questura that I attached the utmost importance to his recapture, and that failure to do so within forty-eight hours would involve a report being made to you.

5. While I do not believe the loss of DIVOLA's evidence will make any appreciable difference to the case which can be built up against WORRALL and Howlett, there is an extremely unsatisfactory feature about DIVOLA's escape.

6. The vice-chief of the Questura is an official called ZITO. Although he has, on occasion, been quite co-operative, and (judged by Italian standards) is efficient, my Naval Provost Marshal has recently had reason to believe that this man ZITO is himself involved in some of the Black Market activities.

7. Within the last 48 hours, a case of selling service petrol has been discovered, the facts of which are incontrovertible. I do not expect to get much beyond this particular case, but there is every reason to suppose that this also is an organised "racket". There is no real evidence, but ZITO is strongly suspected of being concerned.

8. What is known about ZITO is this:-

ZITO has frequently been in the company of DIVOLA's sister, and she is almost certainly his mistress.

9. With such conditions prevailing, it will be appreciated that in their efforts to counter the Black Market, my Naval Provost Marshal and his very small Staff have an almost insoluble task. It is submitted, therefore

In accordance with Commander-in-Chief's signal timed 201010/Nov., I have the honour to report as follows:-

12th November, 1945.

No.D. 12/7/1425.

Sir,

In accordance with your signal timed 091759 November and with further reference to my signal timed 071502 November, I have the honour to submit the following report.

2. With regard to the forgeries themselves, I have little to add to the information given in my signal. A specimen forgery is enclosed.
3. The local police (Questura) report that nearly all forged documents in Italy are produced either in Naples or in Catania. It seems most probable, therefore, that these are made in Catania. I am assured that the Catania police authorities have been contacted and every endeavour to trace the source of manufacture is being made. In addition the Officer Commanding, British Troops, Sicily, who is stationed in Catania has been informed, and Military Police are also investigating the matter.
4. It will be noted from paragraph 7 of my signal that the main purpose of these forgeries is undoubtedly connected with Black Market activities. Owing to the casual, illiterate and ill-spelt manner in which the details on page 1 have been filled in, I think it highly improbable that the forgeries have any other purpose than to present them open at the appropriate page to enable Soap, Tobacco and N.A.A.F.I. articles to be drawn.
5. The circumstances under which these forgeries were discovered reveal the existence of highly-organised Black Market activities directed by Italians and in which, I regret to inform you, a number of Naval ratings must almost certainly be involved. At present there is only one rating, against whom a charge can be brought.
6. The existence of some organisation of this type has for long been painfully apparent, but hitherto little or nothing of the methods employed was known, although every endeavour had been made. Active enquiries and cross-questioning are now in progress following the discovery of this very substantial clue, but it will be appreciated that parts of this report are necessarily incomplete. It is to be noted, too, that much of the information that follows has been obtained from Italians, none of whom are considered reliable, and all of whom may themselves be implicated.
7. At about 1630 5th November, as a result of information given to Mr. Miller, Warrant Shipwright by GENTILE Gaetano, who is employed as interpreter in Mr. Miller's Department twelve Italian workmen were caught redhanded with a large amount of Service Tobacco in their possession and were apprehended. Further questioning of GENTILE revealed the existence of these forged Pay and Identity Books and that Stoker J. WOPRALL, D/KX.158473 was implicated. This rating was at the time on the Sick List,

In accordance with your signal dated 091739 November and with further reference to my signal dated 071502 November, I have the honour to submit the following report.

2. With regard to the forgeries themselves, I have little to add to the information given in my signal. A specimen forgery is enclosed.

Owing to the casual, illiterate and ill-spelt manner in which the details on page 1 have been filled in, I think it highly improbable that the forgeries have any other purpose than to present them open at the appropriate page to enable Soap, Tobacco and N.A.A.F.I. articles to be drawn.
5. The circumstances under which these forgeries were discovered reveal the existence of highly-organised Black Market activities directed by Italians and in which, I regret to inform you, a number of Naval ratings must almost certainly be involved. At present there is only one rating, against whom a charge can be brought.
6. The existence of some organisation of this type has for long been painfully apparent, but hitherto little or nothing of the methods employed was known, although every endeavour had been made. Active enquiries and cross-questioning are now in progress following the discovery of this very substantial clue, but it will be appreciated that parts of this report are necessarily incomplete. It is to be noted, too, that much of the information that follows has been obtained from Italians, none of whom are considered reliable, and all of whom may themselves be implicated.
7. At about 1630 5th November, as a result of information given to Mr. Miller, Warrant Shipwright by GENTILE Gaetano, who is employed as interpreter in Mr. Miller's Department twelve Italian workmen were caught redhanded with a large amount of Service Tobacco in their possession and were apprehended. Further questioning of GENTILE revealed the existence of these forged Pay and Identity Books and that Stoker J. WORRALL, D/KX.158473 was implicated. This rating was at the time on the Sick List, and no immediate action against him was taken.
8. The co-operation of the local Italian police was invoked and by 0930 on 6th November evidence obtained from the following seemed further to implicate WORRALL to a considerable degree :

(i) GENTILE Gaetano	(see paragraph 7).
(ii) MENTO Domenico	(another Dockyard employee).
(iii) MARZIO Francesca	(a prostitute with whom WORRALL had long been associated).

All these made statements implicating WORRALL with passing Tobacco out of the Base, and the two men's statements further implicated WORRALL as having direct connection with the forgeries. All speak of a certain DIVOLA Bernardo, a man not in custody, but known to the Italian Police, as having a bad record. There is strong indication

- 2 -

There is a strong indication

- (a) that he is one of the "principals" in the organisation, and
- (b) that he was in direct contact with WORRALL but evidence is not conclusive.

After a lengthy interrogation and after statements had been taken from the above witnesses in his presence, WORRALL admitted having these forgeries in his possession but said they had been given to him by another rating whose name he did not know. They were found in a cardboard box under his kit in his billet in the Barracks.

9. There is no doubt that the forgeries have been used successfully to obtain additional supplies of Soap and Tobacco, and to obtain an additional N.A.A.F.I. ration card. Issues of Soap and Tobacco in H.M.S. "HAMILCAR" are always noted in Pay Books and illegal extra supplies have obviously been obtained by Naval Ratings presenting the forged Pay Books at mis-muster issues.

10. Every effort is being made to discover the full details and workings of this organisation, in particular so far as Naval ratings are concerned. I do not believe for one moment that WORRALL is the only rating concerned, nor do I believe his story (which so far has stood up to continual cross-examination both from Naval Provost Marshal and the Base Engineer Officer, as Head of WORRALL's Department) that they were given to him to look after.

11. I am fully aware of the gravity of this case from both the Security and the Black Market angles. It is submitted that the investigations are likely to be prolonged, and I can feel no assurance that I shall be able successfully to bring charges against other ratings nor that it will be possible to press any charge against WORRALL other than that of being in possession of these forgeries. I do submit however that a serious cause of loss of Naval Stores has now been checked. **945**

- (B) Printers say that only 20 (R) 20 were made. 19 (R) 19 have been found.
- (C) Now probable forgeries only manufactured recently. Earlier entries relating to soap and tobacco issues are almost certainly also forged.
- (D) The Italian Divola is now in custody, evidence of his direct contact with WERRALL now considered conclusive.

Rome, 1/12/1945

SUBJECT: P.S. Vice-Joint Commissary LO PIANO Aurelio.

Referring to note same number dated 13th November, we beg to transmit to your Commission following informations forwarded by the Leghorn Prefecture, concerning Vice-Joint Commissary LO PIANO Aurelio:

"A/m P.S. Vice-Joint Commissary, formerly dismissed by this Ministry, was allowed to remain in service by disposal of the A.M.G. During the last time his living standard became such as to heavily compromise his good name. In fact, a m LO PIANO is living with certain SCOTTO Giovanna married with a son, woman of low morals and very badly thought of. (See please inclosed letter forwarded by the Grosseto Questura in regard of matter in question). Above-named LO PIANO claims that said woman is engaged to him, is terribly jealous and not bashful at all to go around everywhere with her.

She comes out of a very poor family and is not provided with any means: she boasts that her lover, who fully supports her, is going to marry her as soon as possible.

Such an intimate relation causes very big expenses, especially owing to the present cost of the life; on the other hand aforesaid Vice-Commissary does not receive any salaries since his dismissal which took place on the 31st last August. 6940 He obtained from his father, a P.S. Commissary formerly in service at Pionino and presently in force at Messina, the authorisation to collect the allotments due to two brothers of him, who are P.O.W. In this way he collected about 40 thou. Lire which he used for the partial payment of the expenses.

He furtherly borrowed 6 thou. Lire from an Agent of his dependants (to whom anyway the sum was restored) and we learn that he is going to borrow other money from acquaintances of him.

2/

Anyway, he does not even try to hide his poor financial conditions.

Our opinion is, that because of the fact that the allotments due to his brothers were not sufficient to cope with all the expenses, a/m Vice-Commissary is probably having recourse to illicit expedients in order to provide to the support of his mistress and of himself.

We add that, perhaps owing to his troubles, he is always worried and thus careless in his job: even the A.M.G. P.S. Director expressed his disapproval against aforesaid Official.

Accordingly, this Office asks your Ministry to interfere with the Allied Commission in order to obtain that Vice-Commissary LO PIANO may get dismissed as soon as possible, because his further permanence on service would only discredit the good name of the P.S. Officials."

As this Ministry agrees with the Prefect, we beg to ask your Commission to give disposals in regard of said dismissal and point out that, in accordance with D.L. Lgt. 31.8.1945 Nr. 571 a/m Official should anyway get dismissed as soon as Leghorn shall be restored to the Italian Administration, for he was only temporary kept in service by disposal of the local Allied Provincial Commissary.

OGGETTO Vice commissario agg. P.S. Ausiliario LO PIANO Aurelio

A seguito della nota di egual numero del 13 novembre u.s. si ritiene opportuno comunicare a codesta Cn. Commissione le seguenti informazioni fornite dalla Prefettura di Livorno nei confronti del vice commissario agg. ausiliario di p.s. Lo Piano Aurelio:

6935

"Il vice commissario aggiunto di p.s. ausiliario indicato in oggetto, licenziato da codesto Ministero, ma trattenuto in servizio per disposizione di dell'A.M.G., in questi ultimi tempi ha assunto un tenore di vita ri-provevole per la sua condotta morale che lede la sua onorabilità di funzionario di p.s. e di cittadino.

Infatti il Lo Piano si è dato a convivere con una certa Scotta Giovanna, sposata con un figlio, donna di facili costumi e di pessima reputazione, come ha riferito la questura di Grosseto, con la lettera che si acclude in copia. Il Lo Piano fa passare la Scotta per la sua fidanzata e non si per-ta dal mostrarsi insieme a lei in pubblici ritrovi e per le vie della città.

La Scotta, della quale il Lo Piano è gelosissimo, è di famiglia nobile-mente, non ha mezzi di sussistenza, non esercita alcuna occupazione ed è mantenuta in pieno del funzionario, col quale essa va dicendo, senza alcu-na reticenza, che quanto prima si sposerà.

Il Lo Piano per far fronte alle ingenti spese che una simile tresca comporta ed esige, specie in questi difficilissimi momenti, tenuto presente che dal 31 agosto scorso, data del suo licenziamento, non percepisce più alcun assegno, si è fatto cedere da suo padre, commissario di p.s. già in sede a Piombino e testè trasferito a Messina - la delega per riscuotere gli assegni dovuti a due suoi fratelli prigionieri di guerra. In tal modo è po-tuto venire in possesso di una certa somma, intorno alle 40 mila lire, con la quale ha potuto, soltanto in parte, sopperire alle ingenti spese del mantenimento suo, dell'amante e del figlio di questa.

Solo in parte, come detto, perchè è risultato che si è fatto anche pre-stare tremila lire da una guardia della sua squadra (alla quale consta che la somma sia stata restituita) e che avrebbe iniziato pratiche verso terzi per ottenere un prestito di alcune migliaia di lire, circostanza que-

ata che non è stata possibile accertare.

Sta il fatto che il Lo Piano si mostra assai preoccupato e non fa mistero delle ristrettezze finanziarie in cui si trova.

A questo punto è opportuno precisare che, dal momento che la somma riscossa dall'incasso degli assegni dovuti ai suoi fratelli non è stato sufficiente per trarlo dalle difficoltà di ordine economico in cui si dibatte, ed egli non ha altri proventi finanziari, si ha motivo di dubitare che per mantenere sé e l'amante possa ricorrere ad illeciti espedienti.

Al quadro poco edificante della moralità del funzionario ausiliario in esame, si aggiunge che questi forse in dipendenza del suo stato d'animo non è più sereno ed equilibrato, non dà più rendimento al servizio della squadra mobile di cui è dirigente, trascurando il disbrigo delle pratiche di ufficio e non adempie più ai suoi doveri con zelo, volontà e disciplina.

A completamento di quanto si aggiunge che il locale capo dell'Ufficio Prov.le di p.s. dell'A.M.G. ha mostrato di volersi disinteressare del funzionario in discorso, dell'opera del quale non è più soddisfatto.

Riferito quanto sopra a codesto Ministero questo ufficio esprime il parere a che venga interessata l'A.C. perchè il Lo Piano sia messo senz'altro in libertà in quanto ogni ulteriore sua permanenza qui arrechierebbe disdoro ed ombra su tutti gli altri funzionari di p.s. e si resta in attesa delle superiori determinazioni al riguardo."

Convenendo nel parere espresso dal Prefetto si prega codesta On. Commissione di compiacersi far conoscere se possa farsi luogo al licenziamento del Lo Piano, tenendo presente che, ai sensi del D.L. 31.8.1945, n°571, il predetto funzionario dovrebbe essere licenziato allorquando la città di Livorno sarà restituita all'amministrazione del Governo Italiano essendo stato trattenuto in servizio in via del tutto provvisoria, a richiesta di quel Commissario Provinciale Alleato.

SUBJECT: P.S. Vice- Joint Commissary LO PIANO
Doct. Aurelio.

Doct. LO PIANO Aurelio was appointed to P.S. Vice Joint Commissary by the former Fascist Republican Government, and destined to Livorno where he started to work on the 8th May 1944.

Shortly after he got assigned to the direction of the CECINA P.S. detachment where from he was removed after the liberation of said Province because of his youth and inexperience.

The Livorno Prefect, on September 1944, asked this Ministry if a/m vice Commissary could eventually remain in service by that Questura.

Although said official is not compromised in any way with the Fascist Government, his dismissal was ordered all the same, according to law in force, which abrogates the appointments granted by the Fascist Republican Government.

Any way, the Livorno Prefect pointed out that the local Questura was in heavy want of personnel: for this reason afore said LO PIANO was allowed to remain in service with the due authorization of the Allied Government.

The service exigencies which caused said provision do not subsist any more; this Ministry thus intends to proceed to the dismissal of a/m, even considering the fact that he never gained any particular merit during his service. Besides he keeps an intimate relation with a married woman, and is consequently not well thought and spoken of.

OGGETTO: Vice Commissario Aggiunto di P.S. ausiliario LO PIANO
Dott. Aurelio.

Il dott. LO PIANO Aurelio venne dallo pseudo governo repubbli-
cano nominato vice commissario aggiunto di p.s. ausiliario e de-
stinato a Livorno, ove assunse servizio l'8 maggio 1944.

Dopo un breve periodo di servizio in quella sede, venne desti-
nato alla direzione dell'ufficio distaccato di p.s. di Cecina, dove
dopo la liberazione della provincia si rese necessario sostituir-
lo, non risultando idoneo per la sua giovanile età e per la poca
pratica di servizio ad assicurare il funzionamento di quell'uffi-
cio.

Avendo il Prefetto di Livorno chiesto nel settembre 1944 di co-
noscere se il predetto funzionario ausiliario potesse o meno esse-
re mantenuto ancora in servizio presso quella questura, il Mini-
stero, pur non risultando il medesimo compromesso col cessato re-
gime, dispese il di lui licenziamento, essendo ai sensi dell'art. 2
del decreto legislativo luogotenenziale 5 ottobre 1944 n° 249 nulle
di diritto le nomine conferite dal pseudo governo repubblicano.

A seguito però delle insistenze del Prefetto di Livorno, che
aveva prospettato le gravi deficienze del personale di quella que-
stura, fu consentito l'ulteriore trattenimento in servizio del Lo
Piano, avendo altresì il Governo militare alleato della città da-
to la sua autorizzazione.

Essendo tuttavia cessate le esigenze di servizio, che resero
necessario il trattenimento in servizio del Lo Piano, questo Mini-

stero è venuto nella determinazione di disporre il di lui definitivo licenziamento anche in considerazione che il predetto funzionario, il quale peraltro non si è mai distinto per capacità o zelo, ha contratto una relazione amorosa con una donna maritata, dando luogo a sfavorevoli commenti nella cittadinanza e venendo meno al decoro, che deve serbare un funzionario di p.s..

Si prega pertanto codesta On. Commissione far conoscere se possa darsi ora luogo al licenziamento del Io Piano, tenendo presente che ai sensi del D.L.Igt. 31 agosto 1945 n° 571 il predetto funzionario dovrebbe ugualmente essere licenziato allorché la città di Livorno sarà restituita all'Amministrazione del governo italiano, essendo stato trattenuto in servizio in via del tutto provvisoria a richiesta di quel Commissario provinciale alleato.
