1. On 21 July 44 GENARLE Brune appeared before a Court at Capua charged by the 75 Coy C.M. (T.O.) The charge was in connection with 2 W.D. tyres on his car Bianchi No. 3.9. 52363 Roma which he was driving when arrested at the junction of routes 6 & 7.

2. According to our information accused was remanded on bail "for Tribunal." Further investigations revealed that the case was sent to the Procura del Regno of Santa Maria C. V. and from there all papers were forwarded to the Procura del Regno now on the grounds that the matter was within Rome jurisdiction.

3. Will you please make enquiries as to the progress of this case and the result, if any. At the same time please ask the Procura del Regno the legal grounds for the transfer of the case to Rome.

SUBJECT : Civilian Cases- (GERELLI Brune)

(Attn Lt. BANNO*)

no copy held.

1. Receipt is acknowledged of your letter Ref. No. 23 Prot. of 5 Sep 44 on the above subject.

2. With reference to and in further amplification of my letter reference ACC/4083/1/L of 14 Aug 44 the following information is taken from a letter written by Capt. Rutter commanding 75 Coy C.M.F. (T.C.) reference No. 75/TC/C/1/2 dated 1 Aug 44.

"On 21 July 44, at the Civil Court, CAPUA, GERELLI Brune was charged by this unit with driving a civilian car, Bianchi No. S. 9. 53353 ROMA, which had on it two British W.D. tires, at the junction of routes 6 and 7. The civilian was remanded for Tribunal, and the case has not yet been heard."

3. From this it is presumed that GERELLI's case was in the first instance heard by the Pretora at CAPUA who remanded the case for trial by the Tribunale.

4. Will you please take action :

- (a) To cause a full investigation to be made into the records of the Pretura and of the Tribunale at CAPUA to see if this case has been tried or not, and if tried to discover by what court.
- (b) If the case has not been tried and the 75 Coy C.M.F. (T.C.) are still in the area, to obtain a full statement from them of all the facts of the case.
- (c) In any event if the case has not been tried, to bring all possible pressure to bear on the

competent Italian authority to have this case tried without delay, - hearing such evidence as may be available from 75 Coy C.M.P.

1. On 21 July 44 one GERELLI Bruno appeared before an AMG Court at Capua, the charge being in connection with 2 WD tyres on his car a BIANCHI No. S. 9.53353 ROMA.

2. He was released on 10,000 lire bail and, according to my information, he was "remanded for tribunal" i.e. presumably the case was transferred to the Italian courts.

3. There is a little more than meets the eye in this case, as it appears that the owner of the car is a Lt. TACCIONI Luigi of RR.CC., Tivoli, working under AMG.

4. Will you please make arrangements for the early trial of the case and communicate the result to this Sub-Commission.

2. The Coy Comd has been instructed to hand over the car to the Carabinieri, and to notify this office immediately should a date of trial be nominated.
3. It is requested that the matter might be taken up direct with AAI by you, as the case would appear to be a delicate one to tackle on Regional level.
4. If cases of this nature involving Italian officials are likely to occur with any frequency, it will be very difficult to maintain that close relationship with the AO Rf which has been so strongly urged in the past.

On 21 July 44 at the Civil Court CAPUA, Gerelli Bruno was charged by this unit with driving a civilian car Bianchi No 3.9. 53393 ROMA, which had on it two British WD tyres, at the junction of Routes 6 and 7. The civilian was remanded for Tribunal, and the case has not yet been heard.

On 1st Aug 44 Lt TANCIONI Luigi, apparently the owner of the car in question, and head of the CI RR TIVOLI in company with Gerelli Bruno, who had been released from gaol on 10,000 lire bail, delivered to this Coy HQ the attached letter from AMG Tivoli. He was told by this office that the car would not be released, but that the matter would be referred to higher authority, and your instructions are awaited please.

On the date the case was originally heard in Capua, the Judge, after a conversation with Gerelli Bruno's lawyer, asked that the car be delivered to the Carabinieri and held there until the case be heard by the Tribunal. This was opposed by the Company Commander, and the car was retained, and is held at this Coy HQ.

The whole thing, to say the least, appears extremely fishy, and nothing yet has been heard regarding the date of trial. The Company Commander is rather of the opinion that unless this case be further pressed and also that the car be retained at this HQ, nothing further will be done by the Civil Authorities.

SUBJECT :- Civilian Car Impounded

File Ref.

TO :- Whom it May Concern

This note concerns a Bianchi S-9 No. 53353, Rome, which I understand is held by military police because it was found with two British W.D. tires. It would be helpful to A.M.G. in this area if the car was released, because it is owned by the lieutenant of carabinieri working under me here and is badly needed for transport of carabinieri under A.M.G. direction in this large district. Obviously, the tires should be requisitioned, but I believe the lieutenant did not have guilty knowledge of their character when they were put on the car, and I understand the charge of illegal possession of military property has been satisfied by arrest of one Girelli Bruno, driver of the car.

Bearer of this note is Lieut. Tancioni Luigi, owner of the car in question, and head of the CC=RR in this district.
