A.C. of S, G-2, (CI) AFHQ.

1) The release of the a/n Civilian Internee is sought on medical grounds the Camp Medical Officer certifies as follows:-

" The above named Internee is suffering from marked bilateral pulmonary disease, in my opinion of tuberculous origin. Her general health is definitely poor and has deteriorated whilst in this Camp, due principally to climatic conditions. In my opinion her continued internment will cause further further deterioration, which will gravely influence her ultimate chances of recovery."

Signed. D.A.O. Sullivan. Capt. R.A.M.C.

2) The circumstances of this woman's internment are as

follows SIERCH Helga. Age 25. Occupation:- Authoréss.

Born at VIENNA, AUSTRIA.

Interned by special Agents J.M. MITCHELL on 12 Oct. 44 at ROME.

Reason:- German National. Period of Internment:- Duration.

Reviewing Officer makes the following observations:-

No security danger, apart from being a national of the greater German Reich. Has been mistress to MONI Pontremoli a well known member of the Jewish population of ROME., and subsequently to Prince MASSIMO Vittorio. She claims to be of Jewish extract on her mother's side. That her father was arrested in 1943 by the Nazis in VIENNA., for being the leader of an anti-Nazi saboteur organisation. The family were all obliged to wear the Yellow Star of Judah on their clothes. As far as she can ascertain her family are in a concentration camp for Jews in POLAND. She claims to have been arrested twice by the Gestapo, was released the first time by bribery, the second time was released for lack of proof. She left AUSTRIA in 1942 and came to live with her aunt at FLORENCE. Subsequently came to ROME to obtain employment on the Films. How much of this story is true or otherwise is not known. She claims it can be verified by MONI Pontremoli and Baron FROHLICKSTHAL who is resident in the Vatican City.

Signed. F.G. GEACH. Capt. Reviewing Officer.

To Colonel A.E. Young

Sir,

With reference to your letter respecting Helga SIERCH I have already reviewed this case, and have tried to obtain her release on medical grounds, I am forwarding a copy of my report for your information.

I do not consider her a danger to our security and would like to see her released she states that she is satisfied if you were aware of her situation you would assist, she strongly protests her innocence as regards any connection with the Germans, but RAAC have supplied further proof of her close connections with an Abwehr officer, the following is an extract from a letter from AFHQ dated 20 Nov 44, in reply to my report on her case:-
" This woman is regarded as suspect for other reasons additional to the fact of her German Nationality. Rome Questure records that she went to BERLIN in March 1943 and she is stated to have been on excellent terms with GERMAN (Abwehr Officer, Berlin). These facts she apparently did not disclose to your Reviewing Officer when he interrogated her. In these circumstances it would be dangerous to release her unconditionally from internment. If however her state of health is so serious that she must be removed from the rigors of climatic conditions at PADULA we agree to her transfer to a Civilian Hospital; provided that the hospital is well south of Rome and that she is kept under surveillance while in hospital".

In a long appeal to the Camp Commandant, which the Commandant passed to me, she appears to be very bitter with Carl FEHR, and she claims that he is entirely responsible for her present condition.

Yesterday I saw her in the Camp Hospital and explained to her that there is no prospect of an early release for her, as all cases of German Nationals, Austrians and persons of Jewish extract are at present being considered on a European basis, owing to the large number. The camp Medical Officer and myself are watching her case and the Medical Officer proposes to take her to Naples for X-ray in a fortnight's time. Her medical condition is not in our opinion serious and we have no intention of removing her to a Civilian Hospital.

If her case could be re-considered by RAAC. I would like to see her released.

With reference to Camp affairs generally the
