SUBJECT: Reported arrests.

TO : A.P.M. No. 3 District H.Q. C.M.F.

1. The following is an extract from the report of the Duty Officer of this H.Q. for the night of 17th June 1944.

" 19:42 Operator caught me at end of this above call. British MP on the autostrada had stopped two Italian civilians in a civilian Ford and found they had a trip ticket made out by a Sgt in A.A.I. and signed by a Capt. Also over 50,000 new lira with concurrent serial numbers. The Italians had admitted coming from Rome, being in Naples, and were heading south. Since the MP was suspicious, and since the trip ticket had a telephone number on it I took No. 7 phone and had the operator get the number. After several evasive answers by both Italian and American personnel, an American Major, satisfied with my identifying myself, took the information evinced surprise that the telephone number should be known and suggested the MP phone him direct. I passed this to the MP on the other phone and then told both they could phone me again if they needed my assistance. "

2. I have questioned the officer concerned (Lt. L.F. Arnold, C.M.F., of the Agriculture Sub-Commission, this H.Q.) but he is unable to give any further information nor can he remember the telephone number.

3. As the whole affair seems rather suspicious, I would be grateful if you could let me have any information in your possession.
