Subject : Epuration of P. S. Personnel.

Rome, 30th June 1945.

The Italian Press has recently published that the epuration machinery under the new direction of Sig. Nenni, Vice President of the Council of Ministers, would be improved and speeded up.

The epurative process of the P. S. Personnel is not, by all means, over yet and therefore the report submitted on the question by the Questore of Rome, a translation of which I here attach for your information, may be of some actual interest.

FROM : Questura of Rome -
 DATE : 7th June 45
 No : Q198843 Gab. B.1.C.
 TO : H.E. The Chief of Police -

One of the factors which at the present time most heavily affect the Questura's efficiency, is to be found in the fact that the largest part of the directive ranks are undergoing the epuration scrutiny, under the threat of a punishment which by destroying or affecting hopelessly an entire career devoted to the Police administration, makes the future dark and causes the most serious perplexedness and uncertainty.

So far not a single word has been spent on behalf of so many gallant officers who on the whole and singularly so well deserved of the cause of resistance against German oppression.

I believe therefore it my duty to represent to you not the expression of my personal conviction but the results of the most objective investigations which I carried out ever since I was committed the burdensome task of Questore of Rome.

I reckon these results may help you to enlighten the epuration Commission of 1st and 2nd degree in the formation of serene, objective, and out-of-prejudices opinions on the Police Officers, so that everybody's deeds may emerge framed in their own frame, that is in the situation and atmosphere which had sprung out in Rome as a result both of German occupation and of black republican Govt.

I like indeed to remember the full and unconditional obedience to H.E. Baloglio's orders on the night of July 43 by the men in the ancient building at Piazza Collegio Romano, by the local stations and barracks, to show since the beginning that in spite of 20 years dictatorship, the Roman Police, believed to be bound to the ceased regime, had remained on the contrary as they were under the Constitution, that is a technical Govt. agency, in charge of the inner security, while only formally, to comply with unavoidable orders of that time, they had taken up appearances of a Partisan Police.

I like indeed to remember the full and unconditional obedience to H.E. Badoglio's orders on the night of July 43 by the men in the ancient building at Piazza Collegio Romano, by the local stations and barracks, to show since the beginning that in spite of 20 years dictatorship, the Roman Police, believed to be bound to the ceased regime, had remained on the contrary as they were under the Constitution, that is a technical Govt. agency, in charge of the inner security, while only formally, to comply with unavoidable orders of that time, they had taken up appearances of a Partisan Police.

On the very night of July 25th, indeed, it was just the officers of the Political branch who, along with CC.RR.s officers carried out arrests of the most important personalities of Fascist Regime, and others more were carried out next day by their own idea. It is therefore out of place talking about conformism, as the future was sunk in a darkness since armed militia outfits were all over the City and there was no doubt the attitude the Germans would have taken up towards our country owing to the Govt's change.

When the armistice was let known on September 8th, 1943 the whole Roman Police were and remained steadily at their place; neither perplexity nor derangement were noticed

and everybody carried on his usual job; their placidness contributing so largely to clear up anxiety from the population who were badly in anguish for the unfavorable development of Rome defence.

Germans entrance in Rome caused rumors, strengthened soon after by general Gaivi's proclamation, according to which Badoglio's declaration about Rome being "Città Aperta" would be given confirmation. And Germans' attitude seemly to confirm such rumors, as they had limited their occupation to certain strategical points of the city ~~which~~ therefore would have been a neutral point in the general theatre of operation.

Consequently the Police activity would have been a matter of necessity to save-guard Public order and safety.

But when actually further events brought to the total occupation of Rome it was no longer possible for the Police officers and agents to quit their job.

They were induced to hold their places, other than by remarkable considerations of juridical nature, according to which enemy occupancy (Regulation about war-laws and habits to which Italy had agreed at Hague Conference on 1907) police shall keep on their constitutional task, also by the fact that the general or single desertion would have been looked upon as a clear and declared challenge to German Troops who officially were our Allies and defenders.

Merciless reprisals would have then to be expected from them. Besides, no one ever gave any orders to officers and agents to quit their places; only appeals to non cooperation were made, to sabotage and to trace and mark cooperators.

Some day history will be able to say how great and valuable was the support given by the Roman Police to the Cause of resistance against German occupation. Many patriots' salvages, highly valuable informations supplied to trusted persons or directly to underground organizations are due to the police and they to be sure succeeded in keeping inexpressible pains away from the population and mournings worse than people had actually to endure.

1870

And that besides the systematic sabotage at first shyly started and then fully and thoroughly carried on against the directions of fascist Questori, prone to the oppressor's pretensions.

As a matter of fact the roman Police did not deserve at all the mud-and-shame flood into which they seemed to have

given confirmation. And Germans' attitude seemed to be such rumors, as they had limited their occupation to certain strategic points of the city which therefore would have been a neutral point in the general theatre of operation.

Things being so, the officers could not refuse to undersign the form of the so called oath which ~~which~~ the mock republican Govt. urged and Caruso notoriously imposed under the threat of serious reprisals; an act without any intrinsic and substantial value since it was performed in a condition of moral and physical compulsion and under the amplest mind reservation as well as lacking the chrism of such requisites as the law requires.

I wonder what would have happened to the population, had the police in mass abandoned the stations; to what hard retaliation would she have been exposed if Germans after having liberated Mussolini and established the pseudo-republican Govt. had put in charge of all P.S. stations trusted persons ^{like} Caruso ~~like~~, Koch, Pollestrini and the like.

Another nowadays fashionable accusation, besides those of having kept on serving and taken the oath, is to have carried out mopping-up of workmen for the "Compulsory labour service" understood as an activity aiming to reach the political ends the republican Govt was looking to.

Since September 8th 1943, the Civil Labour Bill, issued back in 1940, was continued to be applied with system of garnish. Which having proved to be quite fruitless owing to the changed political situation, Germans pretended quite unlawfully that the police should take care of the compulsory enlistment.

The period during which mopping-up were carried out is to be divided into three parts: the first one, during which they tried to turn the charge on to P.S. Stations, gave disastrous results and was completely fruitless; the second one, which began under Caruso, was formally taken care of by P.S. Stations but actually it was carried out by personnel quite independent from P.S. Stations and gave fruitless results as far as German purposes were concerned; the third one, which closed down under Caruso, was completely cut-off P.S. Stations.

While in the first period the amount of persons apprehended for the Labour Service was absolutely unworth mentioning and almost only the arrests on security grounds and on crime charges were passed off to Germans as "Labour arrests", Caruso (second period) urged each P.S. Station to put at his disposal not less than 50 men per day.

Am pretensions were however fully sabotaged: as a matter of fact Caruso, aware of that, arranged for 5 auxiliary agents chosen amongst the capable of doing everything and trusty ones, to be attached to every P.S. Station with the exclusive charge of carrying out moppings-up.

But this provision also was baffled by the P.S. Stations chiefs' sabotage, who skilfully managed within the limits of human possibility to set free again the persons arrested by the auxiliary section, which attached to the Station was acting however fully unchecked and independent.

1269

This was the time that Caruso decided (third period) to instate Special Squads, with auxiliary agents, republican guards, P.A.I. guards and German S.S. in charge of mopping up some fixed city areas which would be established every time.

But the persons apprehended by the auxiliary agents and by the Special Squads were being taken to the detention rooms of the P.S. Station within whose jurisdiction the arrests had been made and the P.S. Station had no authority at all to intervene and in most of the cases the chief was completely unaware of what was going on in his own detention rooms.

%

+ 4 -

The chiefs of the Stations were trying to minimize the effects of this mean activity, as many of them have been able to prove, by sending along the route of the mixed patrols a few trusty agents who warned timely them who happened to be in the area chosen for the mopping up.

Upon this more objective light of mere facts it will be agreed that no fault should be found with the police officers for the mopping-up, as they did not partake of them, being only channels through which necessarily superior orders had to pass. On the contrary they sabotaged and neutralized the deeds which others did and which, anyhow, if cannot be justified, could however be explained, except the cases of particular eagerness, as consequences both of Caruso's orders clamouring the most draconian punishments for the remiss, and of the statements of German propaganda cleverly hinged on anti-German subjects about the aims of the mopping-ups, that is: that they were necessary: a) to reactivate the railroads upset by bombings in order to allow food stuff supplies to reach Rome that German Command was threatening to starve; b) because, better than inducing Germans to put into effect regularly and in large scale unscreened mopping-ups which at that time they were carrying on only now and again, by blocking the large traffic streets in the general panic, anyone who happened to be there, it was put into effect the law which, if anything, ruled that only men of certain ages and occupations were liable to be conveyed to the "Labour Service".

We must add to all above that Caruso in the early days of his appointment transferred the whole staff of every P.S. Station, Chiefs, officers, and agents, cutting thus sharply so many threads already connected with the Cause of resistance and making it very hard to start again the job.

To hold now, as it is being done, the chiefs of the Stations responsible for the total number of persons arrested, taking the figures from the daily returns, is a big miscarriage of appreciation which results therefore in a real injustice.

A/m daily return, signed, like all the other papers, by the chief of the Station included both the persons arrested by the Special Squads for the Labour Service and the ones arrested by the proper staff of the Station for everyday's Police measures or on penal charges.

I add also that these last persons should have been turned over to Regina Coeli, but in order to avoid the risk that Germans could take them as hostages, almost all of them

I add also that these last persons should have been turned over to Regina Coeli, but in order to avoid the risk that Germans could take them as hostages, almost all of them were denounced on bail.

I am therefore of the opinion that the chiefs ought to be held responsible neither for the persons arrested for the Labour Service, as they were not arrested by men under the chief's orders, nor for those arrested by their own staff on security ground or on penal charges, arrests which now somebody is trying to show off as having been made for the Labour Service.

%.

I have deemed it necessary to explain the real situation to you only in the interest of justice and I trust that a human and explanatory hint will not be rejected by the members of the Epuration Commission, who even in disciplinary field shall draw the inspiration for their verdicts from the high juridical tradition of which in any age our country was so proud.

It might also be advisable, subject to your approval, to release to the press full particulars about the valuable cooperation offered by the Roman Police to the Cause of Liberation, in order to stop once and for all this scornful campaign obviously caused by misunderstanding of facts when not moved by mean and law interests.

SUBJECT : P.S. Personnel of the International Station of Chiasso.
 TO : Public Safety Sub-Commission, A.C. Rome.

Through the Ministry of Foreign Affairs the R. Legation of Italy at Berne forwards a promemoria, in which the P.S. Commissario Eliseo Ventura, at the direction of the office in question, informs this office of the conditions which he found himself in with the dependent staff, following the liberation of Northern Italy.

Said official and the majority of agents which he disposed of after September 8th 1943, refused to adhere to the neo-fascist republic and withdrew from all office activity.

For such they were deprived of their salary and denounced to the Military War Tribunal of Milan which sent them a warrant of arrest for desertion.

Meanwhile, they contributed noticeably to the clandestine movement of the C.L.N.A.I..

The above circumstances are fully confirmed by the a/m R. Legation of Italy in Berne, which only in March 1944 was able to help economically the worthy personnel which had been without any salary nor help for various months.

With the liberation of those localities, the American police invited the official and his dependents to present themselves in Italian territory, where, in Como they were held under arrest and then house arrest.

From declarations made by the same American police it seems that nothing has appeared against them from the investigation carried out in Milan and superior decisions are awaited.

Due to the above circumstances this Ministry heartily begs you to resolve this case of Dr. Ventura and dependents with the utmost urgency, sending them back to their office in Chiasso.

The General Command of the Voluntary Corps of Liberation has also recommended the solution to the Allied Headquarters as above.

Re the above, owing to lack of personnel (technical) this Ministry submits what appears to be necessary; i.e. that the staff who used to be at that important frontier office be sent back there, as it has been experimented for capacity and rectitude and would be difficult to be substituted. The undersigned deems it necessary to insist, also in consideration of the fact that by a well known Italo-Swiss convention the control of passports in Swiss territory must be effected by the Italian police.

On this occasion we beg this commission to expedite the results

Da dichiarazioni fatte dagli stessi organi di polizia americana pare che nulla sia emerso a carico dalla inchiesta condotta a Milano e si attendono ora le superiori decisioni.

Nelle indicate circostanze questo Ministero rivolge viva preghiera di volere, con tutta l'urgenza richiesta dalla giusta causa, risolvere il caso del Dr. Ventura e dei suoi dipendenti agenti, restituendoli al loro ufficio di Chiasso.

Anche il Comando generale del Corpo Volontari della Libertà, avrebbe raccomandato al Quartiere Generale Alleato la soluzione, in questo senso, del caso in questione.

Si sottomette, in proposito, a codesta On. E lo scrivente ritiene doveroso insistere in proposito anche in considerazione del fatto che per una nota convenzione Italo-Svizzera il controllo dei passaporti in territorio svizzero deve essere effettuato dalla polizia italiana.

To : A.C. Public Safety Sub-Commission - Rome.

With ref. to a/m letter, it is communicated, that with letter dated 18 January, 1945, this Ministry requested the Commission kindly to inform whether the P.S. Commissario Di Salvia, released from internment, could be re-employed in one of the Provinces returned to the Italian Administration.

In this Letter it has been reported that the General Inspector Messina, who had made an investigation at Perugia (report of which has been transmitted to the Commission) had informed us, that the Allied Regional Officer had stated that Di Salvia could be employed in the provinces under the jurisdiction of the Italian Government.

In reply to this letter, the Commission, with letter n. AC/14613/17/1/PS dated 4 February, 1945, has communicated that the a/m official, if considered suitable for re-employment, could be treated in the same manner as the other officials awaiting epuration procedure.

Therefore Di Salvia has been assigned to Brindisi where he assumed service on the 5th March, 1945.

Finally it is reported that Di Salvia has been deferred to the epuration judgment, which is still in course.

To : A.C. Public Safety Sub-Commission - Rome.

Since July 1943, the Commissario Capo CASSERA' Salvatore, who has been arrested by the Allied Military Authorities in the Comune of Petralia Sottana (Palermo), where he was on convalescent leave, is interned in a concentration camp.

From investigations ordered by this Ministry, in order to clear the position of this official, it has appeared that he has no Fascist qualifications, was no member of the Cvra organisation, nor can one of the other cases contemplated by Regent General's Decree n. 159 dated 27/7/44, be applied to him.

But it has appeared that Cassera' behaved himself well and proved to be a capable official devoted to duty.

Attached to the Mobile Squad of Palermo, he is disliked in the circle of common criminals for his active repression of crimes and his methods of investigation.

Therefore, we request the Commission kindly to re-examine the position of the above official, and, the case occurring, to provide for his release.

To : A.C. Public Safety Sub-Commission - Rome.

With ref. to the a/m letter we transcribe what the Livorno Prefect has reported in regard to the political position of the P.S. Commissario Lo Piano Giuseppe, on duty at the Piombino Office:

"Started the career on the 9 Aprile 1912, was promoted Commissario on the 16 March, 1927. In July, 1943 he has been transferred from Cividale del Friuli to Piombino. In his new Office he has been noticed for his Fascist sentiments, always seeking the company of the Fascist leaders who took him for a Squadrista. In fact, from the personnel list it appears that the memorial medal of the marsh on Rome had been conferred on him. In this regard he has explained that being at the time of the Fascist revolution in the Foggia Province, the qualification of Squadrista had been conferred on him by Fascist friends, but that, on revision, that Provincial Federation had cancelled him from the list, so that he derived no carrier benefit from this qualification.

When the Fascist Republican Party was constituted, the local leaders pressed him to become a member and he having to provide for a numerous family and fearing reprisals, presented an application which, according to himself, he made write and sign by one of his sons.

During the Nazi-fascist occupation, he remained in charge and as the whole personnel of the questura, he has been obliged by the questore Moraglia to swear allegiance to the would-be Republican Government; no trace has remained from this procedure as the Cabinet-Chief of the Questura has subsequently destroyed all records in connection with this matter.

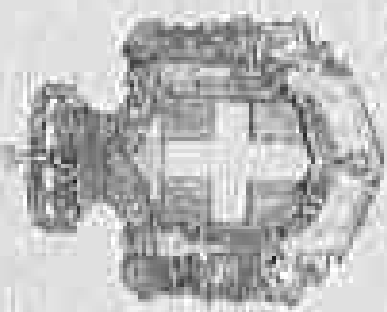

In any case, it does not appear that he, although collaborating with the above Government, has given proof of Fascist immoral attitude."

Richiesta di Togli del 5.12.1947

Con riferimento alla nota sopradennata, si trascrive testualmente quanto il Prefetto di Livorno ha riferito in merito alla posizione politica del Commissario di P.S. Lo Fiano Giuseppe, in servizio nella sede di Piombino:

"Entrato nell'Amministrazione il 9 aprile 1912, fu promosso commissario il 18 marzo 1927. Nel luglio 1947 fu trasferito da Livorno del Trinità a Pisa. Nella nuova sede si fece notare per i suoi sentimenti fascisti, affiancandosi al Gerarca, che lo ritenevano squadrista. Infatti del ruolo del personale risulta che è insignito della medaglia commemorativa della Marcia su Roma. A tale proposito egli ha fatto presente che, trovandosi all'epoca della rivoluzione fascista, in provincia di Reggio, fu conferita la qualifica di squadrista da fascisti amici, ma, in sede di revisione, quella Federazione Provinciale lo avrebbe cancellato dall'elenco, tanto che per la detta qualifica non avrebbe avuto alcun beneficio di carriera."

Allorché fu orato il partito fascista repubblicano, fu premiato dal Gerarca locale di chiedere l'iscrizione, ed egli, avendo a carico numerose famiglie e temendo rappresaglie, presentò la domanda, che, a suo dare, avrebbe fatto redigere e firmare, a suo nome, da uno dei figli."

OGGETTO Lo stesso Gruppo di Commissario di P.S.

Con riferimento alla nota sopradichiusa, si trascrive testualmente quanto al Prefetto di Livorno ha riferito in merito alla posizione del
di Piombino da P.S. Lo stesso Gruppo, in servizio nella sede

Entrato nell'Amministrazione il 9 aprile 1912, fu promosso commissario il 15 marzo 1927. Nel luglio 1942 fu trasferito da Civitella del Tronto a P.S. Nella nuova sede si fece notare per suoi sentimenti fascisti, affondandosi al gerarchi, che lo ritenevano squadrato. Infatti dal ruolo del personale risulta che è insignito della medaglia commemorativa della Marcia su Roma. A tale proposito egli ha fatto presente che, trovandosi all'epoca della rivoluzione fascista, in provincia di Reggio, fu conferita la qualifica di squadrato da fascisti milici, in sede di revisione, quella Federazione provinciale lo avrebbe cancellato dall'elenco, tanto che per la detta qualifica non avrebbe avuto alcun beneficio di carriera.

Allorché fu creato il partito fascista repubblicano, fu premiato dal gerarchi locale di chiedere l'iscrizione, ed egli, avendo a carico numerose famiglia e tenendo rappresentabile, presentò la domanda, che, a suo dire, avrebbe fatto redigere e firmare, a suo nome, da uno dei figli.

Durante l'occupazione nazi-fascista, restò al suo posto, come tutto il personale della questura, fu obbligato dal questore ^{18.12.42} a prestare giuramento allo pseudo governo repubblicano, del quale non è rimasto traccia, essendo stati i relativi verbali distrutti dal Capo Gabinetto della Questura in un secondo tempo.

Comunque, non risulta che egli, pur collaborando col detto governo, abbia dato prove di fedeltà o intemperanza fascista.

SUBJECT : Rocci Dr. Alfredo - Commissario Aggiunto di P.S.

TO : Allied Control Commission Naples Zone
Provinces of Naples, Avellino and Benevento,
Prefettura, Naples.

Your Headquarters, with their letter of the 6th of October 1944, ordered the suspension from office of the Official named above because he joined the Fascist Party in 1922. The Official was tried by the Epuration Court of the competent High Commissioner for fascist crimes, and was declared to be not guilty as he proved himself brave in the "Four Neapolitan Days" in September 1943 when the Germans were sent out of Naples and because the fact of being Ante Marcia was proved not to be true, as reported in the decision reached at, copy of which is attached.

I beg you therefore to notify if he may resume his office.

The Questore
M. BROCCOLI

The first degree Commission of Epuration of Public Safety Officials represented by S.E.Dott. Oliviero Savini Nicci, President, S.E.Dott. Carlo Rosati, and Avv. Achille Battaglia, Commissaries, in the trial against the Commissario Aggiunto of P.S. Alfredo Rocci, have taken the following

DECISION

Following report dated 24 Nov. 1944 No. 20012, the High Commissioner for the Epuration of the Administration opened a trial against the Commissario Aggiunto of P.S. Alfredo Rocci, following his qualification of "Ante Marcia".

Investigations have proved this not to be true and besides that Rocci fought against the ~~German~~ German Invador in the famous "Neapolitan Four Days" in September 1943 when the Germans were sent away from Naples.

Therefore,

Having heard the Commissario's report;

Considering art. 14 and 16 of the Legislative Decree 27 July 1944 No. 159;

Considering the statement by the High Commissioner for the Epuration of the Administration;

Amending the suspension from office, previously ordered by the Allied Military Command;

Subject: Ingrassia Dr. Alfredo Chief P.S. Commissioner.

By the Allied Military Authorities of the Florence province the Chief P.S. Commissioner Ingrassia Dr. Alfredo, who belonged to the O.V.R.A. organization, of Florence, was arrested and put in a concentration camp.

The above mentioned official, suspended by virtue of the art. 22 of D.L. 27.7.1944 No. 159, has been submitted to epuration proceedings.

The Questore of Florence to whom information on the account of said official was asked, testually reported:

"In this office Dr. Ingrassia showed a sense of equilibrium, maintaining an appeasing attitude, towards those accused in political questions, he did not have a factious spirit. After the 8th of September 1943, he manifested on various occasions, sentiments of dislike to the Nazi-Fascist domination, criticizing the systems and leading principles of the pseudo social Republic. For what is known, he always tried to get out of any collaboration with the Germans. In fact by hearsay, it is known that last summer, he had to report to the government of the North, about the dubious activity carried out in this city by Manganiello chief of the province, and by the ill-famed Major of the S.S. Carita, on account of which at the last

2

moments of the German occupation, he was obliged with his family to be concealed so as to avoid the arrest already ordered for him by the Chief of the Province Manganiello through the above mentioned Carita. There is no objection to be made about his moral conduct.

We inform your Hon. Commission of this for the eventual re-examination of the position of the above mentioned official, with the understanding ^{that} if he is released, the judgement with the epuration Commission on his behalf will continue for the definite ruling on the subject.

Dopo l'8 settembre 1943 manifestò in varie occasioni sentimenti di avversione alla dominazione nazi-fascista, criticando i sistemi e le direttive della pseudo repubblica sociale. Egli, per quanto è noto, cercò sempre di sottrarsi da ogni collaborazione con i tedeschi. Subject: Lo Piana Giuseppe - Commissary "Public Safety"

With note of October 23rd, I called your attention to the fact that Commissary Lo Piana Giuseppe, though resulting a squadrist, had, after ~~Promising~~ the liberation of Pombino, dedicated his work against the remainder of Fascism. On account of this reason, I did not think it necessary to remove him from his place.

Upon further investigations, I discovered that, due to his past intercourses with the fascist elements, he is not well liked by the population, also for his lack of energy, and because of ~~his~~ ^{the} debts, he contracted with local merchants.

Since it is necessary, specially at the present moment, to have at Pombino an energetic ~~functionary~~ trustworthy functionary, I am ~~asking~~ requesting that Lo Piana be transferred out of town and that he be

substituted by a more energetic man, in
the interest of ~~the~~ service and for the

Con nota del 23 ottobre scorso feci presente che il Commissario di P.S. Dr. Lo Piano Giuseppe, pur risultando dal ruolo del personale come squadrista, aveva dopo la liberazione di Piombino, spiegato la propria opera contro i residui del fascismo. Per tale motivo non ritenevo necessario il di lui allontanamento da quella sede. -

Da ulteriori accertamenti da me eseguiti è ora risultato che egli per le relazioni avute nel passato con gli elementi fascisti del luogo, non è ben visto dalla popolazione, anche perchè mancante della necessaria energia e perchè ha contratto dei debiti con negozianti locali.

Siccome è necessario che, specialmente nell'attuale momento, Piombino abbia un funzionario energico e che goda la fiducia dell'intera popolazione, sono venuto nella determinazione di chiedere il trasferimento del Lo Piano fuori provincia e la sostituzione di lui in Piombino con altro più energico, nell'interesse del servizio e del prestigio dell'Ufficio. -

interned by the Allied Military Authorities.

Following our conversation with Colonel Chapman this Ministry has been told that the Allied Military Authorities decided the release of all the officers, non commissioned officers and privates belonging to the Carabinieri Units, interned in the concentration camp of Padula.

We beg you to see if it would be possible to have the same action taken in favour of the officials, employees and agents of P.S. who are interned in concentrations camps, considering that their police activity is very similar to the activity of the Carabinieri, and that a different treatment couldn't therefore be justified.

Naturally the officials released from concentration camp will not be resumed in service again, but suspended from service and denounced to the High Commissioner for epuration of this Administration, in order that the necessary action should be taken after a regular judgment.

In this way it will be possible to judge the officials and their activity with good sense and uniformity, according to the present legislative law and according to the laws of our Administration against Fascism. We hope that the Allied Commission will take our request into consideration and accept it.

If this will not be possible, we beg you to allow the above mentioned personnel to be judged by the Epuration Commission, and allow therefore one of its members to go to the concentration camps and get the statement of each official in order to give them the possibility to defend themselves and get the necessary elements for their defence.

In any case it would be necessary to let us know

TO : Allied Commission - P.S. Subcommission

SUBJ. : Officials, employees and P.S. agents interned by Allied Military Authorities

Following the interview with Col. Chapman, we communicate that this Ministry has been told, that the Allied Military Authorities, have ordered the release of all Officers, N.C.O. and soldiers, belonging to CC.FF., interned in Badula concentration camp.

On the subject, this Ministry begs You to examine the opportunity of issuing such a provision, also on behalf of the officials, employees and P.S. agents, actually interned in concentration camps, since they have always performed duties similar to those of CC.FF., such a different treatment does not seem to be justified.

Yet, it is obvious that this staff, released from concentration camps, would not be re-employed, but suspended from service and committed to High Commissioner Adjunct for Epuration of the Administration, who, after a regular trial, will issue a judgement.

This would entail that officials may be judged in a uniform way, under the laws in force, with a valuation of their activity, in the whole, according to rules of defascism of Administration.

This Ministry hopes that the Subcommission will give benevolent consideration to this application and if possible, meet to it.

In the contrary case, but only subordinately, we beg You to let that the staff be committed, at once, to Epuration Commission and to authorize a member of the Commission, to go in concentration camps, to collect the witnesses of the officials, in order to allow them to defend themselves from charges brought against them and give further elements for their defense.

Anyhow, it is felt that if the Subcommission will let us know the reasons of the internment, we would be able to supply the Epuration Commission with sure elements, in order to have a full and serene judgement, issued.

A kind information of decisions adopted, will be appreciated. Enclosed to, we send the list of the interned staff.

A seguito del colloquio con il Signor Colonnello Chapman, si comunica che é stato riferito a questo Ministero che le Autorità Militari Alleate avrebbero disposto il rilascio di tutti gli Ufficiali, sottufficiali e militi appartenenti all'Arma dei Reali Carabinieri internati nel campo di concentramento di Padula.-

Al riguardo, questo Ministero prega di voler esaminare l'opportunità di adottare analogo provvedimento nei confronti dei funzionari, impiegati ed agenti di P.S. attualmente internati in campi di concentramento e ciò in considerazione che essi hanno sempre esplicato ed esplicano funzioni di polizia analoghe a quelle dei Carabinieri Reali per cui non sembrerebbe giustificata una disparità di trattamento.-

Resterebbe, peraltro, inteso che i funzionari rilasciati dal campo di concentramento, non verrebbero riassunti in servizio, ma bensì sospesi dal servizio stesso e deferiti all'Alto Commissario Aggiunto per l'epurazione dell'Amministrazione, per i definitivi provvedimenti di competenza della Commissione di epurazione, dopo il regolare giudizio.

Si avrebbe così il modo di far giudicare con criterio di uniformità ed in base alle vigenti norme legislative i funzionari stessi, valutando complessivamente tutta la loro attività nell'ambito delle norme della defascistizzazione dell'Amministrazione.-

Questo Ministero si augura che codesta On. Commissione voglia prendere in seria e benevola considerazione la richiesta e possibilmente accoglierla.-

o/o

In caso contrario prega, in via del tutto subordinata, di consentire almeno che detto personale sia subito sottoposto al giudizio della Commissione di Epurazione e, pertanto, di autorizzare che un componente la commissione stessa si rechi nei campi di concentramento per raccogliere le deposizioni dei singoli funzionari internati in modo che agli stessi sia data la possibilità di potersi difendere dalle accuse mosse e fornire altresì tutti quegli elementi per la loro difesa.

In ogni caso sarebbe opportuno poi che codesta Commissione facesse conoscere i motivi che dettero a suo tempo luogo all'internamento in modo da poter fornire alla Commissione di epurazione sicuri elementi perché il suo giudizio possa essere completo e sereno.

Si gradirà cortese notizia delle determinazioni che saranno all'uopo adottate.

Si acclude l'elenco del personale internato.

On behalf of a Highest Justice, and for the necessary action, as requested by CALO' LAZZARO and GRAZIANO, sons of Angelo, I the undersigned, AGOSTI, BERNIA, wife of BERNA SILVIO, porter at No. 57, Corso d'Italia, state as follows about the removal of the following Jewish persons, carried out by a Commissioner of I.C. belonging to the Quarters of ROMA.

Jewish persons removed:-

CALO' ENRICHETTA, widow of ASD MACILLO, 35 years,
 ASD ALBERTO, 15 years, son,
 ASD ANTONINA, 14 years, daughter,
 ASD FATIMA, 12 years, daughter,
 ASD LUISA, 8 years, daughter,
 CALO' ANTONIO, 10 years, nephew.

At about 1000 hrs., (7.45 pm), on an evening of March 1944 (between the 10th and the 20th), a Commissioner of I.C., accompanied by 4 men under his command, came to our home and asked my husband where the a/n Jewish persons were, whom he knew were living in the building.

My husband and I, denied that they were there, but the Commissioner insisted, crossed the yard and entered a ground floor where these persons had been concealed for about 5 months.

I begged the Commissioner to leave the persons alone, but it was useless.

I tried to obtain back the little girl, who was desperately weeping, and he said to the mother: "Grief mother, selfish refusal, you would leave alone your daughter!" and she replied: "She, at least, could save herself, by remaining in good hands."

Soon after, I succeeded, helped by one of the agents, to conceal the child, but the Commissioner, without pity, looked for her, until he succeeded in finding her, and before the transportation, he insisted in finding also CALO' ANTONIO, who had tried to save himself by escaping.

Together with my husband, I am ready to give any other information about these sad incidents.

We remember the Commissioner's particulars as follows:-

Medium Height, rather Meagre, well mountaineer, and wearing glasses.

We can always recognise him.

As we heard said he should be Dotter GEMELLI.

Read and confirmed.

Answer letter AGC/14613/17/1/PS, dated 27/9/44

Subject : Mazzocchi Pietro - P.S. Commissario Aggiunto

To : A.C. Public Safety Sub-Commission - Rome.

Ref. s/m letter we communicate, that the anonymous accusations against P.S. commissario aggiunto Mazzocchi Pietro, after severe investigations carried out regards, appeared to be completely unfounded.

It does not appear that s/m official has shown Fascist zeal or that he has, during the German occupation of the Capital, actively partaken in searches or arrests on an extensive scale, or acted against the inhabitants of Torpignattara and especially against the youth, who tried to escape the Nazi-Fascist persecutions.

Mazzocchi is a reserved person and not expansive and therefore it may be that he treated the public with a certain severity.

It is to be excluded, however, that he made abuses of his powers in the performance of his duties.

Therefore no measures have been taken against Mazzocchi.

In relazione alla nota suindicata si comunica che le circostanze di fatto, denunciate nell'anonimo a carico del commissario aggiunto di p.s. Mazzocchi Pietro, in seguito a rigorosi accertamenti effettuati al riguardo, sono risultati del tutto infondate.

Non risulta che il predetto funzionario abbia dimostrato zelo fascista e che abbia, durante il periodo dell'occupazione tedesca della Capitale, preso attiva parte ad operazioni di rastrellamento o fermi in grande stile o che, comunque, abbia infierito contro gli abitanti del rione di Torpignattara ed in ispecie contro i giovani, i quali tentavano di sottrarsi alle persecu-

zioni dei nazifascisti.

Il Mazzocchi è di carattere chiuso e poco espansivo per cui non è improbabile che abbia potuto trattare il pubblico con una certa durezza.

E' da escludere, comunque, che egli abbia dimostrata faziosità nell'espletamento delle sue mansioni.

Pertanto nessun provvedimento è stato preso a carico del Mazzocchi.

It is stated that the he is shown on the list as a squadrista, he was residing in Foggia Province at the time of the march on Rome. His name was shortly afterwards removed from the list by the Federation of Foggia also that he was not inscribed in the P.F.S.

SUBJECT : FERMARELLI Giuseppe.

TO : Ministry of Interior
Epuration Commission for P.S. Personnel.

With reference to your letter 98/69 dated 14 September 1944, respecting the above named, enquiries have been made; it is confirmed that he held the position of Squadrista, but no evidence has been obtained to show that he permitted his Fascist rank to interfere with his duties as a Civil Police Officer.

Also that during the four days preceding the complete liberation of Naples, he displayed definite anti-Fascist/ Nazi attitude.

It is suggested that should he be dealt with by punishment less than dismissal, as allowed in para. 14 of Part IX of the Decree as to sanctions against Fascism, that he be permitted to serve in a district other than Naples.

SUBJECT: *bl* Epuration of P.S. personnel - FERMANELLI Giuseppe.

TO : The Director, Public Safety Sub-Commission, HQ. ACC.

1. Reference your letter ACC/14613/17/1/PS of 22nd September 1944 received at this HQ with enclosure and in which you ask information concerning FERMANELLI Giuseppe, a commissioned officer of the Questura, Naples, who is now under suspension in connection with his alleged fascist record.

2. The necessary enquiries have been made with the following result: It is true that subject held the 'rank' of squadrista in the P.N.F., but no evidence has been obtained to suggest that he in any way permitted his fascist 'rank' or membership in the party to interfere with his duties or influence his judgment as a civil police officer.

3. It appears FERMANELLI was suspended primarily because he was a squadrista and secondly as the result of an anonymous letter being received at this HQ alleging that he placed fascism before his civil duties - a squadrista, yes, but to countermand the anonymous accusation we have two signed statements, one signed by a responsible Command of the CC.RR. and the other by an American citizen, stating that after the Armistice and particularly during the four days preceding the complete liberation of Naples, subject in his conduct displayed a definite anti-Fascist and anti-Nazi attitude.

4. However, in conclusion it is recommended by this HQ that if FERMANELLI is reinstated - and from the evidence available there appears no reason why he should not - he should in fairness to all concerned be permitted to serve in a district other than Naples where he is known to have been a squadrista.

Rome 14/10/44.

I the undersigned Pinne Antonio, of Gavino, P.S. agent, previously attached to the 9 Unit of St. Maria Station, declare:

On the 8th inst., I was informed that, owing to art. 22 of the Decree issued on the 17/7/44, N° 169, from the 25/9/44 I had been dismissed from my job.

Through fraud I was sent to Porte Bravetta. I enclosed a medical statement in a report that I sent to my Commander asking him to forward it to the 3rd P.S. Special Div. and in which I asked that on account of my bad health I should be dismissed from the service to which I had been intrusted.

Having been often obliged to participate in the execution platoon, I always succeeded to be excused on account of my health.

I never was a Fascist and during the Republican Government I hid in my flat the family of a Jew named Spizzichino Cesare, living in my building.

I declare that, notwithstanding the lack of proofs I never collaborated with Nazi-fascists and I was faithful to the Italian Government.

On account of all this I request from this Command to be re-called to my former employ, because my health is much improved. During 21 years I was in the P.S.

Herbey attached a medical statement and some statements of people that I helped.

1. With reference to the enclosed letter received from Public Safety Sub-Commission, Allied Commission, forwarded for your information, it would be appreciated if your department would forward direct to them as much, if any, of the information that you consider the Italian Government should be in possession of respecting the above named Civilian Internee now held at this Camp.

The following is the total information respecting him held at this Camp.

TOMMASELLI Roberto. Age 43. Commissario P.S.
Home address:- Villa Gallia, Vico Pelago, LUCCA.
Born:- Alvignano, Benevento Province, 6 Mar 1901.
Interned on 17 Sep 44, by James P. Furness. Special Agent C.I.C. 5th Army.
Reason for Internment:- Former Questore Regente from PIUMI from Armistice until Mar 44, and Questore Regente of Lucca until Jun 44. was active against Yugo-Slav partisans in PIUMI (Documented) in close contact with TAMBORINI, chief of the Republican Fascist Police; received a gift of L.100,000 for his good services in PIUMI from TAMBORINI. Although TOMMASELLI was instrumental in the release of the partisan leader from the LUCCA jail (Col Proferric) and although it appears there was a divergence of sentiments between himself and the German authorities after the Armistice, it remains that for services to the Fascist Party he was promoted from Lieutenant to Lt. Colonel in two years (1942-1944), was inscribed in the Partito Nazionale in Fascista in 1920, Squadrista, Marcia su Roma, Sciappa Littoria, Partito Repulica Fascista on 14 Sept 43. (Details in 5th Army Memo dated 17 Sept 44)
Period of detention:- Duration. Confirmed by C.I.C. Approved Lists.

2. Forwarded for your information and any action considered desirable. 1132

2. I have to-day seen Dr. Soldani Bessi, Questore of Florence.
3. With regard to Commissario Aggiunto TARANTELLI Cesare. This man is in service at the Questura, but is sick at the moment. He came from ROMA (Scuola Tecnica di Polizia) on 10th July 1943. Nothing was known to Questore as to his previous history prior to this, but he describes him as being much against the NAZI and Fascist Republican Regime. This is supported by his actions and talk during his work in Florence. The Questore states that he is nothing out of the ordinary and not an agent who could be described as exceptional.
- Having regard to paragraph 1 of attached I have ordered his suspension from duty as from to-day, and now await further directions on the matter.
- Although I had obtained 20 Scheda Personali from Questura Agosti I had not previously vetted this man. He has now been served with Scheda.

R. PREFETTURA DI ASCOLI PICENO
Gabinetto.

No. 3526

10 Oct. '44.

SUBJECT: Bestoso Mario - Commissario Aggiunto of P.S.

TO: Provincial Commissioner, A.M.G. Ascoli Piceno.

Ref. your letter of 7 Oct. '44.

The P.S. official Bestoso Mario arrived to Ascoli on the 18th of April '44, coming from Viterbo.

After a few days the late Questore Milone sent him to Perno, as the Chief of that P.S. Office. There he did not co-operate with the Nazi-Fascists, and tried to conciliate his office duties with the moment's needs.

When Perno was liberated, the Patriots arrested him, believing him not favourable towards them, but after a few hours he was released.

He gave his oath to the Republican Government.

On 27 Aug. '44 he went to Viterbo on twenty days' leave, and he has not yet come back.

For this reason it has not been possible to know the date of his inscription to the Fascist National Party.

Bestoso being absent, presumably still in Viterbo, I wrote as above, as also your request, to the Ministry of Interior, for their action with regard to the suspension and clearing of the above official.

the Prefect

2. I have today seen Dr. SOLDANI BENZI, Questore.
He informed me that Mr. TERZANI Ruben was a Vice-Commissioner at
Florence Questura.

Whilst in service he frequently expressed his intention of leaving for
Rome, where his father lived. It is presumed that he did in fact leave for
Rome as he absented himself from duty, without permission, on 27th August
last and has not been seen since.

Dr. SOLDANI BENZI has informed Ministry of Interior through Prefettura
by letter and asked that suitable disciplinary action be taken against him.
He has a poor opinion of this man whom he describes as one lacking in init-
iative and without a sense of responsibility.

Subject : P.S. Auxiliary Vice Commissario - Terzani Ruben.

To : A.C.C. Public Safety Sub-Commission - Rome.

Mr. Terzani Ruben, appointed P.S. Auxiliary Vice Commissario by the so called Republican Government, has performed duties, during the period of occupation, at the Florence Questura, where he would have been confirmed by A.M.G.

The Prefecture of Florence, with letter, dated 9 Sep. 1944, in communicating, that a/m auxiliary official gives evidence of little seriousness, of scarce comprehension of his office duties and shows himself incapable in the accomplishment of his task as P.S. official, he has suggested his discharge.

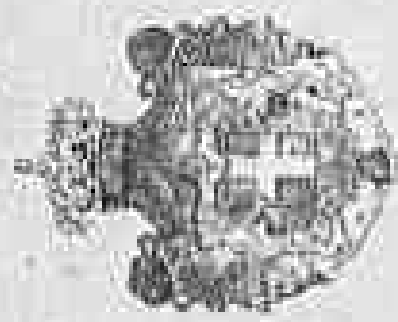

Since the P.S. auxiliary officials, on duty in Rome, have been discharged, because assumed by the so called Republican Government, this Ministry is of the opinion to adopt the same measures on behalf of Terzani.

Would you please give proper opinion on said matter.

DE DI PUBBLICA SICUREZZA*

Il signor Terzani Ruben, nominato Vice Commissario di P.S. Ausiliario del pseudo governo repubblicano, ha prestato servizio durante il periodo d'occupazione presso la Questura di Firenze, ove sarebbe stato con-fermato dall'A.M.G.

La Prefettura di Firenze, con nota del 9 settembre u.s., nel comu-icare che il predetto funzionario ausiliario dà prova di poca serietà, di scarsa comprensione del dovere d'ufficio e si dimostra altresì inet-to a svolgere le mansioni di funzionario di P.S., ne ha proposto il li-ценziamento.

Perché i funzionari di P.S. ausiliari, in servizio a Roma, sono sta-ti licenziati perché assunti dal pseudo governo repubblicano questo Mi-nistero ritiene doverosi adottare analogo provvedimento nei confronti del Terzani.

Si prega di compiacersi far conoscere il proprio avviso al riguardo.

Summary: The people writing this letter, after having raised with many nice words the Allies, of which they say, they always have been greatly friends, apply to the "Allied H.Q.s. for the Epuration", for the epuration and the arrest of Vice Commissario of P.S., of Questura of Quadraro and Torpignattara (Rome), as he has been, during the German occupation, a great friend of them, and helped them in the "razzia" of men and he himself, arrested many people in the Cafes of the Place. He is said to have thrown handgrenades against the people trying to escape. He is said to be a friend of Questore Garuso, and to have arrested many of the people shot in the Fosse Ardeatine. They say that he is now in service, in the Questura of Porta Pia or Via Flaminia, where he asked to be sent when, the air was not good for him. They ask to epurate and arrest him. They don't sign this letter, for they are afraid of the fascists, now, they say, acting there as men of the Communist Party.

SUBJECT: Questura Rieti.

TO : A.C.C., P.S. Sub-Commission.Rome.

The Allied Military Command has disposed not to re-assume, at the Questura of Rieti, the head commissario Delicati Cesare and the P.S. commissario Giacinto De Ruvo. Since, from the files of this office, it appears that De Ruvo is in possession of the qualifications of "antemarcia and squadrista", this ministry has suspended him from office and deferred him to the competent commission for the epuration of P.S. personnel.

The head commissioner Delicati Cesare instead, does not appear to be in possession of fascist qualifications and for such, so that this Ministry may have sure elements of judgement, it is greatly desired to know if he also, owing to his activity at the questura during the nazi-fascist occupation, has to be suspended from office and deferred to the Epuration Commission of P.S. personnel, or if, on the other hand, the provision has only been caused by the surrounding situation and thus, to this commission's judgement, he may, undoubtedly be utilised in another seat.

"waiting communication which this commission will kindly give, we thank you
