QUESTURA I BERGAMO

N°OI330 P.S.

SUBJECT: V. Brigadiere of P.S. Ficarotta Salvatore
(di Luigi e di Battaglia Grazia) born at
Palermo 4/4/1905. Proposal of Advancement.

V. Brigadiere Ficarotta Salvatore (di Luigi)
in service at the local Company of P.S. Agents, has been
serving at the Questura Garage during the period of excep-
tional gravity when abuses were committed to vehicles, tyres,
gasoline etc.

Notwithstanding the serious threats to his person,
he continued to hold the responsibility due to his office
opposing, with all the means in his power, the irregularities
which were to be committed, and keeping a detailed record of
the different vehicles and tyres belonging to the Ministry
or sequestered.

We owe to his careful attention if much material
has been saved.

In consideration of his zeal and of his commended
technical competence, we retain that V. Brigadiere Ficarotta
Salvatore, who holds that rank since 1/6/43, could, with excep-
tion, be appointed to Brigadiere for extraordinary service rendered.

We beg you to confirm appointment, beginning from
Nov. 1st 1945, and to request the A.M.G. to do same.

PARTENGO Angela, residente a Gorizia, Piazza S. Antonio N. 9,
pregiarmi riferire che il di lei marito, PARTENGO Giuseppe,

l'ospedale civile alle date 26 gennaio 1944, nello stesso
giorno fu arrestato dalle SS. germaniche ed il 26 agosto del

Da quell'epoca la moglie ebbe notizie dal marito in

1. Reference your attached correspondence No. AC/14613/2/1/PS of 20 Dec 44 relative to the recent case in Naples where a number of persons were convicted for the forgery of AM prison release warrants.

2. As intimated in your letter, I am conversant with this case, but was unaware of the correspondence with the Prefect of Naples.

3. However, I would like to add to the comments of the Regional Legal Officer by stating that the 'breaking-up' of this extremely dangerous gang of forgers was due entirely to the detective ability and resourcefulness displayed by the Questura personnel named. Throughout the investigation their conduct was exemplary and their devotion to duty is worthy of the highest commendation.

4. In these circumstances, it is suggested a suitable letter from H.Q. Allied Commission to the Italian Ministry of the Interior would meet the case.

I am glad to be able to congratulate you on the results, which have been obtained through enquiries carried out successfully by the Mobile Squad for the discovery of the persons, who effected the forgery of the papers authorising the release from prison of prisoners sentenced by Allied Courts.

The co-operation of the Questura in this important undertaking has been very efficacious and very much appreciated, as it brought to an end this criminal activity of a gang, which directly threatened the course of Justice.

Therefore, it is the desire of this Command, that the officials and P.S. agents be rewarded with a special promotion to the higher grade, as in carrying out the investigations, they showed particular intuition and ability and also an uncommon spirit of duty and self-sacrifice, resting neither night nor day, in order to succeed in their task, running serious dangers in arresting the forgers.

Sono lieto di potermi vivamente congratulare con Lei per i risultati addirittura inaspettati che sono stati raggiunti attraverso le indagini portate brillantemente a termine dalla Squadra Mobile per la scoperta degli autori della falsificazione di fogli di scarcerazione di detenuti condannati dalle Corti Alleate.

La collaborazione dataci dalla Questura in questa importante operazione è stata efficacissima e molto apprezzata perché è valsa a stroncare la criminosa attività di una banda che minacciava direttamente l'efficacia della Giustizia.

È perciò desiderio di questo Comando che i Funzionari e gli agenti di P.S. che hanno svolto le indagini dimostrando particolare intuito ed abilità nonché attaccamento al dovere e spirito di sacrificio non comuni, poiché non si sono concessi un attimo di riposo di giorno e di notte per portare felicemente a termine l'operazione ed hanno affrontato gravi pericoli per l'arresto dei falsificatori, siano premiati con una promozione straordinaria al grado superiore.

MEMORANDUM RE MORBEGNO SALVATORE

Mr. MORBEGNO Salvatore has been in the P.S. Department, Group C, since June 1928 and was promoted from the 13th to the 11th degree, reaching, after the examinations, the position of employee of the Police of 3rd class, in 1932.

Although being in group C, during last year he has always co-operated with the officials whom he depended on, and by his personal special intuition and courage he has always efficiently contributed to the success of the Judiciary Police services.

In 1933 he received a silver medal for valour in connection with arrests of criminals who resisted him violently.

In September 1943, since the Allied landing, for his ability, which he had already shown in the past, and considering the shortage of P.S. Officials, he was charged by the Allied Command to perform the duties of an Official of P.S.; he fulfills those duties with ability, zeal and cleverness superior to any expectation, so that he was praised by the Allies, and in February 1944 the Chief of the A.M.G. of that Province confirmed with a regular decree, copy of which is here enclosed, his appointment as Vice-Commissario of P.S. X degree.

Since his appointment he has made very important services for the Allies, particularly in repressing the olive oil contraband by sequestering several quintals of oil; in the struggle against delinquency, discovering a large association of delinquents responsible for a long series of thefts and robberies committed last year in the most intense period of bombardments. Lately, and enquiries are still pending, he has validly and efficiently co-operated in the struggle against a very dangerous gang of criminals, authors of several murders, robberies and brigantage actions, who had spread terror in the communes of Aspromonte, particularly at S. Tufemia where the bandits had occupied the village. Mr. Morbegno, in this occasion, had many times put his life in danger, coming in direct conflict with the chiefs of the gang, who have been arrested together with the other members of it (about 70).

Mr. Morbegno has always, even during the fascist regime, shown his feelings were completely opposite to the said party and in the new political order he is performing a very active service for the identification of residual elements still imbued of fascist spirit.

As to the impossibility for the Ministry of Interior to confirm the appointment of Morbegno to degree A because he has not the necessary education, we must point out:-

- 1) A great many officials of the P.S. in service have not a University degree, but only a diploma of high school. Morbegno, besides having that diploma, (licenza liceale classica) is at his second year of University for "Giurisprudenza" (Lawyer).

./.

- 2) As the appointment has been done by the Allies, there is no matter of one or other group, moreover because the Allies have appointed him after he gave concret and effective proofs that he had the attitudes and ability required to fulfill the duty of the office which he has been appointed to.
- 3) Art. 1 of Decreto Luogotenenziale of 26th July, No. 162, published on the Gazzetta Ufficiale of 1st instant, should overcome any question because in the 3rd comma of the said article it is expressly said that the appointments made by the Allied Military Authority will be in any case confirmed as made by the Italian Government itself.
- 4) We must also bear in mind that by revoking the appointment made, though being an unjustified action, you would put the official in a very difficult position in front of the personnel of the Questura and also of the population that in this year in which he fulfilled so efficiently his duty of Vice Commissario has always appreciated and admired him.

Il Sig. Morbegno Salvatore fa parte dell'Amministrazione della P.S. Gruppo C dal giugno 1928 ed ha percorso i gradi dal 13° al 3° e raggiunse la qualifica di Impiegato di Polizia di 3° cl. per concorso nel 1932.

Egli però, pur facendo parte del Gruppo C, negli anni scorsi ha sempre collaborato con i Funzionari che lo hanno avuto alla dipendenza ed ha sempre con il suo particolare intuito e coraggio contribuito efficacemente alla riuscita di servizi di polizia giudiziaria.

Fu decorato nel 1933 con medaglia d'argento al valore civile per atto di coraggio compiuto contro delinquenti che lo avevano violentemente aggredito a mano armata per la sua azione svolta contro di loro.

Nel settembre del 1943 dall'epoca cioè dell'occupazione degli Alleati, per la sua capacità già dimostrata nel tempo passato ed in considerazione della deficienza specialmente qualitativa di Funzionari di P.S. fu dal Comando Alleato adibito alle mansioni di Funzionario di P.S.; mansioni che egli espletò con competenza, zelo e capacità superiori all'aspettativa tali da meritarsi il plauso degli Alleati tanto che nel febbraio del c.a. il Capo del Governo Militare Alleato della Provincia volle confermare con regolare decreto di cui si allega copia la sua nomina a V. Commissario di P.S. = grado X.

Da che il Morbegno fu investito delle funzioni di Commissario di P.S. ha reso importanti servizi agli Alleati e si è particolarmente distinto nella repressione del contrabbando dell'olio, riuscendo con la sua azione a sequestrare diverse decine di migliaia di quintali di detto prodotto; nella lotta contro la delinquenza scoprendo una vasta associazione di malviventi responsabili di una lunga serie di furti e saccheggi commessi lo scorso anno nel periodo più intenso dei bombardamenti su questa città. Ultimamente, e sono tuttora in corso altre indagini, ha molto validamente ed efficacemente collaborato nella lotta contro una pericolosissima banda di malfattori autori di diversi omicidi, rapine, estorsioni che avevano sparso il terrore nei comuni dell'Aspromonte ed in particolare a S. Eufemia dove i banditi erano addirittura riusciti ad occupare il paese.

Il Morbegno in questa occasione ha più volte messo in pericolo la propria vita venendo a conflitto diretto con i capi della banda che sono stati arrestati insieme ad altri compartecipi - circa una settantina.

- 2 -

Il Morbegno ha sempre anche durante il regime fascista esternato sentimenti nettamente contrari al detto partito e nel nuovo ordine politico egli svolge intensa attività per la identificazione di residui elementi turbolenti ancora imbevuti di spirito fascista.

Circa la presunta impossibilità addotta dal Ministero dell'Interno Italiano di confermare il Morbegno al grado X gruppo A per mancanza di titolo di studio; si deve far presente:

- 1 - Moltissimi dei funzionari di P.S. in servizio non sono in possesso di laurea, bensì di diploma di scuola media superiore.
ed il Morbegno oltre ad avere tale titolo (licenza liceale classica) è iscritto al 2° anno di giurisprudenza.
- 2 - Trattandosi di nomina fatta dagli Alleati esula la questione dell'appartenenza all'uno o all'altro gruppo tanto più che a lui sono stati riconosciuti per concrete ed effettive prove già date, i requisiti e le attitudini che si richiedono per il grado al quale è stato nominato. 7238
- 3 - L'art. 1° del Decreto Luogotenenziale del 20 Luglio sc. N. 162 pubblicato nella Gazzetta Ufficiale del 1° corr. dovrebbe superare ogni altra questione in quanto nel 3 comma di detto articolo è esplicitamente detto che le nomine fatte dalle Autorità Militari Alleate saranno riconosciute in ogni caso come se compiute dal Governo Italiano.
- 4 - Dovrà altresì essere tenuto presente che l'eventuale revoca della promozione in parola, oltre ad essere non giustificata, metterebbe il Funzionario in una situazione equivoca nei confronti del personale della Questura ed anche nella popolazione che in questo anno in cui egli ha esercitato le mansioni di funzionario di P.S. lo ha seguito ed apprezzato.

Per tutte le ragioni su esposte si è d'avviso che la nomina del Morbegno a Vice Commissario di P.S. debba essere confermata da parte delle Autorità Italiane avendo egli, ripeto, già dato in questo anno di tempo più che sufficienti prove di capacità e attitudini per continuare ad espletare le funzioni che in atto lodevolmente svolge, anche in servizio di ordine pubblico ove agisce con signorilità, tatto ed energia, rivelandosi un Funzionario perfetto.

SUBJECT: Morbegno Salvatore, Police employee Group C - appointed vice-commissario
 P.S. Group A

TO : Public Safety Sub-Commission, A.G.C.

The prefect of Reggio Calabria has communicated that by order of February 8th 44, issued by the Chief of the A.M.G. of that province, the police employee - 3rd class, Group C, rank XI, Morbegno Salvatore, in service there, has been appointed Vice-Commissario P.S. - (Group A, rank X).

Regarding such appointment this ministry has to bring to notice, that the Italian Legislation sub-divides its state dependents into 3 distinct groups A - B - C, each one of these groups has different functions and consequently the cultural preparations and attitudes requested are different.

Therefore Group A - only those who are in possession of a University degree.

Group B - those in possession of a High school certificate.

Group C - those in possession of a lower grade certificate

Consequently the appointment into Group A of Morbegno, who, owing to his course of studies and his personal qualifications, was, at that time admitted into Group C, this is against the dispositions which regulate the juridical condition and career of the personnel of the state Administrations, which do not even foresee the possibility of passing from one group into another.

This commission is humbly begged to examine the necessity of removing the above appointment, with the understanding that Morbegno will be taken into special consideration in order to improve his career further, from Group C, while an adequate prize in recognition of his excellent services rendered shall be given to him.

1. Forwarded. Shortly after our arrival in Palermo, Dr. AMENDOLEA became the Liaison Officer between this Division and the Questura. In this capacity I gained a personal knowledge of his exceptional qualities and his readiness to co-operate and assist at all times. Later he was placed at the disposition of the Regional Office of Public Security and loaned for various special services to this Division. He has recently been working with Lt. Col. RYE who pays tribute to the valuable services he has rendered.

2. I therefore suggest that this report should be forwarded through appropriate channels with a strong recommendation that Dr. AMENDOLEA should be promoted at the earliest possible moment, to the higher rank for which he qualified in 1941.

TO : Lt.Col. Russel A. Snook,

REGION 1.

1. I beg to bring to notice the excellent work performed by Dr. Matteo Renato AMENDOLEA of the P.S. Dept.

2. He has been closely associated with Major G. Richardson whilst he was in charge of the Special Police Dept. at Palermo and has been working under my direction in Palermo since Jan. this year.

3. To mention only two cases, Dr. Amendolea did invaluable work in the case of the French trouble at Trapani in March and later in May he rendered yeoman service during the investigation of a complicated case of the larceny of flour at Ficcarazzelli. The latter case was extremely delicate by reason of allegations against Allied Personnel, however he displayed such tact and discretion whilst interrogating Italian Officials that none of them obtained the slightest hint that other personnel might be involved.

4. In all his dealings I have found him to be level headed, calm, and strictly impartial, a very necessary qualification in a good Police Officer.

5. Dr. Amendolea has 16 years service in the P.S. Dept. and in 1941 passed the necessary examination qualifying him for promotion to higher rank.

(1).

6. He held the position of Lieut. Commander in the Italian Navy, and he speaks three languages in addition to his native tongue i.e. English, French and Spanish.

7. He is definitely Democratic in his ideals. He has done such sterling and faithful work for the Allied cause that his promotion would be a distinct advantage to the Allies and Italian Government.

8. For these reasons I ask that this report be forwarded through the appropriate channels in order that Dr. Amendolea may be suitably rewarded for the very excellent work he has performed.

1. The submission of this special report is to bring to your notice the creditable conduct of combined forces of the Carabinieri Reali and Questura officials and agents in "rounding up" two armed bands of criminals who have been operating recently in the SANTA EUPHEMIA ASPROMONTE district of the Province of REGGIO CALABRIA. Before giving the details I would like to mention that this is purely a criminal matter and has no political significance whatsoever.

2. Briefly, the facts are that prior to 10th July 1944 a number of armed robberies occurred in this particular area and eventually it was established that two armed bands under the "command" of PINNARI Vincenzo and LEONELLO Giocchino, respectively, were responsible for those acts of terrorism - needless to say, these two "leaders" are well-known local criminals.

3. It appears that dissention arose between the two bands, a vendetta commenced and during the conflicts it has been established that four members of the bands and six civilians have lost their lives.

4. On 10th July 1944 these armed criminals were traced to the Comune of SANTA EUPHEMIA ASPROMONTE where they had put the local population in terror, forcibly entered and taken over the Municipio and local CC.RR. Station and established "strong points" commanding entry to the Comune.

5. On the early morning of the following day, 11th July, a strong force of CC.RR. and Questura officials and agents from REGGIO CALABRIA, accompanied by Captain HOBS on P.P.S.O. of REGGIO Province acting as observer, entered the village and after a brief skirmish thirty-six of these "bandits" were arrested and order restored. Two of the "bandits" were wounded, but no member of the police agency was injured.

6. A miscellaneous assortment of arms and ammunition was recovered from the possession of the armed criminals such as Breda light machine guns and automatic rifles, rifles, side arms and hand grenades. The source of supply of this property is interesting in as much as it is suspected it has

been obtained in the majority of cases by theft subterfuge from Italian military "dumps" - enquiry in this direction is proceeding and should the suspicion prove correct, the appropriate action will be taken to ensure the future safety of such stores.

7. Unfortunately, the leaders of these gangs escaped during the raid, but an intensive search is being conducted by the Italian police agencies and we have little doubt that their early apprehension will be effected.

1. I believe that the outstanding work of Brandi Gennaro, Commissioner of Public Security at Matera, in the apprehending of three Canadian deserters should be brought to the attention of the Public Safety Sub-Commission and the Minister of the Interior.

2. Commissioner Brandi worked long hours and under constant pressure until the job was complete. He did much of the interrogating and investigation which led to the arrest and capture of the deserters. In doing this, he has brought to an end one of our greatest sources of the leakage of grain into the black market.

3. Commissioner Brandi has proven his willingness to cooperate with the Allies and also his ability as a policeman. Work such as this should not go unrewarded, therefore I ask that he be given some recognition before the Minister of Interior.

1. The case referred to in the basic communication involved the arrest of three Canadian soldiers who had been in desertion nearly four months. While in desertion, the men stole a British Army 3 ton truck at Bari, which they used in black market activities. They operated on gasoline and oil which they stole in large quantities at Termoli. They bought another 3 ton truck, one of two stolen at Bari, loaded with 1000 pairs of shoes, by four other Canadian deserters. They rented a warehouse on a farm in Matera Province and engaged in hauling wheat, flour, macaroni, lampbrush and other goods for civilians receiving 5000 to 80000 lire per trip. At the time of the arrest of the first soldier, in addition to the two trucks, 281,175 lire were seized by the P.S.G. Matera (Lt. C. Anderson) Sgt. Anthony Micaela, and Quarters Agents. The arrest of the two other soldiers was effected by G.C.M.

The subsequent investigation and interrogation required several hours of concentrated effort by Commissioner Brandi and Sgt. Micaela. It involved the use of French, Italian and English languages. The investigation resulted in obtaining information which led to the arrest by Military Police of the four other Canadian deserters mentioned above.

I concur with the Provincial Commissioner, Matera, that each meritorious service deserves recognition, and recommend that the matter be brought to the attention of the Minister of Interior.

SUBJECT : Recommendations of Police.

TO : Lt. Col. Russel A. Snook,
Regional Public Safety Officer,
REGION 1.

1. I beg to draw to notice the work of Vice Commissario Salvatore GUARINO and the Officers working under him in cleaning up cases of Vice and Crime in the City of Palermo since the Allied occupation in July last.
2. This Officer has been working under my direction since I was appointed to Palermo in January last and he has shown outstanding ability and enthusiasm in his work.
3. His cooperation and integrity has been one hundred per cent.
4. As an example of his work I would mention the following cases.
In February last I received information that at three Clubs in Palermo, Boulette was being played by influential persons for very high stakes and that innocent people were being "fleeced" by a vicious set.
5. Although the keepers of these establishments were experienced Gamesters and wary of possible police action, nevertheless within a week Dr. Guarino had raided and arrested the principals in all three Clubs and had seized ~~at~~ 1,500,000 lire which was on the tables.
6. In late March and early April this year in conjunction with the C.I.D. he worked on information regarding certain Forgery plants situated in Palermo and the immediate vicinity.
7. The information was scanty, yet with his Officers he

raided two forgery Plants, arrested 39 persons connected with the forgeries and seized 42,000 forged 1000 lire notes. This case was especially commendable for Guarino had with his squad worked night and day and had spared no efforts to locate and bring the persons responsible to justice.

8. Not content to rest on his "Laurels" he continued his energetic action with the result that on 24th June 1944 he raided yet a third Plant in Palermo, where 1000, 500 and 100 lire notes and ration cards were being forged. 17 men were arrested in connection with this forgery and a quantity of forged notes and ration cards were seized.
9. In connection with these enquiries I would specially mention the undermentioned P.S. Agents who have worked unsparingly in the enquiries.
They are :-
 - Brigadier PAGANO Giuseppe
 - Brigadier GINTOLE Corrado
 - Guardia DONATELLI Nicola
10. These 3 Officers have done splendid work in the case and are worthy of the highest commendation.
11. In addition to the cases of Crime Dr. Guarino has directed the efforts of a squad of agents in an endeavour to clear up Prostitution within the City.
It is true he has not succeeded in this, (an impossible task) but the work performed has been such that Prostitution and V.D. has shown a definite decrease.
12. Dr. Guarino is 31 years of age. He joined the P.S. Dept. in 1937.
He was promoted to Vice Commissario on 1/12/40 and was due for further promotion in July 1943.
This, due to war operations is long over due.
13. His conduct and work has been such that I am convinced he is deserving of accelerated promotion and that such promotion would be a definite asset to the Italian Police Force.
I therefore ask that this report be forwarded through channels to the proper quarter with a view to this being accomplished.

Public Safety S.C.

14) I also suggest that his splendid work for the Allied Government be brought to the notice of HQ. A.C.C. in that he may be suitably commended by that Headquarters.

To: Chief, Public Safety Sub-Commission, A.C.C. Bar, APO 394. ✓

1. The case referred to in the basic communication involved the arrest of three Canadian soldiers who had been in desertion nearly four months. While in desertion, these men stole a British Army 3 ton truck at Bari, which they used in black market activities. They operated on gasoline and oil which they stole in large quantities at Termoli. They bought another 3 ton truck, one of two stolen at Bari, loaded with 1000 pairs of shoes, by four other Canadian deserters. They rented a warehouse on a farm in Matera Province and engaged in hauling wheat, flour, macaroni, lamb and lumber for civilians, receiving 5000 to 10000 lire per trip. At the time of the arrest of the first soldier, in addition to the two trucks, 266.75 lire were seized by the P.M.O. (Materatit. C. Anderson), Sgt Anthony Paisano, and Question Agents. The arrest of the two other soldiers was effected by U.C.M.

The subsequent investigation and interrogation required several hours of concentrated effort by Commissioner Francis and Sgt Paisano. It involved the use of French, Italian and English languages. The investigation resulted in obtaining information which led to the arrest by Military Police of the four other Canadian deserters mentioned above.

I concur with the Provincial Commissioner, Matera, that such meritorious service deserves recognition, and recommend that the matter be brought to the attention of the Minister of Interior.

- 1 I believe that the outstanding work of Brandi Gennaro, Commissioner of Public Security at Matera, in the apprehending of three Canadian deserters should be brought to the attention of the Public Safety Sub Commission and the Minister of the Interior.
- 2 Commissioner Brandi worked long hours and under constant pressure until the job was complete. He did much of the interrogation and investigation which led to the arrest and capture of the deserters. In doing this, he has brought to an end one of our greatest sources of the leakage of grain into the black market.
- 3 Commissioner Brandi has proven his willingness to cooperate with the Allies and also his ability as a policeman. Work such as this should not go unrewarded, therefore I ask that he be given some recognition before the Minister of Interior.
