SUBJECT: Entry into Venezia Giulia.

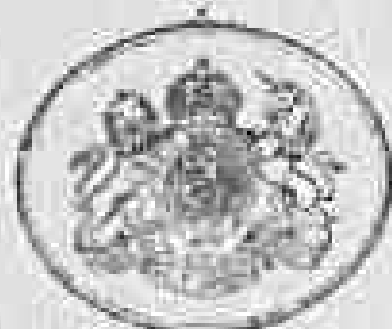

TO: Office of the British Political Adviser,
A.F.H.Q.

1. Reference your letter 19/36/0 dated 4 June 1946.
2. As yet the U.S. POLAD, has not given his Government's approval to the system whereby U.S. Consulates abroad obtain the necessary clearance from the Venezia Giulia Police Force and endorse the passport when it has been obtained.
3. Until such time as this concurrence has been received the Italian Government cannot be informed that this procedure goes into effect and it is therefore not surprising that the Italian Embassy at Ankara have not had any instructions.
4. Any action your office could take in hastening this concurrence, which has been outstanding since February of this year, would be appreciated.

SUBJECT: Entry into Venezia Giulia.

TO: The Ministry of the Interior.

1. Enclosed herewith is a lasciapassare issued Giselda CARMIGNANI by the Questura di Milano, to enter Venezia Giulia.

2. Venezia Giulia is under Allied Military control and the only valid permit to enter that province is issued by the Allied Military Authorities after the Anglo-American Military Headquarters in Trieste have approved the application.

3. It is therefore requested that the necessary instructions be given immediately to cease such issuance of permits and that a report be sent this office as soon as possible as to why the Questura di Milano issued such a permit, particularly with regard to the statement on it "Giusta autorizzazione del Governo Militare Alleato" which is not in fact true.

U.S. Embassy Belgrade.

1. Representations have been made to the Italian Government with a view to facilitating the entry into Italy of UNRRA officials on duty and the following reply has been received:

"The Ministry for Foreign Affairs beg to call the attention of the Allied Commission to their memorandum n. 6/5088/3218 of 13 Dec. 1945, by which a special procedure was proposed (and accepted by the Allied Commission with note GSI. 389-506/18-E dated 18 December 1946) on behalf of certain categories of travellers, among whom UNRRA officials.

The Ministry for Foreign Affairs, while insisting that "pressure cases" be processed as indicated above, could make a further exception and agree to the issue of permits to UNRRA officials without reference, only when the local American or British Embassies are satisfied that the duty to be carried out justifies such immediate action that departure cannot be delayed 7 days, as it would be by following "pressure case" procedure."

2. The "pressure case" procedure was proposed to you in our cable 9457 of 18 December 1945.

SUBJECT : Yugoslav courier service.

(Attention Military Attache).

1. Reference our signal 1642 of 7th March.
2. The Italian Authorities feel that a careful control should be kept on the movements of Yugoslav couriers and have requested us to limit the issue of permits to the minimum number of individuals.
3. It has also been pointed out that, since diplomatic relations have not been resumed between Italy and Yugoslavia the Italian Authorities technically cannot accord diplomatic privileges to couriers who may pass through their controls. It is emphasized that the Italian Authorities have now assumed responsibility for the control of entry into their country.
4. For your information, it is proposed shortly to abolish the Allied Force Permit system and to decline to act further on behalf of the Italian or other authorities regarding control of entry into Italy. Arrangements regarding movement will then have to be made directly between the governments concerned.

Reference to a/m note.

Our Ministry would deem it opportune to issue disposals for the detachment to the local Allied Command of a P.S. Official of the Udine Questura. This Official would be responsible for the screening of cases concerning doubtful nationalities, in order to ensure that persons, not of Italian nationality, do not succeed in obtain authorization to enter into Italian territory after having crossed the "Morgan" Line.

It would be impossible to make the said Official also responsible for the authorizing of entry into the Kingdom of people who declare to be foreign subjects. In fact, these authorizations can be granted only by our Ministry after the screening of files existing by the Central Archives.

Anyway, disposals were issued in order that the said proceedings be taken into consideration, and decisions on regard be taken at the earliest.

We await a kind acknowledgement of receipt.

4. Regarding the military formation to which L.O. will be attached, it is strongly recommended that this be TOLMEZZO Alpine Bn (formerly 517 Italian Guard Bn), since this unit is engaged in controlling Western Frontier of VENEZIA GIULIA, under the supervision of this HQ. The special arrangements made in respect of transport etc for this unit, would obviate the difficulties mentioned at end of para 2 of this letter.

1. In view of the imminent closing of the Travel Control Sections both at AFHQ and Allied Commission it is necessary to devise new means of handling travel control between VENEZIA GIULIA and other Italian provinces.
2. Applications for permission to travel from VENEZIA GIULIA into the other provinces of ITALY are at present received by the VENEZIA GIULIA Police Force and transmitted to the Travel Control Section of G-2. All non-Italian applicants are now referred to the Italian Government.
3. Applications for permission to travel from other provinces of ITALY into VENEZIA GIULIA are transmitted by Allied Commission to the VENEZIA GIULIA Police Force.
4. With respect to applications under para 2 it is proposed that an Italian liaison officer be appointed to TRIESTE. His functions are set out in more detail in the draft letter to the Italian Ministries of Interior and Foreign Affairs which is attached hereto.
5. With respect to applications under para 3 a new procedure was agreed at a meeting held in XIII Corps on 28 Jan dealing with "Movement Control in VENEZIA GIULIA". The attached draft letter deals also with the introduction of this procedure.
6. It will be noted that the Draft deals only with general principles. It is felt that the working out of the details of the new procedures, some aspects of which were discussed at the meeting held on 28 Jan, should be left till these general principles are fully approved.
7. It would be appreciated if you would forward your comments on the attached draft letter which it is proposed to forward to the Italian Government through Allied Commission after concurrence of interested sections at this Headquarters. 1. In order to bring about a more efficient control of movement between VENEZIA GIULIA and other Italian Provinces a revision of present procedure is proposed.

3. He would pay frequent visits to the permit office in TRIESTE for the purpose of examining applications and to submit applications to enter ^{to} ~~enter~~ Anglo-American occupied zone from other Italian Provinces.

He would also pay liaison visits to the Displaced Persons Camps in UDINE and TRIESTE to advise on moves of Italian nationals and represent the Italian Government's views.

SUBJECT : SIMPLON/ORIENT Express.

TO : GSI, XIII Corps
C.M.F.

1. Your views on the questions raised in the underquoted communication from MOV & TM are requested:

2. NCITO have raised the question of extending the SIMPLON/ORIENT Express in order to bring it nearer its former peace-time journey, which was as follows:-

CALAIS - PARIS - VALLORES - LAUSANNE - DOMODOSSOLA - MILAN -
VENICE - TRIESTE - POSTUMIA - LJUBLJANA - ZAGREB - SLAV - BRD -
VINCOVICI - BELGRADE - SOFIA - ISTANBUL.

3. The train now runs three times weekly as far as VENICE. Provisional course channel services at present preclude any extension, but these are being improved and NCITO are very anxious that, with the introduction of the summer time-table in May, the train should be extended through TRIESTE into JUGO-SLAVIA, even though it may still be necessary to stop it at ZAGREB.

4. May we please have your views. We should like to consider the request favourably as international diplomatic and trade travel is increasing and, should, this train be refused, a portion of it at any rate would become a military responsibility to arrange. If it is essential that no passengers alight or join in Zone A, no stop need be scheduled therein, and possibly a guard could be arranged through the Zone.

9 January 1946

SUBJECT : Travel Control Venezia Giulia.

TO : G5 - AFHQ.

1. Attached for your information are copies of reports on travel control in Venezia Giulia which have been received from XIII Corps.

2. A certain confusion has arisen regarding the issue of permits in Italy owing to the resumption of control by the Italian Authorities in the Northern provinces. It is proposed to rectify this situation by issuing instructions to Military formations in the area and through the Italian Ministry of the Interior to Questura. A draft of this instruction is also enclosed.

3. Present circumstances make it imperative that all passes for the area in question should have been approved by Allied Military Authorities and it is therefore felt that alternative (c) under paragraph 5 of appendix "A" should be adapted. It is obviously undesirable that the Italian Authorities should be empowered to issue passes without the approval of the Allied Authorities as this would render us liable to criticism by the Yugoslavs.

It is considered that so long as the Venezia Giulia problem remains unsolved the commitment of controlling movement in this area is of considerable importance.

The most efficient way of organizing the issue of permits would be for application forms to be sent direct to HQ Venezia Giulia Police from Questura and/or Civil Affairs officers in Northern Italy. In the South applications will be received by Questura and passed to Public Safety Sub-Commission Travel Control Division for onward transmission.

Actual permits should be issued only by the permit office of the Venezia Giulia Police Force and should be despatched in approved cases to the agency from which the application was received. Adequate staff to carry out this

1. Your letter AG322/19 GBI-0 of 27 November now received. Request confirmation on following points.

(A) Presume that term "Military Permits" in paragraph 4 does NOT include travel orders referred to in paragraph 3(D). In other words that procedure wef 31 December 45 paragraph 4 does NOT supersede procedure wef 1 December 45 paragraph 3.

(B) Presume under provisions of your letter British ROUMANIA under the auspices of this mission require Italian entry visas.

2. If presumption in paragraph 1 above is correct request nevertheless that exception be made at least in the case of British commercial representatives proceeding to ITALY from this country.

It is surely unfitting that British nationals should be obliged to apply to Italian Legation here for visas.

Italian Legation is without Minister and enjoys NO standing with ACC. Suitable permits could be issued by this mission instead.

7 February 1946

SUBJECT : Travel Control: Entry from VENEZIA GIULIA
into other Italian Provinces.

TO : The Ministry of Foreign Affairs.

INFORMATION: The Ministry of the Interior
OSI(b) XIII Corps.

1. A recent survey of travel control machinery in VENEZIA GIULIA has indicated the need for improvement in certain matters details of which are given below:

(a) There is a regular influx of displaced persons across the "Morgan" line. These people are concentrated at TRIESTE and are eventually moved to UDINE, for dispersal. It is believed that the great majority of these individuals are bona fide Italian nationals but it is felt that a certain number may not have a valid claim to Italian citizenship.

(b) Applications to enter other Italian provinces are granted, without prior reference, to Italians permanently domiciled in the province of VENEZIA GIULIA but there are numerous aliens long resident in the area whose applications are all referred through this office to the Italian Government. These applicants are subjected to long delays through the necessity for carrying out this procedure.

2. It has been suggested that these problems could be materially assisted if a liaison officer or officers from the Italian authorities were posted to UDINE and assigned the task of examining cases in the two categories described above and of indicating approval or disapproval of their entry into the country.

CONFIDENTIAL

3. It would be appreciated if the views of the Italian Government on this question could be made known to this office so that a further study of the proposal can be made.

ALLIED MILITARY GOVERNMENT

PROVINCE OF UDINE

(PUBLIC SAFETY DIVISION)

To: Director Public Safety Sub-Commission
H.Q. Allied Commission, Rome.
Subject: Passes for Venezia Giulia

Ref. No: UDI/PSO/11/E

Date: 5th February, 1946.

1. Renewed attention is drawn to the fact that Would-Be-Travelers to Venezia Giulia from all parts of Italy are making long and arduous journeys to this Province only to be turned back at the Eastern Boundary. They then attend the offices of AMG. and complain bitterly when they are told that we are not in the position to issue passes to them. In many cases appreciable hardship is undoubtedly caused.

2. In some cases Questure are giving them certificates of conduct, etc., addressed either to AMG. Venezia Giulia or this Province, which in itself causes them to believe that they are in order in travelling at any rate to this Province. In one case on Saturday last a civilian produced a printed pass issued by the Questore of Milan and bearing the holder's photograph which authorised the bearer to travel to Trieste. This also, of course, was not accepted at the border control.

3. In the above circumstances it is requested that the Italian Government should be urged to give the widest publicity to the regulations regarding travel to Venezia Giulia and the Prohibited Frontier Zone to the Public, all Travel Agencies and Questori. The latter should also be informed that they should not give these certificates, already referred to, to applicants or themselves prepare forms of passes but obtain such passes in approved cases from the Venezia Giulia Police Force.

ACTIONA. MOVEMENT CONTROL ON ITALO-AUSTRIAN FRONTIER

1. Lt-Col WIGHAM said that at present the frontier was closed to all civilian traffic and open to military traffic holding permits to cross. The TOLMEZZO Road was impassable, leaving only the TARVISIO Road for passage of vehicles across the frontier within 13 Corps area.
2. Maj STICKS pointed out that individuals could cross the frontier at will. Capt STENTON said that approximately 12 arrests weekly were being made for illegal entry to AUSTRIA from ITALY.
3. Lt-Col WIGHAM said that 13 Corps wanted to abolish the 25 Km zone because:
 - (a) owing to man-power shortage it could only be enforced in 68 US Div area.
 - (i) because of 3 (a) the zone serves no useful purpose.
4. Capt STENTON said that ASA were considering handing over control of this zone to civil police, and that even now there was no 10 Km limit on civilian movement within the AUSTRIAN zone. Only civilians entering the zone needed permits.
5. Lt-Col WIGHAM said that the 10 Km ^{zone} limit for residents in the 13 Corps zone would be abolished but that no additional permits would be issued to them. ACTION

7. Lt Col HOWARD drew attention to the necessity for a revised plan to cover the arrival of fine weather when a variety of minor routes would be open.

B. CONTROL OF WESTERN BOUNDARY OF VENEZIA GIULIA

8. Lt-Col WHIGHAM said that at present there were block posts manned by 5th Lt Gd Bn, supervised by JSS. For civilians to cross the boundary an AMG permit was necessary. Inside VENEZIA GIULIA this could be obtained from AMG or V.G. Police, and outside VENEZIA GIULIA from AMS UDRG provinces or ALCCM. At present at least 1300 permits were being issued daily by the V.G. Police alone. Since it was obviously impossible for JS to vet all applicants, other than by checking against Black Lists or spotting obviously false reasons for entering VENEZIA GIULIA, present policy was to allow all other applications. V.G. Police felt that such control was purely nominal and would like it removed to save man-power. This could not be done because of:-

- (a) Appendix "H" to the DUEMO agreement.
- (b) Security reasons.

9. Lt-Col WHIGHAM said that the grounds on which entry permits were issued could be considerably restricted.

Major SIMMONDS suggested the introduction of Categories into which applications must fall or be refused. Lt-Col WHIGHAM agreed and said a list should be compiled by OSI(b) and passed to AMG for approval.

10. Lt-Col FURNESS said that both Zone 'A' and Zone 'B' were disputed territory; therefore our control of Western Boundary of Zone 'A' and Yugoslav control of Eastern Boundary of Zone 'B' should be similar. We must enforce our control according to the terms of the DUEMO agreement, whether the Yugoslavs enforced theirs or not.

Major SIMMONDS suggested the introduction of Categories into which applications must fall or be refused. Lt-Col WHIGHAM agreed and said a list should be compiled by GSI(b) and passed to AUG for approval.

10. Lt-Col FERGUSON said that both Zone 'A' and Zone 'B' were disputed territory; therefore our control of Western Boundary of Zone 'A' and Yugoslav control of Eastern Boundary of Zone 'B' should be similar. We must enforce our control according to the terms of the JULKO agreement, whether the Yugoslavs enforced theirs or not.

11. After discussion as to whether the issue of entry permits to people residing in ITALY should remain centralised at offices in VENETIAN COUNCIL or should be decentralised to FS and other Military offices in ITALY proper, it was decided that the former was most desirable, and the following procedure was agreed:-

- (a) All applications to be made initially to local Quarters.
- (b) Quarters to submit these to local FS for checking against black lists.
- (c) If approved by FS, applications to be forwarded by Quarters to Security Officer V.G. Police, who would send the permits by post. Time lag unavoidable.

Major SIMMONDS stated that AUSA would ask Italian Government to circulate this procedure and the list of categories acceptable to 13 Corps (see para 9) to all Quarters in ITALY. FS outside the 13 Corps area would receive the same information.

ACTION

12. It was agreed to inform ALCON that permits for entry into Anglo-American occupied VENEZIA GIULIA signed by British and American Consuls in countries other than ITALY, after reference to 13 Corps, would be accepted.

547 It is to be noted that they should let such persons through but report the fact to PS.

13. GSI(b) would elicit Capt BOLT's staff two PS VCO's for permanent duty.

C. CONTROL OF MOVEMENT ON MORGAN LINE W.S.F. 15 FEB 46.

14. Lt-Col WHIGHAM said that it was unlikely that all civilians resident in Zone 'B' would have received identity cards by Feb 15. The Yugoslav authorities had been repeatedly informed, however, of Anglo-American intention to initiate control from that date and control would therefore be brought into effect. All Zone 'A' cards had not been issued.

15. All civilians holding V.G. "resident" cards, of either Allied or Yugoslav origin, could cross the MORGAN Line in either direction.

16. Persons holding Italian/Jugoslav non-resident cards in either Zone 'A' or Zone 'B' require, under terms of the DUTHO agreement, an additional Yugoslav/Anglo-American permit to cross the MORGAN Line.

Such non-residents, on entering Zone 'A' will require an ANG permit, and on entering Zone 'B' will require a Yugoslav permit. It was agreed that the Yugoslav Military Mission with 13 Corps should be the channel for acquisition of both types of permit, and that they would be so informed by HQ 13 Corps.

These permits should not be stamped on Identity Cards but issued separately.

17. Additional types of document recognized as permitting movement across the MORGAN Line are Allied Force Permits issued by the BELGIAN Embassy or by the 13 Corps Permit Office which

informed, however, of Anglo-American intention to initiate control from that date and control would therefore be brought into effect. All Zone 'A' cards ad now been issued.

15. All civilians holding V.C. "resident" cards, of either Allied or Yugoslav origin, could cross the MORGAN Line in either direction.

16. Persons holding Italian/Jugoslav non-resident cards in either Zone 'A' or Zone 'B' require, under terms of the DINFO agreement, an additional Yugoslav/Anglo-American permit to cross the MORGAN Line.

Such non-residents, on entering Zone 'A' will require an A/C permit, and on entering Zone 'B' will require a Yugoslav permit. It was agreed that the Yugoslav Military Mission with 13 Corps should be the channel for acquisition of both types of permit, and that they would be so informed by HQ 13 Corps.

These permits should not be stamped on Identity Cards but issued separately.

17. Additional types of document recognised as permitting movement across the MORGAN Line are Allied Force Permits issued by the BELGRADE Embassy or by the 13 Corps Permit Office which it was hoped to establish shortly in LUBJANA, with E/T communication to 13 Corps.

18. A glossary of specimens of all types of identity cards and permits valid for movement across the MORGAN Line would be distributed down to sub-unit level by 13 Corps HQ.

D. CONTROL OF MOVEMENT OF MOTOR VEHICLES ACROSS MORGAN LINE.

19. Capt BOLT said that all Zone 'A' vehicles have V.C. licences and circulation permit, whereas Zone 'B' vehicles merely have a Yugoslav number plate. However, the Jugoslavs have now begun the issue of vehicles licences and circulation permits.

20. Lt-Col WICHAM said that since Italians entering VENEZIA GIULIA from the East must have their permits endorsed with authority to use a specified car in Zone 'A', civilians crossing the MORGAN line from the East should also have permits both for themselves and their cars.

21. All cars circulating in VENEZIA GIULIA must therefore carry either:-

- (a) Zone 'A' permit.
- (b) Zone 'B' permit.
- (c) Special permit.

The Jugoslav Military Mission would be informed of this.

Specimens of all those to be distributed as in para 10.

22. Capt BOLT said that the Jugoslavs expected to have their Zone 'B' vehicle licences ready by 1 Feb 46.

23. Lt-Col WICHAM said that the 13 Corps Permit Office, LJUBLJANA, (see para 17) would be instructed to endorse each permit with the number of the vehicle, and asked Maj BUCHANAN to arrange to have the BELGRADE Embassy notified for similar action as regards the AFHQ permits issued there.

3. CONTROL OF CIVILIAN MOVEMENT TO OTHER COUNTRIES.

24. Major SYMONDS said that a resident of VENEZIA GIULIA wishing to travel to another country must first obtain a permit to proceed to Italy where he should apply to the Consul of the country concerned.

25. Lt-Col WICHAM said that in cases where it was not desirable for him to give an individual of other than Italian nationality permission to proceed to ITALY, AFHQ should be asked to obtain approval of Italian Government who should then hand return trip permit to VENEZIA GIULIA Police, covering

22. Capt BOLT said that the Jugoslavians expected to have their 2000 '21' vehicle licensed ready by 1 Feb 46.

23. Lt-Col WHIGHAM said that the 13 Corps Permit Office, Ljubljana, (see para 17) would be instructed to endorse each permit with the number of the vehicle, and asked Maj SIMONIC to arrange to have the BELGRADE Embassy notified for similar action as regards the AMQ permits issued there.

2. CONTROL OF CIVILIAN MOVEMENT TO OTHER COUNTRIES.

24. Major SIMONIC said that a resident of VENEZIA GIULIA wishing to travel to another country must first obtain a permit to proceed to ITALY where he should apply to the Consul of the country concerned.

25. Lt-Col WHIGHAM said that in cases where it was not desirable for AMQ to give an individual of other than Italian nationality permission to proceed to ITALY, AMQ should be asked to obtain approval of Italian Government who should then send return trip permit to VENEZIA GIULIA Police, governing applicant's journey in transit through ITALY.

26. Capt BOLT said this was done already but the Italian Government had invariably failed to reply. Maj SIMONIC was asked to take this matter up with AMQ. In return the VENEZIA GIULIA Police would signal to AMQ for the Italian Government permit.

Maj SIMONIC.

27. It was decided that in the case of residents of VENEZIA GIULIA travelling to AUSTRIA via AMQ territory, the necessary permit could be arranged by direct liaison between The Permit Office VENEZIA GIULIA and the VIENNA Permit Office. The necessary Allied Forces permits would be given up from AMQ.

28. Capt STENNIS asked if it was in order for a person to pass through VENEZIA GIULIA on his way from AUSTRIA to ITALY. Lt-Col WHIGHAM replied that the permit must be endorsed accordingly.

F. CIVILIANS IN TRANSIT THROUGH VENEZIA GIULIA

29. Lt-Col WHIGHAM said that diplomatic relations between ITALY and JUGOSLAVIA did NOT exist, and that Jugoslavia would not admit Italians to JUGOSLAVIA, but that Jugoslavs could obtain Allied Forces Permit from BELGRADE Embassy to enter ITALY.

Thereafter an Italian application to enter VENEZIA GIULIA and/or to cross the KORSAN Line "in order to visit JUGOSLAVIA" was inadmissible unless applicant had a Yugoslav visa on his passport. Similarly any non-Italian nationals applying to cross KORSAN Line from East "to visit ITALY" must be able to produce Allied Forces Permit.

This would be taken into consideration for the compilation of the list of valid categories for entry into VENEZIA GIULIA.

30. 13 Corps Permit Officer, LJUBLJANA, would have to submit any application by a Yugoslav wishing to pass through VENEZIA GIULIA to ITALY, to 13 Corps for onward routing to ALCOCK. If the Italian Government approved, it would then be ordered for passage through VENEZIA GIULIA.

1. Passengers are arriving in Italy in transit from Greece by air without being in possession of Italian visas or Allied Force permits.

2. An example is Ju 52 No. 54 of Escadrille 1/56 Vaucluse, of Le Bourget, which arrived at Ciampino January 3, 1946 in transit to France.

3. These planes more often than not stay overnight and even in some cases during periods of inclement weather 3/5 days.

4. It is therefore essential that all passengers are properly documented or they are liable to numerous inconveniences when explaining their presence in this country.

5. It would be appreciated if the Greek Authorities could be approached with a view to carrying out more strict control in enforcing the visa, passport and military permit regulations.

Telegram from Resmed to the
Foreign Office No. 2139 of
25th December 1945, repeated
to Belgrade No. 729.

Allied Force Headquarters regret that they do not feel able to permit Yugoslavs to enter Italy without security screening. They have, however, put up an alternative proposal which I hope will meet your requirements.

2. They are asking the Military Attache to H.M. Embassy at Belgrade to obtain from UNRRA the names of all their staff (except British and American nationals) who are likely to have come to Italy on duty. If A.F.H.Q. and the Italian Government have no serious security objection to the applicant, a permit, valid for a period of three months, will be issued to each person. This will enable him to come to Italy without further formality and as many times as he wishes during the period.

3. A.F.H.Q. have agreed that until this system comes into force the Military Attache in Belgrade may issue permits without reference in emergency cases provided he advises them of the names by telegraph immediately after issue so that A.F.H.Q. could cancel the permit if there was a strong security objection to the proposed journey.

SUBJECT : Entry Venezia Giulia from countries

TO : Venezia Giulia Police Force
XIII Corps C.M.F.

1. The Italian Consular system is now in operation from those countries with whom diplomatic relations have been re-established and as a result the question of the issuance of permits overseas for entry Venezia Giulia province has arisen.

2. The British Foreign Office was the first to raise this point and it has been agreed that while the Visa Department of the Italian Embassy in London shall give visas for entry into Italy proper, permits for entry Venezia Giulia shall be issued by the Military Permit Officer after reference to A.P.H.Q. Similar arrangements are being made in other countries.

3. Your views are requested as to what form the permit should take. The present arrangement with the MPO London is that he shall issue an Allied Force Permit endorsed "Valid for Venezia Giulia". It is thought, however, that in view of the large number of countries involved some form of Consular endorsement by the British or US Passport Control Officers might be more suitable.

4. Under present regulations all applications for entry Venezia Giulia must be referred to XIII Corps. It is thought that the time has come for permits or Consular endorsements to be issued to certain categories without prior reference, viz.:

- (a) Diplomats and Consular officials of the United Nations.
- (b) British or American business men officially sponsored Board of Trade, State Department or other Governmental Department,
- (c) British or American employees of UNRRA.

AFHQ
Attention Major McPherson

1. Reference your letter, reference 19/38/0 dated 23 December 1945 and telephone conversation Maj. McPherson/Capt. Cox of 30th ult. It is confirmed that entry into the Venezia Giulia province is by Military Permit only and that the action of Italian representatives is limited to granting a visa for Italy proper.

2. When Major Simmonds was in London early in November he discussed the question of Military Permits for Venezia Giulia with the Military Permit Officer who agreed to continue the issuance of Allied Force Permits for that province.

3. For countries other than Great Britain it is suggested that the authority for entry Venezia Giulia should take the form of a British or U.S. Consular endorsement or visa which would be given only after the applicant had been cleared through AFHQ. If the Foreign Office agree to this proposal the Italian Ministry of Foreign Affairs can be requested to instruct their representatives in the various countries to refer all applicants for entry Venezia Giulia to the nearest American or British consular representative.

4. Referring to your mention of the Bolzano and Trento area. When Major Simmonds was in London the Foreign Office raised the question that it might possibly be necessary to establish ^{control of} access to that area (presumably because of certain Austrian claims). This matter has not been raised since but the qualification was included in the agreement with the Italian Government as a safeguard. In fact, however, the only controls are on the provincial border line of Venezia Giulia.

5. It is thought that the Italian Embassy in London must have misunderstood their instructions which were sent from Rome on 26 November 1945. The Ministry of Foreign Affairs have now telegraphed explanatory instructions to their London Embassy.

OFFICE OF THE RESIDENT MINISTER
CENTRAL MEDITERRANEAN,

19/38/G

A.F.N.W.

URGENT.

28th December, 1945

To: G-2 (CI) Travel Control
From: Resident Minister's Office
Subject: Travel to Venezia Giulia

The Foreign Office have informed us that the Counsellor of the Yugoslav Embassy in London recently enquired whether the Italian Government was authorised to grant visas in respect of Trieste and, if so, by what authority this decision had been taken. He was informed that admission into Venezia Giulia was by Allied Military Permit only, but that it had been suggested to Allied Force Headquarters, purely as a matter of convenience, that when issuing a visa to an applicant wishing to travel to Venezia Giulia, Italian representatives abroad should endorse the visa with reference to the number of the Allied Military Permit. Even if this suggestion were adopted (regarding which we have as yet had no information) there would, in our view, be no derogation whatever from the principle that authority in respect of Venezia Giulia is exercised by Allied military authority and not by the Italian Government.

On reconsideration, I think it would be preferable for all applications for Allied military permits for Venezia Giulia to be handled by the United States and British Missions in the countries concerned. In the case of the U.K., the Military Permit Office would be the appropriate channel. Action by the Italian representative would then, as now, be limited to granting a visa for Italy and warning applicants that military permits for entry

into .../

3108

Into Venezia Giulia were required.

We have been asked by the Foreign Office to find out whether you agree with this suggestion. In the meantime, the Military Permit Office will deal with applications for permits for Venezia Giulia, referring them all to A.F.M.A.

The Italian Embassy state that according to their instructions, Allied military permits should also be obtained for admission to Tridentino (Bozano and Trento). We are asked by the Foreign Office to confirm that this is the case and to state whether such permits are necessary for usine.

The Italian Embassy have not yet received authority to grant visas without prior reference to persons in the agreed categories. They are aware that this authority will be granted to certain Italian Missions, but they do not yet know which. They have asked us when this authority will be granted, but I assume that it is being held up pending receipt of your reply to our query concerning certain countries. If you confirm that this is the case, I will remind them that this authority is dependent upon their reply to our telegram.

As the Foreign Office have asked us for an urgent reply, I should be most grateful if you could let us have the answer at your earliest convenience.

1. If suggested procedure is to apply to official personnel who are sponsored by Allied Governments or Embassies and UNRRA, and who are only in transit through ITALY it would involve definite slowing up as compared with present procedure which will allow us to issue such permits without reference.

Travel Control - Entry Italy from Albania.

4. G-2 US POLAD 29 Dec
Br. REMIX 45

1. The security aspects of the visa controls system have been carefully considered by this Section.

2. It is our opinion that the risks in allowing the Italian Government to operate their own controls are always present. However, to strengthen the position of the government in foreign affairs it was decided that a return to the normal passport and visa system was necessary.

3. Such a return is in the process of being implemented in all countries with which the Italians have diplomatic relations.

4. This Headquarters, in order to prevent abuse of the privileges, retains the right of overriding any action of the Italians. It is believed that sufficient safeguards thus exist to prevent or detect any major security hazards.

5. Therefore this Section is prepared to assume the risk of allowing the Italian diplomatic representative in Albania, the same rights allowed Italian representatives in other countries with respect to passport and visa issuing functions.

6. The request for your views was based on the difficulties we had with the Foreign Office when attempting to turn this whole matter of travel control back to the Italian Government.

In view of the urgency of the cases the Permit officer should be informed of the negative decision within 7 days from the date of his cable to A.P.H.Q. (see sub a)).

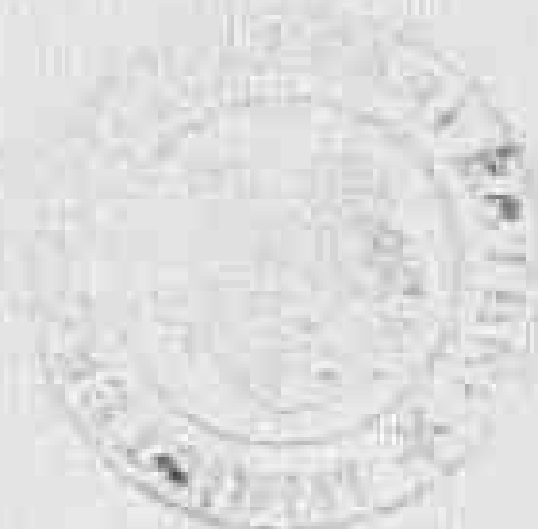

It is thus understood that the Permit officer in Yugoslavia, Albania, Greece, Austria and Germany will exceptionally issue A.P. permits to the a/m applicants in "pressure cases". If no answer has been received by him from Rome within 7 days from the date of his cable.

3. As regards Albania, the Ministry for Foreign Affairs agrees to para 3 of note under reference.

4. The Ministry for Foreign Affairs, while stressing the necessity that such procedure be restricted to essentially urgent cases, suggest that Allied representatives concerned indicate the formula "pressure case" in their message to A.P.H.Q.

5. A note of assurance on the subject will be greatly appreciated. **A**

Addressed to Geneva telegram No. 173 of February 1st, repeated to Belgrade and Washington.

CONFIDENTIAL.

Belgrade telegram No. 25.

We are concerned to learn that so much delay has taken place in the settlement of this important question. Would it not be sufficient if UNRRA gave a general direction to its employees to avoid making purchases in Venezia Giulia (and in Italy if this is considered necessary) and to engage in no activities unconnected with transit to Yugoslavia and movement of UNRRA supplies? Breach of these instructions could then be punished by cancellation of permit.

We think it preferable also that UNRRA should be asked for a list of all part-time full-time employees including those of British and American nationality so as to avoid an invidious distinction which might be thought to be aimed at the Russians and others as well as the Yugoslavs. Permits could then be issued to British and Slovaks as a matter of course and to others after necessary security screening but no public distinction need be made. We hope the question of entry into Italy will be decided on similar lines as early as possible. Please take the matter up with Allied Force Headquarters and emphasize the importance we attach to facilitating reasonable movement of UNRRA employees without causing avoidable friction amongst those of different nationalities.

1. The agreement of the Italian Ministry of Foreign Affairs is requested to the issue of Allied Force Permits to foreign born wives of British Service personnel who are being evacuated to England from Greece or North Africa via Italy.

2. It is pointed out that these ladies will have been thoroughly security checked, will be in possession of British Passports or Consular certificates and will be cared for by the Allied authorities in Italy who will arrange their onward passage.

3. This traffic will not be large as it is merely intended to take advantage of empty spaces on service aircraft coming from Greece and Africa to Italy.
