Prot. No. 500/75576

To : Allied Commission
P.S. Sub-Comm.

Subject : BANANDI Alberto and KELEMEN Gisella, informers of
Nazifascists and collaborationists.

"We send you a copy of the letter received by Cuneo Prefecture with regard to the persons in question in order that you may take the necessary steps and begging you to consider it favourably. The following letter requests extradition of the above mentioned people and their delivery to the Police of Cuneo, since they have to answer for informations given to nazifascists and collaborationism against Doctor DI SALVO Antonio, pharmacist of Briga Marittima:

" Amongst the files of the ex "Tribunale Provinciale Straordinario" (Extraordinary Provincial Tribunal) the original documents of denunciations against the pharmacist DI SALVO Antonio laid by some people of Briga Marittima and Tenda during Republican Fascism, have been found.

In support of the accusation of antifascism specified informations, with many documents, were enclosed.

Consequently DI SALVO was prosecuted, and after a long imprisonment was deported to Germany and over there sent into The ill-famed concentration camp of Mathausen.

In June he succeeded in repatriating, in very bad conditions and applied to the authorities for this act of justice.

Here are the names of those who denounced DI SALVO; BANANDI Alberto, formerly Captain of the Republican Army.

KELEMEN Gisella di Antonio and di Parubbi Elena, both in Briga Marittima on the 28th of December 1921.

The above mentioned people are at present time imprisoned at Nizza, at the disposal of the French authorities. They had been denounced, during the French occupation of the frontier zone, by the population as fascist propagandists and collaborationists.

Therefore we beg your Ministry to request extradition for the above mentioned people and their delivery to the Police of this town, in order to be prosecuted for their crimes of information to the enemy and collaborationism.

1. Reference your R IX/PS/3.I/BL/3/LVG dated 11 June 1945.

2. It would appear that this man's case should be dealt with by the Italian Authorities under the appropriate Decree Law, concerning collaboration with the enemy, provided, of course that Galliani is identical with Pagliani.

3. If identity is established, there would appear to be no reason why Pagliani should not be handed over to the Italian Authorities for trial.

4. It is observed that Pagliani's arrest is sought by the Questura of Bologna on "collaborationist" charges.

- Information from a reliable source indicates that a notorious Republican Fascist, German collaborator - Professor PAGLIANI Franz - is at present imprisoned at CREMONA. It is said that PAGLIANI was arrested and placed in the prison at a time when he was using the guise of an Italian medical Captain, viz GALLIANI Francesco. It is understood that he is about to be released.
- Enquiries in Bologna show that he was a "Squadrista", "Segretario Federale" and a "Consigliere Nazionale alla Camera F e C". He was born on 5 September 1904 at Concordia, Province of MODENA and was a well known physician and surgeon. After the fall of the Mussolini Government, he became Regional Fascist Republican Delegate for Emilia Region, collaborated closely with the Germans, and acted in that capacity until a short time before Allied Occupation of Bologna. It was then rumoured that he had been killed by Partisans in the vicinity of MODENA but there was no subsequent confirmation of this.
- A signal has been sent to Regional Commissioner, Lombardia Region requesting the retention in custody of "Captain Francesco GALLIANI" at CREMONA until further notice is given. It should be established by enquiries at the prison in Cremona, whether he is, in fact, identical with Prof. Franz PAGLIANI. If so, he should be placed at the disposition of the Questore, Bologna, in whose jurisdiction it is understood PAGLIANI is required to be tried by an Italian Court as a German collaborationist. It is requested that the result of enquiries at Cremona be communicated through channels, to Regional Security Officer, Emilia Region.
- It is felt that this is a case which requires some confirmation from Headquarters Allied Commission before proceedings further to the above are instituted.
