Dear Admiral Stone,

May I intrude upon your attention in connection with a matter over which this Ministry is particularly concerned.

As you are aware, Italy is represented at present in Vienna by the Counsellor of Legation Mr.Maurilio Coppini. I understand that he is to undergo very soon a serious operation. Mrs. Magda Coppini, wife of Mr.Coppini, wishes, under the circumstances, to be near her husband in Vienna and, to this effect, has filed through the Ministry for Foreign Affairs an application to the Allied Commission, which unfortunately has been rejected on grounds that I ignore.

I should therefore be most grateful if you would deem it possible to approach the competent Allied Authorities in Vienna in order to have the case of Mrs.Coppini re-examined in a more favourable spirit, possibly authorizing her journey to Vienna.

Assuring you that I would appreciate very much any personal attention that you could give to this matter, believe me, dear Admiral Stone,

Very sincerely yours

The undersigned, historian of art, residing in Rome since 1932, begs to grant his wife, of Austrian nationality before marriage, now residing at Salzburg, entrance into Italian territory.
The widding took place in 1943. Since that year I lived together with her not longer than 3 weeks; the separation was caused by the war.

I am professor of the Rome University (Institute for the study of Germanic languages), collaborator of the Vatican Encyclopedia, author of scientific works on italian art, the last of which was published in 1945 by Furio publishing house Chiantore. A complex hand book of tecniques and history of drawing is being written just now on special request of the above-said publisher.
For this purpose I have been supplied with all necessary documents by Allied and Italian authorities I am living in the College S.Maria dell'Anima, Via della Pace 20, Rome.
My wife, Adelgunde Degenhart, maiden-name Krippel, was born in Vienna, and is now living at Salzburg, c/o Wiesbauer, Buckelreutgasse 3. She, too, studied art and history of art, being therefore able to give precious assistance to my works.

Ci riferiamo alla V/ precedente corrispondenza, e dopo aver attentamente studiato la possibilità d'introdurre negli articoli da Voi fabbricati sul mercato Italiano, siamo venuti nella conclusione che se vogliamo giungere ad un risultato pratico è indispensabile ricevere in Roma la visita di un V/ tecnico.

Dall'esame dei prezzi del mercato italiano, prezzi che sono diminuiti di circa il 50% in questi ultimi 5 mesi; ci siamo infatti convinti che nel comune interesse, e per rendere possibili le vendite sarà indispensabile ricevere da Voi tutte le parti di maggior lavorazione e quelle che rappresentano una specializzazione e lasciare a noi la costruzione nella nostra officina dei supporti, delle basi pesanti e dei lavori in lamiera che mentre incidono fortemente nel costo, agli effetti dei trasporti e delle spese di dogana, non rappresentano parti che richiedono speciali attenzioni nella loro costruzione.

Per quanto sopra dobbiamo pensare quindi necessario che il V/ tecnico portasse con se oltre ai disegni di quelle di tutti gli apparecchi da Voi fabbricati, anche i disegni dei particolari con segnati i relativi prezzi per parti staccate onde si possa insieme stabilire quelle da ricevere da Voi e quelle da costruire nelle V/ officine.

Voi Vi preghiamo se è possibile, d'inviarci per la nostra a punto di quanto sopra, il V/ Direttore Sig. Gabriele da Torino che già conosciamo e che, essendo adatto delle n/ installazioni, può orientarsi più facilmente.

TO : Ministry of Foreign Affairs.

1. Reference your letter 6/329/112 dated 26 January 1946 to the Commerce Foreign Trade Sub-Commission requesting that a cable be dispatched to your Delegation in Vienna informing them the Italian Ministry of Interior authorises the a/n's entry.

2. Your attention is drawn to the fact that entry into Italy from Austria is still by military permit only and unless such applications are referred to the Intelligence Organisation Allied Commission for Austria, through this office, the applicants may inevitably be held up at our Frontiers Posts and Airport pending enquiries.

3. In this case the Ministry of the Interior requested this office in their letter AGR/443/40268 dated 12 January 1946, that the necessary permits be given the two Lanes. In our reply the Ministry of the Interior was informed that they would be issued the permits on application providing the authorities in Austria to whom a copy of their letter was sent, agreed to this travel.

4. However in this respect a further letter has been received from the Ministry of Interior, reference AGR/443/40268 dated 7 February, requesting that the authority for re-entry into Italy of the Lane sisters be cancelled and that Margarette and Gustav HEDEGSEN be substituted.

MEMORANDUM FOR THE ALLIED COMMISSION

Subject: Count Hano WELSECK - Entry into Italy from Austria.

1. The Government of Chile has wired to their Embassy in Rome to sponsor the entry into Italy from Tarvisio of Count Hano WELSECK, the husband of the Chilean national Luisa Balmaceda Fontecilla.

2. Count Welseck would be the guest in Rome of Prince Clemente Aldobrandini, via Po,9.

3. Tarvisio is located westward of the Morgan line and no Allied or Italian authorization would consequently be needed for his intended trip to Rome.

4. It has however been ascertained that Count Welseck is the owner of a castle located a few miles from Tarvisio but in Austrian territory. Should he, as probable, be living there at present, he would, of course, need an Allied Forces Permit to enter Italy and the Chilean Embassy is being advised accordingly.

5. The entry into Italy of Count Welseck is approved by the Italian Government and the Ministry for Foreign Affairs should be grateful

1. The application for travel to ITALY of the Hungarian plant breeding specialist,

Dr. OLAH Ladislaus,

his mother, and his two assistants, was referred to you about 3 months ago. The date and reference of your reply cannot be traced, but the gist of it is as follows:

"No agricultural plant breeding is conducted at the International Institute of Agriculture, ROME, and Dr. OLAH and party are unknown to Mr. MOSCOWITZ Hungarian member of the International Institute of Agriculture in ROME".

2. The following further information has now been received from F.S.

Dr. OLAH is professor of the Palatin Josef University in BUDAPEST, a title which he received from Admiral HORTY. He worked in this university until Dec 44, when he was transferred to HALLE in Germany. Owing to bombing attacks he left there shortly afterwards and went to GASTEIN. He arrived at LIENZ on 21 May 45 and has stayed there ever since.

Dr. OLAH states that he wishes to take his staff and apparatus to ROME in order to obtain help for the continuation of his work. He does not wish to set his laboratory up in ROME particularly; he merely wishes to work in Italy on account of the climate. He wishes to seek advice in ROME as to whereabouts in Italy he can work.

Dr. OLAH knows or has known the following personalities of his faculty in Italy: Professor CARESTIANI and Francis COTIDORO, but the latter is now dead.

MEMORANDUM FOR THE ALLIED COMMISSION

Subject: Zaruba Agostino - Repatriation from Austria.

1. Agostino ZARUBA, an official of this Ministry formerly stationed in Vienna and at present a refugee in Igls, near Innsbruck (Austria), should proceed to Rome as soon as possible, taking with him the accounts and other documents of the Italian Consulate General of Vienna, which were entrusted to him for safekeeping when said Consulate General closed.

2. The entry into Italy of Signor Zaruba is approved by the Italian Government, which is however devoid of means to communicate with him.

3. The Ministry for Foreign Affairs should consequently be grateful to the Allied Commission if they would kindly request the competent Authorities to notify Signor Zaruba that he is to proceed to Rome at the earliest possible opportunity. To that purpose he will have to apply for the necessary Allied Forces Forces Permit and it would be appreciated if an early issuance of same could be recommended by the Allied Commission.

The question of their nationality is basicly a matter for the Italian Government to decide. If subjects claim Italian nationality and the Italian Government accept the , then they become Italians.

2. Politically the entry of both categories is a matter for the Italian Government to decide and I feel that any decision made here should be on purely security grounds, but there is insufficient information on which to reject them at the moment.

3. I feel that this is a case where subjects should make an application for an Italian visa in the normal way and our security control over their entry can then be exercised through the Security Bureau which Major Simmonds is setting up in Rome.

Major.
