SUBJECT: ROGUES GALLERY Number 25

CO: See Distribution

1. Please find enclosed one copy of Issue 25 of ROGUES GALLERY, a publication listing persons sought for special interrogation purposes through G-2 Interrogation Section, this headquarters. This issue, consisting entirely of new listings, supplements Issues 23 and 24 published recently. Direct distributees of ROGUES GALLERY are requested to accord it maximum dissemination. Public Safety officers are requested to provide each German Police Agency with one copy for a thorough check of all local records.

2. All individuals listed are required as soon as possible by one or more of approximately 25 different agencies currently served by ROGUES GALLERY. It is therefore requested that this office be notified at once when any are located. Public Safety and other officers advised of locations by German sources are requested to forward any such information received. Please cable direct to "U.S. Forces, European Theater for G-2 Interrogations" or else telephone FRANKFURT 21425, 22602, or 22403.

3. Entry in ROGUES GALLERY indicates that subject's location is to be reported, not necessarily that he is to be arrested. The individual is to be placed under surveillance, not restraint, and not permitted to change his place of residence without prior notice to this office. Upon receiving report of location, this office will advise if subject is to be arrested and his ultimate disposition. Where the ROGUES GALLERY entry includes the word "arrest", however, the individual is to be apprehended immediately, he is to be held at the nearest internment enclosure under U.S. operation, and this office should be notified at once.

4. The cooperation of field agencies in exploiting all possible means of ascertaining wanted locations is appreciated. Suggestions for increasing the effectiveness of ROGUES GALLERY are welcomed.

SUBJECT: ROGUES GALLERY Number 23

TO: See Distribution

APO 757
1 October 1946

1. Please find enclosed one copy of Issue 23 of ROGUES GALLERY, a publication listing persons sought for special interrogation purposes through G-2 Interrogation Section, this headquarters. This issue, besides containing new names, relists all persons who are still wanted and were not located through previous issues. All previous issues should therefore be destroyed. Direct distributees of ROGUES GALLERY are requested to accord it maximum dissemination. Public Safety officers are requested to provide each German police agency with one copy for a thorough check of all local records.

2. All individuals listed are required as soon as possible by one or more of approximately 25 different agencies currently served by ROGUES GALLERY. It is therefore requested that this office be notified at once when any are located. Public Safety and other officers advised of locations by German sources are requested to forward any such information received. Please cable "U.S. Forces, European Theater for G-2 Interrogations" or else telephone FRANKFURT 21425, 22602, or 22403.

3. Entry in ROGUES GALLERY indicates that subject's location is to be reported, not necessarily that he is to be arrested. The individual is to be placed under surveillance and not permitted to change his place of residence without prior notice to this office. Upon receiving report of location, this office will advise if subject is to be arrested and his ultimate disposition. Where the ROGUES GALLERY entry includes the word "arrest", however, the individual is to be apprehended immediately.

4. The cooperation of field agencies in exploiting all possible means of ascertaining wanted locations is appreciated. Suggestions for increasing the effectiveness of ROGUES GALLERY are welcomed.

listing persons sought for special interrogation purposes through the Section, this headquarters. This issue, besides containing new names, relists all persons who are still wanted and were not located through previous issues. All previous issues should therefore be destroyed. Direct distributess of ROGUES GALLERY are requested to accord it maximum dissemination. Public Safety officers are requested to provide each German police agency with one copy for a thorough check of all local records.

2. All individuals listed are required as soon as possible by one or more of approximately 25 different agencies currently served by ROGUES GALLERY. It is therefore requested that this office be notified at once when any are located. Public Safety and other officers advised of locations by German sources are requested to forward any such information received. Please cable "U.S. Forces, European Theater for G-2 Interrogations" or else telephone FRANKFURT 21425, 22602, or 22403.

3. Entry in ROGUES GALLERY indicates that subject's location is to be reported, not necessarily that he is to be arrested. The individual is to be placed under surveillance and not permitted to change his place of residence without prior notice to this office. Upon receiving report of location, this office will advise if subject is to be arrested and his ultimate disposition. Where the ROGUES GALLERY entry includes the word "arrest", however, the individual is to be apprehended immediately.

4. The cooperation of field agencies in exploiting all possible means of ascertaining wanted locations is appreciated. Suggestions for increasing the effectiveness of ROGUES GALLERY are welcomed.

SUBJECT: ROGUES GALLERY Number 22

PO: See Distribution

1. Please find enclosed one copy of Issue 22 of ROGUES GALLERY, a publication listing persons sought for special interrogation purposes through G-2 Interrogation Section, this headquarters. This issue, consisting entirely of new listings, supplements issues 17, 18, 19, 20 and 21, published recently. Direct distributees of ROGUES GALLERY are requested to accord it maximum dissemination. Public Safety officers are requested to provide each German Police agency with one copy for a thorough check of all local records.

2. All individuals listed are required as soon as possible by one or more of approximately 25 different agencies currently served by ROGUES GALLERY. It is therefore requested that this office be notified at once when any are located. Public Safety and other officers advised of locations by German sources are requested to forward any such information received. Please cable "U.S. Forces, European Theater for G-2 Interrogations" or also telephone FRANKFURT 21425, 22602, or 22403.

3. Entry in ROGUES GALLERY indicates that subject's location is to be reported, not necessarily that he is to be arrested. The individual is to be placed under surveillance and not permitted to change his place of residence without prior notice to this office. Upon receiving report of location, this office will advise if subject is to be arrested and his ultimate disposition. Where the ROGUES GALLERY entry includes the word "arrest", however, the individual is to be apprehended immediately.

4. The cooperation of field agencies in exploiting all possible means of ascertaining wanted locations is appreciated. Suggestions for increasing the effectiveness of ROGUES GALLERY are welcomed.

SUBJECT: ROGUES GALLERY Number 20

TO : See Distribution

1. Please find enclosed one copy of Issue 20 of ROGUES GALLERY, a semi-monthly publication listing persons sought for special interrogation purposes through G-2 Interrogation Section, this headquarters. This issue, consisting entirely of new listings, supplements issues 17, 18 and 19, published recently. Direct distributees of ROGUES GALLERY are requested to accord it maximum dissemination. Public Safety officers are requested to provide such German Police agency with one copy for a thorough check of all local records.

2. All individuals listed are required as soon as possible by one or more of approximately 25 different agencies currently served by ROGUES GALLERY. It is therefore requested that this office be notified at once when any are located. Public Safety and other officers advised of locations by German sources are requested to forward any such information received. Please cable "U.S. Forces European Theater for G-2 interrogations" or else telephone FRANKFURT 21425 or 22602.

3. Entry in ROGUES GALLERY indicates that subject's location is to be reported, not necessarily that he is to be arrested. The individual is to be placed under surveillance and not permitted to change his place of residence without prior notice to this office. Upon receiving report of location, this office will advise if subject is to be arrested and his ultimate disposition. Where the ROGUES GALLERY entry includes the word "arrest", however, the individual is to be apprehended immediately.

4. The cooperation of field agencies in exploiting all possible means of ascertaining wanted locations is appreciated. Suggestions for increasing the effectiveness of ROGUES GALLERY are welcomed.

SUBJECT: Klaudus Rodolfo fu Giovanni and fu Wittmann Maria,
born at Odenberg on 21.4.1893.

We transmit the following letter, dated 14 June last, from the La Spezia Questura addressed to the Rome Questura and to this Ministry:

"The person mentioned above has been held up because suspected of collaboration.

From first inquiries undertaken, a memorandum written by Klaudus has been found, in which rather mysterious expressions are read and the names of Aloisi, Cavagnari and Senise, ex police chief, are mentioned. Klaudus, questioned in regard, gives evasive and divers replies.

You are begged to carry out accurate investigations in connection in order to ascertain if Klaudus was an active collaborator there, and if responsible for crimes. To facilitate your task, we enclose you a copy of memorandum mentioned above and a photograph of the writer. We enclose a copy of same memorandum, for information, to Superior Ministry, implying that Klaudus, a prisoner at the local prison, continues to be at the disposal of this Office until the Ministry informs of its decisions in regard, if it is necessary to hand over the prisoner to the Allied Command, as it treats of a person belonging to a country ex-enemy."

Later, the Rome Questura, on 4th inst., referred as follows:

SUBJECT: Klaudus Rodolfo fu Giovanni and fu Wittmann Maria,

We transmit the following letter, dated 14 June last, from
the La Spazio Questura addressed to the Rome Questura and to this
Ministry:

"The person mentioned above has been held up because
suspected of collaboration."

From first inquiries undertaken, a memorandum written by
Klaudus has been found, in which rather mysterious expressions

the local prison, continues to be at the disposal of this Office-
until the Ministry informs of its decisions in regard, if it is ne-
cessary to hand over the prisoner to the Allied Command, as it treats
of a person belonging to a country enemy."

Later, the Rome Questura, on 4th inst., referred as follows:
"Referring to a/m letter we beg to inform you that after inqui-
ries undertaken, it results that the photograph, herewith enclosed
is indeed that of the German subject, Klaudus Rodolfo fu Giovanni
and fu Wittmann Maria, born at Odenberg on 23 April 1893, married
to Ida Fuchsiker, naval engineer."

He came from Taranto on 1 Nov. 1942 and lived here at Via

in the company of his mistress, Carpanese Olga, from whom he had
a child named Claudio Adriano.

2579

According to what referred by trustworthy person, Klaudus was either a Lieutenant or Captain in the German engineering naval department, and frequented the German Embassy and the various German commands in the Rome, besides the SS. He was not well thought of by the people, and always wore civilian clothes. This, very likely, to better cover or disguise his real activities.

He was helped in his activities by the Italian Veronese Alfonso fu Giacomo and Tosatti Luisa, born in Bologna on 20 April 1905, industrialist. Even Veronese left Rome shortly before its liberation, to follow the SS. Command at Via Tasso. In Northern Italy, Veronese, was arrested by the Allies and interned at Terni Camp, where he committed suicide.

Klaudus' house was occasionally visited by German soldiers. We have no precise information whether Klaudus had any personal contact with the prominent Italians, Baron Pompei Aloisi, Admiral Cavagnari, Carmine Senise, whom he mentioned in his letters to his mistress.

Nor has it been possible to obtain any information around his lover's sister "Dora".

Klaudus has no unfavourable precedents in our files."

The present letter is forwarded for your information, begging you to inform us, before this Ministry takes any measures in regard, whether the case is a matter for that Allied Commission.

del cittadino germanico, originario austriaco, KLAUDUS Rodolfo fu Giovanni
e di Wittmann Maria, nato a Odenberg il 23 aprile 1893, coniugato ~~Ida~~ Ida
Fuchspiker, insegnere, pittore navale.

Il predetto risulta avere abitato in questa via Antonio G. Barila N° 49
sc. B int. 29, proveniente da Taranto, dal 1° novembre 1942 al 6 maggio 1944,
epoca in cui si allontanò diretto al nord, unitamente alla amante CARPANESE
Olga fu Enrico e Maria Garrini, nata a La Spezia l'11.2.1914 con la quale
ha avuto un figlio a nome Claudio Adriano, nato a Taranto il 27.1.1942, e
ella domestica Kerbik Ludmira fu Giovanni e Vittoria Srebolinic, nata ad
Oreana (Trieste) il 15.1.1907.

./.

Il Klaudus, giusta quanto è stato riferito da persona degna di fede, durante l'occupazione nazi-fascista rivestiva il grado di tenente o capitano del genio navale tedesco.

Egli frequentava l'ambasciata tedesca ed i vari comandi tedeschi della Capitale, nonché le SS.

Il predetto, che nel vicinato non godeva buone fama, vestiva sempre l'abito civile. Ciò probabilmente per poter meglio espletare i suoi compiti, di cui però non è in grado di precisare la natura.

Aveva per suo diretto collaboratore il suddito italiano VERONESI Alfonso fu Giacomo e Tosatti Luisa, nato a Bologna il 20 aprile 1905, industriale, che abitava nel suo stesso stabile scale B int. 25.

Anche il Veronesi si allontanò da Roma poco prima della liberazione, il 7.5.1944, per seguire il comando delle SS. di questa via Tasso.

Il Veronesi, poi, in Italia Settentrionale, fu arrestato dagli Alleati e condotto al campo di concentramento di Terni, dove nella notte del 31.12. 1945 al 10 gennaio 1946 si sarebbe suicidato.

L'abitazione del Klaudus, saltuariamente era frequentata da qualche militare tedesco.

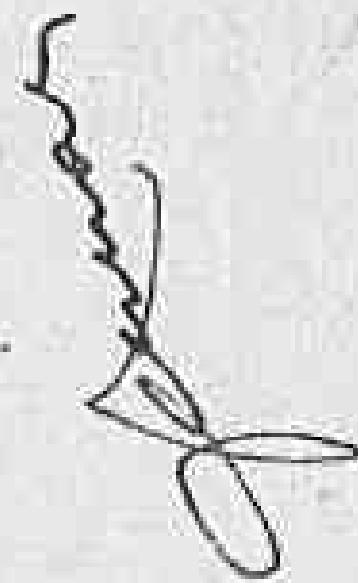

Non si è in grado precisare se lo straniero in oggetto abbia effettivamente avuto rapporti con le note personalità italiane barone Pompeo Aloisi, ex ambasciatore, ammiraglio Cavigliari e con l'ex capo della polizia Carmine Senise, da lui citati nella sua lettera all'ente.

Non è stato, inoltre, possibile assumere informazioni sul conto della "Dora", sorella della Carpanese, né del gruppo a quella intitolato, pure menzionati nella predetta lettera.

Il Klaudus in questi atti non ha precedenti sfavorevoli."

Quanto sopra si comunica per opportuna notizia con preghiera di far conoscere, prima che questo Ministero adotti le proprie determinazioni, se il caso Klaudus interessa codesta On.le Commissione.

Agordo, 23 June 1946

Subject: Investigations to ascertain the destructions caused by German Troops on 20 August 1944 in Caviola di Falcade.

From : Legione Territoriale dei Carabinieri Reali di Bolzano.

This Headquarters is pursuing a course of investigations in order to identify the Military Personnel responsible for the destruction of Caviola hamlet in the Comune of Falcade (Avellino) and for the killings of many civilians committed by the German Troops on 20 August 1944.

Following thorough investigations we have ascertained that the soldiers who perpetrated the killings and the destruction of the small village were commanded by S.S. Major Alois Schiendeholy, Commanding Officer of the German Alpine School located at Predazzo (Trento Province).

To these operations participated: Master Sergeant Holland, Chief of the German Gendarmerie of Predazzo; SS Staff Sergeant Emilio Vendt; Police Master-Sergeant Ervin Fritz, formerly attached to the Police-Regiment stationed at Bolzano.

We would be very indebted to your Command if you will communicate us in what Concentration-camp the above-mentioned persons are being held, so that we may inform the competent Authorities.
