1. Reference this H.Q. AMG/414/3 dated 13th November, 43. We are obtaining lists of security arrests from G.S.I(b) for transmission to A.F.H.Q. as suggested in your GA/11/16A/G501 of 14th November.

2. However, we do want from you the removals (as distinct from security arrests) which may have come to your attention or which AMG officers may have brought about. It is thought that there may be a number of these that have not necessarily come to the attention of G.S.I.(b).

3. A.F.H.Q. has particularly asked us to supply information regarding past history of individuals removed, and we should appreciate your giving us this data wherever possible.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Col. NAPOLEONI : O.C. GROTTAGLIE airfield. Failed to declare to Allies a CAPRONI aircraft, a car and a substantial ammunition dump. Assisted German withdrawal. Made anti-ally statements within hearing of his men after arrival of Allies.

Major LUCIANI : Second in Command to Col. NAPOLEONI.

(v) Admiral PIOMARENTO, Comando Marittimo, TARANTO, who issued an order to his command authorising the shooting of Allied troops in certain circumstances, and has manifested strong anti-ally tendencies, has been the subject of a report to C in C Med who has been requested to take action against him.

(vi) The case of Console CAVALLO of MVSN, senior Italian AA officer, TARANTO, is under investigation on account of this officer's evident non-cooperative attitude and strong anti-Allied feelings.

(vii) The Japanese Consul at NAPLES, an Italian serving in an honorary capacity, was placed under house arrest. This man had a record as an active Fascist. The only remaining German Consular employee in NAPLES was similarly confined. The latter held only a minor job in the consulate and has been in NAPLES for 22 years.

(viii) Several of the wealthiest and most prominent men in NAPLES have been made the subject of investigation by the Fifth Army security agencies among them RENATO CUCHERIM, Achille LAURO and Baron AVEZZANA (former Italian Ambassador to FRANCE). These three are described by Fifth Army as active Fascists and formerly in close contact with the Germans.

(ix) All enemy aliens and nationals of enemy occupied countries resident in the NAPLES Area were notified by newspapers and handbills to report to the Questura. During the period under review this order produced nearly 100 registrations, mostly German, but also a few Rumanians, Bulgarians and one Japanese. At a later date it is planned to arrange for the registration of all nationals of enemy or enemy-occupied countries who have become naturalised Italians.

A nil return of NIL is of no value. If an official is put in prison and detained he would also be "Dismissed" from any local or national official position.
