3. It is also observed that a number of Scheds received from Regions already have the "No security objection" endorsement of local FS Sections. It would therefore not appear to be necessary to screen these persons a second time unless further information has since come to hand which would make this course advisable.

CONFIDENTIAL

Colonel M.E. FISKE.

Following upon your conversation with Gen. Johnson this morning, Lt. Col. FISCHER called to see you this afternoon, but you were in conference.

He said that the General requested that you make a specific request for the arrest of these people, together with the information at your disposal concerning them.

I showed Col. Fischer a copy of TSS report to him on 19th. June, 1944 containing the information about each, but he said he had not ~~*****~~ seen that before, although the original copy was addressed to him. The information there seems strong enough to warrant action against them.

F.P.S. Major Snowden, seen this morning, hopes to have the arrest of San Faustino and Bodrero effected today.

In view of the request, I have drafted out a rough letter embodying the information asked for, together with the specific request for arrest which they seem to need so desperately before action is taken.

S. H. Hanning
Major.

SUBJECT: SUSPECTED DANGERS TO SECURITY.

To C.G. Rome Area.

1. The following facts arising from investigations by 376 F.S.S. have been brought to my attention, concerning the individuals mentioned below:-

PRINCIPE RANIERI SAN FAUSTINO. address Via TROGROLOGI.

"A reliable informant states that on 26th. June, 1943 this person stated that he had become more Fascist than ever. He speaks excellent English and is believed to have been separated from an American wife. Was reported to have received Dollmann and other senior German officers and to have taken an active part in broadcasting Anti Allied Propaganda from Radio Rome. Is now believed to be trying to cultivate Allied Officers." Further information states that Lydia San Faustino, believed to be his wife, and the daughter of General Podrero, was the head of a woman's organization which exercised espionage activity on behalf of the Germans.

Generale Alessandro PODRERO, Via The Madonna, 13.

"A relation of Principe San Faustino above. Former Minister of State under Fascism, reported to have been very friendly with Dollmann and other German officers, receiving them in his home. Is said to have indulged in violent anti Allied propaganda. His wife is Austrian. About 6 or 7 weeks ago he paid a special visit to Mussolini. Has recently been seen in company with Allied Officers."

Conte and Contessa MIAMI. Via Triomphale, 97.

"These people, multi millionaires, are reported to have given many sumptuous receptions to German officers including General FALSB, at their expensive Villa on Monte Mario. They are now seen in company with Allied Officers."

2. It is believed by the undersigned that the continued liberty of these people is a serious potential threat to military and civil security, and it is requested that agencies under your control should arrest them forthwith, pending completion of the enquiries which are now in hand by C.I.C.

PROMEMORIA

Roma, li 21/4/1945

CURZI Mario fu Emilio e di Diomira Feliziani, nato a Ligonier (Pensilvania) il 30/4/1912, abitante in Via Reggio Emilia n° 47, non ha precedenti penali e risulta di buona condotta in genere. Già milite della Milizia Volontaria Sicurezza Nazionale - specialità milizia della strada- fino all'8 settembre 1943, attualmente, essendo senza occupazione, ed avendo la moglie al di lei paese di origine, risiede quasi in permanenza in località Tomba di Nerone (Roma) presso la madre, affittuaria di un appezzamento di terreno, coadiuvandola nei lavori campestri.

Non risulta che durante il periodo della dominazione tedesca abbia collaborato con i nazi-fascisti e non consta nemmeno che il Curzi si sia dimostrato un fascista convinto e zelante mentre era Milite della Strada.

E' coniugato con Ramozzi Agnese di Domenico, nata a Montegallo (Ascoli Piceno) il 26/II/1915, casalinga.

1. From a very reliable source the following information has been received. The Italian original has been paraphrased and runs as follows (paras 2-6):

2. "It has come to notice that Colonel MARSHALL proposes to take with him as advisers for the TURIN area the following persons:-

ROSSI DI MONTALERA 500-118
AGNELLI 500-446
FIORIO 500-555

3. "No exception can be taken to FIORIO"

4. "As regards the two others, ROSSI and AGNELLI, it is pointed out that they were formerly two well known representatives of big industry under Fascism, that they were absolutely upholders of that regime, and completely subservient to its Duce".

5. "It is therefore considered that the presence of these two persons, who have been ardent Fascists and may still be considered so and who have made profit out of all that was rotten in Fascism, would be an affront to the Northern working classes as they are of a type which Allied propaganda itself has indicated as to be prevented from damaging the country's interests and advancing their own affairs to the detriment of the Italian people.

7. Comment In view of the serious and delicate problems which the liberation of Northern Italy is bound to raise, this matter is brought to your notice. Source is well known to the undersigned, has NO political or other axe to grind, and is a native of TURIN Province.

This matter also raises the general question of the background and suitability of persons intended to be taken on by A.C. in Northern Italy as advisers or collaborators in various capacities, as the Allies will be judged, and judged rapidly and irrevocably in those parts, by the type of Italian collaborator on whom they rely.

This Sec will endeavour to assist with further information on these or any other persons of this nature at present in ROME about whom there may be any doubt.
