SUBJECT : CASETTA Attilio of Francesco.

From the investigations made by the Questura it has not resulted that the s/m subject has ever had the rank of Major in the 24th Infantry Regiment or has ever been in Jugoslavia.

The s/m subject was enlisted in the National Republican Guards as a "milite" and always took service at Pitigliano (Grosseto) where, on 15.6.1944, was captured by the Allied Troops and transferred to Algeria as a POW. On 12.7.1945 - due to illness - he was repatriated and sent on convalescence leave for three months. But as he arrived at his birthplace, he was arrested for collaboration and then acquitted after the penal proceeding.

He is a simple workman and affected with tuberculosis.

It is requested that this Ministry be informed whether or not the s/m subject has to remain still under surveillance.

sono CASETTA Attilio da Pitigliano (Grosseto) amnistiato per il reato di collaborazionismo,che non ho mai commesso,e tuttora in carcere a disposizione del Comando Alleato,secondo quanto afferma la Questura di Grosseto.Ritengo che il mio fermo sia dovuto ad un equivoco,perché io fui rilasciato,in seguito a grave malattia,della quale non sono guarito (si tratta di una bronchite asmatica con enfisema),dal;campo di prigionieri di guerra in Algeria;la mia matricola aveva il n.104494.Tutti gli altri miei compagni che furono liberati con me godono della libertà,io invece,per ragioni che non comprendo,devo soffrire in carcere.

L'autorità italiana attende soltanto il benestare della Sotto commissione di P.S. della Commissione Alleata,alla quale ho scritto un espresso fin dal 6 Agosto,senza alcun resùltato.

Prego pertanto la S.V.Ill.ma di comprendere il mio caso particolare e di venirmi incontro,come ha fatto per altri,alfine di riottenere quella auspicata libertà,per la quale il vostro esercito di è valorosamente battuto.

Non sono che un operaio,ben visto dai miei paesani;non ebbi mai a ricoprire cariche;nessun ostacolo frapppne la Questura al mio rilascio,ove venga l'autorizzazione della Commissione Alleata.

Iddio Le dia tanta salute e tanto bene,per quanto Ella ne ha fatto e ne fa a noi poveri prigionieri.

SUBJECT: Transfer of Italian civilians from POW Camp to Grosseto Prison for Trials under Decree DDL 159 (Sanctions against Fascism)

TO : Regional Legal Officer, Toscana Region, AMG

1. Attached hereto is the original (and translation) of a request from Procuratore del Regno Polimeno, Grosseto Province, for the transfer to Grosseto Prison of nine defendants wanted for trial as offenders under DDL 159 (Sanctions Against Fascism). We understand these defendacts have been interned for the duration and are now in POW Camp (probably No. 371)

2. You will note three of these are defendants in the important case known as the "Istia Atrocity". The presence here of Azzi, Angelo (2) Fanciulli Silvestro and (3) Fondi, Domenico is especially desired....As you know, the Italian courts in Grosseto Province have tried and sentenced quite a few Fascist offenders and we are anxious to continue this work and deal with the more serious cases - such as these present.

3. WARRANTS OF ARREST for each of the nine are attached. If the authorities are willing to honor these warrants and release these nine defendants, our Public Safety Department will provide the necessary transport.

4. It is requested that you submit this request to G-2 5th. Army, or to CIC, or the appropiate agency, and that we be advised of their decision, and if in the affirmative, the date on which our truck can be sent for these defendants.

1. The alleged offense for which it is sought to bring the accused to trial is a crime which is denounced by Italian Law, and was committed by Italians against Italian nationals; the accused are being detained under International Law, either as prisoners of war, or as persons entitled to be treated as such. It is our impression that a decision on the request contained in the basic communication lies with AFHQ. Do you agree?

c. For internees in the custody of the Allies to be handed over to Italian custody in order that they may stand trial before any of the Commissions mentioned above.

4 January 1945

SUBJECT: Handing Over of Persons Interned by Allies to High Commission for Punishment of Fascist Crimes

TO : President, Allied Commission, APO 394

1. The Italian Government has passed various decrees against Fascism, the principle one of which declares certain acts to have been crimes and sets up courts to try them. It has appointed a High Commissioner to supervise and coordinate the work and conduct investigations. His department, the High Commission for the "Sanzioni contro il Fascismo", contains four branches:

a. For the punishment of Fascist crimes;
b. For the removal of Fascists from positions of authority;
c. For the forfeiture of improperly obtained wealth;
d. For disposing of the property of Fascist Bodies.

2. Commissions are set up, in every ministry, province and concern of national importance to consider the evidence against alleged Fascists and recommend whether particular persons should or should not be dismissed from positions of authority. In the Ministry of Interior there is, for instance, a Commission to deal with the cases of public security personnel, and in the Ministry of War, one to deal with the CC.RR. (Carabinieri).

3. The Italian authorities are entirely responsible for dealing with all cases under the decrees against Fascism but the Allies will, if requested, assist them where they can reasonably do so by supplying such information as may be given without breach of security requirements. There can normally be no justification for asking Allied personnel to give evidence in person in such proceedings and evidence will not be given by Allied personnel without sanction from higher authority.

4. Authority may be granted through the releasing authorities (in the case of internees from Number 1 Internee Camp through G-2 CI AFHQ, in the case of Number 2 Internee Camp through ~~G-1(c), 10th Army Group~~ G-2 AFHQ)

a. For accredited representatives of the Italian Government to visit Number 1 Internee Camp and Number 2 Internee Camp for the purpose of interrogating internees in order to procure evidence;

b. For internees to be released temporarily from the above mentioned camps to Italian custody to proceed to Rome or elsewhere with the object of giving evidence at trials;

1. Attached herewith is a copy of a letter dated 15th March 46 from the Ministry of the Interior to the Allied Commission. This letter was received in reply to a request for an explanation as to why subject was released from Italian custody without prior authority being granted by this GHQ.

2. It will be noted that a letter, reference P/96 dated 1 Feb 46, is quoted as being the authority for subject's release. This would appear to be an RAAC reference. From conversation DAVIDSON/CLARK no letter of this reference was written on the 1st Feb 46 and it seems unlikely that the document referred to is P/96 dated 11 Feb 46 as suggested in the a/q conversation. The possibility of forgery therefore arises.

3. It is therefore requested that a full investigation be made and a report, together with a copy of the letter in question(P/96 dated 1 Feb 46) be forwarded to this GHQ.

Avverso tale sentenza il P.M. propose appello e nelle more di detto procedimento fu chiesto a codesto On.Comando, se il De Michele dovesse essere tradotto al campo di concentramento di provenienza, specificando altresì in quale campo egli doveva essere tradotto.

Tale richiesta fu immediatamente comunicata alla Questura di Roma per l'esecuzione, ma quest'ultimo Ufficio faceva presente che, contrariamente a quanto disposto da codesto On.Comando, il De Michele doveva essere tenuto in libertà a disposizione delle Autorità Alleate ed alligava all'uopo la lettera P/96 dell'11.2.46 del Comando Alleato di Roma che questo Ministero trasmetteva in data 7 corrente a codesto Comando per le ulteriori determinazioni.

Avverso tale sentenza il P.M. propose appello e nelle more di detto procedimento fu chiesto a codesto On.Comando, se il De Michele dovesse essere tradotto al campo di concentramento di provenienza, specificando altresì in quale campo egli doveva essere tradotto.

Codesto Comando in data 28 gennaio c.a. fece conoscere che il predetto doveva essere accompagnato sotto scorta al Campo di concentramento civile "R" di Terni.

Tale richiesta fu immediatamente comunicata alla Questura di Roma per l'esecuzione, ma quest'ultimo Ufficio faceva presente che, contrariamente a quanto disposto da codesto On.Comando, il De Michele doveva essere tenuto in libertà a disposizione delle Autorità Alleate ed alligava all'uopo la lettera P/96 dell'11.2.46 del Comando Alleato di Roma che questo Ministero trasmetteva in data 7 corrente a codesto Comando per le ulteriori determinazioni.

Questo Ministero, pertanto, ha ritenuto doveroso dover informare codesto Comando delle determinazioni adottate nei confronti del De Michele dal Comando Alleato di Roma, al fine di poter precisare la competenza specifica del Comando Alleato cui interessava il caso del De Michele.

Quest'ultimo poi non è stato immediatamente tradotto, a soddisfatta giustizia al campo di concentramento di provenienza, per la ragione che questo Ministero non era a conoscenza della ubicazione di detto campo, informazione questa che è pervenuta da codesto On.Comando solo in data 28 gennaio c.a.-

Comunque, si assicura che, in pari data, vengono date opportune istruzioni alla Questura di Roma affinchè, non tenendo conto della segnalazione del locale Comando Alleato, il De Michele venga tradotto sotto scorta al campo di concentramento civile "R" di Terni.-

Having read the request for proceeding against MARCIANO Armando Chief Station Master - I57736 - Station Naples Campi Flegrei

Having read the records of the proceeding;
retaining that Marciani Armon has been submitted to epuration because he is antemarcia and sciarpa littorio, because he had an intense political activity, was "fiduciario" of a fascist group in Naples from 1932 till 1943, and received several fascis honours and advantages for his career for fascist merits and on recommendation either of fascist hierarchs or of the party. In fact, he got the promotion to Station Master of 2nd and Ist class in 8 years only, while usually a 2nd class station master must remain such for over IO years. He was appointed Chief station master only five years after his nomination to Ist class station master;

4837

p. t. o.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Considering that he deserves epuration according to articles I2. I4. I5. 22. of the legislative decree n. I59 of the 27th July I944;
and considering that as the above stated facts are sufficient to suspend him from service, but not important enough to provoke the total loss of his right to the pension, and that as he got his promotions for fascist merits the enjoyment of a pension for his rank and wages would be unjust and against arricle I5 which says that the employees must get back to their legal position altered by such promotions.
Besides, considering also that ~~his~~ art. I5 can be followed fixing his pension in accordance with the normal increasing, that is to say as Ist class station master from the Ist of January I940 until his suspension from the service.

States
that MARCIANI Armando
can be epurated according to art. I2.I4.I5.22 of the legislative decree n.I59 of the 27 July I944 and art. 8 of the legislative decree n. 285 of the 23rd October I944, and must therefore be suspended and must receive the pension specificated as above as if he wasn't a Ist class station master. He will receive such qualification only when retired.

The Secretary of the Commission willcommunicate the present decision to the High Commissioner and to subject.

H.E. dott.BARATONO Pietro, aged 60, Councillor of the State, President of the Epuration Committee for the Personel of Public Safety.

In 1908 he enterred the Administration of the Interior.

Appointed underprefect soon after the march on Rome, was sent to San Remo. Successively he was recalled to the Ministry of the Interior where he had already worked before having been appointed underprefect of the Head section to the Direction of the Armed Police Force with the General Direction of Public Safety. After he was named Head of the Personel of Public Safety.

Appointed Prefect he was entrusted with the charge of Head of the Personel of the Civil Administration of the Ministry of the Interior, a charge which he held for about two years. Successively he was sent as Prefect to Novara and Florence and lastly he was appointed High Commissioner for the province of Naples.

Placed at disposition, he was successively appointed Prefect of Torino, where he was in entire discord with the then federale fascista, Gazzotti.

Lastly he was named Councillor of the State, charge that he now covers.

Under the Government of Badoglio, he was called and appointed Undersecretary of the Presidenza del Consiglio.

It is now about a month that he is president of the Epuration Commission for the Personel of Public Safety.

He is a very educated and intelligent person and has an excellent knowledge of law.

Serious and honest and of an undiscussed rectitude; of a rather retired character but makes himself liked as he treats everyone loyally.

He has been inscribed to the dissolved fascist party after the march on Rome, but it does not result that he has compromised himself in any way with the ended political regime. 1822

In fact it is known that in the last moments he manifested anti-fascist sentiments, although in a form slightly masked. Has a leaning towards democratic-liberals.

He is an intimate friend of H.E. Maresciallo D'Italia Badoglio.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Since he has been President of the Epuration Commission for Public Safety Personel, he has presented himself in said Commission only once and on that occasion showed himself objective, scrupulous and not animated by a turbulent spirit.

He is indicated complessively as being a person who can be trusted morally as shown during the exploiting of his office.

Of his rectitude one can see that at Turin whilst he was Prefect he refused to accept a car that the Fiat Society used to give as a present to each prefect of that city. It seems that he has been the only prefect to refuse this present.

He is an ex-combatant in the great war 1915-1918, but has no decorations.

S.E. dott.BARATONO Pietro,di anni 60,Consigliere di Stato,Presidente della Commissione di Epurazione per il Personale di Pubblica Sicurezza.

Nel 1908 entrò in carriera nell'Amministrazione dell'Interno.

Nominato Sottoprefetto subito dopo la marcia su Roma,fu destinato a San Remo.Successivamente fu richiamato al Ministero dell'Interno -dove già aveva prestato servizio prima della nomina a Sottoprefetto- quale capo sezione alla Divisione Forze Armate di Polizia presso la Direzione Generale di Pubblica Sicurezza.Poscia fu nominato Capo del Personale della Pubblica Sicurezza.

Nominato Prefetto ebbe affidato la carica di Capo del Personale dell'Amministrazione Civile del Ministero dell'Interno;carica che tenne per circa due anni.Successivamente fu destinato,quale prefetto,a Novara e a Firenze,e infine fu nominato Alto Commissario per la Provincia di Napoli.

Collocato a disposizione,fu successivamente nominato prefetto di Torino,dove fu in grave dissidio con l'allora federale fascista del luogo,Gazzotti.

Da ultimo fu nominato Consigliere di Stato,carica che tuttora ricopre.

Con il Governo Badoglio fu chiamato alla carica di Sottosegretario alla Presidenza del Consiglio.

Da circa un mese è Presidente della Commissione di Epurazione per il Personale di Pubblica Sicurezza.

E' persona molto intelligente e molto colta,ed ha una ottima prepa=

razione giuridica.

Serio, onesto e di indiscussa rettitudine; di carattere un po' sostenuto, ma si fa benvolere per il suo tratto distinto e leale.

E' stato iscritto al disciolto partito fascista dopo la marcia su Roma, ma non risulta che siasi compromesso col cessato regime politico. Anzi consta che negli ultimi tempi manifestava sentimenti antifascisti, sia pure in forma larvata. E' di tendenza democratico-liberale.

E' amico intimo di S.E. il Maresciallo d'Italia Badoglio.

Da quando è Presidente della Commissione di Epurazione per il Personale di Pubblica Sicurezza, ha presieduto detta Commissione soltanto una volta, e in tale occasione si è mostrato obiettivo, scrupoloso e non animato da spirito di fazione.

Viene, in complesso, indicato come persona che da affidamento sia dal punto di vista morale che politico nell'espletamento delle sue funzioni.

A prova della sua rettitudine si ricorda che a Torino, mentre era ivi prefetto, rifiutò di accettare una automobile che la Società Fiat soleva regalare ad ogni prefetto di detta città. Sembra che sia stato l'unico prefetto a rifiutare detta offerta.

E' ex combattente della guerra 1915-18, ma non ha decorazioni.

BATTAGLIA Achille of Luigi, born in Viterbo the 31 October 1893, residing in Home, Piazza Pollarola 38, lawyer.

He comes from Viterbo, where he has always exercised and still does his profession. At the moment he passes three days at Viterbo from Monday to Wednesday and the rest in Rome.

He is a good criminalist and has a vast practice.

He is intelligent and educated, and has a very good juridical knowledge.

He is honest, serious and has a very energetic quarrelsome character.

Politically he has a socialist tendency and for such he was watched during the fascist regime. It does not result however that there has been any action adopted against him by the police, as he showed himself to be, at least in appearance, to have every respect for the authorities.

He took part in the antifascist Association of "Italia Libera" and is actually an exponent of the Action Party.

He is a member of the Epuration Committee for the Personel of Public Safety. It is known that at the few meetings held by the said Commission, that Avv.Battaglia showed himself to be objective and without factious spirit.

In general he is indicated as being an element capable of carrying out his charge as epurator.

However, more information of importance can be had of him by asking for them at Viterbo, where as already stated above he has and still does carry out his professional and political work.

In the acts of the local Questure and of the General Direction of Public Safety there is nothing of any juridical character against him.

E' intelligente,colto,ed ha una profonda preparazione giuridica.

Carattere,serio,di carattere energico e battagliero.

Politicamente,è di principi socialisti e come tale era vigilato durante il cessato regime fascista.Però non risulta che siano stati adottati provvedimenti di polizia a suo carico e si mostrava,almeno in apparenza,ossequiente verso le Autorità.

Ha fatto parte dell'Associazione antifascista "Italia Libera",ed attualmente è un esponente del Partito d'Azione.

E' membro della Commissione di Epurazione per il Personale di Pubblica Sicurezza.Consta che nelle poche sedute tenute da detta Commissione l'avvocato Battaglia si è mostrato obiettivo e senza spirito di faziosità.

BATTAGLIA Achille of Luigi, born in Viterbo the 31-10-1893, residing in Piazza Pollarola,38, -Lawyer.

He has been in Rome several years excercising his profession as penal lawyer.

Before selecting definetely his abode in Rome, that is to say in 1938, he exercised his profession near the foro of Viterbo where he is very well known.

He was a man of character regarding his belief in politics, because he never gave in to the fascist party, in fact he went decidedly against the party by joining the association of "Italia Libera" which was later dissolved by the fascist party soon after it had started.

About 1931 he was carefully watched by the police, as he was considered to be a dangerous communist element, whereas in reality Battaglia professed and professes still now socialist ideas.

Truthfully he is a professionist of great valour, very clever and more so intelligent, well quoted at the foro of Rome where he is greatly esteemed.

He has a studio in Via Condotta-61, with his brother, also a professionist.

He has never been inscribed in the past fascist party and in the neighbourhood he is liked by all those that know him, for his serious and correct character.

He rendered service for many years in some provinces in the North then in Rome at the Ministry of the Interior as Head of the Division of the Police Force and after in 1930 he was appointed High Commissioner for the Province of Naples.

Following he was removed from his charge evidently for financial reasons, as by the following result:

Persons who know him very well since 1920, when he was V.Prefect of Imperia say that he was a Freemason and andoubtedly he is still now.

He was a man held highly by the fascist regime in which he had several offices of which, one is said to be as High Commissioner.

Although I have made a careful inquiry it has not been possible to find concrete facts, as his charges and activities were chiefly done in Naples, whilst here in Rome there results nothing of importance that is to say, politically.

Even after his dismissal, he kept contact with elements of his same grade at the Ministry of the Interior.

He is a very clever and intelligent man, especially in regard to politics.

At the Ministry he is considered an undesirable element by most of the functioners.

Other more exact informations on his past can be had at the Prefecture of Naples, where without doubt he has left a good record of himself.

BARATONO Pietro, residing at Via Monte Appia 5.

He rendered service for many years in some provinces in the North then in Rome at the Ministry of the Interior as Head of the Division of the Police Force and after in 1930 he was appointed High Commissioner for the Province of Naples.

Following he was removed from his charge evidently for financial reasons, as by the following result:

Persons who know him very well since 1920, when he was V.Prefect of Imperia say that he was a Freemason and undoubtedly he is still now.

He was a man held highly by the fascist regime in which he had several offices of which, one is said to be as High Commissioner.

Although I have made a careful inquiry it has not been possible to find concrete facts as his charges and activities were chiefly done in Naples, whilst here in Rome there results nothing of importance that is to say, politically.

Even after his dismissal, he kept contact with elements of his same grade at the Ministry of the Interior.

He is a very clever and intelligent man, especially in regard to politics.

At the Ministry he is considered an undesirable element by most of the functioners.

Other more exact informations on his past can be had at the Prefectur of Naples, where without doubt he has left a good record of himself.

2. No comprehensive release of any class of persons from the Internment Camps can be considered, and the only way in which they can be dealt with is individually, on the merit of each particular case.

The method of epuration adopted in the case of other internees is to request them to complete a document answering the charges which may be brought against them and then, if the facts warrant it, to request their temporary release from internment for the purpose of standing their trial. SUBJECT : Epuration - OVRA Officials

TO : Ministry of Interior, Public Safety, HQ.

1. Receipt is acknowledged of your letter 333.9040. 3.P. of 13th December 1944.

2. It has been agreed that officials and agent of OVRA would appear before the Commission for Epuration of Public Security personnel, and accordingly enquiries were made to ascertain the names of such people detained by the Allies in Security Grounds.

3. The names given in my letter of 17th December were said to be ex-OVRA Officials, and authority was granted for you to bring them before your Commission if you so desired.

4. The right to re-intern them is claimed by the Allied Authorities because, primarily, they are considered a danger to military security, and would only be released to the epurating commission for the purpose of trial by that body. Such action does not effect the Allied Military Security position, and the decision to continue to intern or to release rests with the Allied Military authorities.

5. It is noted that BRAMONTE Salvatore and RUSSO Vincenzo are not of your dependent personnel.

6. If you have no case against PUPELLA Antonio and PETIX Michele I will advise the Camp authorities in order that they may be dealt with in the same way as other civilian internees.
