- e. War correspondents accredited to AFHQ.
- f. Merchant seamen serving in Allied or Allied-operated merchant ships.
- g. Merchant seamen, other than Italians, leaving Italy to join ships elsewhere.
- h. Persons already in possession of Inter-Allied Laissez-Passer (issued in French North Africa or in Italy), Joint Chiefs of Staff Permits (issued in Washington), or Allied Force Permits (issued in London), provided that these documents are not indorsed "for single journey only" (unless for single journey Italy - France or Corsica).

3. A person not included in paragraph 2 (of whatever nationality) wishing to leave Italian territory (including Sicily and Sardinia) must obtain application forms for Military Travel Authorization from the nearest Civil Affairs Officer or such other officer or agency as may be deputed. Two copies of the application form will be completed. They will be typewritten, or written in block capitals where no typewriter is available. The applicant must furnish, where photographic facilities exist, two full face and two profile photographs of passport size, which will be affixed to the two copies of the application form as indicated in the spaces provided. Where the applicants cannot provide photographs, right thumb prints will be made on the application form, in the presence of the Civil Affairs officer.

4. In the case of applications for Italian diplomatic and consular officers and special economic or political missions, application forms should be forwarded in duplicate by the Political Section, The Allied Commission (ALCOM), to G-2 (CI) Section, AFHQ direct. Photographs will not be required, and the applications will not be subject to local screening unless G-2 (CI) Section specifically requests it.

5. The Civil Affairs officer or appropriate Section of ALCOM will satisfy himself as to the identity of the applicant and as to the reasons for his proposed journey, and will note in the first few lines of the "Remarks" section of the application form any information available locally concerning the applicant, and any comments of his own. He will also consult the local (British) Field Security Section, or (American) Counter-Intelligence Corps Detachment, regarding each application. If the applicant is in any way suspect or unsatisfactory as regards security, Field Security or CIC will submit a written interrogation report direct to G-2 (CI) Section, AFHQ noting the reference of the report on the MTA application form. Otherwise, they will indorse the Military Travel Authorization application forms "Nothing known against". The Civil Affairs Officer or appropriate section of ALCOM will then fill in the items "Counter signature of Civil Affairs Officer and Office Stamp" and "Region and Province", but will leave the remaining spaces blank. The terms of this paragraph will not apply to applications under paragraph 4 supra.

6. Both copies of the application form will then be forwarded by Civil Affairs Officer through HQ ALCOM to G-2 (CI) AFHQ.

7. G-2 (CI) AFHQ after consideration of the applications, will return one copy of the application form to the appropriate section of ALCOM with the decision as to grant or refusal, and where the application is granted will forward together with the form the appropriate Military Travel Authorization for transmission to the applicant.

8. Civil Affairs officers will on no account communicate to persons whose applications have been refused the grounds for such refusal; nor will they attempt to indicate, in view of the detailed research which will be necessary in many cases, the time which may elapse before applications are decided.

9. It should be made known to intending travellers that the Military Travel Authorization is merely an authorization to leave Italian territory and, with the exception of French North Africa, it does not authorize their entry to the country of destination, whose visa requirements must be complied with. In the case of travellers from Italy to North Africa, a French entry visa is not required by holders of Military Travel Authorizations.

10. In the case of travellers from Italy to the United States, other than United States nationals, and of travellers to British territory, other than British nationals, Civil Affairs officers will satisfy themselves as to whether the applicant holds a passport bearing an entry visa for the United States or British territory respectively, and will note this fact in the remarks section. Applications will not be forwarded in any case in which an entry visa has been refused, whatever may be the country of destination.

11. This instruction does not apply to Allied-organized parties of refugees, or repatriates, leaving occupied Italy, Sicily and Sardinia. In the case of such refugees a nominal roll with appropriate biographical data will be submitted by the Displaced Persons Sub-Commission to G-2 (CI) AFHQ who will issue a block Military Travel Authorization if approved.

12. Except in the case of refugees, and repatriates of British and United States nationality, Military Travel Authorizations will not be issued except for journeys which benefit the war effort.

13. In cases where the appropriate section of ALCOM considers that the travel of an applicant is urgent, application may be made to G-2 (CI) AFHQ by telegram or telephone; and in the event of a favorable reply, he may authorize the applicant to proceed without being in possession of a Military Travel Authorization. G-2 (CI) AFHQ will in such cases warn the Security Control at the Italian port of exit, and (if necessary) the North African port of entry. In such cases the application form will none-the-less be forwarded to G-2 (CI) AFHQ to complete their records.

14. The Security Controls at Italian sea and airports are instructed to forbid the exit from Italy of any passenger who presents himself without a Military Travel Authorization, unless he produces documentary evidence that

1. For purposes of security control of civilian movement, the Rear Army Security Control Line will be regarded as the Army rear boundary.

2. Thus, North of the Rear Army Security Control Line, the 10 Km movement restriction will apply. South of this line, i.e. in the area between this line and the zone of free movement, the inter-provincial movement restriction will apply.

3. As far as civilian movement regulations are concerned, therefore, the Army administrative rear boundary will have no significance.

4. It is the responsibility of this HQ to fix the position of the Rear Army Security Control Line: as a general rule, we shall adjust it from time to time so as to conform approximately with the Army administrative rear boundary, but its exact position must depend on the security situation and geographical considerations.

1. Reference is made to the operation of the Army control line to prevent unauthorised movement of civilians in the Eighth Army area, which it is understood is at the present time operated under the direction of No 3 District.

2. It has been observed that the number of unauthorised civilians, both in vehicles and on foot, circulating within the Army area after having crossed the Army rear boundary has increased to alarming proportions, since Eighth Army has been north of ROME.

3. It would be greatly appreciated if representation could be made to A.A.I. to secure more efficient operation particularly on Routes 2 and 3.

SUBJECT: Security in Rear Areas.

TO : R.C.'s Regions I, II, III, IV, V, VI, VII, VIII and IX.
R.C. Rome Region.

1. It is known that German espionage agents are being left behind by the German Armies in their retreat northwards. In view of this it cannot be too strongly stressed that a high standard of vigilance and alertness must be maintained throughout all Regions so that these agents may be detected and placed in custody. Regions will therefore ensure that the security measures laid down by them are being carried out and that all officers and others are informed of these measures and warned to be on their guard.
2. Situations have arisen where former Fascists who have been allowed to remain in office has endeavored to usurp more power and have tried at the same time to incorporate their doctrines into the organization administered by them. Such officials must be closely supervised and where necessary the provisions set out in Executive Memorandum No. 67 must be carried out.
3. Checks carried out on photographers have revealed that photographs have been taken of heavy guns and other war equipment. Steps should therefore be taken to ensure that cameras are not taken into forward areas by military personnel.
4. Unauthorized movement of civilians presents a considerable problem and R.C.'s are reminded that they should take all steps possible to stop this movement. R.C.'s attention is drawn to directive by this Section 316/CA of 26 April 44 which deals with Provincial Movement and movement into Army and Corps Areas, copy of which was sent to you. Further instructions on this subject, slightly amending and amplifying the above quoted letter will also shortly be issued. Meanwhile action should be taken as requested.

SUBJECT: Security in Rear Areas.

TO : See Distribution *To Lt Col Shipp.*

1. In view of the practical certainty of German espionage agents having been left behind in their retreat Northwards, it is strongly recommended that vigilance be maintained throughout all Regions to detect such persons, and to take preventive measures against their operations.

2. Situations have arisen where former Fascists not removed from office, have endeavoured to usurp more power and have tried to incorporate their doctrines into the present administration. Those officials still retained in office should be very closely supervised and the provisions of Executive Memorandum No 67 thoroughly carried out.

3. Checks on photographers in rear areas have revealed photographs of heavy guns and other war equipment, and steps should be taken to ensure that no cameras are taken into forward areas by military personnel.

4. Unauthorized movement of civilians is still a considerable problem which is not improved by the fact that Allied transport drivers are in the habit of assisting civilians by allowing them to ride in military vehicles.

5. Some confusion still exists regarding :

(a) inter Provincial movement

(b) movement into Army and Corps areas

This is clearly set out in directive from Section 316/76/CA dated 26 April 1944.
