The above named Italian, at present detained in the Prison of Tribunale Militare, Via Cesare Battisti 12, Florence, was formerly Commandante of C.M.P. Prov. Macerata.

In February 1944 he made contact with one of our missions operating in enemy occupied territory and provided considerable military intelligence to this mission and the Patriot forces in the area. He was also responsible for liberating several Allied and Partisan prisoners and obstructed the German officials by passive resistance. By playing a double game while under the surveillance of the Germans he misled his position and even his life. He was arrested and condemned to death by the Fascist Government when his activities became known.

Subject was arrested on the liberation of the area by the Allies in June 1944 and transferred to Bari. He was liberated on the intervention of the Partisan Commander and reinstated in the Italian Army. Upon returning to Macerata in October 1944 for personal affairs, he was arrested and has been detained without a trial for nearly 12 months.

This man can never be said to have been directly employed by this H.Q. or any of its missions, but he did provide useful intelligence at a time when good military intelligence was difficult to obtain from this area and we have a certain moral obligation towards him. The leader of this mission convinced Lt. Col. In addition to the valuable work which he performed in this sphere, he put his specialized knowledge as an Engineer Officer at the disposal of the Mission for the selection of dropping grounds for airborne supplies and in finding hiding places for the V/T set.

This Headquarters understands that MICHELANGELO Mario of Via SAN SEBASTIANO 13, MACERATA is at present held in prison awaiting trial for having collaborated with the Fascist Republican Government in his capacity as GUARDIA FORESTALE.

We wish to bring to your notice the fact that Signor MICHELANGELO remained at his post during the enemy occupation at the request of one of the agents of this organization in order to supply information to the Partisan formations. In providing money and petrol to these formations, by putting his car at their disposal and by hiding partisans in his house he rendered outstanding services to the partisans collaborating with officers of this Force. By declaring 1,500 men to be wounded he saved them from conscription for forced labour or being drafted into the Fascist Army, and sabotaged the requisitioning of 50,000 head of cattle.

After the liberation, Subject was employed in his capacity as "Guardia Forestale" by A.M.C. after they had had him vetted by Security. When A.M.C. departed from Macerata Subject was arrested and has been in prison ever since.

It is therefore requested that either his trial should take place as soon as possible and that the above facts be taken into consideration at that time, or that he be released. We should appreciate any assistance you can give in this matter.

As this H.Q. is closing in Italy immediately it would be appreciated if you would address any further queries in regard to this case to Major A.F. Higgins, Advance S.O.(M.), c/o Allied Screening Commission, ROME.

With reference to your AC/14753/PS of the 4th August, it has been pointed out by the British Embassy at Belgrade that "Bolnica" is the Yugoslav word for a hospital and not the name of a place. They ask, therefore, whether Doctor Rubini is being forcibly detained by the Yugoslavs, as the report forwarded by 13 Corps suggests, or whether he is merely a patient or perhaps working as a doctor in a hospital at Gospic. Before any action is taken in Belgrade, we should be glad if you could clarify this point.

R O M E

I the undersigned Ines Ronca widow Menestrina beg most respectfully to lay under your kind consideration what follows in order that justice may be rendered, by your authoritative intercession, of the crime perpetrated at Limonta (prof. of Como) of my husband Enrico Menestrina murdered on the 6<sup>th</sup> May 1945 at 00,35 while on duty at the local Office of the Labour 's Inspectorate.

I will briefly cite only the dates and the main facts which led to this ruffianly act. I hope to be able to tell in due time by word of mouth, to that Hon. Allied Commission the most important particulars concerning this abominable crime.

My husband was employed at the Inspectorate in the capacity of Interpreter, and I also had lately (mid-february of this year) worked in the same Office as typist.

On the 26<sup>th</sup> Aprile 1945 Lieutenant Galfapietra (belonging up to this date to the Fascist Republican Army) presented himself with others armed partisans to the Inspectorate 's Office and ordered us to be arrested with many other people. We knew only then that the above mentioned lieutenant was a partisan and at the same time a good fascist spy so that it was clear that he was making the "double play", only on purpose to get himself out of trouble, whatever would be the consequences of the war.

As I am suffering with heart sickness I was at once set at liberty, whilst my husband was retained to prison in spite of there was no reason of complaint or charge against him.

After nine days during which time I was not allowed to see my husband, I have addressed a letter to the National Committee of Libera-

Enrico Menestrina murdered on the 6<sup>th</sup> May 1942 at 00,35 while on duty at the local Office of the Labour 's Inspectorate.

I will briefly cite only the dates and the main facts which led to this ruffianly act. I hope to be able to tell in due time by word of mouth, to that Hon. Allied Commission the most important particulars concerning this abominable crime.

My husband was employed at the Inspectorate in the capacity of Interpreter, and I also had lately (mid-february of this year) worked in the same Office as typist.

On the 26<sup>th</sup> Aprile 1945 Lieutenant Calfapietra (belonging up to this date to the Fascist Republican Army) presented himself with others armed partisans to the Inspectorate 's Office and ordered us to be arrested with many other people. We knew only then that the above mentioned lieutenant was a partisan and at the same time a good fascist spy so that it was clear that he was making the "double play", only on purpose to get himself out of trouble, whatever would be the consequences of the war.

As I am suffering with heart sickness I was at once set at liberty, whilst my husband was retained to prison in spite of there was no reason of complaint or charge against him.

After nine days during which time I was not allowed to see my husband, I have addressed a letter to the National Committee of Liberation of Vassena (Prof. of Como) which wondered at first of not having had any knowledge on the matter, and after having investigated that no charge had ever been brought against my husband, has ordered, to Colonel Mistretta, to have him released *at once*.

This occurred on May 5<sup>th</sup> 1945.

At the 00,35 hours of the next day on the underground prison of the Inspectorate by order of lieutenant Calfapietra the body - guard was removed and the electric light turned off.

./.

- 2 -

Somebody called then my husband out of the cell and while he was walking downstairs, lieutenant Calfapietra fired with its machine gun close to him, 45 bullets thus killing my husband on the spot.

It must be observed moreover that 3 days before the crime my husband has been bleedingly whipped with a trousers' belt, from the side of the buckle, and has been reduced unrecognizable. One hit has broken his eyeglasses on his face.

After having committed the crime lieutenant Calfapietra has given orders to bury the corpse without coffin and it has been only by the kindness of a partisan guard if the dead has been wrapped, at least, into two blankets.

I know all this facts having witnessed personally in part, and the rest having been brought to my knowledge by eye witnesses.

It must be remarked that lieutenant Calfapietra and General Paladino were accused, a few months before, to have secret designs with the partisans, and on that occasion they have had saved their lives (they were about to be shot by the Germans) thanks to my husband's intervention who has warranted their innocence by attributing their arrest to personal grudges of some people of S. Donifacio (Prov. of Verona). It must then be deduced that the crime's motive has been the fact that my husband was well informed of all that who have taken part of the Inspectorate and of the deeds they have performed during the Fascist era, so that they feared to be accused of understanding with the enemy.

I have had a great satisfaction from the National Committee of Liberation which has been filled with indignation for the mischief committed arbitrarily and without its consent.

The N.C.L. has promised its collaboration as it was dealing with an innocent.

Once again I must state that my husband was not in fault and that the crime has caused the general blame and indignation of all and chiefly of many priests which were acquainted with my husband.

Lieut. Colonel Monastra; Lieut. Colonel Amoretti and Captain V.E. Silvestri.

I do hereby declare that what has been stated here-above is simply and unconditionally the truth as it may be easily ascertained by that Hon. Allied Commission.

A/m Italians were apprehended in BARLETTA on 10th June by CIC who had had the men under observation for some time. The men were making an attempt to cross to EOT.

IACOBELLI carried a letter to a certain Fernando from one Armando in which the following passage occurs:- "On his return (IACOBELLI's) will make an appointment and learn the precise orders."

MINA had a release order from 371 PW Camp dated 14 April 1944, COLLARIINI also had a release dated 17 April 1944.

PEROTTI carried copies of appeals to students to "strike" the traitors without pity for the honour of Italy" also a sheaf of violently anti-Allied propaganda.

It would appear that the men were released from 371 PW Camp without proper investigation, if within two months, they were able to join this band and start straight back to EOT.

They will be returned with compliments to 371 PW Camp.

ARRESTS OF CIVILIANS ON SECURITY GROUNDS.

For your information I forward you a copy of a recent G.S.I. Eighth Army instruction regarding arrests of civilians by Military Personnel on security grounds etc., and the procedure to be followed in each case.

I have been depicted by G/C Pearson as the Region 2 A.M.C.O.T. representative consulting with G.S.I. (b) as to the ultimate disposal of each individual prisoner detained either in prison or at a P.O.M. cage. It will be appreciated however, that this in no way affects the discretion of C.A.O's or C.L.P.O's and the present procedure for dealing with Prosecution offenders who may be before an Allied Military Court in the ordinary way, although I should be glad to issue a brief note of the results of all such cases and agreed proposals.

It will be appreciated, therefore, if you would mind let me have no objection to practicable arrests of persons in custody of present for security reasons in your area, and for the purpose of such a security force. Your own discretion, or that of the C.A.O's, will eventually enable Army HQ to maintain a decision as to disposal.

Perhaps therefore you will kindly send an indication of all cases arising in the area W.M. 24020.

to the ultimate victim... It will be appreciated, however, that this in no way affects the discretion of C.A.O.'s or C.I.P.O.'s and the present procedure for dealing with proclamation offenders who may go before an Allied Military Court in the ordinary way, although I would be glad to give a brief note of the result of all such cases for your information.

It will be so related, therefore, if you would kind let me have an early as is practicable, partial as a such person in connection with present for security reasons in your area, and for this purpose I enclose a supply of forms. Your own 2000 individuals, or that of the C.A.O.'s, will presently receive signal Army W/O is receiving a decision as to disposal.

Featuring Director you will kindly send in particular of all items referred to the same way, please.
