D. Specific Questions to be Asked.

(1) With which members of your family do you wish to be reunited, and where do you think you can settle permanently?

Wishes to go to his wife who is ill at the camp in Austria, and afterwards that all his family should emigrate to a South American state.

(2) What reasons have you for thinking this is a practical possibility? Answer fully, with details of any relations, friends or societies who you know are willing and able to help. What documents are held?

He is the type of skilled agriculturist who is likely to be required in South America.

Says all relative documents are with family in Austria. None of value with him.

(3) How do you propose to earn your living? What qualifications have you got? In what languages are you really fluent?

Agricultural mechanical work - fully skilled.

Speaks Latvian, Russian, Polish.

E. Where a refugee does not wish to return to his country of nationality he should be encouraged to give his reasons and offer views as to any possible change in his opinion. The registrar is requested to sum this up here and make any useful suggestions as to disposal.

If he received Latvian citizenship as he states and left that country in May 1940 and did not return, he can be considered a "stateless Balt". His visit to his wife in Austria on extreme compassionate grounds is recommended.

His wish to resettle in South America must wait till he can rejoin his family, whose transfer to Italy would be difficult and cannot be considered a practical proposition under present conditions.

8. Present address MILAN (Italy), CORSO PORTA NUOVA, 10.

9. Reason for journey (full details *must* be given and *evidence* in support of statements should be produced) To contact Allied Commission Vienna, Economic Division, and Austrian Government, behalf of "CISCA=Compagnia Italiana per gli Scambi con l'Austria", in connection with compensation transaction approved by Allied Commission Vienna, March 4th 1946 (N.15008), by the Italian Government, Febr.27th 1946 (N.62301/834 Comm.Est.), and by the Austrian Government, Febr.25th 1946. According to this transaction, Italy has delivered seeds for the value of Lire 155.000.000,- Austria was supposed to deliver, in payment, 18.300,- m³ of timber within April 27th 1946, equal to about 600 wahhons. So far, only about 10 waggons have passed the frontier and the Italian Government requires a punctual delivery. In order to surmount pending difficulties, my journey is of vital importance.
