TO: Allied Forces Headquarters - Caserta -

I, the undersigned, Maria Nonino, residing at Vicinale di Buttrio No. 52 (Udine Province), am applying to you for the following:

I am Livio Nonino's mother, son of the late Pietro, who, in November 1945 was arrested by the Allied Police and taken to the jails of Udine. Subsequently my son, having attempted suicide, owing to his imprisonment, was received into the Hospital of Udine and some days ago he was transferred to another place.

I am a widow of war and, because of the absence of my son Livio, I have to provide with means of livelihood his children and another son of mine, by name Aldo, who, being feeble-minded, is unable to perform any gainful work. Being in very dire financial condition I can't provide any longer my family with means of livelihood. As far as I know, my son cannot be charged with any crime and his arrest has been carried out on false grounds.

I have been reported that my son has been taken now to the Concentration-camp of Terni or to that one of Rimini.

I am applying to your Command, in the hope that you will take into consideration my son's case and that you will release him at the earliest possible date.

In the hope that you will give your benevolent consideration to my application, I thank you.

s/ Maria Nonino

Al Comando Generale Militare Alleato

C A S E R T A

La sottoscritta Maria Ved. NONINO, abitante a Vicinale di But-
trio (UDINE) al n° 52, fa presente quanto segue:

1° Sono la madre del nominato NONINO Livio fu Pietro che nel
mese di Novembre 1945 venne, dalla Polizia Alleata, tradotto alle
carceri di Udine. Successivamente, il nominato Livio, in seguito a
tentativo di suicidio, in lui certamente provocato dalle tristi con-
dizioni di detenzione e dal costante pensiero di quelle della fa-
miglia, veniva ricoverato all'Ospedale di Udine e, pochi giorni or
sono, trasportato altrove;

2° Sono vedova di Guerra ed ho a mio carico un altro figlio
(Aldo) deficiente ed inadatto a qualsiasi lavoro ed anzi bisognevo-
le di continua sorveglianza;

3° L'assenza da casa di mio figlio Livio, mi obbliga provve-
dere al ricovero e mantenimento dei figli di lui, che per quanto
in tenera età, hanno pur sempre necessità inderogabili. Tale mante-
nimento io lo faccio da parecchi mesi, ma nel frattempo le mie già
scarse possibilità si sono completamente esaurite verso nella più
assoluta povertà.

4° Per quanto io sappia, mio figlio non ha subito nessuna con-
danna e si trova trattenuto da oltre sette mesi; e non solo é sta-
to trasferito, ma non mi si é detto nulla della località ove é stato
condotto, solo mi si é accennato a Terni ed a Rimini.

5° Chiedó al Superiore Comando Alleato che si voglia prendere
in esame la situazione di mio figlio e ch'egli venga quindi resti-

sono, trasportato altrove;

2° Sono vedova di Guerra ed ho a mio carico un altro figlio (Aldo) deficiente ed inadatto a qualsiasi lavoro ed anzi bisognevole di continua sorveglianza;

3° L'assenza da casa di mio figlio Livio, mi obbliga provvedere al ricovero e mantenimento dei figli di lui, che per quanto in tenera età, hanno pur sempre necessità inderogabili. Tale mantenimento io lo faccio da parecchi mesi, ma nel frattempo le mie già scarse possibilità si sono completamente esaurite verso nella più assoluta povertà.

5° Chiedo al Superiore Comando Alleato che si voglia prendere in esame la situazione di mio figlio e ch'egli venga quindi restituito alla famiglia che, priva del provento del suo lavoro, precipita sempre più nella miseria.

Spera che questa domanda fatta di fiducia nella giustizia e nella Umanità, possa avere favorevole accoglienza.

SUBJECT : PRINOTH Ermanno son of Giuseppe and Hofer Elisabetta,
born at parcines on the 17/9/07, former S.S. Lieutenant.
PASQUALI Ferdinando.

The BOLZANO Prefecture, with a note dated 18th May last,
communicated the following :

" We learn that the a/m PRINOTH Ermanno, former pay-master
of the local S.S. Command, at the moment of the German defeat had
17 thou. Lire and numerous jewels forfeited from Italian citizens
deposited in the safe-box of his command. It does not appear that
he consigned the said sum to the competent Authorities; on the con-
trary it seems that he hid them in the dwelling-house of some relativ-
es of him.

It is also said that the a/m PASQUALI is informed about
the whereabouts of the money and jewels in question.

Both PRINOTH and PASQUALI are presently interned in the
RIMINI MIRAMARE concentration-camp, respectively registered as Nr.
A.A. 079967 and A.A. 079592.

The Questura of FORLI' has been charged with the interroga-
tory of the two, and forwarded the following report on regard :

" The Allied Command of the RIMINI MIRAMARE Concentration-
camp, requested for the authorization to interrogate the internees
in question, replied that, as it is about two war criminals, it is
not possible to proceed to any interrogatory without the authorization
by the CASERTA Allied AFHQ. "

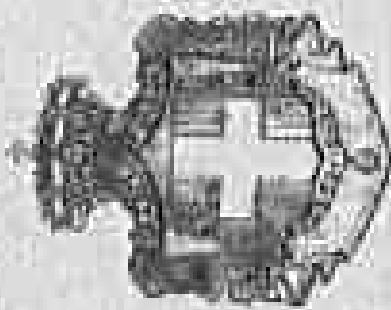

ACCORDINGLY, we beg your Commission to communicate if
it is possible to proceed to the interrogatory of the a/m internees/

OGGETTO

NARDINI Orazio fu Domenico

Alla Commissione Alleata (A.C.)

Security Division

ROMA

Nardini Orazio fu Domenico e di Solani Sestilia nato a Montelupo (Provincia di Firenze) il 19 marzo 1907 e già ivi domiciliato è stato denunciato a questa Corte perchè dopo l'8 settembre 1943 e fino al luglio 1944, in Montelupo, come appartenente al Partito fascista repubblicano si era reso colpevole di aiuto politico ai nazi-fascisti.

Questo ufficio ha provveduto a una laboriosa istruttoria circa i fatti di cui si è reso responsabile il Nardini.

E' risultato così ampiamente provato che il Nardini Orazio, la notte tra il 7 e l'8 marzo 1944 partecipò, unitamente ad altri fascisti all'arresto di circa 25 cittadini ritenuti "sovversivi"; questi cittadini furono consegnati all'autorità tedesca di Firenze che li deportò in Germania, da dove solo 5 di essi sono tornati.

Poichè il Nardini Orazio, già arrestato a Varese, fu nel maggio 1945 preso in consegna da un Comando di Polizia Alleata (si ha ragione di credere appartenente alla V^a Armata) e poi tradotto in località ignota,

a questo ufficio; poichè invece sarebbe necessario per poter celebrare un regolare processo, che il Nardini Orazio fosse a disposizione di questa Corte, si prega vivamente codesta Autorità di voler compiacersi di esaminare la possibilità di consegnare il Nardini all'ufficio scrivente, sia pure temporaneamente.

SUBJECT : CCRR Officers arrested by Allied Police.

TO : MMIA - CCRR Section.

The Carabinieri Officers named in the enclosed list were arrested by Allied Police for serving the Republican Fascist Government. They have been released from prison - or concentration camps - and are now placed under open arrest, according to the instructions issued by Public Safety Sub-Commission, AC.

These Officers have been screened and their cases carefully examined. It appears that they have no penal responsibilities which might justify their arrest.

Please inform whether these Officers can be released.

R O M A

Gli ufficiali dei CC.RR. di cui all'unito elenco, già arrestati dalla polizia alleata per aver servito per il sedicente governo repubblicano fascista e poi dimessi dal carcere o dal campo di concentramento, sono tuttora sottoposti al vincolo degli arresti a domicilio, come prescritto a suo tempo dalla Sottocommissione Alleata P.S.

Poiché dall'esame della loro posizione in sede di discriminazione e di epurazione non sono emerse responsabilità di carattere penale che giustifichino il mantenimento di tale misura restrittiva, prego volersi compiacere far conoscere se gli ufficiali stessi possano essere rilasciati in libertà. =

Subject: Mori Giovanni

I enclose herewith the attached application concerning the man who is interested, at present, at the Allied Concentration Camp.

We beg you to please examine the arguments and refer us the present situation of the man subject.

The attached copy contains a long story concerning the man's misfortunes & however the reason for which he was arrested and then interned is that he has been accused of being an officer of the S.I.D. and of having remained in Rome on leave where he was surprised by the Allied Authorities.

Sir, I suppose the S.I.D. has to have been a fascist organization at disposition of the German Police.

With reference to your 3726/12 of 31st January 1946 and to this Headquarters' letter AC 643.3/CA of the 11th March, a further discussion on this matter has taken place with representatives of the Ministry of the Interior.

1. The Italian law under which it would be possible for the Italian Government to hold such internees in custody will continue in force until 15th August 1946. There is no prospect of any extension of this law beyond that date.

If any of these internees remained in Italian custody after August 15th, they would be held under the provisions of M.I. 429 of 10th December 1944 at the disposal of the Italian authorities as explained in para 3 of this Headquarters' letter 3516/122/X of 16th February 1946.

2. Subject to the above, the Italian Government are willing to take over the Italian nationals now in Terni camp on the conditions laid down in sub paras (a) to (e) of para 2 of your letter under ref: case.

3. The Italian Government state, however, that if these Italian Nationals are to remain at "R" civilian Terni Camp, they are not prepared to take them and the Camp over until after the national elections which are due to take place on 2nd June 1946. 4. Alternatively, the Italian Government are prepared to take over immediately, all internees of Italian Nationality provided they are moved to Fossoli Internment camp near Modena which, they state, has the necessary accommodation, guards and staff. This camp at present contains 43 prisoners (held for political crimes) whose cases are at present under review and will be disposed of shortly.

5. It is understood that there are approximately 1,000 Italian nationals at Termini camp but that a considerable reduction in numbers is expected in the near future bringing their ²²⁰⁰ down to about four hundred.

TO : Minister of the Interior.

1. With reference to the discussion (Brigadier Carr - Lt. Col. Kennaford - Comd. Convention) which took place on March 6th 1946 at the HQ. C.A. of the Allied Commission, the Allied Military Authorities in Italy are anxious to hand over to the Italian Government control of the Civilian Internee Camp TERNI. This proposal is in accordance with the policy of handing over responsibilities to the Italian Government to the fullest possible extent.

2. In the Camp at TERNI - known as "RE Civilian Internee Camp TERNI" - certain civilians are held in custody by the Allies for reasons of military security. Approximately 1000 internees are at present held in this Camp but it is understood that this number will shortly be reduced and that there would remain approximately 600 all Italian nationals to be handed over to the control of the Italian Government.

3. The conditions under which it is proposed that the hand-over should take place are as follows:-

(a) An Allied-Italian liaison link, which would be in the form of an Allied Liaison Officer resident in the camp, to be established for the following purposes:

(1) to notify to AFM. any escapes;

(11) to record certain minimum statistical information for AFM including nominal rolls with relative Allied authority for detention;

(111) to arrange acceptance of persons admitted at any future date by the Allied Authorities;

- (v) to arrange for interrogation, transfers, releases, etc.

- (b) No internee to be released or transferred without AFHQ authority.
- (c) The Allied internment authority to retain the right to withdraw or transfer individuals for interrogation or to send representatives to the camp to carry out such interrogation.
- (d) Essential camp records of a non-secret or non-confidential nature to be handed over to the Italian Government after screening by an AFHQ representative. All other documents to remain in possession of AFHQ.
- (e) The Italian camp staff and guard to be of non-extremist political views and in sufficient strength to ensure security from (i) escapes (ii) assaults by political extremists.

4. It is appreciated that it would be essential that legal authority should exist for the holding in custody of these Italian nationals by the Italian Government.
- It was understood during the discussions referred to in paragraph 1 above that there does exist an Italian law under which such custody would be legal but that this law will expire on April 15th 1946. It was suggested that this difficulty might be surmounted by extending the provisions of this law for a further six months. This would apparently enable the Italian Government to hold these internees in custody if necessary until October 15th 1946.
5. I should be very glad to know at the earliest possible date the views of the Italian Government on this proposal.

1. Subject was released in December 1944 from "A" Internee Camp, Padua, to the custody of CC.RR. for investigation, he was apparently interned for reasons of military security.

2. On 18 January 1946, some 14 months after his transfer, the Commanding General of CC.RR. addressed a letter to this Sub Commission stating Subject was now residing at RIPACANDIA (Potenza) under bond of house arrest and requesting approval for him to visit Milan to recover household goods. Further, approval was also sought for him to take up residence with his brother at Venice.

3. This office requested information of the status of Subject's case before transmitting the original application and the following is an extract from the reply received.

"In connection with Captain (s.p.e.) PAPA Berardino who case is under consideration owing to his conduct before and after the Armistice, measures are being taken for his suspension from office. The said officer had sworn to the Fascist Republic and served it from 14 Dec. 43 to June 44.

Against Capt. PAPA, who is at present on leave awaiting his formal discrimination, there appears no significant act on which penal proceedings can be taken."

4. In view of the fact that little or no action has been taken after 15 months your instructions regarding his disposal as an internee released for investigation by the CC.RR. are requested.

Armando Danese
626 Third Ave.
New York 17, N. Y.

December 28, 1945

To the Commanding Officer of the
American Military Government.
Rome, Italy.

Dear Sir:

I am an American citizen and as such I address myself to
you with my plea in behalf of my brother Danese Gugliel-
mo who, since many months, is detained in the M. Civilian
Internees Camp (1376) of Terni, Collierispoli.

1376

There are no specific accusation against him, but only
vague and generic which could be also the result of ano-
nymous charge made by some personal enemy.

My brother has always been an honest man with the best of
reputations. Before the war he was a Radio Officer on board
of the Italian Liners in passengers service between Genoa
and New York. With his work he supported two sisters who
are dependent of him, particularly one who has never been
too well in health and needs special cares.

I would be deeply grateful to you if you would kindly investi-
gate this particular case and if there are no positive charges
against him, to see to it that he may be liberated so that
he may return to his family that needs him so very much.

I hope, Sir, that you will give to my brother the opportunity
to clear himself and while I thank you in anticipation I am,

Very respectfully yours,

Armando E. Danese

Reference is made to your letter of 24 Nov 45 requesting information on the above named.

1. Search has been instituted without result by this Branch with the authorities in C.I.P. who would be likely to hold any documents not destroyed on the disbanding of PABALA Internment Camp in late summer 1945. These included records at TERNI Camp, G23 C.I.P. Branch C.I.P. and G2(01) AFHQ.

It must be taken therefore that the documents in question were not considered essential to the security record of her detention and have not been kept.

2. The position with regard to Bianchi is that once she was no longer considered to be of security danger to our forces in Italy her liberty was restored to her. This, of course, accords with the principle of internment.

The reasons why she came under suspicion were firstly that she was known to have been acquainted with the German S.D. Agent MEYER. MEYER was well known to Allied Counter-intelligence though whether Bianchi actually worked for him or was merely a friend of his in C.I.P. was never clear. Secondly, after the fall of C.I.P. and when MEYER was engaged in sending agents through the lines into Allied territory, one of these when captured related that he had been told to contact Bianchi. It was not known once again whether Bianchi would have given the visiting agent assistance; whether she was expected to do so because of previous agreement with MEYER; or whether the latter merely wanted to send information to her of a "non-military" nature.

In any event, it is obvious that MEYER has a certain amount of trust in Bianchi or he would hardly have prejudiced the life and welfare of one of his agents by sending him to her.

Because of the "non-proven" nature of the charges against Bianchi, she was not tried for a security offence. She was however interned as a potential security threat. This occurred

TECHNICAL CAMP, 623 GAZ. CAMP, 'A' BOSTON GAZ. CAMP and 623 (CL) ATRO.

- The reasons why she came under suspicion were firstly that she was known to have been acquainted with the German S.D. Agent MEYER. MEYER was well known to Allied Counter-intelligence though whether BARNIA actually worked for him or was merely a friend of his in 1943 was never clear. Secondly, after the fall of 1943 and when MEYER was suggested in sending agents through the lines into Allied territory, one of these when captured related that he had been told to contact BARNIA. It was not known once again whether BARNIA would have given the visiting agent assistance; whether she was expected to do so because of previous agreement with MEYER; or whether the latter merely wanted to send information to her of a "non-military" nature.

In any event, it is obvious that **RAY** has a certain amount of trust in **BURMA** or he would hardly have prejudged the life and welfare of one of his agents by sending him to her.

Because of the "non-proven" nature of the charges against BAKULA, she was not tried for a security offence. She was however interned as a potential danger to our security to be released as soon as deemed expedient. This occurred on 22 July 45. The fact that she was asked to continue work at the Camp (it is normal for internees to help run their own institution) does not mean that she was considered to have been wrongfully interned but that she was probably a useful worker whom it was convenient to have on hand during the closing stages of the Camp's existence.

3. With release from internment, action by the military authorities against B. Adick ceased and her case is now regarded as closed.
4. The delay in answering your communication is regretted.

Vittoria BRENNA (Italian subject), ex Radula.

Your assistance would be greatly appreciated in tracing any reports which, it is alleged, her mother Fernanda Brenna sent to the "British Police at Radula" from Rome a few months ago. The reports are surmised to relate to Vittoria Brenna's position in regard to the Anglo-American Nursing Home, an institution owned by the British and American communities in Rome and leased to her some years ago. The mother has referred to those reports in a letter addressed to this Embassy and it is of importance that the contents should be known as soon as possible. I have been advised that papers such as these would probably be held by you as forming part of the Radula archives.

2. It is also stated that Mrs. Brenna was freed on July 20th last, but remained at Radula, at the request of our authorities, to help with the closing of the camp. I should be grateful for any information you can give as to her present position in the light of earlier suspicion of her activities prior to her detention.

L'Ing. Guglielmo RINALDI, già vicedirettore dello Stabilimento di Rieti della "Cassa Viscosa", fu, nell'estate del 1944, poco dopo la liberazione di quella Provincia, internato nel campo di concentramento di Padula, per disposizione del Comando Militare Alleato avente allora giurisdizione in quella città.

All'epoca del provvedimento suddetto la Provincia di Rieti non era stata ancora restituita alla giurisdizione del Governo Italiano e perciò il caso stesso riguarda contestata Sottocommissione.

Si prega di far conoscere, se possibile, qualche notizia più dettagliata circa le imputazioni elevate a carico dell'Ing. Guglielmo Rinaldi e se non ostino gravi motivi per un riesame del provvedimento adottato nei suoi riguardi.

Si gradirà anche sapere a quale altra

The British Commanding Officer
Claims Office

Rome

The undersigned Mr. Francesco NALLI of late Giuseppe of Ceperano (Frosinone) already interned at Civilian Prisoner, and released because found innocent and with certificate of good conduct from the British Authorities in the Camp 371 P.O.W. of Padula, informs that while being arrested at Ceperano on the 3rd June 1944, they have been sequestered, besides other things, L. 6100, which himself requested the Captain of the F.S.S. to be given back to him, or instead to leave in his hands a formal receipt of the same. He was told that everything will be given back to his wife on the following day and only gave him to sign a document written in English Language which the undersigned Mr. NALLI, understanding no English, thought to be the summary of his interrogatory. On the same day of his arrest the said Mr. NALLI found way to inform his wife of the money sequestered and when she went to ask for the money she was told that the money will follow Mr. NALLI her husband, or would serve to pay the expenses of his case, and only handed over to her some nominal Bouds which constituted her husband's relief friends, which the said Mr. NALLI was carrying with him at the time. The money did not follow the undersigned Mr. NALLI and when in the Camp, had a first interview with his wife, he knew that nothing was received by his wife. He informed the Camp Commanding Officer, who courteously interested himself of the case, and it was answered by the Captain of the F.S.S. who arrested Mr. NALLI, that no money was found in his purse. This is not correct and at the same trace contradictory. Infact, if Mr. NALLI's purse contained no money at all, they could not promise to the undersigned Mr. NALLI that the money will be handed back to his wife on the following day, and viceversa to the wife was told that the money will follow her husband or would serve for the expenses of the case. That the money did not follow the said Mr. NALLI is proved by the fact that for some months later Mr. NALLI was found in the Camp without a simple penny, and only after the second interview with his wife the same could deposit a small sum in favour of her husband. The undersigned Mr. NALLI, later on, knew that the document presented to him by the Military Police signed by him on good faith was nothing but a receipt in which he declares that the money and other things were handed over to him. To contradict this declaration is enough the above said arguments and this only happened because the said Mr. NALLI does not possess any knowledge of the English languages. Even where arrived at No. 371 P.O.W. Camp at Padula they sequestered a Swiss pocket watch chronometer of the firm "Eberhart" with chain made of yellow and white gold of a Turkish type from Mr. NALLI's pocket. After a few days the said Mr. NALLI obtaining no receipt of same, he sent a written request to the Camp Commanding Officer and the said Mr. NALLI was called to the Administrative Office, where the Officer in charge showed him some watches whose property was unknown, but Mr. NALLI's watch was not amongst them. Also in the interview Mr. NALLI had some time before for the object of the money with the Camp Commanding Officer spoke about the same watch and gold chain and it was

that the Command had no interest in the money, and answered that the Command of the sequester are:-
witnesses at the same time of Pasquale for the money, and
witnesses at the same time of Nino MAJURI of Pasquale for the money, and
witnesses at the same time of Luigi MONTEDALI of Arnan

N° 102/6

ALLIED COMMISSION
SUB COMMISSION P.S.
ROME

SUBJECT: Civilian internee (Padula Camp) LUCARELLI GIUSEPPE

The Military Commission for Dissolution of Militia (C.M.S.M.) by the Ministry of War, to which this Section has presented Lucarelli's petition and attached statement, has agreed upon this Office's proposal that there is nothing against a/m to agree with letter C of circular n. 3200/G of 20 December 1944 by aforesaid Department-General Direction of Administrative Service-A.I.E. Division- Section I Bis.

However the aforesaid Commission begs to know-for a more specified valuation of case in question- the reason why Lucarelli's payments were stopped from the beginning of May 1943 instead of a date posterior to the 8th of September 1943.

This leaves room to presume that he was interned by the Allied Authorities.

Thus granted, we beg you to furnish the information requested by aforesaid Commission returning the attached to us, or please direct us where we can apply for them.

AG 383.7/101 GBI-O

SUBJECT: Internment of Civilians - Policy in Italy

TO: All Concerned

6 August 1945
Book No. 9386
File No.
Action

1. In accordance with established policy any civilian in Italy who appears to constitute a threat to the security of Allied Forces or Military Government should be arrested.
2. Such persons, if required by the Italian authorities for trial before Special Courts of Assize should be handed over in accordance with the policy set out in letter, 15th Army Group, 1401/7/GSI(b), dated 1 May 1945. In other cases they should be dispatched to "F" Civilian Internment Camp for internment following the procedure set out in letter, this headquarters, AG 383.7/101 GAP-O, dated 19 February 1945.
3. German and Austrian nationals will not be interned merely on the grounds of their nationality, but only if they are considered to constitute a threat to Allied security (reference letter, this headquarters, AG 383.01/215 GBI-O, dated 28 November 1944, and letter, 15th Army Group, 1401/7/GSI(b), dated 17 May 1945).
4. However, any civilians found in Italy whether German or Austrian nationals or not who have held positions of authority in the Nazi party and its organizations will be deemed to present a danger to Allied security, arrested forthwith and disposed of in accordance with paragraph 2 above. The classes of persons who by reason of their position, authority or knowledge are most likely to attempt to perpetuate or revive the organizations of the NSDAP are those in the "arrestable categories" defined in letter, this headquarters, AG 371.2/173 GBI-O, dated 24 May 1945 a copy of which is attached for convenience of reference.
5. The provisions of paragraph 4 above will also apply to persons who while acting as agents either of the NSDAP or of the German Government, hold or have held in German occupied territory any rank or appointment (whatever its official designation) which is of equal status with any of those listed as "arrestable categories".
6. Persons otherwise in an arrestable category may, with the consent of counter-intelligence, be temporarily exempted from arrest, provided that satisfactory arrangements can be made for their surveillance, in order to permit such persons to carry on employment the necessity for which has been duly certified by the appropriate Military Government officials in accordance with applicable directives.

7. Field Security/Counter Intelligence Corps are responsible for taking into custody persons who are to be placed in internment, but will be assisted in that task wherever possible by Provost, Public Safety and other agencies which find such persons in the course of their duties. Where arrests are made by other agencies the local intelligence staff will be informed at once.

8. The period for which internment will normally be recommended should be "while Allied Forces remain in Italy" but where the internment authority considers that cases should be reviewed after a specified period of 3 or 6 months a note to that effect should be added on the arrest report.

9. Any persons in "arrestable categories" who formed part of the surrendered enemy forces, will be classified as "recalcitrants" and disposed of accordingly.

10. a. These instructions will not be applied:

- (1) To persons listed as War Criminals or suspected War Criminals by the United Nations War Crimes Commission or by this headquarters.
- (2) To possible witnesses in proceedings against War Criminals.

b. Such persons will be disposed of in accordance with War Crimes Circular Number 1, dated 13 June 1945, in the absence of specific instructions to the contrary.

Div. Gab. n. 14/M

Catania, 21/5/1945

SUBJECT: Epuration.

TO : Sig. MURE' Ignazio fu Giuseppe, Vice Director of
the N.U. Office, Catania - Via Conte Ruggero n. 57

With the denunciation dated 4 May 1945 the local
Delegation of the Deputy High Commissioner for the Epurations
defers to you the judgement of this Commission.

- 1) for having held the qualification of antemarcia, squadrista,
marcia su Roma and sciarpa littorio, with correspondence of
the same qualifications to the state of facts.
- 2) for having been an officer of the Militia with the rank
of Capomanipolo .
- 3) for having been assumed in the Commune for the preference
of the fascist titles.
- 4) for rendering your self unworthy to serve the state for
active participation to the political life of fascism.

The Delegation accuses you in a specific manner, for
having given proof of factionism and sectarism, for having
been the author of the Action Squad in Catania, for having
participated with the Squadrista actions to the occupation
of the city-hall in Catania and of the Corriere di Sicilia
offices and for having demonstrated to be a violent element
against the anti-fascists, many of them who were hit and
wounded by you with a "manganello" or either forced them to
drink castor oil. The same Delegation accuses you for having
held the position of "Ispettore Federale" and fiduciary of
the "Gruppo rionale Fascista" "Carlo Amato" from 1942 up
to 1943, giving place to sfavourable moral judgements among the
citizens.

Please make your appeal within ten days after the receipt
of the present communication.
