ACC/4119/L

16 July 44

SUBJECT : War Criminals. Case of Perla.

TO : Regional Legal Officer (thru RC) Region II

1. Reference your letter 2201/70/X of 7 July 1944.

2. From the statements so far taken it seems that Perla is not guilty of war crimes within the definition of para 3 c of AFHQ Circular of 27/11/43 on "War Criminals" sent to you under cover of our letter 4096/L of 5/1/44. He would appear to be the familiar type of secret police official guilty of acts of gross cruelty against members of minority racial groups in fascist countries.

3. The security aspect of this case has been referred by the Public Safety Sub-Commission to Major Revely, Region II with whom you should maintain contact, particularly with the object of gaining more precise information as to the status of the alleged victims at the material dates.

4. If any further particulars or statements are forthcoming which would put Perla definitely into the war criminal category, you should immediately arrange, through your RC, for him to be detained. Action should then be taken in accordance with AFHQ Circular of 6/2/44 on War Criminals, copy of which is attached hereto.

Col. Wilmer would like
some further information
on this, which Maj. Revelly
may be able to provide:-

1) Were any of the alleged
victims prisoners of
war? or internees?
in which case AFH &
would process for war
crimes

2) Any security danger in
which case FSS would act

Perhaps Revelly can throw
some light on the matter. Col
Wilmer would like to have papers
returned on 14 July 44
