SUBJECT: RATTO, Giovanni Mario

TO : Ministero dell'Interno, Roma
Direzione Generale della P.S.
(Through Hq Allied Commission
Public Safety Sub-Commission
Travel Control Section).

Reference your letter 441/07961 dated 24 June 1946 to
Allied Commission.

The following information has been received from Eritrea
concerning the above named. It is regretted that details are not
available as to the present whereabouts of the various witnesses
mentioned in the report.

1. A report dated 1 Oct 44 states as follows:

"An associate of RATTO, Amadea Fioravante BENEDETTO, who
was known to have been at the scene of the murder, said that
LATILLA was killed by RATTO and SIGILLO. They fired at LATILLA
over the top of a Balilla car. The crime had been planned in the
house of Tullio PASSI, and there were present RATTO, FANTAPIE,
SIGILLO, Dr. FERRO, BERSANI and others whose names escaped him.

It was so arranged that whereas RATTO and SIGILLO would
actually have killed LATILLA, the organization would bring before
the police FILLIPONI as the substitute killer with the job of
clearing RATTO and SIGILLO should they be arrested. This is in
fact what happened.

At the moment they were taken into arrest FILLIPONI came
forward, was arrested, and RATTO and SIGILLO were let free.

At the same time it was agreed in Keren at PASSI's house
that once FILLIPONI was arrested they would facilitate his escape
in agreement with FORMICA and BRANCATO, prison officials, and
therefore while Brig BRANCATO was taking FILLIPONI to the Tribunal
for the last hearing, they fled together and went under the

protection of the RATTO-ALOISI group.

In December 1942 certain rumours went around that the Liberals of Asmara wished the LATILLA case reviewed. Fearing that FILLIPONI would be recaptured and might tell the truth, it was decided to have him taken into Ethiopia with the idea of killing him. In the same month of December SIGILLO made a journey into Ethiopia accompanying FILLIPONI, who seems to have been killed in the vicinity of MACALLE, and SIGILLO came back on his own to Asmara about a month afterwards via DEIBOUTI.

This account was told by BENEDETTO in the presence of Dr. CESARO, Dr. VALLESE, ROSSI Ferdinando, FERRARI Luigi and LA PACE Paolo.

2. A former Lieutenant of the P.A.I., Angelo MICHELUCCI, once a fervent Fascist, when under interrogation by Lieut. Ward on the 13 Oct 1944, stated that he thought RATTO was responsible for the death of LATILLA. In fact investigations made by MICHELUCCI led to the arrest of RATTO and SIGILLO. However on instructions received from Capt. KNICH and Major SKITON, the Police, both British and Italian, were told not to take further action in this case. It has been noted that MICHELUCCI's animosity with RATTO was personal.

3. A statement, conflicting with the above accounts, was made on the 13 June 1944, by Settimo BONAVIRI, a noted anti-Fascist. He said that Francesco TALLARICO was driving the car when FILLIPONI killed LATILLA. He was taken to DECAMERE by CARNEVALE who put him under the care of the BASSO brothers in SWKAFE. At the time of the murder, RATTO, BENEDETTO and SIGILLO were waiting on the one side of the fork in the road while a certain LAFAGE and others were waiting on the other side. This was confirmed during the journey on the train by TALLARICO himself. (Note: BONAVIRI was brought back from Erba after having lived in the same compound as RATTO and after having made the journey to Erba in the same compartment). He also states that someone killed FILLIPONI and received 75 for it. This person is now in Italy.

4. Arcangelo SIGILLO, under interrogation stated that "the day after the murder (22 Sept 1942) he had visited FILLIPONI and had asked him how he had killed LATILLA. FILLIPONI replied that he had shadowed LATILLA for two days, and then when he saw that he always came home at the same time in the evening, he had decided to commit the murder.

In the evening, a little before LATILLA was due to get home, he broke with a stone the lamp near the ECCE building and then came back and hid under the kiosk. He waited there a bit and, when he saw it was time for LATILLA to come past, he loaded a pistol. A little later he heard a car, looked, saw it

SECRET

SECRET

-3-

was LATILLA's and took advantage of the car having to slow down and change gear. When this happened FILLIPONI jumped on the running board, grabbed hold of the car with his left hand, said "AVV LATILLA this is the only way of getting even with you", and fired. He then went home.

A day or so afterwards RATTO and SIGILLO betrayed FILLIPONI to Capt REICH and other officers. They told him that they would get him safely away from Asmara. As they were leaving, the car was stopped at a level crossing, as had been arranged between RATTO, SIGILLO, and Capt REICH, and FILLIPONI was arrested.

According to SIGILLO, FILLIPONI at first accused RATTO and SIGILLO, but later withdrew his accusation. As stated previously he escaped and was presumably murdered.

In the opinion of one interrogator, either FILLIPONI was definitely unbalanced mentally, for no-one would behave in the extraordinary way described by SIGILLO, of first stating his intention of committing, and then later confessing to a murder of which he was not guilty, or else SIGILLO was lying in his statement, which seems far more probable.

5. In view of the confused statements of evidence, and of the difficulty of tracing witnesses, it is the opinion of this Headquarters, that this case should be considered closed. Before RATTO's repatriation to Italy, it was stated by the authorities in ERITREA that they were opposed to his return to that country. It is suggested that RATTO be released on parole pending confirmation from the authorities in ERITREA that they wish to take no further action against him. We have written to request that confirmation.

SUBJECT: Travel Authorization

TO : G-2, AFHQ, Representative to AC

1. The Chief Commissioner has received through the Lieutenant General of the Realm an urgent request from Her Majesty the Queen of Italy for permission to send back to Frankfurt, Germany, Prince Enrico von Hesse (minor aged 18) who has been undergoing special surgical and medical treatment since his arrival in Italy on April 1st. This treatment has now been completed and it is desired that the Prince be returned to what remains of his family in Germany.

2. Prince Enrico is the son of the late Princess Mafalda who lost her life in a German concentration camp. Due to the present crisis which hangs over the Italian royal family, the authorities believe that the Prince should be moved back to Germany on/or about 14 May. To reduce to an absolute minimum the political hazards that threaten the members of the Royal Family, the Chief Commissioner desires that his Staff Officer, Lt Col L. W. Stearns, personally accompany the Prince to Frankfurt and that this trip be made by air in as inconspicuous a manner as possible.

3. Accordingly, it is requested that clearances be obtained as soon as possible so that this journey can be undertaken. It is estimated that the over-all trip (including the delivery of the Prince in Germany and return of Lt Col Stearns to Rome) should not take more than a maximum of three to four days.

SUBJECT: Illegal Entry into ITALY

TO : G-5, A.F.H.Q.

1. With the withdrawal of Allied troops from ITALY the responsibility for the control of the Italian frontier becomes a matter which directly concerns the Italian Government.

2. Attempts to enter ITALY from the Balkan countries and Central Europe have been made and are likely to continue.

The recent arrival in BARI of some 120 persons from Central Europe draws attention to the urgency of the Italian Government controlling the frontiers and at the same time having centres into which illegal entrants may be confined.

3. The Italian Government should be given authority to enter and search the premises and inspect the records of civilian organisations which at times are suspected of aiding and organising illegal movement. This to include D.P. Camps with notice having first informed the Camp Commander.

4. The Italian Government should supply guards to take over illegal entrants and escort them to guarded camps until such time as they can be returned under escort to the country from whence they came.

5. The scale of rations for illegal entrants should be the Italian refugee scale and such future illegal entrants should not be accorded the status of Displaced Persons or Stateless Persons.

6. Immediate action should be taken to encourage the Italian Government in the registration of all aliens in ITALY inside and outside camps. This registration would assist in restricting the very large

unauthorised movement of aliens throughout ITALY.

8. This forcible repatriation to be subject for the present to an Allied Reviewing Authority, limited to those case wherein by the Armistice Terms or other commitment, the Allies stand pledged against deportation by force.

REF OUR I 437 OF 2 FEBRUARY AND BELGRADE SIGNAL 341 OF 7 FEBRUARY.

1. WOULD POINT OUT THAT WHAT IS AT STAKE IS OUR IMPOSITION OF MOVEMENT CONTROL ON MORGAN LINE OF 15 FEBRUARY AND NOT ISSUE OF IDENTITY CARDS BY AMG WHICH WAS COMPLETED SOME TIME AGO. MILITARY ATTACHE BELGRADE SEEMS MISTAKEN ON THIS POINT.
2. IT IS CLEAR THAT JUGOSLAVS DO NOT INTEND TO ISSUE IDENTITY CARDS BY 15 FEBRUARY NOR IS IT NOW PHYSICALLY POSSIBLE FOR THEM TO DO SO. IF WE IMPOSE CONTROL ON MORGAN LINE BASED ON IDENTITY CARDS ON 15 FEBRUARY THERE WILL RESULT SOME DISLOCATION OF NORMAL LIFE AS WORKERS IN RAILWAYS DOCKS ETC AND TRAFFIC IN WOOD AND OTHER COMMODITIES COMING INTO TRIESTE FROM ZONE B ARE LIKELY TO BE AFFECTED. THIS WOULD BE TURNED BY JUGOSLAVS TO PROPAGANDA ENDS AND POINTED TO AS AN ATTEMPT BY US TO RESTRICT CIVILIAN ACCESS TO ZONE A WHILE FOREIGN SECRETARIES DELEGATES ARE HERE. ANY DISLOCATION OF LIFE OR HARDSHIPS WOULD BE DESCRIBED AS OPPRESSIVE MEASURES BY AMG WHICH IS ALREADY UNDER CONSIDERABLE FIRE. THEREFORE WHILE WE SHOULD LIKE TO IMPOSE CONTROL WE DO NOT CONSIDER IT WISE TO DO SO AT THIS MOMENT AND PROPOSE TO ANNOUNCE THAT WE ARE PREPARED TO ALLOW THE JUGOSLAVS FURTHER GRACE AND WILL IMPOSE CONTROL BASED ON IDENTITY CARDS WITHOUT FAIL ON 1 APRIL 46. BY THAT DATE THE IMPORTATION OF WOOD FUEL TO TRIESTE WILL NOT BE SO IMPORTANT. MEANWHILE WE WILL PREPARE SPECIAL ARRANGEMENTS FOR ACCESS TO TRIESTE FROM ZONE B FOR KEY PERSONNEL IN EVENT OF JUGOSLAVS NOT HAVING ISSUED CARDS BY 1 APRIL WHICH WE CONSIDER THEY ARE UNLIKELY TO DO. REQUEST YOUR APPROVAL AND THAT YOU INFORM JUGOSLAVS OF OUR INTENTION.

REFERENCE SIGNAL 250 OF 28 JANUARY. JUGOSLAVS HAVE HAD 8 MONTHS IN WHICH TO IMPLEMENT PROVISION OF DUINO AGREEMENT REGARDING ISSUE OF IDENTITY CARDS. MACHINERY FOR DISCUSSING DETAILS CONCERNING MATTERS OF THIS NATURE EXISTS AND HAS EXISTED SINCE 17 JULY 1945 IN JUGOSLAV MILITARY MISSION TO THIS HQ. TEMPERAMENT OF JUGOSLAVS ALONE IS LIKELY TO RENDER DISCUSSIONS LONG AND CONTROVERSIAL AND MIGHT WELL RESULT IN DELAYS WHICH WOULD CARRY THEM ON UNTIL VENEZIA GIULIA PROBLEM IS LIQUIDATED. WE ARE THEREFORE AVERSE TO SETTING UP A NEW MACHINERY AND OPENING NEW DISCUSSIONS HERE UNTIL WE ARE CONVINCED FIRSTLY THAT JUGOSLAVS ARE DOING EVERYTHING POSSIBLE SINCERELY TO CARRY OUT THE AGREEMENT TO ISSUE IDENTITY CARDS AS WE HAVE DONE; AND SECONDLY THAT FIELD FOR DISCUSSIONS, IF ANY, IS NARROWED DOWN TO ESSENTIAL POINTS. SUGGEST THEREFORE THAT YOU SIGNAL QUESTIONNAIRE COVERING MATTERS ON WHICH JUGOSLAVS CONSIDER DISCUSSIONS NECESSARY. WE WILL THEN ENDEAVOUR TO ANSWER THIS AND IF ANSWER NOT ADEQUATE WE WOULD CONSIDER DISCUSSION OF ~~OUTSTANDING~~ OUTSTANDING POINTS THROUGH THE JUGOSLAV MISSION HERE AND DELAY IMPLEMENTATION OF FRONTIER CONTROL UNTIL ARRIVING AT SATISFACTORY CONCLUSION. Book No 2691
File No 57625.04
Adm. No.

General:

1) The month has seen the continuance of the effort of all parties to settle down and consolidate, with little attempt at active political demonstration. The Italian parties have made little progress. The political orias in Rome failed to arouse any great interest, but served only to show that none of the parties has any strong individual programme whilst there is no strong desire or common bond which might serve to draw them together into the force that they might be.

2) The Communists on the other hand whilst loosing a few of their less fervent supporter have steadily consolidated the ground they already hold. Their main effort this month has been the continuance of their propaganda policy in the consistent and organized criticism of AMG in the "Lavoratore" and the "Primorski Dnevnik". During the first part of the month the "Lavoratore" was hard put to find material and had to content itself with pushing various small points in an effort to show that AMG always is and was out of touch with the "people": e.g. complaints that the house of the "martyrs" in Via Chega now occupied by the YMCA was used for dances - this causing unnecessary distress to the sorrowing mothers, etc; the forbidding of a proposed funeral given by the Communists to the S. Sabba victims - another example of how AMG "flout the will of the people"; the acquittal of Pagnini, ex major of Trieste, accused of collaboration, by the Special Court & another example of how Fascists escape while the real democrats are imprisoned. "Primorski Dnevnik", whilst also giving prominence to these and other points, continued to lay the greatest emphasis on its campaign, already well advanced in November, against the teachers in the

./.

4589

2)

new Slovene schools accusing them of being Fascists, Collaborators, Cetniks and Belogardisti, and making specific attacks on the AMG Education Officer, Lieut. Simoni, and his right-hand man, Dr. Baraga. These attacks had culminated in a more than usually violent and specific one attacking Lieut. Simoni on 24th Nov., following which on 6 Dec. the "Primorski" was suspended - on the grounds that the editor had promised to publish a retraction, but did not fulfil the promise.

3) This suspension of the "Primorski" gave rise to the only big political action of the month. The "Lavoratore" based its headlines for days on this "negation of democracy" and UAIS finally organised a strike on the 15 Dec. in order to show AMG just what the people thought about it all. Unfortunately the strike was not a huge success. UAIS did not tie up things at all well with the FOG, and some of the officials of this latter body were completely in the dark right up to the evening before the strike. The Sindacati Giuliani refused to participate, on the grounds that the reason for the strike was political. Italians in general were completely apathetic. Thus, no great show of solidarity or union was achieved. However, the Communist, as usual, managed to extract all possible propaganda material from the incident - including sending the usual telegrams to the usual people. The "Primorski" resumed publication on the 24 Dec. and gave the "Lavoratore" a few more headlines.

4) At about the same date, on 16 Dec. a V.G. policeman, who appears to have been drunk at the time, got involved in a brawl in a S. Giacomo café and fired his machine gun, killing one and wounding two, one of whom died in hospital the following day. The "Lavoratore" made the fullest capital out of this incident, "proving" the man to be a Fascist and the whole incident just another "proof" of the reactionary and unchanged nature of the whole force, and ending with the usual demand for the dissolution of the Force and the re-establishment of the "popular bodies". The usual telegrams were also sent.

5) Enquiries into the background of the policeman in question, Biloslav Salio, showed him to have been a simple farm labourer, never a member of the FNF, whose nearest approach to political action had been to be called up into the Italian army - during which period (1939-43) he served 5 months in Croatia ("rastrellamenti", of course, said the "Lavoratore").

3)

After the Amnistice he deserted and lived and worked at or near his home until he joined the Police. He had no connections or associations with the F.R.F., the Germans, the Jugoslavs or any Partisans. A further interrogation at the prison confirmed this story. Details of Biloslavo's life were then passed to "D" Section, AIS.

6) All these incidents were exploited as much as possible by all local Communist organs. No attempt was made to produce real, concrete evidence against any person accused. The Communists obviously find it better and more convenient to make and exploit propaganda rather than get down to the harder job of helping in the task which they advocate should to be done.

Control of civilian movement :

7) The confusion existing in Italy in reference to the issue of travel permits to Venezia Giulia would appear to have increased tremendously and has added a great deal to the work of this Section. A full report on the situation is attached as Appendix "A".

8) The Jugoslav Authorities are expected to finish issuing both new Identity cards and new Vehicle circulation permits for inhabitants of Zone B by the end of the year. A General Order will then be issued, probably on the 15 Jan 46, by AMG, making it an offence to be in Zone A without the necessary card or permit. In this way movement control will be easier to enforce and the authorities will have legal backing in their attempt to prevent Jugoslavs entering Zone A without an Allied permit.

9) Attached at Appendix "B" are some remarks and suggestions on the possibility of easing the restrictions on travel between Zone A and Italy for certain categories of non-Italian nationals.

10) Cases still occur of bus companies and railways, both in Italy and in Venezia Giulia, issuing tickets to intending travellers without ascertaining whether or not they are in possession of the necessary travel permits. When such cases have been discovered the companies have been warned. But it is impossible to ensure a complete check without some sort of control. As any such permanent control is impossible, it is suggested that a snap check is made - preferably by

4)

FS - in order to produce evidence to use against these companies in a strong warning "not to do it again".

Screening:

11) The following table shows the number of screenings completed by FS during the month:

	Recom = mended	Not Recomm.	Decision held over	Not located	Total
Police	275	12	==	43	330
Tribunale	38	==	==	1	39
Pretura Unificata	18	==	==	2	20
Slovene Teachers	45	==	10	35	90
Finance	12	==	==	==	12
Miscellaneous	46	==	==	11	57
	434	12	10	92	548

12) Some time ago this HQ was contacted by MMIA and asked to make enquiries into the position of certain Italian military personnel, ex-member of the Fascist Republican Army, now employed in Trieste in an office dealing with the families and dependents of Italian Army personnel under the supervision of AMC. The enquiries were originated by the Italian Ministry of War and have since been taken up by 5 B.L.U. and the Italian Military authorities in Udine. 412 P.S. Section were asked to make further enquiries about the twenty accused officer and NCO's and have now submitted their report - from which it would appear to be highly advisable to remove all twenty from the positions they now hold. As the question is considered to be a Security matter it will be submitted to GSI (b) Main 13 Corps, for action.

Registration of civilians:

13) Most Areas have finished issuing the new identity cards and are now busy trying up the loose ends, e.g. invalids, etc. Complete figures for all issuing offices are not yet to hand, however. In those places where the issuing offices have now closed, the local Anagrafe has been authorised to issue cards to those people who for some good reason could not obtain their card previously, and to this end one of the Anagrafe staff

5)

has been trained by a Questura agent to take fingerprints. Where possible, the officer in charge of the original office has remained behind for some time in order to facilitate the transfer.

14) All duplicates of identity cards issued are forwarded to this Section and a start has already been made on the carding, both numerical and alphabetical, of such duplicates.

Rumours:

15) The most consistent and widely spread rumour during the month has been that of reported clashes between Yugoslav and Allied troops in the Northern part of Zone A and the consequent armed retaliation of one or other power - dependent upon which power is reported to have started the clash. The only reasonable explanation of this rumour - which is extremely prevalent and which crops up every three or four days - is that advanced by FSB Gorizia - viz. that it is the result of the commencement of artillery practise shoots in the Gorizia Area.

Arms:

16) The only search during the month for hidden arms and ammunitions was made by GMP on the Solvay Works, Monfalcone on 19 Dec 45 where, above one of the machine shops, the following arms were discovered and confiscated:

- 40 Rifles: Italian and German make
- 1 Heavy machine gun: Italian
- 7 Hand grenades: Italian and German make
- 2,500 Rounds of ammunitions

Stop Press:

17) Attached at Appendix "C" is a copy of a "Movement Order" issued to Capt. Jokic Spiro by the Milan Section of the Yugoslav Welfare service on 10th Dec. 45. Jokic travelled to Trieste without any travel permit and on the basis of this of this document alone. He could not get back to Milan across the Western boundary and reported to this Section in order to obtain the necessary permit. The "Movement Order" was confi =

6)

scated by this Section and Jokic given a permit for Milan with instructions not to return here. Could 13 Corps and Alcom please take the necessary action in order to stop the Yugoslav Welfare Service issuing such documents?

APPENDIX "A"Issue of Permits for Travel
from Italy into Venezia Giulia

- 1) The confusion mentioned in last month's report as existing in many parts of Italy over the regulations governing the issue of permits for travel from Italy into Venezia Giulia would appear to be increasing. PPSC's and Questure continue to send the permits and applications for approval. Some Questure send permits, some send only the applications. At the same time there are many indications that people are being refused permits by the Questure on the grounds that the applicants must first obtain permission from the Allied Authorities in Venezia Giulia. Furthermore, applicants are deterred by being told that it takes up to two or three months to obtain the permission necessary to grant the permit - and this happens even in Region XII, where authority is held for the issue of such permits without reference to this HQ - and, again, are often advised, officially or unofficially, that the best thing to do is to first get the permission of the Authorities in Venezia Giulia and that the permit will then be issued immediately.
- 2) The result has been that this Section has been bombarded with telegrams from Questure and private individuals asking that permission be signalled for the grant of permits to X, Y and Z, that the office has been besieged with the friends and relations of people who have been told that they must first present their application to this Section and who bring the applicant's identity cards, application, etc., in order that the permit may be issued here and then be sent or taken back to the applicant.
- 3) These facts - i.e. ref. the Questure in Italy - may or not be true. All the evidence would suggest that they are true. For example; many people either working for, or in collaboration with, departments of AMG (directors, managers of Electrical Companies, etc.) have found it impossible to get permits

2)

to come to Trieste for such excellent reasons as e.g. transfer, to replace a manager who had died, and have finally had to apply to their department in AMG to get them to intercede for them.

4) Such is the position at the present moment. And it is considered probable that the situation will deteriorate when the Italian Provinces finally pass under the complete control of the Italian Government. It is therefore suggested that a new, high policy is needed which will explain to the Italian Authorities the regulations which must govern the issue of permits for entry into Venezia Giulia.

5) Before such a policy can be initiated the following question will have to be decided :

- a) Will Italian authorities (Questure, etc) be empowered to issue, over the signature of an Italian, travel permits authorising entry into Venezia Giulia? And will they be provided with stocks of the travel permit forms now used by AMG?
- b) If they are to be so empowered may they all, or any part of them, issue such permits without reference to this HQ?
- c) If they must first forward all applications to this HQ may it be noted that: this will mean a necessarily long delay in the issue of permits: it will entail the establishment of a new office within this Section, with additional staff.
- d) If (c) is to be the case, will this section simply approve the applications, or will it also issue and sign them? If it approves only, who will sign the actual permit? If it also issues and signs the permits then at least one additional officer should be assigned to this Section solely for this job - unless an Italian employee here is authorised to sign the permits. In this respect may it be noted that the Permit Office working under this section already issues an average of 1000 permits per day.
- e) May it also be suggested that, should all applications have to be forwarded to this HQ then the applications for travel to Trieste and destinations in zone B be forwarded to this Section, whilst applications for travel

4882

3)

to other destinations in Zone A (e.g. Gorizia, Monfalcone, etc) be forwarded to the ANG offices of the Area concerned where it is possible to check facts, addresses, personalities, etc. quoted in the applications. In this case location lists and official addresses would have to be circularised to the Italian authorities.

4681

APPENDIX "B"Travel of non-Italian Nationals
between Venezia Giulia and Italy

1) Venezia Giulia in general and Trieste in particular, is still a harbour for hundreds of non-Italian nationals. The difficulty of obtaining permits for these people to enter Italy, and the length of time taken in obtaining such a permit is often a source of hardship to the people concerned. As examples, the following cases may be cited of people to whom might be granted the possibility of freer travel facilities:

- a) Exiles: People, usually Yugoslavs who can not, for one reason or another, go back to their own country. Many of these are evacuated through the usual refugee channels. Many are now living and working here - an area in which they have friends, business and otherwise, who are willing to support or employ them. Such people, in order to live often need to travel into Italy - usually for business reasons.
- b) Students: of many nationalities, but particularly Yugoslav and Slovene, enrolled at Italian universities, and in possession of documents to prove this. Some sort of ruling is needed as to whether or not such students should be allowed to return to their Universities. If permission is given then they should be enabled to get the necessary travel permit quickly. These remarks apply also to priests of various nationalities working or studying in Italy.
- c) Business men: most of the non-Italians in Trieste are business men. Many of them have lived here with their families for a long time. To forbid them easy access to N. Italy is to cause them a great deal of hardship and to threaten the stability of their business - through no fault of their own, nor is such an action ~~threaten~~ ^{°)} to the swiftest possible development and reconstruction of the area.

°) conducive

2)

d) Divided Families: Because of the great number of foreign nationals in the area there are a great number of mixed marriages and engagements -- many of which have been temporarily split by the war. An Italian may get a permit for Italy in five minutes, whereas his Slav (or Austrian) fiancée must wait five weeks, and may not get it at all. Many Yugoslav husbands are in Italy and their wives, waiting to join them, find it almost impossible to get the necessary permits.

2) As has been said, the present system by which permits are obtained for travel to Italy imposes a certain undeserved hardship on the above, and on other, categories. Many are in acute financial difficulties -- and their only remedy is to indulge in the black market or some such other activity. Many attempt to make the journey without a permit & thereby covering other, more unwanted, crossings.

3) It is considered that many of the people in these categories, after being satisfactorily screened by FS, should be eligible to obtain reasonably quickly a permit to enter Italy. Therefore, the following suggestions are made:

- a) That the present regulations be revised so that members of the above-named, and other such categories when passed by FS and recommended by this Office are enabled to receive their permits quickly.
- b) To achieve this end the possibility might be considered of either detaching to this office a member of the Travel control staff, or of delegating powers to decide and issue permits in certain cases to a member of this HQ.
