SUBJECT: Message precedence.

TO: Commanding Officer, each Unit File Command.

1. In many instances, with recently being serviced by Signal and Message Centers, this Headquarters, are violating seriously, established regulations and directives affecting precedence utilize in the transmission of signals. To alleviate these malpractices, the precedences shown in the following chart will be followed:

1. Precedence Chart:

Content permit transmission and delivery in sequence of receipt and before "D" message.

Content require transmission and delivery before waiting "D" and "E" messages. This is the highest precedence that can be given administrative traffic. Will Routine Traffic?

Content refer to operations only and must be transmitted and delivered before messages of lower precedence. Do Not Use for Administrative Traffic.

Content refer to combat; actual or imminent and require immediate transmission before all other messages. Reserve for use in such emergency by authorized Officers.

See whenever possible.

Contents permit transmission and delivery in sequence of receipt and before "P" messages.

Contents require transmission and delivery before waiting "P" and "R" messages. This is the highest precedence that can be given administrative traffic. Will Routine Suffice?

Contents refer to operations only and must be transmitted and delivered before messages of lower precedence. Do Not Use for Administrative Traffic.

Contents refer to combat; actual or imminent and require immediate transmission before all other messages. Reserve for use in such emergency by authorized officers.

b. Only Commanders of separate commands or their ^{400/4} designated authorities are authorized use of ~~HOST IMMEDIATE~~ (or) or ~~URGENT~~ (or) precedence. Unusual declared examples may be queried to Signal Officer for necessary authorization. It is emphasized that the precedence "URGENT" is an American classification comparable to British "HOST COMMUNICATE".

2. Signal Officer, this Command, has been instructed to bring to personal attention of Commanding Officer, any future violation.

3. As to present acute shortage of personnel, signals can only be processed efficiently if justifiable precedences are affixed to outgoing messages. In no instance will unwarranted precedence be given to compensate for administrative delays.

4. It is the direct responsibility of Commanding Officer, each Unit, to bring this matter to the personal attention of all officers and other ranks involved in the handling or processing of outgoing signals.

5. Violations affected by units not under direct control of this Headquarters, will be forwarded to AFHQ, MTOUSA or CHQ CMT for necessary action

UNCLASSIFIED Signal Messages

In view of the end of the war against JAPAN it has been decided that the provisions of ATTQ letter AG 311.5/215 GBI-O, dated 20 July 1945 should apply world wide and that there should be no "operational zone".

Consequent upon the above decision the following amendments will be made to Office Memorandum No. 5 dated 27 July 1945:

(i) Para 1.a.

Delete from "outside" in line 1 to "Area" in line 2 and from "The" in line 3 to "America" in line 5.

(ii) Delete all detail existing in para 1.b.

(iii) Redesignate existing paras 1.c. and 1.d. to read paras 1.b. and 1.e. respectively.

(iv) Reference Appendix "A":

(1) AIRCRAFT: Delete "in the non-operational zone".

(2) LEAVE: Delete "(See SHIPPING)".

(3) LOCATIONS: Delete "except those under orders to proceed to the Pacific Far East Area".

(4) MAILS: Delete all detail.

(5) MOVEMENTS: Delete "except those under orders to proceed to the Pacific Far East Area".

INSTRUCTIONS FOR THE PREPARATION
DISPATCH AND HANDLING OF OUTGOING SIGNAL MESSAGES

1. The following instructions for the preparation, dispatch and handling of outgoing signal messages are published for the information and guidance of all personnel at this Headquarters. All previous instructions, including Office Memorandum No. 1, 12 January 1945, are hereby rescinded, and the procedure herein described will be strictly adhered to.

The instructions contained in PART I, unless specifically excepted, will be applicable to all outgoing signals; those in PART II to TOP SECRET messages only.

PART I

2. PREPARATION.

- (a) The standard message form will always be used for the first sheet of the text. For second and subsequent sheets normal onion skin 8" x 10" size paper will be used as a measure of economy.
- (b) Seven copies of outgoing messages (excepting TOPSEC - see PART II) are required by Message Centre, plus one extra copy for each addressee not reached by electrical means (see sub para (d) below). The number of additional copies will be determined by the requirements of each office. Copies delivered to the Message Centre will be clearly legible.
- (c) In the FROM space will be printed the Short Title designation followed by HQ ACOM.
- (d) (1) In the 'TO' Action and Information spaces will be inserted only

The instructions contained in PART I, unless specifically excepted, will be applicable to all outgoing signals; those in PART II to TOP SECRET messages only.

PART I

2. PREPARATION.

(a) The standard message form will always be used for the first sheet of the text. For second and subsequent sheets normal onion skin 8" x 10" size paper will be used as a measure of economy.

(b) Seven copies of outgoing messages (excepting TOPSEC - see PART II) are required by Message Centre, plus one extra copy for each addressee not reached by electrical means (see sub para (d) below). The number of additional copies will be determined by the requirements of each office. Copies delivered to the Message Centre will be clearly legible.

(c) In the FROM space will be printed the Short Title designation followed by HQ ALCOM.

(d) (1) In the 'TO' Action and Information spaces will be inserted only those addressees to whom the signal can be transmitted by electrical means. The designation of addressees to whom the message is to be sent by electrical means will be entered in the 'TO' spaces depending on whether the addressee is for Action or Information. Before each individual addressee will be placed within parentheses an identifying number. (See Appendix 'A').

(2) Additional local addressees or those to whom the signal cannot be transmitted by electrical means will be listed at the bottom left hand corner immediately above the line forming the office of origin space. (See specimen at Appendix 'A').

(e) Appendix 'B' is a list of the AMG/AG Offices in the field.

(f) Reference numbers are obtained from the Message Centre Tel. Ext. 420 prior to 1800 hours and thereafter on Ext. 690.

(g) In the Date-Time space the originator will enter the date-time group. This consists of six digits; the first pair denote the date, the second pair hours, the third pair minutes. The date-time group is the day and time of origin of the message and is the time at which the message is authorized for transmission. If

A message of high precedence to action addressees should not normally require the same high priority for transmission to the INFORMATION addressees. Each individual addressee within the heading has an identifying number. To indicate the precedences of these individual addressees, in the space at the bottom of the form, insert the precedences desired and indicate after each the identifying numbers of the addressees to which they pertain. (As an example see Appendix 'A')

Only the first mentioned degrees of priority will be used, NOT the British equivalents. Only in most exceptional circumstances will a precedence higher than PRIORITY be used in this Headquarters.

(i) The appropriate classification or authorized abbreviation will be inserted on the first line of the text, in the space provided therefor. (See Appendix 'A').

The degrees of classification and authorized abbreviations are:

TRANSMISSION OF SIGNAL MESSAGES
WRITTEN IN ITALIAN.

1. The extract below from CSO L of C Italy letter 311.4/4 dated 23 July 45 is repeated for information and compliance by all concerned:

"Although there is no objection from a security viewpoint to the handling of telegraph traffic written in Italian, there are other considerations which make the passing of such traffic through military channels undesirable. These considerations are,

- (a) The impossibility of checking for transmission errors when the operators do not understand the language;
- (b) the obvious impossibility of enciphering such traffic;
- (c) the general policy of reducing commitments to enable redeployment, repatriation schemes to be effected with the minimum reduction in the efficiency of the military communication system.

Under these circumstances traffic in Italian will not normally be accepted by Allied Signal Offices or Message Centres for electrical transmission, but will be handled through normal ELS channels. In the exceptional circumstances where it is absolutely essential that a message in Italian must be delivered within a matter of hours and there is no obvious means of delivery by Italian Government telegraphs then such a message may be handed into an Allied Office with a covering note to the Signalmaster or OIC Message Centre explaining the attendant circumstances and signed by a responsible Allied Officer who is a member of an Allied Commission department or organisation. It is pointed out that the Allied Signal Services cannot be held res-

Introduction of UNCLASSIFIED Signal Messages

1. In accordance with AFHQ letter AG 311.5/215 GBI-O, dated 20 July 1945, the following information concerning the classification of Signal Traffic is published for compliance by all originators of traffic within this Headquarters.

a. Effective immediately, outside the zone of operations in Pacific-Far East Area certain subjects may now be treated as UNCLASSIFIED, and signal messages concerning them may be sent in clear by any means, including radio. The operational zone is defined as the area bounded on the west by Longitude 60 degrees east and on the east by the Pacific coast of North and South America. Appendix "A" is issued as a guide to Originators in subject matter that may be sent as UNCLASSIFIED, and will be considered as a supplement to US Army Regulations 380-5 and War Office Pamphlet "Classification and Handling of Protected Documents, 1944."

b. No relaxation of the now existing security rules is permitted in messages to any address within the operational zone, or the subject matter concerning the war with Japan. This includes multiple address traffic which may be addressed both to the operational zone and the non-operational zone.

c. An unclassified message referring to a previous cipher message may quote only the reference number and date of such ciphered message, but cannot quote the time of origin or the subject matter therein.

d. Originators are still entirely responsible for the classification of Signal Traffic. Originators of unclassified messages will include the instruction "UNCLASSIFIED" as the first word of the text. The classification "IN CLEAR" is now obsolete and will not be used. "Signatures" will not be used in the texts of unclassified messages.

2. Documents as well as messages relating to subjects listed in Appendix "A" may similarly be treated as unclassified. Such documents, however, need not bear the instruction "UNCLASSIFIED."

1. Headquarters Allied Commission has officially been placed on the distribution list for all communications in the CAL/LAC series. This action has been initiated to insure that the Allied Commission is fully informed as to Washington's views on all matters involved in subject cables.

2. No Branch, Division or Sub-Commission of the Allied Commission will enter into any communication other than with AFHQ, on any matters arising in the CAL/LAC series.

3. The CAL/LAC cable series is used for communications between AFHQ and Washington on Civil Supply Matters, such as exports, imports, civilian relief supplies, etc. CAL cables originate in Washington, are addressed to AFHQ for action and repeated to Troopers and ALCC for information. LAC cables originate in AFHQ, are addressed to Washington for action and repeated to Troopers and ALCC for information.

INSTRUCTIONS FOR THE PREPARATION
DISPATCH AND HANDLING OF OUTGOING
SIGNAL MESSAGES.

1. The following instructions for the preparation, dispatch and handling of outgoing signal messages are published for the information and guidance of all personnel at this Headquarters. All previous instructions, including Office Memorandum No. 9, are hereby rescinded, and the procedure herein described will be strictly adhered to.

The instructions contained in PART I, unless specifically excepted, will be applicable to all outgoing signals; those in PART II to TOP SECRET messages only.

PART I

2. PREPARATION.

(a) The standard message form will always be used for the first sheet of the text. For second and subsequent sheets normal onion skin 8"x10 1/2" size paper may be used as a measure of economy.

(b) Seven copies of outgoing messages (excepting TOP SECRET - see PART II) are required by Message Centre, plus one extra copy for each addressee not reached by electrical means (see sub para (c) below). The number of additional copies will be determined by the requirements of each office. Copies delivered to the Message Centre will be clearly legible.

(c) In the 'TO' space will be inserted only those addresses to whom the signal can be transmitted by electrical means. Additional local addressees or those to whom the signal cannot be transmitted by electrical means will be indicated in the bottom left hand corner immediately above the line forming the

Office Memorandum No. 9, are hereby rescinded, and the procedure herein described will be strictly adhered to.

Stavale to places outside the Mediterranean theatre of operations, will be classified not lower than RESTRICTED.

It is the responsibility of an originating officer, when signing a message, to ensure that it is properly classified.

(i) ALL messages will be typewritten, double-spaced and in CAPITALS. (See Appendix 'A').

(j) Messages will be arranged by paragraphs. Each paragraph will be numbered and commence on a new line. (See Appendix 'A').

(k) The text will include an INSIDE ADDRESS which will NOT be at the beginning or end of the message. The inside address will commence on a new line and be underlined in order to be shown prominently against the rest of the message. In the inside address HQ AFCEM will be inserted as the abbreviated address of this Headquarters. The name of location or Sub-Comms will NOT appear in the inside address. After the inside address the message will be continued on a new line. (See Appendix 'A').

(l) In the 'TO' space at the top of the message form and in the INSIDE ADDRESS the abbreviations 'Rptd' or 'for info' will be inserted between ACTION and INFORMATION addresses.

(m) Single letters of the alphabet, except parts of speech, will be spelled out phonetically. (See Appendix 'C').

(n) Numbers will be expressed in words NOT Arabic numerals, e.g. 289 will be inserted 'two eight nine'.

(o) Punctuation marks will be kept to a minimum consistent with clarity. Punctuation will be spelled out in abbreviated form. At least two spaces will be left on either side of punctuation abbreviations. The usual punctuations employed and their abbreviations are as follow:

Full stop	FD
Comma	CM
Colon	CL
Bracket	BR

3. AUTHENTICATION.

(a) In the space provided at the bottom left hand corner, office of origin and telephone number of the originating officer will be inserted. The originating officer will sign the top and third copies (excepting TOPSEC - see PART II).

(b) All messages (excepting TOPSEC - see PART II) will be authenticated by the Adjutant, or, after 1800 hours, by the Duty Officer.

(c) The authenticating officer will :

- (i) Ensure that all messages authenticated by him are prepared strictly in accordance with these instructions.
- (ii) That the number of copies is correct.
- (iii) Sign the top and third copies.

4. DISPATCH.

(a) All messages (excepting TOPSEC - see PART II) for transmission by electrical means (vide sub para (b) below) will be delivered by messenger of the office of origin to the Adjutant or Duty Officer for authentication. The messenger will wait while the message is authenticated and thereafter deliver same to the Cable Typists, Message Centre.

(b) Local deliveries, or copies of messages to addressees for whom electrical facilities do not exist, will be dispatched by the office of origin in the same way as letters and in accordance with the instructions contained in this Headquarters Office Memorandum No.17 dated 13 Oct 44.

5. HANDLING.

Although messages classified as RESTRICTED or CONFIDENTIAL may be handled by Italian civilian personnel this concession should be avoided whenever possible. On no account must TOP SECRET or SECRET messages be handled by Italian civilians.

SUBJECT: Abbreviations of Unit Designations.

TO : All Concerned.

1. Allied Force Headquarters letter, file and subject as above, dated 16 October 1944, and amendments thereto, dated 3 November and 24 November 1944, are rescinded. The use of non-secret short title unit designations has been discontinued. Either the full designation or an authorized abbreviation, as listed below, will be used in the heading and texts of messages to be transmitted by electrical means as well as in correspondence.

2. Reference is made to AFHQ Signal Instructions, Item 2, Section V, subject: "Submarine Cable Communications", for listing of authorized telegraphic addresses. A telegraphic address is a short meaningless word assigned currently to a civil, diplomatic, or political agency only, for use in routing traffic via commercial communication channels; whereas an authorized abbreviation is used by a military organization in lieu of the full official designation in the text of a message or in the heading when routing is in plain language by secure signal channels.

3. The list of authorized abbreviations below is not intended to include all headquarters and units in the theater. It has been restricted to those to which traffic is particularly heavy and whose designation lends itself to an intelligible abbreviation. The list must be kept short enough to permit complete familiarity by all personnel who must use it. Therefore, additions to the list will be kept to the minimum.

4. The list of abbreviations authorized to date is as follows:

<u>ABBREVIATION</u>	<u>UNIT</u>
AAFMTO	Army Air Forces, MTO
AAFSCTO	Army Air Force Service Command, MTO
AAO CORSICA	Allied Administrative Officer, Corsica
