PART I

INTRODUCTION

a. This directive is applicable to all arrests, detentions and disposals of persons, effected by United States and British CI/I(b) agencies. No other non-Italian agency may carry out arrests for security reasons in ITALY, even of their own nationals, except the Polish Security authorities who, within areas occupied by their troops, may arrest persons considered a danger to the security of their personnel or installations. (For essential co-operation with Italian Police Authorities see Part III, paragraph 4)

b. Previous Allied Force Headquarters instructions governing security arrests, with the exception of those parts of instructions applicable to the arrests of Prisoners of War and War Criminals or the guarding, segregation administration, documentation and welfare of military or civil internees, are superseded and hereby cancelled. CI/I(b) instructions issued by Formations or Districts now defunct are invalid, being automatically superseded by those issued by the relative Formation or District accepting hand-over.

c. Appropriate modifications should be made to this directive by subordinate Districts or Formations for territory within Allied Military Government jurisdiction or territory declared a Military Zone under the terms of current Operational Instructions.

d. Although the arrest and custody of Prisoners of War or Surrendered Enemy Personnel is not primarily a task for CI/I(b) agencies, a detailed list is given at Appendix A in order to assist in the classification of recalcitrants.

c. Special Considerations

(1) German and Austrian Nationals

German and Austrian nationals should not be arrested merely on the grounds of their nationality, but only if they are considered to be a threat to Allied Security or fall within one of the classifications of arrestable persons.

(2) Deserters and Discharged Personnel of the Fascist Republican Armed Forces.

Italian members of the Fascist Republican Armed Forces who are able to prove that, either by dismissal or desertion, they had ceased to serve the enemy armed forces at the time when they were over-run by the Allies will only be arrested if they are considered to be a danger to security or fall within one of the classifications of arrestable persons. If arrested they are accorded civilian status.

(3) Fascist and Fascist Sympathizers

Italian nationals of Fascist sympathies or background fall within the jurisdiction of the Italian operation authorities and should therefore be dealt with by them unless they present a threat to the security of the Allied Armed Forces as specified in "Specific Classifications" (PART II paragraph b).

(4) Anti-Allied Propaganda

The reasonable expression of anti-Allied sentiment by Italians within the bounds of free speech now accorded to the Italian people should not be accepted categorically as a threat to the security of the Allied Armed Forces. Cases of persistent propaganda should normally be referred to Allied Force Headquarters for consideration before arrest is made.

SECRET

Ltr, AFHQ, file AG 371.2 GBI-O, dtd 13 March 46, subj: "Policy and Procedure for Security Arrests". (Cont'd)

(5) Public Disorders, Demonstrations, etc.

In the event of a public disorder constituting a threat to the security of the Allied Armed Forces, the case should be handled in accordance with extant policy expressed in separate operational instructions.

PART III

CATEGORIES OF ARREST, DOCUMENTATION, PROCEDURE ETC.

1. The three categories of security arrests are:

- a. Category A for trial by Allied Military Government (applicable only to persons arrested in territory under the jurisdiction of Allied Military Government)
- b. Category B for internment by the Allies
- c. Category C for temporary detention while investigations are proceeding.

2. Documentation required by Allied Force Headquarters for each category of arrest is:

- a. For Category A arrests NO reports are required other than the usual analysis of arrests given in routine security summaries.
- b. For Category B arrests the proforma AFHQ/1 (specimen at Appendix B) is required.
- c. For Category C arrests NO reports are required unless detention exceeds a period of 14 days. As soon as possible after the 14th day notification is required of the following particulars:-

Category of Arrest, Name, Christian names and paternity, home address (including province or gau), date of original detention, designation of present prison or other detention center where held, District/Formation responsible for arrest.

If, after such notification, a detained person is arbitrarily released or transferred to another detention center, Allied Force Headquarters must be informed accordingly.

The proforma AFHQ/1 must only be used for civilians in Category B and NOT for Prisoners of War, Surrendered Enemy Armed Forces or civilians in categories A or C.

3. No committal to an approved civilian internec camp may take place without the authority of Allied Force Headquarters. This authority must always be quoted on the relative committal proforma (AFIB/1)

4. Except in special circumstances, arrests should be made with the close co-operation of the Italian police in such a manner that in the event of the arrested person being transferred to Italian jurisdiction, acquittal would not be caused by incorrect arrest procedure or failure to present essential evidence connected with the arrest.

5. An arrested person should be given the opportunity to pack essential personal effects such as clothes, washing kit, etc. These effects should be checked before departure to ensure that there are not included any arms or instruments of escape.

6. Money and valuables will NOT be taken from an arrested person unless considered necessary in the interests of security or unless special instructions have been given. In all such cases the owner must be given a detailed receipt, a copy of which will be sent to Allied Force Headquarters.

7. War Criminals arrested by FSS (British) should be transferred as soon as possible to the custody of SIB (War Crimes).
